The General Assembly,

Considering the wish expressed by certain Member States that their representatives should have access to the statistical and other information at the disposal of the Committee on Contributions,

1. *Notes with approval* the suggestion of the Committee on Contributions that all the statistical and other factual information pertaining to the assessment of any individual Member State should, on its request, be made available to that Member;

2. *Recommends* that the Committee on Contributions review this matter periodically, so that, at the discretion of that Committee, any future requests for pertinent information from representatives of Member States wishing to acquaint themselves with other statistical information and supplementary factual material used by the Committee as a basis for its recommendations may be granted.
