ENGLISH ONLY

Second Meeting  
Geneva, 6-10 December 2004

Meeting of Experts  
Geneva, 19-30 July 2004  
Items 5 and 6 of the agenda

**Information Submitted by Argentina on National and Regional Institutions  
and Mechanisms for Disease Surveillance**

Note by the Secretariat

1. The government of Argentina has compiled a comprehensive document setting out Argentina's national and regional institutions and mechanisms involved in the surveillance, detection, diagnosis and combating of infectious diseases affecting humans, animals and plants.
2. This document, in Spanish only, has been provided to the Secretariat and is being held in the Geneva Branch of the United Nations Department for Disarmament Affairs (DDA). The delegation of any State Party may request an electronic or paper copy of this document by contacting the political affairs officer responsible for BWC matters in the Geneva Branch of DDA.
