6.2 The mandate for the programme derives from the principal decision-making organs of the United Nations in accordance with the Charter of the United Nations and the Statute of the International Court of Justice.

6.3 Within the Secretariat, substantive responsibility for the programme is vested in the Office of Legal Affairs. It provides a unified central legal service for the Secretariat and the principal and other organs of the United Nations, contributes to the progressive development and codification of international public and trade law, promotes the strengthening and development, as well as the effective implementation, of the international legal order for the seas and oceans, registers and publishes treaties and performs the depositary functions of the Secretary-General.

6.4 The Office will provide legal advice and services to the decision-making organs of the United Nations and its Member States. It will aim to strengthen respect within the United Nations for the rule of law in international relations, in particular, observance of the Charter and the resolutions, decisions, regulations, rules and treaties emanating from the Organization. Achievement of gender equality will also be addressed in the advice provided by the Office and in its activities, as appropriate.

Subprogramme 1

Overall direction, management and coordination of legal advice and services to the United Nations as a whole

Objective of the Organization: To enhance respect for the rule of law.

Strategy

6.5 The subprogramme is implemented by the Office of the Legal Counsel. The Office will assist the principal and subsidiary organs of the United Nations through the provision of legal advice, the preparation of reports and analyses and its participation in meetings. This covers questions relating to international peace and

security and includes advice on the interpretation of the Charter, resolutions and regulations of the United Nations, treaties and questions of public international law and questions involving the use of force, sanctions, investigations, commissions of inquiry, expert groups, privileges and immunities and third-party liability.

6.6 In order to assist the Secretary-General in carrying out his statutory responsibilities on constitutional and procedural questions, the Office will provide legal advice in the form of opinions, memorandums or oral statements. This will cover all aspects of international law and the principles and norms contained in the Charter, including privileges and immunities and the status of the Organization in Member States, as well as pertinent decisions of relevant intergovernmental organs of the Organization. The Office will prepare and interpret draft rules of procedure, host country conference agreements and other agreements. Questions relating to representation of States at the United Nations and their credentials will be assessed as required.

6.8 The Office will also carry out secretariat and representational functions for organs and bodies falling within its competence, including the Credentials Committee of the General Assembly, the Committee on Relations with the Host Country and, as appropriate, ad hoc working groups of the Security Council and the Sixth Committee. The Office will also represent the Secretary-General at meetings and conferences sponsored by the United Nations, as required.

6.9 A further objective of the subprogramme is to ensure that, as subsidiary organs of the United Nations, the ad hoc international tribunals for the former Yugoslavia and for Rwanda operate in accordance with the Charter, regulations, rules and policies of the United Nations, and that, as judicial organs, they act independently of States and the Security Council. Within the framework of the subprogramme, the Office of Legal Affairs will advise the Security Council on legal aspects of the activities of the tribunals and will advise them with regard to their relationship with States (e.g. enforcement of sentences agreements), relevant peacekeeping operations and host countries.

6.25 In view of the growing need for commercial law reform in the various areas in which the Commission has prepared harmonized standards, and the related increased demand for legislative technical assistance, in particular in developing countries and countries in transition, the Division will pay considerable attention to developing and carrying out programmes for legislative technical assistance and training. Such assistance will be based on requests from regional organizations and individual countries and will be provided in the form of briefings to officials, training and direct assistance in the drafting of instruments enacting uniform law texts, supported by commentaries, guides to enactment and information notes prepared by the Division. Such information will be made available in all the official languages of the United Nations in the form of abstracts of court decisions and arbitral awards. In addition, the Division will facilitate the use of uniform law by preparing and continuously updating a digest of case law interpreting the United Nations Convention on Contracts for the International Sale of Goods and the UNCITRAL Model Law on International Commercial Arbitration, as well as disseminating information on the legislative implementation of the Convention on the Recognition and Enforcement of Foreign Arbitral Awards.
