Financing of the United Nations Protection Force, the United Nations Confidence Restoration Operation in Croatia, the United Nations Preventive Deployment Force and the United Nations Peace Forces headquarters

Financial performance report of the United Nations Protection Force, the United Nations Confidence Restoration Operation in Croatia, the United Nations Preventive Deployment Force and the United Nations Peace Forces headquarters

Report of the Secretary-General

Summary

The present report is submitted in compliance with paragraph 8 of General Assembly resolution 55/265 of 14 June 2001, by which the Assembly requested the Secretary-General to provide an updated report in one year on the financing of the United Nations Protection Force, the United Nations Confidence Restoration Operation in Croatia, the United Nations Preventive Deployment Force and the United Nations Peace Forces headquarters.

The report contains updated information on amounts owed to troop-contributing Governments, expenditures, cash position and unpaid assessed contributions.

The actions to be taken by the General Assembly are set out in paragraph 10 of the report.

I. Introduction

1. By paragraph 8 of its resolution 55/265 of 14 June 2001 on the financing of the United Nations Protection Force, the United Nations Confidence Restoration Operation in Croatia, the United Nations Preventive Deployment Force and the United Nations Peace Forces headquarters, the General Assembly decided to suspend for the immediate future the provisions of regulations 4.3, 4.4 and 5.2 (*d*) of the financial regulations of the United Nations in respect of the remaining surplus of \$174,743,027 gross (\$175,519,370 net) in order to allow for reimbursements to troop contributors and in the light of the cash shortage of the combined Forces. In this connection, the Assembly requested the Secretary-General to provide an updated report in one year.

II. Status of reimbursement to troop-contributing Governments

Troop costs

2. Full reimbursement of troop costs has been made.

Contingent-owned equipment

3. Full reimbursement for usage charges has been made. However, an amount of \$18.3 million remains obligated in the accounts for the settlement of outstanding claims for losses.

Other claims

4. As at 31 December 2001, unliquidated obligations amounted to \$3.8 million for outstanding claims from troop-contributing countries for goods and services provided under Letters of assist as well as for death and disability.

III. Updated financial performance report

Balance of appropriations	174 743 027	196 481 027	175 519 370	197 257 370

5. As shown in table 1 above, the unencumbered balance of appropriations has increased from \$174,743,027 gross (\$175,519,370 net) to \$196,481,027 gross (\$197,257,370 net), an increase of \$21,738,000. This increase resulted from the following transactions recorded during the last 12-month period: reductions amounting to \$21,437,000 from the cancellation of prior period obligations and prior period adjustments of \$301,000.

6. While there is an unspent balance of appropriations of some \$196 million gross, the cash balance is significantly less. Although the financial position has improved substantially during the last 12 months, that is, from an operating deficit of \$305.9 million to a cash surplus of \$133.9 million, as shown in table 2 below, there are still insufficient funds to credit the entire unencumbered balance to Member States.

7. The shortfall referred to in paragraph 6 above relates to unpaid assessed contributions. The status of assessed contributions to the United Nations Peace Forces as at 31 December 2001 is detailed in table 3 below.

8. Over the life of the mission, all cash resources that were recorded in the United Nations Peace Forces special account, including interest income, miscellaneous income and voluntary contributions in cash, have been utilized in order to meet the operating costs of the mission. It should also be noted that no reimbursement of expenditures amounting to \$127,379,954 incurred by the United Nations Peace Forces for goods and services that should have been provided without cost under the terms of the agreements with the host Governments has been received. A summary of other income is provided in table 4 below for information purposes.

^a Excludes voluntary contributions in cash to the rapid reaction capacity, which were returned to the Member States concerned.

^b Includes an amount of \$50,819,060, which represents the sale of United Nations Peace Forces assets to the Implementation Force contingents on an offset basis.

IV. Application of unencumbered balance

9. In paragraph 124 of his report on the implementation of the recommendations of the Special Committee on Peacekeeping Operations and the Panel on United Nations Peace Operations (A/55/977), the Secretary-General proposed a modest up-front procurement of a medium strategic reserve for Brindisi in order to deploy a peacekeeping operation in 30 to 90 days. The report containing the budget for the Strategic Reserve Stocks, estimated at \$179.7 million, is being finalized. In view of the fund balances available in several closed missions, for which final performance reports are being submitted to the General Assembly at its current session, it is proposed that the balances be transferred to the account of the United Nations Logistics Base at Brindisi to meet the cost of the Strategic Reserve Stocks rather than be credited to Member States. As regards United Nations Peace Forces, it is proposed that part of the cash balance of \$133,938,000 reflected in table 2 be transferred from the Peace Forces special account to the United Nations Logistics Base account for this purpose.

V. Actions to be taken by the General Assembly

10. The actions to be taken by the General Assembly are:

(a) A decision that Member States shall waive their respective shares in the amount of \$125,644,300 from the balance of appropriations of \$196,481,027 gross (\$197,257,370 net), to be applied to the resources required for the financing of the strategic deployment stocks;

(b) A decision to credit the remaining cash balance of \$8,293,700 to Member States;

(c) A decision to continue to suspend temporarily the provisions of financial regulations 4.3, 4.4 and 5.2 (d) in respect of the remaining surplus of \$62,543,027 gross (\$63,319,370 net) in light of the cash shortage of the combined forces.
