## Fifty-eighth session

Agenda item 134

### **Administrative and budgetary aspects of the financing of the United Nations peacekeeping operations**

## **Updated financial position of closed peacekeeping missions**

### **Report of the Advisory Committee on Administrative and Budgetary Questions**

1. The Advisory Committee on Administrative and Budgetary Questions has considered the report of the Secretary-General (A/58/778) on the updated financial position of the 18 closed missions listed in paragraph 1 thereof.
2. In its resolution 57/323 of 18 June 2003, the General Assembly requested the Secretary-General to return 50 per cent of the net cash available for credit to Member States as at 30 June 2002, in the amount of US\$ 84,446,000, by 30 June 2003, and decided to postpone the return of the remaining 50 per cent until March 2004 in respect of the fund balances of the United Nations peacekeeping operations listed in paragraph 2 of the Secretary-General's report.
3. In its resolution 58/288 of 8 April 2004, the General Assembly subsequently decided to postpone the return of the amount of \$84,446,000 until 30 June 2004.
4. The Advisory Committee notes from table 1 of the above-mentioned report of the Secretary-General that the net cash available for credit to Member States as at 30 June 2003 amounted to \$178,684,000, inclusive of the amount of \$84,446,000 that has not yet been credited to Member States. Once this credit has been applied, the balance remaining would be \$94,238,000.
5. As indicated in paragraph 6 of the report of the Secretary-General, loans totalling \$152 million that were made between 30 June 2003 and 31 March 2004 in order to sustain operations have been fully repaid.
6. The Advisory Committee notes from paragraph 7 of the report of the Secretary-General that 6 of the 18 peacekeeping missions included in the report had cash deficits totalling \$101 million as at 30 June 2003 due to outstanding payments of assessed contributions. The Advisory Committee was provided with information on unpaid assessments, accounts payable to Member States and other liabilities of closed missions as at 30 June 2003 (see annex I below).

---

\* Reissued for technical reasons.

7. The cash available in the Peacekeeping Reserve Fund as at 31 March 2004 amounted to \$150,300,000 inclusive of interest income of \$11,046,000. Developments with regard to new missions and follow-on operations are discussed in paragraphs 10 and 11 of the Secretary-General's report.

8. The Committee requested and received updated projected cash requirements for the United Nations Operation in Côte d'Ivoire (UNOCI), the United Nations Operation in Burundi (ONUB) and the United Nations Stabilization Mission in Haiti (MINUSTAH) which are provided in annex II below.

9. In paragraph 12 of his report, the Secretary-General put forth a number of considerations with regard to the use of the Peacekeeping Reserve Fund, its adequacy with respect to meeting foreseen requirements and the importance of assuring adequate funding for new peacekeeping operations, particularly at their beginning stages.

10. In paragraph 13 of his report, the Secretary-General proposed that, following the crediting of \$84,446,000 to Member States by 30 June 2004 in accordance with Assembly resolution 58/288, the remaining cash available totalling \$94,238,000 be retained until 31 October 2004 to supplement the Peacekeeping Reserve Fund in order to finance the initial requirements of the new peacekeeping operations. **In the view of the Advisory Committee, the postponement of the return of "available cash" to Member States is a policy decision to be determined by the Assembly. However, in the view of the Advisory Committee, the points raised by it in paragraph 12 of its report on the implementation of paragraph 3 of Assembly resolution 57/323: Peacekeeping Reserve Fund (A/58/732) still remain valid and the Assembly may wish to take them into account in reaching its decision.**
