PROJECTS

1. Investigation of level and effects of pollutants in saline lakes and littoral marine environments (1978), USAID
2. Environmental impact assessment of East Zeit Oilfield development (1986), ESSO Oil Company
3. The state of oil pollution along the coasts of the Gulf of Suez and part of the Mediterranean (1991-1992), ESSO Oil Company
4. Baseline environmental survey of the Mediterranean coast and around drilling sites west of Alexandria (1991-1992), Shell Oil Company.
5. Baseline environmental studies around drilling site in the Gemsha area, Red Sea: (1992-1993), BAPETCO Oil Company
6. Environmental Impact Assessment (EIA) of Seismic Survey in Lake Manzalah. ELF Oil Company
7. EIA of Seismic Survey Lake Burullus (1990), ARCO Oil Company
8. Environmental studies on Lake Manzalah (1990-1991), ELF Oil Company
9. Baseline environmental survey of the Mediterranean between Port Said and Burullus (1992), IEOC
10. EIA for El'Ghardaqa region (1991), ASAMERA
11. Bathymetric survey of the Gulf of Aqaba south of Taba, Ministry of Tourism (1991)

12. EIA of the Gulf of Suez, Ataqah harbour, MOHARAM Consultants (1989)
13. EIA of oil and gas exploration and development of Concession A area, PHILLIPS Petroleum Company (1993)
14. Lake Management Study of Lake Burullus (1986-1990), USAID
15. Trophodynamics of the Southeastern Mediterranean (1992), USAID
16. EIA studies on the industrial development in Ataqah area, Gulf of Suez, Moharam consultant and Ministry of New Communities (1993)
17. Warda Environmental studies, Zaafarana Oil Company, 1994
18. Environmental studies, bathymetry, modelling and design of Sharm El'Shikh Harbor, Red Sea Ports Authority, 1993
19. Bathymetric survey of Abu Kir fishing harbour, 1993
20. Bathymetry, modelling and design of El'Sadat (Suez area), 1993
21. Bathymetric survey of the navigation channel, Safaga Harbour, Red Sea, EGYCO, 1994
22. EIA of artificial lake in Nacma Bay area, Gulf of Aqaba, Allied Arab Tourism, 1994
23. Environmental and geotechnical studies of El'Homera and Port Said marina areas. Tourism Development Authority, 1994
24. Environmental Studies, Red Sea Resort & Villas, Hurgada, Red Sea. Moharam & Bakhom Consultants, 1994
25. North Sinai and Lake Bardawil Development: A Case Study. National Committee of Coastal Zone Management, EEAA, May 1995
26. EIA of New Nagaa Hammadi Barrage Project, Upper Egypt. Moharam & Bakhom Consultants, 1995
27. Baseline conditions at oily water treatment plant, Ras Fanar, Ras Gharib, Red Sea. Suez Oil Company, 1996

BETAH, Samuel Sona

(Cameroon)

Date of birth: 1 October 1945
Place of birth: Bai Sombe, Mbonge Subdivision, Meme Division, South-West Province
Ethnic group: Balong
Marital status: Married, father of five children

Education

Academic

1966-1971 Master of Science in Geology, Moscow State Geological Institute.
Concentration: prospecting and exploration of mineral deposits.
1974-1975 Postgraduate Certificate in Hydrogeology, Amsterdam Free
University, the Netherlands.
1965-1966 Advanced-level certificate, Preparatory Faculty, Moscow State
University.
1960-1964 General certificate of Education (G.C.E.) "O" level,
London/Cameroon Protestant College, Bali.

Professional training

1994 Regional leadership course on marine ocean affairs in Africa,
Economic Commission for Africa (ECA), Addis Ababa.
1986 Course in Public Management, Higher Institute of Public
Management, Yaoundé.
1985 Economic and mineral strategy seminar, Ecole des Mines de Paris.
1984 UNITAR Regional Training and Refresher Course on International Law
in Africa and the Law of the Sea, International Relations
Institute of Cameroon, Yaoundé.
1980 Law of the Sea and Management of Marine Resources, International
Ocean Institute, Malta.
1978 Advanced course on Schlumberger log interpretation at ELF
Petroleum Training Centre, Port Gentil, Gabon.

Professional experience

Service record

Employer: Ministry of Mines, Water and Energy.

Date of
recruitment: 28 March 1972.

Rank: Senior Engineer of Mines and Geology, Exceptional Class; Director
of Geology.

Posts held

1987- Director of Geology.

1973-1987 Assistant Director of Geology.

1977-1979 Chief of Service for Exploration of Hydrocarbons.

1975-1977 Assistant Chief of Hydrogeology of UNDP ground water exploration
project in North Cameroon.

Subject areas

1979- Solid mineral prospecting and exploration; lateric nickel and
cobalt, gold, diamonds, uranium, rutile, bauxite, iron etc.;
seabed minerals prospecting and exploration
(United Nations Office for Ocean Affairs and the Law of the Sea,
New York); construction materials.

1986- Environmental studies relating particularly to natural hazards:
lethal gas explosions in lakes, volcanic eruptions, earth tremors,
landmines, etc.

1977-1979 Hydrocarbons exploration: geology and seismic interpretation on
the KwA-Kwai well (Douala) and the Pondo well (Tiko), onshore in
the Mabeta area (Limbe) with the Gulf Oil Company.

1972-1977 UNDP groundwater exploration project. In 1975, confirmed by UNDP
as hydrogeologist of the project.

International conferences

- 1994- Assembly of the International Seabed Authority.
- 1983-1994 United Nations Convention on the Law of the Sea: Preparatory Commission for the International Seabed Authority and for the International Tribunal for the Law of the Sea.
- 1987-1994 Member of the Group of Technical Experts of the Preparatory Committee and member of the Training Panel. Presided over some meetings of the Training Panel.
- 3-14 June 1992 United Nations Conference on Environment and Development, Rio de Janeiro, Brazil.
- 11-14 November 1985 Intergovernmental meeting of experts on aspects of exploration and exploitation of seabed resources in the context of the United Nations Convention on the Law of the Sea, ECA, Addis Ababa.
- 11-13 April 1983 International Conference on the Proterozoic, Lusaka, Zambia.
- Attended international geological congresses in France, Canada and the United States of America.

Fellowships/Awards

- 1980 International Ocean Institute (IOI) Scholarship.
- 1974 United Nations Fellowship to Amsterdam Free University, the Netherlands.
- 1965 Russian Scholarship (bilateral cooperation) to Moscow State University and Moscow Geological Institute.

Professional affiliations

International Marine Minerals Society.
Cameroon Society of Earth Scientists.
Cameroon Society of Engineers.

Publications

- "Geological structure of the Upper Udinsk Mineral region and preliminary exploration of the April mercury prospect".
- "Groundwater exploration in North Cameroon".
- "Management of marine resources in the exclusive economic zone".

Volunteer activities

President of the Solidarity Fund of personnel of the Ministry of Mines, Water and Energy.

Elder, Presbyterian Church in Cameroon, Bastos, Yaoundé.

Language skills: Fluency and writing capability in English, French and Russian.

Computer skills: Basics of WordPerfect, Lotus 123.

KAZMIN, Yuri Borisovitch

(Russian Federation)

Date of birth: 3 September 1932
Nationality: Russian
Citizenship: Russian Federation
Marital status: Married with two children
Languages: Russian (mother tongue)
English (fluent)

EDUCATION

1955 M.Sc. Geology
Moscow Geological Prospecting Institute
1964 Ph.D., International Economics,
Moscow Academy of Foreign Trade
1978 Ph.D., International Law,
Moscow Juridical Institute, Russian Academy of Sciences

PROFESSIONAL EXPERIENCE AND ACTIVITY

PRESENT

(since 1992) Counsellor, Ministry of Natural Resources of the Russian Federation

Advisory services on legal, scientific and technical matters concerning marine research, prospecting and exploration, and the Law of the Sea. Preparation of national legislation concerning continental shelf, EEZ and other sea areas of national jurisdiction; Ministry's representative in the Parliament and its bodies on the matters of drafting and consideration of national legislation on marine and mineral resources development. Coordination of environmental research projects in the pioneer area of the Russian Federation. International cooperation in marine research and prospecting.

PREVIOUS

1988-1992 Chief Expert, State Commission on Arctic and Antarctic Affairs of the USSR Government (since 1992 - of the Russian Federation Government)

Organization of the government activities in the Arctic areas, including scientific research, geological and mining activities, industrial development, environmental protection and international relations; supervision of the Antarctic research.

1980-1988 Director, Department of Ocean Mineral Resources, USSR Ministry of Geology

Head of the USSR marine geological survey. Supervision and organization of the USSR activities in the field of marine geology, prospecting and exploration, including petroleum and hard minerals prospecting and exploration (continental shelf), research and prospecting for polymetallic nodules and other minerals (deep seabed areas), delimitation of the outer limits of the continental shelf; geological research in Antarctica; research and development of marine prospecting and exploration technology; international relations and cooperation in marine geological research and prospecting, in Arctic and Antarctic affairs.

1971-1980 Deputy Director, Marine Prospecting and Exploration Department, USSR Ministry of Geology

Supervision and organization of the USSR activities in the field of marine geology, prospecting and exploration, including petroleum and hard minerals prospecting and exploration (continental shelf), research and prospecting for polymetallic nodules and other minerals (deep seabed areas).

1967-1971 Economic Affairs Officer, Secretariat of the United Nations Commission for Asia and the Far East, Bangkok (Thailand)

Organization and coordination of national and regional projects for offshore petroleum and hard minerals prospecting and exploration in the continental shelf areas of Thailand, Malaysia, Indonesia, the Philippines, Viet Nam. Coordination of regional projects on the compilation of geological and related maps for Asia and the Far East, technical assistance to Nepal and India on mineral resources development.

1953-1967 Senior Geologist, Aerogeology Enterprise, USSR Ministry of Geology

Field geological survey and prospecting in the Pamirs and Eastern Siberia.

ACADEMIC EXPERIENCE

- 1968-1971 Associate Professor of Geology,
Chulalongkorn Royal University, Bangkok, Thailand
- 1972-1975 Lecturer on Marine Geology, Leningrad Mining Academy
- 1992-1993 Lecturer on the Law of the Sea,
Training courses for trainees of the PrepCom,
Interoceanmetal Organization, Schetzin, Poland

INTERNATIONAL EXPERIENCE AND CONFERENCES

- 1971-1973 Member of the USSR delegation at the United Nations Seabed
Committee
- 1974-1982 Member of the USSR delegation at the Third United Nations
Conference on the Law of the Sea (responsible for continental
shelf issues and Part XI)
- 1983-1988 Vice-Chairman of the USSR delegation at the sessions of the
Preparatory Commission for the Seabed Authority and for the
International Tribunal for the Law of the Sea (PrepCom)
- 1985 Chairman of the USSR delegation which negotiated with France
and Japan the problem of the overlapping of the pioneer sites
in the Pacific
- 1986-1987 Chairman of the USSR delegation which negotiated with Canada,
Italy, the Netherlands, Belgium, the United States of America,
the United Kingdom and Germany the problem of the overlapping
of deep seabed mining sites for polymetallic nodules in the
Pacific
- 1988-1990 Negotiations with the Arctic States on the establishment of
the International Arctic Science Committee (IASC)
- 1990-1991 Soviet representative to the Regional Council of IASC
- 1991-1992 Meetings of the Arctic countries on the Arctic Environment
Protection Agreement
- 1992 Expert-consultant of the Interoceanmetal Joint Organisation at
the sessions of the PrepCom
- 1995-1996 Member of the Russian delegation at the sessions of the
Assembly of the International Seabed Authority
