I. Introduction

1. The budget for the maintenance of the United Nations Interim Administration Mission in Kosovo (UNMIK) for the period from 1 July 2006 to 30 June 2007, set out in the report of the Secretary-General of 21 February 2006 (A/60/684 and Corr.1), and amounted to \$219,207,400 gross (\$202,670,800 net). It provided for 38 military liaison officers, 1,680 United Nations police officers, 398 formed police personnel, 621 international and 2,086 national staff, inclusive of 17 National Officers, and 163 United Nations Volunteers. The Advisory Committee on Administrative and Budgetary Questions, in paragraph 22 of its report of 20 April 2006 (A/60/809), recommended that the General Assembly appropriate the amount of \$219,207,400 gross (\$202,670,800 net) for the maintenance of the Mission for that 12-month period.

2. The General Assembly, by its resolution 60/275, appropriated the amount of \$217,962,000 gross (\$201,425,400 net) for the maintenance of the Mission for 2006/07. This amount was assessed on Member States.

II. Mandate performance

3. The mandate of UNMIK was established by the Security Council in its resolution 1244 (1999).

4. The Mission is mandated to help the Security Council achieve an overall objective, namely, to promote the establishment, pending a final settlement, of substantial autonomy and self-government in Kosovo (Serbia).

5. Within this overall objective, the Mission has, during the reporting period, contributed to a number of accomplishments by delivering related key outputs, shown in the frameworks below for the substantive civilian, rule of law and support components.

6. The present report assesses actual performance against the planned results-based budgeting frameworks set out in the 2006/07 budget. In particular, the report compares the actual indicators of achievement, that is, the extent to which actual progress has been made during the period against the expected accomplishments, with the planned indicators of achievement, and the actually completed outputs with the planned outputs.

Component 1: substantive civilian

Expected accomplishment 1.1: stable, efficient and democratic Kosovo Provisional Institutions of Self-Government, ensuring respect for community rights, accountability, impartiality and professionalism

Expected accomplishment 1.2: protection of minority rights, including freedom of movement and the right to return

Planned indicators of achievement

Actual indicators of achievement

All central and municipal Provisional Institutions of Self-Government structures fulfil their responsibilities relating to the protection of community and minority rights as determined by civilian executive power regulations and applicable legal instruments, including at the municipal level, the functioning of established communities and mediation committees, the institution of additional deputy presidents and the proportional representation of minority employment

The Provisional Institutions of Self-Government provide public services for all communities without discrimination in accordance with fair share finance principles, as stipulated in 2006/07 budget regulations

54.6 per cent (18 of 33) of the Communities Committees and 78.8 per cent (26 of 33) of the Mediation Committees at the municipal level were rated as partially functional to non-functional based on municipal standards questionnaires

Additional Deputy Municipal Assembly President instituted at Zubin Potok in northern Kosovo

Proportional representation guidelines for minority employment established

Improved overall compliance with fair share financing requirements. An overall 11.88 per cent fair share financing compliance rate for the April to June 2007 period exceeded regulatory requirements

Expenditures on minority communities were fully in accordance with the stipulated targets (12 per cent in 2005/06 compared to 12.5 per cent in 2006/07)

3 northern municipalities (Zubin Potok/Zubin Potok (11.6 per cent minority population), Leposaviq/Leposavić (5.8 per cent minority population), Zvečan/Zvečan (5.9 per cent minority population)) did not submit fair share financing reports for the April to June 2007 period and did not provide the minimum percentage allocation of their annual budget for minorities as specified in UNMIK regulation 2006/61 dated 21 December 2006. These municipalities cited the presence of Serbian parallel services in the health and education sectors as the main reason for non-compliance, as it would represent double funding of services. Mono-ethnic municipalities and pilot municipal units remained exempt from fair share financing. With UNMIK guidance, central-level coordination was initiated between the Ministries of Finance and Economy and Communities and Returns with respect to qualitative monitoring and development of joint intervention mechanisms

	The University of Mitrovica was reaccredited by UNMIK in March 2007 to ensure that the University was able to operate in Kosovo legally and provide tertiary education in Serbian to students from all communities
Increase in the number of municipalities with sustainable returns, from 13 in 2004/05 and 25 in 2005/06 to 29 in 2006/07	25 of 33 municipalities maintained sustainable returns. All municipalities in which members of minority communities were displaced and whose return was anticipated developed municipal returns strategies

<i>Planned outputs</i>	<i>Completed (number or yes/no)</i>	<i>Remarks</i>
Advice to municipalities on the implementation of Standards and adherence to the Constitutional Framework and applicable legislation in their efforts to ensure effective functioning of 27 mandatory committees in mixed community municipalities as a mechanism for the protection of minority rights	5	Capacity-building seminars held to promote activities of mandatory committees

	24,480	Average monthly humanitarian bus line passengers (5 security incidents reported)
Monitoring of access to services for minority communities in the areas of health and education	20	Visits to remote returnee locations conducted by KFOR monitored
	80	Visits to remote Kosovo Serbian villages health houses and returnee locations conducted by mobile medical teams monitored
	3	Field visits to Dragash/Dragaš municipality conducted in order to ameliorate the situation in which 600 Gora students and parents resisted newly introduced curriculums replacing Serbian curriculums and teaching in Bosnian rather than in Serbian. On 19 September 2006, UNMIK successfully convinced the Ministry of Education, Science and Technology to suspend implementation of the new curriculums at the Gorani schools Intervened with the Ministry of Education, Science and Technology regarding the reinstatement of a laid-off Kosovo Serb school employee in violation of UNMIK executive decision 2005/7 Intervened with the Ministry of Education, Science and Technology to ensure the smooth functioning of a Kosovo-Croat school in which two directors were appointed by the Lipjan/Lipljan municipality and by Serbia's Ministry of Education and Sports
Monitoring of distribution of approximately €15 million for minority communities so as to ensure fair and equal distribution of available financial and other resources	Yes	A new structure for the Ministry of Communities and Returns 2007 budget was proposed (50 per cent for organized returns, 40 per cent for community development and 10 per cent for individual returns), which was endorsed and whose distribution was monitored by the Budget Authorizing Committee after approval by the Central Review Mechanism
Advice to the Provisional Institutions of Self-Government in incorporating international human and community rights provisions in legislation and in establishing oversight mechanisms to address violations, including the organization of follow-up workshops to the Strategic Framework on Communities and Returns	Yes	Legal advice rendered to the Provisional Institutions of Self-Government and other structures within Kosovo such as the Assembly, Assembly Committees, municipalities, regulatory bodies and publicly owned enterprises, concerning international human and community rights matters facilitating the establishment of oversight mechanisms such as the Ombudsperson, Senior Public Appointment Committee and the Independent Oversight Board

Component 2: rule of law

Expected accomplishment 2.1: progress towards an impartial, professional and multi-ethnic police, justice and penal system

<i>Planned indicators of achievement</i>	<i>Actual indicators of achievement</i>
The Provisional Institutions of Self-Government assume responsibilities for executive functions in justice sector in administration of prosecution services, correctional services, minority access to justice, anti-discrimination, victim advocacy and assistance, missing persons and forensics	<p>Administration of prosecution services transferred to the Ministry of Justice on 1 January 2007 in accordance with UNMIK regulation No. 2005/53 of 20 December 2005</p> <p>All 8 penal facilities managed by Kosovo Corrections Service staff. Kosovo Corrections Service staff occupied all key positions, including Commissioner, Deputy Commissioners, Prison Directors, Deputy Directors, Senior Supervisors, Head of Probation and Parole, Engineering and Medical Services. UNMIK retained intervention and executive functions in emergencies in the Dubrava Prison and monitoring and advisory roles in the management of high-risk prisoners and the prisoners private cash fund. All facilities monitored and advice provided through monthly visits</p> <p>Despite the existence of an anti-discrimination law, a comprehensive implementation plan and an administrative instruction to implement the law, no comprehensive mechanism for tracking discrimination cases was established as at 30 June 2007</p>

	Executive functions performed by 20 national staff in Forensics, 16 national staff in Missing Persons. 20 national staff in Forensics performed medico-legal examinations of all unnatural deaths and sexual assaults. The final transfer of competencies in the field of forensic medicine was pending the transfer of the staff of the former forensic institute from the Ministry of Health to the Office on Missing Persons and Forensics in the Ministry of Justice
The Kosovo Judicial Council assumes responsibilities for the functions of judicial appointment and discipline and court administration	Kosovo Judicial Council assumed full responsibility for court administration, judicial discipline and the imposition of all sanctions. However, judicial appointments and removals remained under the executive authority of the Special Representative of the Secretary-General
The Judicial Investigation Unit assumes responsibilities for judicial inspection and audit functions	The Judicial Investigation Unit retained executive authority with separate inspection and audit functions. In anticipation of the judicial and prosecutorial reappointment process, the Judicial Investigation Unit Chief Inspector remained an international staff member A Kosovan Inspections Coordinator responsible for the decision as to whether to open an investigation in any given case was appointed. The Audit Section managed by a Kosovan Audit Coordinator and staffed entirely by Kosovan staff (2 Senior Auditors and 4 Auditors)
Local prosecutors within the Kosovo Special Prosecutor's Office prosecute 50 per cent of cases of organized crime, human trafficking, crime against ethnic minorities, terrorism and corruption cases	6 Special Prosecutors working with the Kosovo Special Prosecutor's Office handled 35 serious cases of organized crime, human trafficking, crimes against ethnic minorities, terrorism and corruption. Of the 35 cases, as at 30 June 2007, 25 were in the investigative phase, 1 was suspended, 4 were pending confirmation and 5 were closed (actual 245 cases handled by the Criminal Division of the Department of Justice, of which 35 were handled by the Kosovo Special Prosecutor's Office)
Maintain the full strength of the Kosovo Police Service at 7,335 members	7,235 Kosovo Police Service personnel as at 30 June 2007. The full strength of 7,335 police officers was being reviewed in the context of budgetary constraints and financial support

<i>Planned outputs</i>	<i>Completed (number or yes/no)</i>	<i>Remarks</i>
On-the-job training of 185 Kosovo Police Service officers to investigate organized crime, terrorism, corruption and inter-ethnic crimes, as well as monitoring of the performance of these Kosovo Police Service officers and intervention, where necessary	175	Kosovo Police Service officers completed courses from January to July 2007 with respect to organized crime (88 officers), counter-terrorism (37 officers) and corruption (50 officers). No separate inter-ethnic crimes courses were held as the subject matter was integrated into other courses

Expected accomplishment 2.2: law and order maintained in Kosovo

<i>Planned indicators of achievement</i>	<i>Actual indicators of achievement</i>	
Reduction in the number of crimes against persons (from 7,900 in 2004/05 and 7,500 in 2005/06 to 7,000 in 2006/07)	The number of crimes against persons reduced to 6,565 in 2006/07 Lower level of crimes against persons were due to effective prevention programmes and reduced access to weapons	
Reduction in number of crimes against property (from 17,000 in 2004/05 and 16,500 in 2005/06 to 16,000 in 2006/07)	The number of crimes against property increased to 18,732 in 2006/07 Higher level of crimes against property were due to significant increases in burglaries and theft owing to high unemployment rates	
Maintenance of the percentage of identification of suspects of criminal acts against persons at 80 per cent	52.75 per cent of identified suspects in 2006/07 Lower level of identification of criminal acts attributable to the reluctance of victims to identify suspected offenders for fear of reprisal, in particular with respect to incidents of aggravated and grievous assault, harassment and intimidation, rape and sexual assault	
Maintenance of the percentage of identification of suspects of criminal acts against property at 48 per cent	34.25 per cent of identified suspects in 2006/07	
<i>Planned outputs</i>	<i>Completed (number or yes/no)</i>	<i>Remarks</i>
Provision of security during public gatherings, including political rallies, sports events, protests and demonstrations	Yes	Kosovo Police Service took the lead in the deployment of its personnel and logistical assets to provide security for public gatherings, crowd and riot control while UNMIK formed police units and KFOR provided support for large events, in particular in areas mainly populated by Kosovo Serbs. United Nations police provided on-the-job training with respect to capacity-building
	14	High-level events with Kosovo-wide impact supervised (including violent Vetevendosje demonstrations on 28 November 2006 and 10 February 2007 as well as Vidovdan celebrations in 2006 and 2007)
Maintenance of International Police Special Operations personnel strategically located throughout Kosovo for the management of serious crises, including violent demonstrations, other incidents of civil disorder, attempted prison breakouts/break-ins or other serious prison riots, hostage rescue, close protection capacity for the provision of permanent security to 12 persons at risk	36	Special police operations conducted
	34	Dog Unit operations conducted
	25	Dog Unit searches for explosives conducted
	21	High-level officials provided with close protection
	92	Special detail assignments with respect to tactical operations, including the protection of physical assets and persons

and for up to 100 ad hoc tasks, conduct of 150 reconnaissance and surveillance tasking by the Police Aviation Support Unit, and availability of 2 dog units		Special Team Six (a unit of international police officers skilled in specific disciplines regarding special operations in tactics, hostage rescue, insertion and extraction, and related special weapons and tactics) executed 32 tasks and 15 standby tasks
515 joint daily vehicle checkpoints, 220 joint daily foot patrols and 266 joint daily sector patrols throughout Kosovo with officers from the Kosovo Police Service to ensure the maintenance of a secure and stable environment throughout the sensitive period of negotiations for a future political settlement for Kosovo and the implementation of any such settlement	370	Average daily joint vehicle checkpoints
	329	Average daily joint sector patrols
		Lower number of joint vehicle checkpoints and higher level of joint sector patrols were attributable to tactical decision under stringent security conditions to shift from fixed vehicle checkpoints to mobile patrols, which resulted in a decrease in vehicle checkpoints and an increase in sector patrols
	201	Average daily joint foot patrols
		Daily patrols conducted by Kosovo Police Service in cooperation with United Nations police and KFOR Kosovo-wide
		In April 2007, in response to anticipated political developments resulting from Kosovo's future status process, a high-profile presence of police forces 24 hours a day, 7 days a week, was instituted under the existing security operation codified as Stringent Security, which featured contacts with the public, information gathering and enhanced security with the United Nations police presence in five minority community areas considered to be potential hot spots (Mitrovica North, Pristina-Gracanica, Gnjilane, Ferizaj-Strpce and Pec)
Provision of security 24 hours a day, 7 days a week, at 17 border and boundary points, including the airport	Yes	Operational policing and security at 7 border crossing points, monitored 6 administrative boundary line crossing points in addition to 3 regional headquarters and Border and Boundary Police headquarters. Each of the 3 regional headquarters had a green border (an area of land between Border and Boundary Crossing points) patrol along the borders and administrative boundary lines

Component 3: support

Communications

Operation and maintenance of a communications network consisting of 8 satellite Earth stations, 44 private automatic telephone exchanges, 550 base stations radios, 110 repeaters, 2,350 mobile radios, 5,100 hand-held radios and 155 digital microwave links	Yes	All communications equipment operated and maintained as planned
--	-----	---

Information technology

Support and maintenance of the Wireless Area Network, 2,390 desktop computers, 170 servers, 623 laptop computers, 640 printers and 451 switches and routes, in 8 locations	4,303	Desktops The establishment of a crisis centre and alternate sites resulted in the requirement for additional desktops. The write-off process for obsolete desktop computers was delayed
	170	Servers
	912	Laptops The reconfiguration of the Mission resulted in the relocation of staff from some municipalities to centralized hubs and in additional requirements for laptop users to monitor these municipalities. Moreover, backup facilities were created with laptops as required by information technology contingency plan
	932	Printers 640 printers was the target amount to achieve the standard ratio of 1:4 for desktop computers. However, delays were experienced in achieving this goal owing to the physical location and layout of some offices which required a lower ratio per desktop computer
	412	Switches The downsizing of regional offices, consolidation of municipal offices into hubs and the increasing number of UNMIK users employing the Kosovo Police Service and the Provisional Institutions of Self-Government infrastructure resulted in the reduction of these infrastructure components

	7	Lower number of locations owing to the closure of the Tirana Office In addition, supported 3,183 network users, 5,424 e-mail accounts managed, 26,507 customer calls and 3,446 work orders
Medical		
Operation and maintenance of level-I plus clinic in Pristina and 4 basic-level clinics (1 in each region) for an average number of 4,500 personnel and 250 other non-United Nations agency beneficiaries	1	Level-I plus clinic in Pristina
	4	Basic-level clinics (1 in each region) 17,912 patients visited the UNMIK clinic in Pristina and regions (17,689 United Nations and 223 non-United Nations personnel); 1,899 X-ray exams in the Pristina clinic (1,846 United Nations and 53 non-United Nations personnel); 3,135 laboratory tests performed in the Pristina clinic (3,103 United Nations and 32 non-United Nations personnel); 3 health campaigns carried out; 147 staff members trained in first aid; 11 medical newsletters prepared and distributed (10,000 copies distributed); and 1 avian flu pandemic simulation drill successfully conducted over a 3-day period in December 2006
Provision of 24 hours a day, 7 days a week, emergency response service, nursing and in-patient services, including intensive care unit	Yes	Emergency services provided 201 patients admitted at the nurses care facility in Pristina (United Nations personnel); 13 medical evacuations for further treatment; 3 repatriations on medical grounds; and minor surgeries performed
Operation and maintenance of 1 HIV voluntary counselling and testing facility for all personnel	Yes	141 personnel counselled and tested (99 United Nations and 42 non-United Nations personnel)
Security		
Provision of 24 hours a day, 7 days a week, security in 25 installations and premises in 6 locations	Yes	Included 4 regions and 2 liaison offices in Belgrade and Skopje Threat and risk assessment conducted by the Security Information and Coordination Cell and the Department of Safety and Security/Threat and Risk Unit in November 2006 In compliance with the minimum operational residential security standards, security personnel conducted surveys of staff members' accommodation prior to the signing of leases

B. Monthly expenditure pattern

7. Higher expenditure in the months of July and September 2006 was attributable to the recording in UNMIK accounts of obligations raised for the settlement of charges primarily with respect to utilities, petrol, oil and lubricants and maintenance supplies and services and for the reimbursement of formed police-contributing Governments for standard police costs, equipment and self-sustainment. In addition, expenditure trended higher in the months of December 2006 and May and June 2007 owing primarily to mission subsistence allowance payments in connection with higher levels of deployment of United Nations police personnel and the final recording of accounts payable to Member States for the period.

IV. Analysis of variances¹

	<i>Variance</i>
United Nations police	\$2,373.4 4.3%

8. The variance under this heading is attributable primarily to fewer one-way trips (projected 3,192 rotation trips (one-way), actual 2,450 rotation and 29 repatriation trips) undertaken by United Nations police officers owing to their lower actual deployment levels (projected average strength of 1,596 officers, actual strength averaged 1,467 officers) combined with the lower actual cost of air travel (estimated average cost of \$1,525 per trip, actual averaged cost of \$1,345 per trip).

	<i>Variance</i>
Formed police units	(\$1,769.5) (23.3%)

9. The additional requirements are due to the retention in November 2006 of a special police unit comprising 115 personnel owing to the deterioration of the security situation in the Mission area. While special police personnel deployment

¹ Resource variance amounts are expressed in thousands of United States dollars. Analysis is provided for variances of at least plus or minus 5 per cent or \$100,000.

was projected at the approved level of 398 personnel, actual deployment averaged 499 formed police personnel for the period.

	<i>Variance</i>	
International staff	\$4,359.8	5.8%

10. The variance is attributable to the higher actual vacancy rate with respect to the recruitment of international civilian staff. While the approved budgetary resources were based on a vacancy rate of 10 per cent, the actual vacancy rate averaged 19.2 per cent for the period.

	<i>Variance</i>	
National staff	\$864.5	1.9%

11. The unutilized balance under this heading is attributable primarily to the lower actual grade levels of national General Service staff deployed during the reporting period. While the approved resources were based on a grade of G-4, step VIII, the actual grade level was G-4, step VI, for the period.

	<i>Variance</i>	
United Nations Volunteers	\$158.0	2.5%

12. The variance is attributable to the higher actual vacancy rate with respect to the deployment of United Nations Volunteers owing to the lower level of deployment of Volunteers during the period. While the approved budgetary resources were based on a vacancy rate of 5 per cent, the actual vacancy rate averaged 11.7 per cent for the period.

	<i>Variance</i>	
General temporary assistance	\$444.1	51.6%

13. The unutilized balance is attributable to the delayed recruitment of the personnel of the Mission's Conduct and Discipline Team. While a 5 per cent vacancy rate was projected for the reporting period, the actual vacancy rate averaged 65.5 per cent for the period.

	<i>Variance</i>	
Consultants	(\$49.4)	—

14. The additional requirements under this heading are due to the unplanned engagement of the services of one international consultant for a nine-month period for the Kosovo Property Agency in order to lead a project team in the design and implementation of an enhanced and complex set of procedures related to the administration of abandoned properties.

	<i>Variance</i>	
Official travel	(\$289.3)	(33.0%)

15. The additional requirements are due to the unplanned cost of travel to the Balkans by members of the Security Council in order to assess the regional dynamics of the political situation on the ground. Moreover, 15 additional workshops and training courses were undertaken during the period in connection with the development of an exit strategy for the Mission, including its operational and administrative liquidation.

	<i>Variance</i>	
Facilities and infrastructure	\$1,192.2	10.6%

16. The variance is attributable primarily to the non-utilization of the one-time provision for potential claims against the Mission by private owners following the privatization of socially owned enterprises and reduced requirements with respect to: utilities owing to lower electricity charges during the mild winter season; stationery and office supplies owing to the lower level of deployment of civilian personnel; spare parts and supplies owing to lower demand for the maintenance and repair of generators, which stemmed from improved local electricity supply; maintenance supplies owing to the non-materialization of final repairs to buildings prior to being handed over to local authorities; and field defence supplies owing to the reduced need for reinforced concrete anti-blast walls and police and security supplies owing to the downsizing of the Mission.

17. The savings were offset in part by additional requirements with respect to maintenance services owing to a 30 per cent increase in costs for catering, cleaning and laundry services based on a new contractual agreement effective 1 December 2006, combined with the retention in November 2006 of a special police unit comprising 115 personnel, as well as the increased cost of security services based on an amended contractual agreement effective 1 December 2006.

	<i>Variance</i>	
Ground transportation	(\$814.2)	(26.3%)

18. The additional requirements are attributable primarily to a 31 per cent increase in the price of diesel fuel (projected price of \$0.58 per litre compared to an actual average price of \$0.76 per litre) combined with higher fuel consumption by the Mission's ageing vehicle fleet (an average of 8 years for light vehicles and 12 years for heavy trucks) as well as the maintenance of a larger than projected vehicle fleet (actual fleet of 1,679 vehicles compared to a projected fleet of 1,282 vehicles) owing to increased operational activities during the future status process for Kosovo.

19. The overall additional requirements were offset in part by savings arising from reduced demand for spare parts owing to the write-off of 263 vehicles, combined with the 36.6 per cent reduction in the number of vehicular accidents in the reporting period (153 vehicular accidents in 2005/06 compared to 97 in 2006/07).

	<i>Variance</i>	
Air transportation	(\$29.8)	(3.6%)

20. The variance is attributable to the increased cost of air charter services arising from new contractual arrangements in effect from 1 March 2007 with respect to the Mission's helicopter services following the revocation of the air operation certification of the previously contracted air carrier by its Government.

	<i>Variance</i>	
Communications	\$567.7	13.9%

21. The unutilized balance under this heading is attributable primarily to the reduced requirements with respect to the acquisition of communications equipment owing to the postponement of communications equipment upgrades and replacement programmes; maintenance of equipment owing to the postponement of implementation of a new contractual agreement because of the delayed bidding process; and spare parts as the Mission drew down its existing stocks in the context of its downsizing.

22. The savings were offset in part by additional requirements with respect to communications support services owing to the continued engagement of communications support personnel for an additional month, beyond the projected six-month period, in order to alleviate the shortage of technicians in critical fields; cover the cost of the UNMIK share of the CISCO maintenance contract for hardware and software (Smartnet) and the communications and information technology services system contract with EMC; and special police personnel self-sustainment costs owing to the retention in November 2006 of a special police unit comprising 115 personnel.

	<i>Variance</i>	
Information technology	\$1,022.5	25.6%

23. The variance of \$1,022,500 under this heading is attributable primarily to reduced requirements with respect to the acquisition of information technology equipment owing to the postponement of information technology equipment upgrades and replacement programmes in the context of the downsizing of the Mission and spare parts and supplies as the Mission drew down its existing stocks, as well as the lower cost of acquisition of software packages.

	<i>Variance</i>	
Medical	\$43.8	11.2%

24. The unutilized balance is attributable primarily to reduced requirements for medical services owing to the lower number of patients examined at the Mission's level-I plus clinic in Pristina and four basic-level regional clinics in the context of the downsizing of the Mission. The savings were offset in part by additional requirements with respect to medical supplies in connection with the flu vaccination of all UNMIK personnel and special police personnel self-sustainment costs owing to the retention in November 2006 of a special police unit comprising 115 personnel.

	<i>Variance</i>	
Special equipment	(\$44.5)	(90.1%)

25. The variance under this heading is attributable to additional requirements with respect to special police personnel self-sustainment costs owing to the retention in November 2006 of a special police unit comprising 115 personnel in light of the deterioration of the security situation in the Mission area.

	<i>Variance</i>	
Other supplies, services and equipment	(\$280.3)	(18.4%)

26. The variance is attributable primarily to the absorption of the cost associated with the Procurement Task Force and additional requirements with respect to the unplanned acquisition of measurement devices (Cub Scans) for the measurement of equipment shipped to the United Nations Logistics Base at Brindisi, Italy, and other missions as well as the unplanned acquisition of replacement snow-cleaning equipment and the replacement of uniforms for local security guards. The additional requirements were offset in part by savings in respect of freight and related costs owing to the shipment of United Nations-owned equipment directly to other missions, the cost of which is borne by the receiving missions, rather than through the United Nations Logistics Base, and the economical utilization of the Mission's truck fleet for inland transportation between Kosovo and seaports in Greece and Italy.

V. Actions to be taken by the General Assembly

27. The actions to be taken by the General Assembly in connection with the financing of UNMIK are:

(a) To decide on the treatment of the unencumbered balance of \$7,770,000 with respect to the period from 1 July 2006 to 30 June 2007;

(b) To decide on the treatment of other income for the period ended 30 June 2007 amounting to \$5,695,200 from interest income (\$1,301,400), other/miscellaneous income (\$2,014,500) and savings on or cancellation of prior-period obligations (\$2,382,700), offset by prior-period adjustments (\$3,400).
