Information circular

Access Point Touch Screen Information Device

1. Staff are welcome to attend the inauguration ceremony of the Access Point Touch Screen Information Device on Wednesday, 6 October 1999, at 12 noon in the Rotunda.
2. The touch screen device will assist staff members in mastering Vienna's public transport system and help clarify procedures to be followed when dealing with various Viennese authorities. It also includes information on cultural, social and sporting events in Vienna as well as on issues such as general legal matters, residence permits, consumer problems, education, employment and training opportunities for spouses and other matters.
3. Following the ceremony there will be a practical demonstration of the device.
