**1. Paragraph 7**

For the existing text *substitute*

The Republic of Moldova has ratified nearly all core international human rights treaties, extensively accepting the obligations deriving therefrom and periodically submitting national reports on their implementation.

**2. Paragraph 88**

For the existing text *substitute*

The Republic of Moldova is a poly-ethnic State (national minorities represent around 25 per cent of the population), which is why efforts are continuously taken to ensure respect for ethnic, cultural, linguistic and religious identity of persons belonging to national minorities, along with measures aiming at creating appropriate conditions to allow them to express, preserve and develop this identity.
