COMMISSION ON HUMAN RIGHTS
Sixty-first session
Item 11 (a) of the provisional agenda

**CIVIL AND POLITICAL RIGHTS, INCLUDING THE
QUESTIONS OF: TORTURE AND DETENTION**

United Nations Voluntary Fund for Victims of Torture

Report of the Secretary-General

Summary

In accordance with the Commission on Human Rights resolution 2004/41, the present report provides information on the recommendations adopted by the Board of Trustees at its twenty-third session, which took place from 4 to 8 October 2004. It also provides information on the contributions received and the pledges made since the publication of its previous report to the Commission (E/CN.4/2004/53 and Add.1). The report also describes the financial needs of the Fund for 2005 and the fund-raising activities of the Board. It strongly encourages Governments to contribute to the Fund, preferably before March 2005.

I. ANNUAL REPORTS

1. In conformity with arrangements adopted by the General Assembly for the management of the United Nations Voluntary Fund for Victims of Torture, the Secretary-General submits an annual report to the General Assembly, indicating the funds available, pledges made and contributions received, together with disbursements from the Fund (resolution 36/151 of 16 December 1981).

2. As the annual session of the Board was postponed from 4 to 8 October 2004, the Secretary-General has not submitted his annual report on the activities of the Fund to the Assembly at its fifty-ninth session. The present report, finalized on 5 November 2004, provides information on the twenty-third session of the Board and is submitted in accordance with Commission resolution 2004/41.

II. EVALUATION OF THE FUNCTIONING OF THE FUND

3. As requested by the Commission on Human Rights in paragraph 39 of its resolution 2003/32, “an independent evaluation, in accordance with United Nations rules and regulations, of the functioning of the Fund, including in particular the lessons and best practices learned from the Fund’s activities, with a view to further enhancing its effectiveness” has been undertaken by the Office of Internal Oversight Services (OIOS) with two external consultants. The final report on the outcome of this evaluation is submitted to the present session of the Commission (E/CN.4/2005/55). OIOS presented its findings in a meeting held on 13 October 2004.

III. FINANCIAL STATUS

A. Contributions paid

4. The contributions received for allocation at the twenty-third session of the Board are indicated in table 1 below. Those that were recorded subsequently are shown in table 2. The Board will take these contributions into consideration at its twenty-fourth session, together with those that are duly recorded before April 2005.

6. Any contribution officially recorded by the Treasurer of the United Nations after April 2005 will be reflected in the accounts for the following session. The Board adopts its funding recommendations on the basis of the contributions actually paid and recorded in the Fund's account by the Treasurer; it does not take pledges into consideration.

IV. TWENTY-THIRD SESSION OF THE BOARD OF TRUSTEES

7. On 4 August 2004, the Secretary-General appointed Mr. Ivan Tosevski (Chairman); Mr. Theo van Boven; Mr. Ribot Hatano; Ms. Sonia Picado and Mr. Amos Wako for a transitional period of one year. The Board of Trustees held its twenty-third session from 4 to 8 October 2004 and made recommendations for grants for a total amount of US\$ 6.7 million to 172 organizations in 61 countries. These recommendations were approved on 11 October 2004 by the High Commissioner for Human Rights on behalf of the Secretary-General.

8. In spite of the limited resources available, the Board resumed its practice, which consists of financing training and seminars that allow health professionals, social workers, lawyers and other service providers to exchange experiences and develop new strategies to better address the needs of torture victims. An amount of US\$ 57,000 was recommended to be allotted to nine organizations for training sessions to be organized between the end of the twenty-third session and the beginning of the year 2005. This recommendation is in line with recommendation No. 3 of the Office of Internal Oversight Services (OIOS) report on the evaluation of the Fund (see E/CN.4/2005/55, paragraph 76).

9. The Board welcomed its meeting with a member of the OIOS evaluation team, who presented to the Board the main recommendations of the evaluation, in particular those aimed at enhancing the management of projects as well as strengthening the role of the Board as a policy-making organ which should reflect more on strategies for the disbursement of grants, fund-raising activities and elaborate guidelines for use by the Secretariat and applicants.

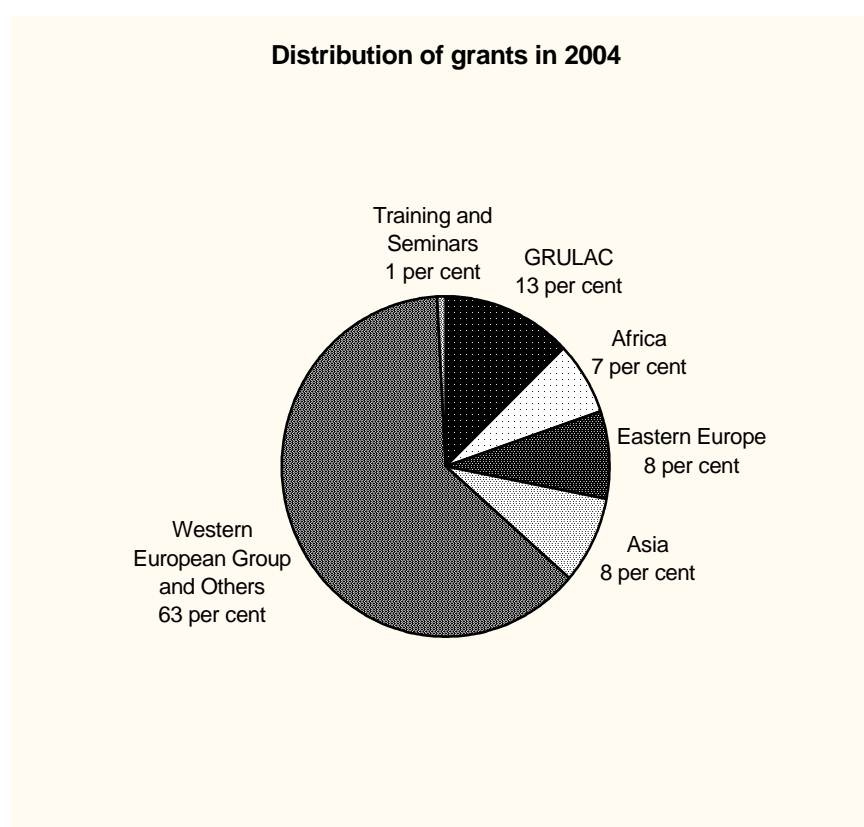

10. The Board was particularly pleased with the efforts undertaken by the Secretariat since its previous session to organize assessment visits to projects in the field. These visits have been carried out either by OHCHR staff or by United Nations field presences. Since 2002, 58 projects in 16 countries have been evaluated. Visits have been greatly appreciated by the organizations themselves, the evaluators and by donors, as they contribute to ensuring the use of the funds received for the purpose granted. The Secretariat has developed a schedule of on-site visits which will allow all projects to have been evaluated by the end of 2005. Monitoring visits will continue to take place and it is hoped that all projects can be visited every three to five years. Pre-screening of new proposals submitted to the Fund has also been established. The Secretariat has worked closely with OHCHR field offices and United Nations field presences, where possible, to ensure that the new proposals received meet the admissibility criteria which the Fund has elaborated for the selection of projects.

11. Pursuant to recommendation No. 9 of OIOS, whereby the Fund should establish a central and computerized historical, financial and narrative project tracking system that will allow staff to follow and document the history and progress of its relationship with grantees and donors, the Board has also recommended that an electronic project management system be made available to the Secretariat, to not only improve the financial management of the Fund but also allow for the generation of statistical information, today only available manually. On two occasions, the Secretariat compiled statistics on the victims assisted, by gender and age groups, through the projects subsidized by the Fund, as well as on the types of assistance provided to beneficiaries. This was done in the reports (E/CN.4/1993/23 and A/57/268) commemorating, respectively, 10 years and 20 years of existence of the Fund. Information on the different types of assistance provided to victims of torture and their complementarity can be found in the last report of the Secretary-General to the General Assembly on the activities of the Fund (A/58/284).

V. FUND-RAISING

12. The General Assembly, in its resolution 58/164, and the Commission on Human Rights, in its resolution 2004/41 (para. 37), have expressed their gratitude and appreciation to the Governments, organizations and individuals that have contributed to the Fund. This was reiterated by the Committee against Torture, the Special Rapporteur on the question of torture, the Chairperson of the twenty-second session of the Board of Trustees of the Fund and the Acting United Nations High Commissioner for Human Rights, in their joint declaration on the occasion of the United Nations International Day in Support of Victims of Torture, on 26 June 2004. The United Nations bodies particularly concerned with issues relating to torture encouraged donors that had already contributed to the Fund to continue such contributions, if possible with a substantial increase, in order to take into consideration the increasing requests for assistance.

13. In its resolution 36/151, in which it established the Fund, the General Assembly authorized the Board to promote and solicit contributions and pledges. The Assembly also requested the Secretary-General to provide the Board with all the assistance it might require. Board members have the opportunity to solicit contributions at the annual meeting with representatives of the permanent missions to the United Nations Office at Geneva, generally held on the last day of the Board's session. The Commission has introduced the practice of inviting the Chairperson or a Board member, if they are present in Geneva during the Commission's session in March/April, to submit to the Commission, under the relevant agenda item, an update on the financial situation of the Fund and to encourage participants to pay their contributions before the Board meeting in May. A statement by the Chairman was read by a member of the Secretariat on his behalf on 31 March 2004.

14. Within the framework of the fund-raising strategy launched by the Board in 2002, based on approaching donors on a regional basis, the Chairman of the twenty-second session met States members of the five regional groups in February and April 2004 with a view to enhancing regional awareness and responsibility in providing victims of torture with adequate assistance through the Fund. Consistent with the approach taken at these meetings, OHCHR has, for the first time, allocated money from unearmarked contributions to the Fund, as suggested by several delegations during the meeting with the regional groups. Consequently, contributions were received from Armenia, Bulgaria, Costa Rica, Croatia, France, Guatemala, Hungary, Mauritania, Mexico, Nicaragua, Sudan and Sweden.

VI. NEEDS ASSESSMENT FOR 2005

A. Requests received and grants awarded (2000-2004)

15. In order to try to address the gap between the amounts requested by organizations and the resources available for allocation (see table 5 below), the Board has recommended as in previous years that the total amount be awarded. As a result, the only remaining fund at the end of the year are the compulsory reserve, which, in accordance with the United Nations rules applicable to voluntary contributions for humanitarian purposes, is set at 15 per cent of the amount available for grants.

Table 5
Comparison of grants requested and grants awarded (2000-2004)

Year	Application amounts (total in US\$)	Approved amount (US\$)	Percentage approved	Implementation rate* (percentage)
2004	13 218 207	6 765 668	51	
2003	13 340 781	7 222 691	54	95
2002	12 055 638	7 815 070	65	87
2001	11 119 341	8 009 842	72	92
2000	10 000 000	7 000 000	70	84

* The implementation rate shows that the Fund systematically disburses over 80 per cent of the amount approved for grants by the following session of the Board. The remaining balance consists of pending grants for which additional information is still required before they can be paid. The implementation rate for the year 2004 will be available in April 2005 before the next session of the Board.

B. Estimated needs for 2005

16. On the basis of the requests received for 2004 (amounting to US\$ 13.2 million), the Board estimated that US\$ 14 million would be needed at its next session if it were to cover all new requests envisaged. In the Annual Appeal of the Office for the year 2005, the High Commissioner for Human Rights has invited Governments to contribute to the Fund with a minimum amount of US\$ 7.4 million. As of 5 November 2004, total new contributions paid since the last session of the Board amounted to US\$ 165,376 (see table 2 above).

VII. HOW TO MAKE A CONTRIBUTION

17. Contributions to the Fund should always be marked as follows: "Payee: United Nations Voluntary Fund for Victims of Torture, account CH". Payments may be made either by bank transfer: (a) in United States dollars or in other currencies, to "United Nations Geneva General Fund", account No. 485001802, J.P. Morgan Chase Bank, New York, NY 10004, United States of America (Swift code: CHASUS33); (b) in euros and pounds sterling, to "United Nations Office at Geneva", account No. 23961901, J.P. Morgan Chase Bank, London, P.O. Box 440, Wollgate House, Coleman Street, London, United Kingdom (Swift code: CHASGB2L); (c) in Swiss francs, to "United Nations Geneva General Fund", account No. 240-C0590160.0, UBS, rue du Rhône 8, Geneva 2, Switzerland (Swift code: UBSWCHZH12A); (d) or by cheque, payable to "United Nations" addressed to: Trésorerie, Nations Unies, Palais des Nations, CH-1211 Geneva 10, Switzerland. Donors are requested to inform the Secretariat of the Fund and the Resource Mobilization Unit when a payment has been made (a copy of the bank transfer order or of the cheque would be appreciated) to facilitate effective follow-up on the official recording procedure and preparation of the Secretary-General's reports.

VIII. CONCLUSIONS AND RECOMMENDATIONS

- 18. Pursuant to the appeals by the General Assembly, the Commission on Human Rights and the Board of Trustees of the Fund, donors are invited to pay their contributions to the Fund before March 2005 to enable the Board to take them into account at its twenty-fourth session, in April 2005.**
- 19. The General Assembly, the Commission and the Board have also urged regular donors to increase their contributions if possible in order to provide the Board with the resources to meet the growing needs of torture victims and the members of their families.**
- 20. The Board strongly encourages Governments that have not yet contributed to the Fund to do so for the first time, preferably before March 2005.**
