Expenditure for 2002/03	\$70,307,100

I. Introduction

1. The general report on the administrative and budgetary aspects of the financing of the United Nations peacekeeping operations (A/58/759) of the Advisory Committee on Administrative and Budgetary Questions contains its views and recommendations on a number of cross-cutting issues. Consequently, in the paragraphs below, the Committee deals with resources and other items that relate specifically to the United Nations Mission in Bosnia and Herzegovina (UNMIBH).

2. The documents used by the Advisory Committee in its consideration of the financing of UNMIBH are listed at the end of the present report.

II. Information on performance for the current period

3. The Advisory Committee was informed that as at 29 February 2004, a total of \$984,127,000 had been assessed on Member States in respect of UNMIBH since its inception. Payments received as at the same date amounted to \$947,324,000, leaving an outstanding balance of \$36,803,000. As at 29 February 2004, the cash position of the Mission was \$27,700,000 and unliquidated obligations for the period from 1 July 2002 to 30 June 2003 amounted to \$2,751,000.

4. In respect of death and disability compensation, \$911,000 had been paid as at 29 February 2004 for 13 claims, 125 claims were pending and unliquidated obligations amounted to \$1,934,000.

III. Financial performance report for the period from 1 July 2002 to 30 June 2003

5. On the recommendation of the Advisory Committee, the General Assembly, in its resolution 56/505 of 27 June 2002, appropriated to the Special Account for UNMIBH the amount of \$82,106,000 for the period from 1 July 2002 to 30 June 2003, inclusive of \$78,543,900 for the maintenance and liquidation of the Mission, \$3,181,000 for the support account for peacekeeping operations and \$381,100 for the United Nations Logistics Base at Brindisi, Italy. As indicated in the report of the Secretary-General on the financial performance of UNMIBH (A/58/632, sect. III.A), expenditures for the period totalled \$70,307,100 gross (\$64,109,800 net). The resulting unencumbered balance of \$8,236,800 gross (\$8,579,400 net) represents 10.5 per cent of the appropriation.

6. The unutilized balance was attributable primarily to the repatriation of military observers in the United Nations Mission of Observers in Prevlaka (UNMOP), whose mandate expired on 15 December 2002 but whose budget had been based on the full 12-month period; the deployment of fewer civilian police than planned; the closure of some facilities earlier than planned and lower costs for alteration and renovation services than projected; lower requirements for the refurbishment of vehicles owing to the direct transfer of most of the vehicles to other peacekeeping missions; the utilization of fewer extra flying hours than budgeted under air transportation; and fewer requirements for the refurbishment of commercial equipment as the equipment was transferred directly to other peacekeeping missions rather than to Brindisi. These elements were offset in part by additional requirements under international and national staff owing to expenditures for separation costs following the termination of the Mission and under official travel for travel within the Mission area.

7. The Advisory Committee notes from section III.B of the performance report that a total of \$8,603,000 is indicated for other income and adjustments for the period, comprising \$591,000 in interest income, \$6,713,000 for other/miscellaneous income and \$1,299,000 in savings on the cancellation of prior-period obligations. Upon request for an explanation of the figure of \$1,299,000 for savings on the cancellation of prior-period obligations, the Committee was provided with details of the amount (see annex I). **The Committee reiterates the request it made in its report of 8 April 2003 that future performance reports include an explanation of such adjustments (see A/57/772/Add.8, para. 6).**

8. The Advisory Committee was provided with information related to the support provided by UNMIBH to other United Nations and non-United Nations entities in the Mission area (see annex II).

9. Upon enquiry, the Advisory Committee was informed that the final performance report on UNMIBH would be presented to the General Assembly during its fifty-ninth session.

IV. Final disposition of assets

10. The report of the Secretary-General (A/58/720) contains information on the final disposition of assets of UNMIBH, whose mandate expired on 31 December 2002. The inventory value of the Mission's assets as at 31 December 2002 amounted to \$59,564,700.

11. As indicated in paragraphs 2 and 4 of the report of the Secretary-General (A/58/720), the assets have been placed into three groups in accordance with United Nations Financial Regulation 5.14:

(a) Assets with an inventory value of \$28,369,300 or 47.6 per cent of the total, that have been identified as meeting the requirements of peacekeeping operations or United Nations activities funded from assessed contributions have been transferred to other United Nations missions, United Nations Headquarters and Brindisi for temporary storage pending future use;

(b) Assets with an inventory value of \$28,668,800, or 48.1 per cent of the total, were either sold locally, at depreciated value, to other organizations, private companies and individuals (\$21,793,600) or donated to the Government of Bosnia and Herzegovina (\$6,875,200);

(c) Assets with an inventory value of \$2,526,600, or 4.3 per cent of the total, were written off as a result of accidents and damage caused by natural elements and acts of war, obsolescence and loss owing to theft (see annex III for definitions of write-off categories).

12. With regard to the assets sold, the Advisory Committee notes from paragraph 6 (a) of the report of the Secretary-General (A/58/720) that the proceeds of sale amounted to \$4,875,700 and were credited as miscellaneous income to the UNMIBH Special Account (relates to non-expendable items only).

13. As indicated in paragraph 6 (b) of the report of the Secretary-General (A/58/720), the donation to the Government of Bosnia and Herzegovina was approved by the General Assembly in its decision 57/559 of 20 December 2002.

V. Conclusions of the Advisory Committee

14. The action to be taken by the General Assembly in connection with the financing of UNMIBH for the period from 1 July 2002 to 30 June 2003 is indicated in paragraph 24 of the performance report (A/58/632). **The Advisory Committee recommends that the unencumbered balance of \$8,236,800, as well as other income/adjustments in the amount of \$8,603,000, be credited to Member States in a manner to be determined by the Assembly.**

15. The action to be taken by the General Assembly in connection with the final disposition of assets of UNMIBH is indicated in paragraph 8 of the report of the Secretary-General on the financing of the Mission (A/58/720). **The Advisory Committee recommends that the Assembly take note of the report on the final disposition of assets of UNMIBH.**
