## **I. Mandate of the Fund**

1. In its resolution 46/122 of 17 December 1991, the General Assembly established the United Nations Voluntary Trust Fund on Contemporary Forms of Slavery, which receives voluntary contributions from Governments, non-governmental organizations, other private and public entities and individuals. The purpose of the Fund is to provide financial assistance to representatives of non-governmental organizations from different regions that deal with issues related to contemporary forms of slavery so they may participate in the deliberations of the Working Group on Contemporary Forms of Slavery and to extend humanitarian, legal and financial aid, through established channels of assistance, to individuals whose human rights have been severely violated as a result of contemporary forms of slavery.

## **II. Administration and Board of Trustees**

2. Pursuant to General Assembly resolution 46/122, the Fund is administered by the Secretary-General, through the Office of the United Nations High Commissioner for Human Rights, in accordance with the relevant Financial Regulations and Rules of the United Nations on general trust funds for humanitarian assistance and with the advice of a Board of Trustees.

3. The Board is composed of five experts with relevant experience in the field of human rights and, in particular, with issues of contemporary forms of slavery, serving in their personal capacities. The current members of the Board, appointed by the Secretary-General for a three-year renewable term, in consultation with the Chairperson of the Subcommission on the Promotion and Protection of Human Rights, with due regard to equitable geographical distribution, are Swami Agnivesh (Chairperson), Theo van Boven, Cheikh Saad-Bouh Kamara, Tatiana Matveeva and José de Souza Martins.

## **III. Beneficiaries**

4. In accordance with the selection criteria adopted by the General Assembly in its resolution 46/122, the beneficiaries of assistance from the Fund shall be: (a) representatives of non-governmental organizations dealing with issues of contemporary forms of slavery who would not, in the opinion of the Board, be able to attend the session of the Working Group without the assistance provided by the Fund and who would be able to contribute to a deeper knowledge on the part of the Working Group of the problems relating to contemporary forms of slavery; and (b) individuals whose human rights have been severely violated as a result of contemporary forms of slavery (see also annex I, which contains criteria and other requirements for the selection of beneficiaries).

## **IV. Grant cycle**

5. Applications for travel or project grants for 2004 must be submitted by 15 September 2003 for analysis by the secretariat of the Fund and Board. Admissible

applications will be examined by the Board at its next session, scheduled to be held in January 2004. At that session, the Board will adopt recommendations for grants, which will then be submitted for approval to the High Commissioner for Human Rights on behalf of the Secretary-General. The grants approved should be paid in February/March 2004. Beneficiaries of project grants then have to provide satisfactory narrative and financial reports on the use of their grants before 1 November 2004. Until satisfactory reports on the use of previous grants are received, no new project grant can be paid.

6. Detailed information on the admissibility of new applications, the selection process, the payment of grants and, monitoring and evaluation by the Board and its secretariat can be found in the previous report to the General Assembly (A/57/308, paras. 6-10).

## **V. Payment of contributions**

7. In order to meet the requirements of the grant cycle and meet new requests for funding during a current year, new voluntary contributions should be paid to the Fund by the end of 2003 so that they can be duly recorded by the United Nations Treasurer well in advance of the annual session of the Board. Contributions that cannot be recorded before the session of the Board will be considered at its next annual session.

## **VI. Eighth session of the Board of Trustees**

8. During the 10 meetings of its eighth session, the Board of Trustees examined information prepared by its secretariat concerning previous grants paid from 1999 to 2002, applications for new travel and project grants, the financial situation of the Fund, including new contributions and pledges (see annex II, sect. A), and the implementation of the new recommendations approved in 2002. The Board met with the High Commissioner for Human Rights and the Deputy High Commissioner, as well as representatives of donor and other interested Governments, the International Labour Organization and staff members of the Office of the United Nations High Commissioner for Human Rights working on other activities relevant to the mandate of the Board.

### **Review of previous project grants**

9. The Board reviewed the narrative and financial reports on the use of travel and project grants paid from 1999 to 2002 and adopted relevant recommendations.

### **Review of the relevant guidelines on travel grants**

10. The Board recommended that should a victim who is the beneficiary of a travel grant be accompanied by a project leader, the latter be requested to give priority to the testimony of the victim, as recommended by the Working Group. The Board recommended that, for security reasons, the beneficiaries of travel grants who are

former victims should be asked in advance if they want to be referred to by a pseudonym in the reports on the Fund.

11. In order to disseminate more widely information on how victims may apply for travel grants, the Board recommended that the information note on the Fund, the application forms, the selection criteria and the guidelines of the Fund be made available at the annual session of the Working Group on Contemporary Forms of Slavery as conference room papers.

12. The Board underlined that it always takes gender into consideration when considering applications for travel grants and revising the application forms and the guidelines of the Board.

13. Upon consultation with the Office of the High Commissioner, the Board took into consideration the increase in the cost of living in Geneva as reflected in the daily subsistence allowance and recommended an increase in the stipend for beneficiaries of travel grants from SwF 150 to SwF 175.

### **Recommendations for grants**

14. The Board examined 37 applications for travel grants amounting to about US\$ 85,800 and 55 applications for project grants amounting to approximately \$743,990.

15. The project and travel grants recommended in accordance with General Assembly resolution 46/122 and other approved selection criteria (see annex I) will assist non-governmental organizations in 24 countries in Africa, the Americas, Asia and Europe. In accordance with the mandate of the Fund, the Board's recommendations focus on assisting representatives of non-governmental organizations from different regions that deal with issues of contemporary forms of slavery to participate in the deliberations of the Working Group on Contemporary Forms of Slavery, as well as on extending, through established channels of assistance, humanitarian, legal and financial aid to individuals whose human rights have been severely violated as a result of contemporary forms of slavery.

16. When making recommendations for new travel grants, the Board took into consideration that the main theme of the twenty-eighth session of the Working Group, held in Geneva from 16 to 20 June 2003, was contemporary forms of slavery related to and generated by discrimination, in particular gender discrimination (such as forced marriage, child marriage and the sale of wives).

17. The Board recommended that \$21,995 be allocated to eight new travel grants (see annex III, figure 1, and annex IV.A). All travel grants were released prior to the twenty-eighth session of the Working Group on Contemporary Forms of Slavery, provided that the conditions attached to the grants had been met and that the beneficiaries had been able to obtain a visa on time.

18. The Board also recommended a payment of \$130,920 for 28 new project grants (see annex III, figure 2, and annex IV.B).

19. In accordance with United Nations rules governing general trust funds for humanitarian assistance, 13 per cent of estimated annual expenditures in 2003 were set aside for programme support costs related to the servicing of the Fund and 15 per cent of estimated annual expenditures were set aside as a reserve for 2004.

## **Cooperation with the Working Group**

20. The Board recommended that the payment of travel expenses be authorized to enable the Chairperson or another member of the Board to participate in the twenty-eighth session of the Working Group on Contemporary Forms of Slavery, to introduce the report on the Fund, to meet and introduce to the Working Group the beneficiaries of travel grants attending the session and to inform the Working Group about the project grants approved and the financial situation of the Fund. Mr. Kamara attended the session, presented the updated information on the Fund and met with the beneficiaries of travel and project grants.

21. The Board recommended that the secretariat continue to inform it about priority areas identified by the Working Group so that the Board could take them into consideration in selecting the beneficiaries of travel grants.

## **Recommendations of the Board for the intersessional period**

22. The Board recommended that, within proper limits, provision continue to be made in the cost plan for 2004 to enable members of the Board or its secretariat to visit projects subsidized by the Fund in their geographical region in order to better evaluate the work carried out and planned. A report on those visits should be prepared by the Board or its secretariat and made available to the Board at its next session.

23. The Board recommended that a fact sheet on the activities of the Fund be prepared by the Office of the High Commissioner for informational purposes and that a sufficient number of copies be printed to allow wide dissemination. The Board also recommended that the Office's fact sheet No. 14 on contemporary forms of slavery be revised to include reference to the activities of the Fund and the Board. The Board also recommended that its secretariat prepare a leaflet or brochure for fund-raising and informational purposes using as a model the one prepared on the United Nations Voluntary Fund for the International Decade of the World's Indigenous People.

24. The Board recommended the issuance of a statement on the occasion of the United Nations International Day for the Abolition of Slavery, if possible together with other relevant United Nations organs and partners such as schools.

25. The Board continued to consider issues of contemporary forms of slavery, taking into consideration the Durban Declaration and Programme of Action adopted at the World Conference against Racism, Racial Discrimination, Xenophobia and Related Intolerance. The Board underlined that, when adopting recommendations for grants, it had always taken into consideration, among other violations of human rights, the fact that victims of contemporary forms of slavery were often victims of racial discrimination, including discrimination based on the caste system.

26. The Board recommended that a non-discrimination clause be included in the guidelines of the Fund and in the application forms, mentioning that organizations applying to the Fund should demonstrate that assistance is provided to victims and their family members without distinction of any kind, such as race, colour, sex, language, religion, political or other opinion, national or social origin or property, birth or other status.

27. Considering the additional workload due to the increase in the number of applications received, the Board recommended that the provision of additional Professional and General Service staff and facilities to adequately service the Fund and Board be ensured, if necessary from programme support costs.

## VII. Approval and implementation of recommendations

28. All the recommendations made by the Board of Trustees at its eighth session were approved on 3 February 2003 by the United Nations High Commissioner for Human Rights on behalf of the Secretary-General. As at 28 July 2003, all travel grants had been paid and the beneficiaries attended the twenty-eighth session of the Working Group. A few project grants were kept pending until additional information requested from the applicants had been received by the Board.

29. The Board noted with satisfaction that, thanks to new contributions from previous and new donors, appeals by the High Commissioner, the Board and Fund secretariat and recommendations of the Subcommission on the Promotion and Protection of Human Rights and the Working Group, it had been able to recommend 36 new grants in 2003. The relevant statistics since the Board started allocating grants in 1997, including the number of travel and project applications received and the amount of money requested, as well as the number of grants received and the amount of money allocated by the Fund, are shown in the accompanying table.

## **VIII. Twenty-eighth session of the Working Group on Contemporary Forms of Slavery**

30. At its twenty-eighth session, the Working Group on Contemporary Forms of Slavery had before it the report of the Secretary-General to the Commission on Human Rights concerning the situation of the Fund (E/CN.4/2003/83 and Add.1).

31. A member of the Board of Trustees, Mr. Kamara, attended the session and introduced the documentation available, the beneficiaries of travel grants attending the session and the financial situation of the Fund.

32. The Working Group expressed its appreciation for the participation at its twenty-eighth session of six representatives of non-governmental organizations working in various countries in Africa, the Americas, Asia and Europe, including victims of contemporary forms of slavery, whose expenses were financed by the Fund upon the recommendation of its Board of Trustees, and for their valuable contribution to its work. It also invited the Board of Trustees to continue to promote the participation at the annual sessions of the Working Group of individuals and organizations from as large a number of countries as possible, in accordance with the priorities established in the agenda of the Working Group.

33. The Working Group also noted with satisfaction that 28 project grants had been paid by the Fund, upon the recommendation of the Board, to local non-governmental organizations that worked on issues of contemporary forms of slavery, and that four project leaders had attended the session of the Working Group and had reported orally on the implementation of their projects. The Working Group also welcomed the participation in its session of a member of the Board of Trustees of the Fund, encouraged the Chairman or another member of the Board to attend its next session and expressed its support for the work of the members of the Board of Trustees of the Fund, in particular their fund-raising activities. The Working Group expressed its gratitude to Governments, organizations, trade unions and individuals, including young students, who had contributed to the Fund and encouraged them to continue to do so. In that respect, the Working Group also recalled the appeal to all Governments made by the General Assembly in its resolution 46/122 to respond favourably to requests for contributions to the Fund, urged them and non-governmental organizations, other private and public entities and individuals to contribute to the Fund and encouraged them to do so to enable the Fund to fulfil its mandate effectively in 2004. Finally, the Working Group decided to continue to examine the situation and activities of the Trust Fund at the beginning of its twenty-ninth session in view of the importance of its activities to the work of the Working Group.

## **IX. Needs assessment**

34. Applications for grants amounting to approximately \$831,000 were received in 2003. The Board was able to recommend only about \$175,000 (less than 20 per cent of the total amount requested). In the Board's view, in order to be able to fulfil its mandate and to satisfy the new applications envisaged for 2004, and also taking into consideration that the Board had recommended for expenditure almost all the money available at its eighth session, the Fund would need new contributions amounting to

at least \$300,000 before the ninth session of the Board, scheduled to be held at the end of January 2004.

35. New contributions and pledges have already been made for the ninth session of the Board (see annex II, sects. C and D).

## **X. Fund-raising for the ninth session of the Board of Trustees**

36. The Board adopted its revised cost plan for 2004 on the basis of the increase in new applications for grants and the increase in new contributions received in 2003.

37. The Board held its annual meeting with regular and new donor Governments and other interested Governments. The level of participation was encouraging and high-level exchanges took place. The representative of Japan informed the Board about a pledge for 2003, which was about to be paid.

38. The Board very much appreciated the fact that more and more school students, non-governmental organizations and other private entities and individuals were becoming regular donors to the Fund.

39. The Board also very much appreciated the advice and support expressed by the High Commissioner and the Deputy High Commissioner for the activities of the Board and the Fund. In particular, the Board appreciated that the High Commissioner had expressed his willingness to support the Board in its fund-raising mandate.

40. The Board recommended that the secretariat of the Commission on Human Rights continue to invite the Bureau to give the floor to the Chairperson or another member of the Board to deliver a brief speech to the Commission for the purpose of introducing the report of the Secretary-General on the Fund, providing the Commission with updated information on its work and the financial situation of the Fund and inviting donors to contribute to the Fund.

43. Contributions that cannot be recorded before the session of the Board will be considered at its next annual session.

44. At its twenty-eighth session, the Working Group on Contemporary Forms of Slavery expressed its gratitude to Governments, organizations, trade unions and individuals, including young students, who had contributed to the Fund and encouraged them to continue to do so. In this respect, the Working Group also recalled the appeal made by the General Assembly in its resolution 46/122 to all Governments to respond favourably to requests for contributions to the Fund, urged them and non-governmental organizations, other private and public entities and individuals to contribute to the Fund, and encouraged them to do so in order to enable the Fund to fulfil its mandate effectively in the year 2004.

45. In the Board’s view, in order to be able to satisfy all new applications envisaged for 2004 and to fulfil its mandate satisfactorily, the Fund would need at least \$300,000 more before the eighth session of the Board, scheduled to be held at the end of January 2004.
