## Resumed organizational session for 2012

26 and 27 April 2012

Agenda item 4

### Elections, nominations, confirmations and appointments

## Election of one member of the International Narcotics Control Board from among candidates nominated by Governments

### Note by the Secretary-General

1. The Secretary-General was informed by a letter dated 24 February 2012 of the resignation of Camilo Uribe Granja (Colombia), a member of the International Narcotics Control Board, whose term of office was to expire on 1 March 2015.

2. Article 10, paragraph 5, of the Single Convention on Narcotic Drugs of 1961, as amended by the 1972 Protocol, reads as follows:

Where a vacancy occurs on the Board during the term of office of a member, the Council shall fill such vacancy as soon as possible and in accordance with the applicable provisions of article 9, by electing another member for the remainder of the term.

3. Since Mr. Uribe was elected by the Economic and Social Council in 2005 and re-elected in 2010 from among candidates nominated by Governments, his replacement should be elected from a list of candidates nominated by Governments.

4. In accordance with established procedure and the provisions of the Single Convention, the Secretary-General, in a note dated 6 March 2012, invited States Members of the United Nations and parties to the Single Convention that were not members of the United Nations to nominate candidates by 10 April 2012.

5. As at 13 April 2012, seven candidates had been nominated by Governments. Their names are listed below in alphabetical order:

#### *Candidate*

Carlos María Álvarez Vara  
María Luisa Di Bernardo Navas  
Isidore Silas Obot  
Mustafa Pinarci  
Carlos Poiares  
Francisco Thoumi  
Volodymyr Tymoshenko

#### *Nominated by*

Spain  
Bolivarian Republic of Venezuela  
Nigeria  
Turkey  
Portugal  
Colombia  
Ukraine

6. The biographical information that the Governments transmitted with their communications proposing the candidates is contained in annex I to the present note.

7. Information on meetings of the Board in 2011, current membership and payments made to members is contained in annex II; the texts of articles 9 (Composition and functions of the Board) and 10 (Terms of office and remuneration of members of the Board) of the Single Convention, as amended by the 1972 Protocol, are reproduced in annex III; and information on qualifications and other conditions of membership on the Board is set out in annex IV.

## **Annex III**

### **Extracts from the Single Convention on Narcotic Drugs of 1961, and the 1972 Protocol amending the Convention**

#### **A. Single Convention on Narcotic Drugs, 1961**

##### **Article 9**

##### **Composition and functions of the Board**

1. The Board shall consist of thirteen members to be elected by the Council as follows:

(a) Three members with medical, pharmacological or pharmaceutical experience from a list of at least five persons nominated by the World Health Organization; and

(b) Ten members from a list of persons nominated by the Members of the United Nations and by Parties which are not Members of the United Nations.

2. Members of the Board shall be persons who, by their competence, impartiality and disinterestedness, will command general confidence. During their term of office they shall not hold any position or engage in any activity which would be liable to impair their impartiality in the exercise of their functions. The Council shall, in consultation with the Board, make all arrangements necessary to ensure the full technical independence of the Board in carrying out its functions.

3. The Council, with due regard to the principle of equitable geographic representation, shall give consideration to the importance of including on the Board, in equitable proportion, persons possessing a knowledge of the drug situation in the producing, manufacturing and consuming countries, and connected with such countries.

4. The Board, in cooperation with Governments, and subject to the terms of this Convention, shall endeavour to limit the cultivation, production, manufacture and use of drugs to an adequate amount required for medical and scientific purposes, to ensure their availability for such purposes and to prevent illicit cultivation, production and manufacture of, and illicit trafficking in and use of, drugs.

5. All measures taken by the Board under this Convention shall be those most consistent with the intent to further the cooperation of Governments with the Board and to provide the mechanism for a continuing dialogue between Governments and the Board which will lend assistance to and facilitate effective national action to attain the aims of this Convention.

##### **Article 10**

##### **Terms of office and remuneration of members of the Board**

1. The members of the Board shall serve for a period of five years, and may be re-elected.

2. The term of office of each member of the Board shall end on the eve of the first meeting of the Board which his successor shall be entitled to attend.

3. A member of the Board who has failed to attend three consecutive sessions shall be deemed to have resigned.
4. The Council, on the recommendation of the Board, may dismiss a member of the Board who has ceased to fulfil the conditions required for membership by paragraph 2 of article 9. Such recommendation shall be made by an affirmative vote of nine members of the Board.
5. Where a vacancy occurs on the Board during the term of office of a member, the Council shall fill such vacancy as soon as possible and in accordance with the applicable provisions of article 9, by electing another member for the remainder of the term.
6. The members of the Board shall receive an adequate remuneration as determined by the General Assembly.

## **B. 1972 Protocol amending the Single Convention on Narcotic Drugs of 1961**

### **Article 20**

#### **Transitional provisions**

1. The functions of the International Narcotics Control Board provided for in the amendments contained in this Protocol shall, as from the date of the coming into force of this Protocol pursuant to paragraph 1 of article 18 [of the Protocol], be performed by the Board as constituted by the unamended Single Convention.
2. The Economic and Social Council shall fix the date on which the Board as constituted under the amendments contained in this Protocol shall enter upon its duties. As from that date the Board as so constituted shall, with respect to those Parties to the unamended Single Convention and to those Parties to the treaties enumerated in article 44 thereof which are not Parties to this Protocol, undertake the functions of the Board as constituted under the unamended Single Convention.
3. Of the members elected at the first election after the increase in the membership of the Board from eleven to thirteen members, the terms of six members shall expire at the end of three years and the terms of the other seven members shall expire at the end of five years.
4. The members of the Board whose terms are to expire at the end of the above-mentioned initial period of three years shall be chosen by lot to be drawn by the Secretary-General immediately after the first election has been completed.

## **Annex IV**

### **Extracts from the note by the Secretary-General<sup>a</sup> on the procedure for the election of members of the International Narcotics Control Board under the Single Convention on Narcotic Drugs of 1961<sup>b</sup>**

#### **Qualifications and other conditions regarding membership of the International Narcotics Control Board**

...

7. The Council may wish to invite the attention of the Governments concerned and the World Health Organization (WHO) to the following points in nominating suitable persons for election to membership of the International Narcotics Control Board (INCB). These points are drafted on the basis of articles 9 and 10 of the Single Convention on Narcotic Drugs, 1961, and those provisions of the memorandum by the Commission on Narcotic Drugs on the procedure to be followed in making appointments to the Permanent Central Narcotics Board (PCNB), as approved by the Economic and Social Council in its resolutions 49 (IV) of 28 March 1947 and 123 D (VI) of 2 March 1948 which might be considered applicable to membership of INCB.

#### **Candidates nominated by Governments**

8. Governments should satisfy themselves that each candidate proposed fulfils the conditions laid down in article 9 of the 1961 Convention, and that in particular he has a wide and deep knowledge or experience of the drug situation. It is not essential, however, that the candidates so nominated be technically qualified as medical doctors, chemists or pharmacists, as INCB will always have at its command the benefit of such qualifications, thanks to the presence of its scientific members nominated by WHO. It is, however, highly desirable that the candidates nominated by Governments possess a good knowledge of national and international narcotics administration.<sup>c</sup>

9. According to article 9, paragraph 2, of the 1961 Convention, during their term of office members of INCB shall not hold any position or engage in any activity which would be liable to impair their impartiality in the exercise of their functions. Since this requirement of the 1961 Convention seems to cover, though not to be limited to, the analogous provision in article 19 of the 1925 Convention prohibiting members of PCNB from holding any office which puts them in a position of direct dependence on their Government, the opinion of the Commission on Narcotic Drugs

---

<sup>a</sup> E/4158/Rev.1.

<sup>b</sup> Since the 1972 Protocol amending the Single Convention on Narcotic Drugs of 1961 did not bring any changes with regard to the qualifications and other conditions regarding membership of the International Narcotics Control Board, as based on the unamended articles 9 and 10 of the Single Convention, the contents of the document reproduced here are still valid.

<sup>c</sup> In the invitations sent to Governments for nomination of candidates, the importance of nomination of persons with the highest qualifications in such other relevant areas as law, law enforcement, administration, diplomacy, economics and the social sciences is stressed.

with regard to the meaning of article 19 of the 1925 Convention as endorsed by the Council in operative paragraph (a) of its resolution 123 D (VI) might be considered germane to the issue. In consequence, it is essential that a person who, at the time of election, was in a position of direct dependence on his Government should, following his appointment, not hold such a position while he will be sitting on INCB. Thus, it would be possible for the Council to appoint to INCB an official in active service with his Government, provided that (a) following his appointment he ceases temporarily, i.e. for the duration of his membership of INCB, to exercise such active service (by being granted leave of absence, for instance), and (b) while exercising his powers and functions as a member of INCB, he does not act under the instructions of his Government. Attention is drawn particularly to the requirement of the Convention excluding from membership of the Board all persons who hold any position or engage in any activity which would be liable to impair their impartiality in the exercise of their functions.

10. In the case of elections to PCNB, the Council has considered that it may appoint a judge, a university professor, a medical practitioner, a lawyer, or specialists of other professions, without requiring that the person appointed give up his position or cease to exercise his profession while serving on the Board.

11. When Governments nominate, and the Council elects, members of INCB, it is suggested that they take due account of the disqualification arising from the holding of any position or the engaging in any activity liable to impair their impartiality in the exercise of their functions. Such position or activity held or engaged in by the candidate at the time the nomination is made should be fully indicated in the curriculum vitae. A candidate who holds such a disqualifying post or engages in such activity at the time he is nominated should explicitly state his intention to resign or to take leave of absence for the duration of his membership in INCB if elected.

12. It is essential that candidates to INCB should be willing and able to attend its sessions regularly. Governments should receive assurance from their nominees to this effect, and they should specifically state that to the best of their knowledge their nominees will normally be able to attend all the sessions. It is further necessary that members should acquaint themselves with the history of narcotics control, the work of the international control organs, and the international narcotics treaties. The candidates should also be informed by their respective Governments of the nature and general conditions of the appointment.

13. When making nominations, a Government is not bound to nominate its own nationals; it may, if it thinks fit, propose a national of another country.

...

### **Other considerations for the Council**

15. In electing candidates, consideration should be given by the Council to equitable geographic distribution and to the importance of including on INCB, in equitable proportion, persons possessing a sound knowledge of the drug situation in the producing, manufacturing and consuming countries and connected with such countries.
