## Enclosure

### **Report to the Counter-Terrorism Committee on the measures taken by the Government of the Republic of Korea to implement United Nations Security Council resolution 1373 (2001), pursuant to paragraph 6 of the said resolution**

Recognizing the importance of United Nations Security Council resolution 1373 of 28 September 2001, the Government of the Republic of Korea is making utmost efforts for its implementation. All authorities concerned are closely cooperating with each other in this regard and in particular, the Ministry of Foreign Affairs and Trade appointed an Ambassador for Counter-terrorism and Afghanistan Affairs in December this year.

At the international level, the Republic of Korea played an active role in the adoption of the "APEC Leaders' Statement on Counter-terrorism" on 21 October 2001 at the APEC Summit Meeting held in Shanghai and the "2001 ASEAN Declaration on Joint Action to Counter Terrorism" on 5 November 2001 at the ASEAN + 3 Summit Meeting held in Brunei.

With a view to intensifying efforts to fight terrorism, the Korean government is also taking steps to enact a new Anti-Terrorism Bill which comprehensively deals with all aspects of terrorism. Detailed information on this legislation will be duly reported to the Security Council upon request.

This report will focus on the following three areas in the order they appear in Security Council resolution 1373: (1) Prevention and suppression of the financing of terrorist acts; (2) Bringing the perpetrators of terrorism to justice and strengthening international cooperation for effective punishment of terrorists; and (3) Accession to international conventions and protocols relating to terrorism.

#### **I. Prevention and Suppression of the Financing of Terrorist Acts**

1. The Republic of Korea signed the International Convention for the Suppression of the Financing of Terrorism on 9 October 2001.
2. With the entry into force of the Proceeds of Crime Act on 28 November 2001, it has become possible to take such measures as confiscation, additional collection and other preservation measures with regard to funds and other financial assets provided for or in return for terrorist acts. Anyone who finances terrorist acts or provides physical or material support to entities or persons involved in terrorist acts can be penalized as an accomplice to terrorism under the provisions of the relevant special laws (refer to II.1).
3. All financial assets and properties directly or indirectly owned by those persons and entities in the lists of 8 March 2001, 8 October 2001, 19 October 2001, and 9 November 2001 provided by the Committee established by Security Council resolution 1267 on Afghanistan of 15 October 1999 have been frozen in accordance with the relevant guidelines issued by the Korean government on 9 October 2001.
4. The passage of the Anti-Terrorism Bill, which is currently under deliberation at the National Assembly, will enable more effective regulation and control of all funds and financial assets related in any way to terrorist activities.

## **II. Bringing the Perpetrators of Terrorism to Justice and Strengthening International Cooperation for Effective Punishment of Terrorists**

1. The Criminal Act of the Republic of Korea and the following special laws prescribe acts of terrorism as serious criminal offenses:
  - Punishment of Violence Act
  - Military Criminal Act
  - Aviation Act
  - Safety of Aircraft Operation Act

  - States with which the Republic of Korea has concluded a treaty on mutual legal assistance in criminal matters as of 17 December 2001: Australia, Canada, France, Hong Kong, the United States of America, Mongolia, China, New Zealand, Russia (9)
3. The Republic of Korea aims to prevent and punish acts of terrorism by extraditing perpetrators of terrorism through bilateral extradition treaties.
  - An offense shall be deemed extraditable if, at the time of request, it is punishable under the laws in both Contracting States by deprivation of liberty for a period of more than one year. Most acts of international terrorism fall under the category of extraditable offenses.
  - Under Article 4 of the Extradition Act of 1988, offenders may be extradited based on the principle of reciprocity even when no extradition treaty exists between the Requesting and Requested State.
  - Extradition shall not be granted when the Requested Party determines that the offense for which extradition is requested is a political offense. Terrorist acts, however, do not fall under this category.
  - States with which the Republic of Korea has concluded or is in the process of negotiating an extradition treaty as of 17 December 2001:
