## Summary

The present report contains the budget for the United Nations Operation in Côte d'Ivoire (UNOCI) for the period from 4 April to 30 June 2004 and from 1 July 2004 to 30 June 2005, which amounts to \$101,061,200 and \$401,293,200, respectively.

The budget takes into account personnel and assets of the United Nations Mission in Côte d'Ivoire (MINUCI) and provides for the deployment of 200 military observers, 6,040 military contingent personnel, including 120 force headquarters staff officers, 350 civilian police, 406 international and 457 national staff, including 18 National Professional Officers, as well as 232 United Nations Volunteers.

The total resource requirements for the United Nations Operation in Côte d'Ivoire for the financial period from 4 April to 30 June 2004 and from 1 July 2004 to 30 June 2005 have been linked to the mission's objective through a number of results-based frameworks, grouped by components: ceasefire; disarmament, demobilization, reintegration, repatriation and resettlement; humanitarian and human rights; peace process; and law and order as well as support. The financial resources for operational items have been linked to the support component by identifying quantitative outputs for expenditure classes under operational costs.

## I. Mandate and planned results

1. The process leading up to the establishment of the United Nations Operation in Côte d'Ivoire (UNOCI) is shown below:

<i>Date</i>	<i>Mandate day/timing</i>	<i>Description</i>
6 January 2004	M-89 days	In his report on the United Nations Mission in Côte d'Ivoire (MINUCI) submitted pursuant to Security Council resolution 1514 (2003) of 13 November 2003 (S/2004/3), the Secretary-General recommended that the Security Council consider authorizing the deployment of a multidimensional United Nations peacekeeping operation to support the peace process in Côte d'Ivoire
27 February 2004	M-37 days	By its resolution 1528 (2004) of 27 February 2004, the Security Council established the United Nations Operation in Côte d'Ivoire (UNOCI) as from 4 April 2004, renewed the mandate of MINUCI until 4 April 2004, and requested the Secretary-General to transfer authority from MINUCI and ECOWAS forces to UNOCI on that date
24 March 2004	M-11 days	The Advisory Committee on Administrative and Budgetary Questions provided a commitment authority in the amount of \$49,943,300 to meet the cost of initial critical logistical and personnel requirements of UNOCI for the period from 4 April to 30 June 2004
4 April 2004	M-Day	UNOCI established
6 May 2004	M+32 days	Budget for UNOCI issued

2. The mandate of the United Nations Operation in Côte d'Ivoire (UNOCI) was established by the Security Council in its resolution 1528 (2004). The Operation is mandated to help the Security Council to achieve an overall objective, namely, to restore normalcy and overall security in Côte d'Ivoire.

3. Within this overall objective, UNOCI will, during the budget period, contribute to a number of expected accomplishments by delivering related key outputs, shown in the frameworks below. The frameworks are grouped by components derived from the mandate of the Operation contained in paragraph 6 of Security Council resolution 1528 (2004), namely: ceasefire; disarmament, demobilization, reintegration, repatriation and resettlement; humanitarian and human rights; peace process; and law and order, and also include a support component.

4. The expected accomplishments would lead to the fulfilment of the Security Council's objective within the time frame of the Operation, and the indicators of achievement show a measurement of progress towards such accomplishments during the budget period. The financial resources for operational items have been linked to the support component by quantifying outputs for expenditure classes under operational costs. In view of the continuing deployment of the Operation, the attribution of the proposed human resources of UNOCI has been presented by organizational unit rather than by framework components.

5. UNOCI is headed by the Special Representative of the Secretary-General at the Under-Secretary-General level, assisted by two Deputy Special Representatives at the Assistant Secretary-General level. Military operations are headed by a Force Commander at the D-2 level.

6. The headquarters for the Operation has been established in Abidjan, with two sector headquarters located in Bouaké (Sector East) and Daloa (Sector West) and a forward logistics base in Yamassoukro. The Operation provides administrative, logistical and technical support to its substantive, military and civilian police personnel deployed in Abidjan, Sectors East and West and 75 field locations throughout the country.
