

Meeting of States Parties

Distr.: General
30 March 2015
English
Original: English and French

Twenty-fifth Meeting
New York, 8-12 June 2015

Report of the external auditor for the financial period 2013-2014, with financial statements of the International Tribunal for the Law of the Sea as at 31 December 2014

(Presented by the Tribunal)

1. Ernst & Young GmbH Wirtschaftsprüfungsgesellschaft (hereinafter “the Auditor”) audited the financial statements of the International Tribunal for the Law of the Sea for the financial period from 1 January 2013 to 31 December 2014 in February 2015 and submitted its report on 3 March 2015 (see annex). An audit of certain aspects of the Tribunal’s operational procedures was also undertaken by the Auditor, as indicated in the letter of engagement dated 16 August 2012, signed by the Registrar.
2. It is noted from the report that the Auditor was of the view that the financial statements of the Tribunal for the period from 1 January 2013 to 31 December 2014 had been prepared, in all material respects, in accordance with the Financial Regulations and Rules of the Tribunal.
3. Financial regulation 12.8 stipulates that “the Tribunal shall examine the financial statements and the audit reports and shall forward them to the Meeting of States Parties, with such comments as it deems appropriate”.

Annex

Report of the external auditor for the financial period 2013-2014, with financial statements of the International Tribunal for the Law of the Sea as at 31 December 2014

I. Audit engagement

At the twenty-second Meeting of States Parties to the United Nations Convention on the Law of the Sea, held from 4 to 11 June 2012, we were appointed as auditors of the International Tribunal for the Law of the Sea, Hamburg. Thereupon, the Registrar of the Tribunal engaged us to audit the Tribunal's financial statements for the period from 1 January 2013 to 31 December 2014, in accordance with the Financial Regulations and Rules of the Tribunal. Our audit did not cover appendices 2, 3 and 4, but we read that information in order to identify material inconsistencies, if any, with the audited financial statements.

For information on the engagement terms and liability provisions applicable to this engagement and the restrictions on distribution and use of our reporting, please see the explanations in the auditor's report as well as the "General engagement terms for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften" [German Public Auditors and Public Audit Firms] dated 1 January 2002 (see appendix VII).

Our reporting beyond the scope of the auditor's report complies with the Generally Accepted Standards for the Issuance of Long-Form Audit Reports for the Audits of Financial Statements (IDW AuS 450) issued by the Institut der Wirtschaftsprüfer in Deutschland (Institute of Public Auditors in Germany), Düsseldorf.

The present report is addressed to the Tribunal.

II. Purpose, nature and scope of the audit

A. Purpose of the audit

During our audit engagement, we examined whether the financial statements, comprising the statement of income, expenditures and changes in reserves and fund balances, the statement of assets, liabilities, reserves and fund balances, the cash flow statement and the notes to the financial statements, complied with the Financial Regulations and Rules of the Tribunal.

Assessment criteria for our audit of the financial statements were the Financial Regulations and Rules of the Tribunal (hereinafter "applicable accounting principles").

Prior to accepting the engagement, based on our knowledge and understanding at that time, we had to assess whether the accounting principles to be applied (basis of accounting) were reasonable under the circumstances. To do so, we had to obtain an understanding of:

- (a) The purpose of the financial statements;
- (b) The users of the financial statements;
- (c) Which steps the legal representatives had taken to determine whether the accounting principles to be used were reasonable under the circumstances.

Our preliminary conclusion that the basis of accounting used for preparing and auditing the financial statements was reasonable under the circumstances (IDW AuS 480, sect. 15) was confirmed in the course of our audit.

The Registrar is responsible for the books and records, the accounting-related internal control system, the preparation of the financial statements in accordance with the basis of accounting, including an understandable and accurate presentation and/or appropriate description of the basis of accounting, as well as the explanations and documents provided to us. It is our responsibility to assess those documents and that information during our audit performed in accordance with professional standards.

B. Nature and scope of the audit

Our audit was performed in accordance with the German generally accepted standards for the audit of financial statements issued by the Institut der Wirtschaftsprüfer.

Those standards require that we plan and perform the audit to provide reasonable assurance that the financial statements do not contain any significant inaccuracies or infringements.

The object of our audit of the financial statements is therefore to identify such inaccuracies and infringements of the basis of accounting which might materially affect the presentation of the financial statements.

The basis of our audit methodology, which is risk and process oriented, is the development of an audit strategy. This strategy is based on the assessment of the economic and legal environment of the Tribunal, its goals, strategies and business risks, which we evaluate with the help of critical success factors. The subsequent examination of the accounting-related internal control system and its effectiveness is supported by process analyses. These are performed at regular intervals, especially in the case of organizational changes or changes in policy. The aim is to determine the impact of such changes on relevant financial statement items and hence to evaluate business risks and our audit risk. Findings from the analysis of processes and the accounting-related internal control system were taken into account in choosing the analytical procedures (plausibility tests) and substantive testing of assets and liabilities, recognition, disclosure and valuation in the financial statements. The audit programme, which is specifically tailored to the Tribunal, determines the key elements of the audit, the nature and scope of audit procedures, as well as the timing and staffing of the audit. This approach is based on the principles of risk assessment and materiality. We therefore reached our auditor's report primarily on a test basis.

Our audit programme for the reporting years focused on the following:

- Analysis of the process related to the preparation of the financial statements
- Design, implementation and effectiveness of the internal controls in the processes relating to contributions and expenditures
- Contribution receivables from States parties
- Contributions received in advance
- Surrender of savings from prior years
- Obligations, current period

- Major expenditures

We also performed the following standard audit procedures:

- We received bank confirmations from financial institutions.
- We were provided with all the explanations and supporting documents requested. In a letter of representation submitted to us, the Registrar confirmed the completeness of those explanations and documents and of the books, records and financial statements.

III. Findings on the financial reporting

A. Prior-year financial statements

The prior-period financial statements were presented by the Registrar at the twenty-third Meeting of States Parties, from 10 to 14 June 2013.

B. Basis of valuation

Regarding the applied basis of valuation, reference is made to the explanation of the Tribunal in the notes to the financial statements.

IV. Findings from audit procedures of additional audit scope for the period from 1 January 2013 to 31 December 2014

The examination of the operational procedures, including the administration of the Nippon Foundation Grant, the Trust Fund for the Law of the Sea and the China Institute of International Studies Grant did not lead to material findings. We refer to our audit procedures and results in appendix VI.

V. Independent Auditor's report

To the International Tribunal for the Law of the Sea

We have audited the accompanying financial statements of the International Tribunal for the Law of the Sea, Hamburg, which comprise the statement of income, expenditures and changes in reserve and fund balances, statement of assets, liabilities, reserves and fund balances, statements of cash flows and notes to the financial statements, for the period from 1 January 2013 to 31 December 2014.

Management's responsibility for the financial statements

Management is responsible for the preparation of the financial statements in accordance with the Financial Regulations and Rules of the International Tribunal for the Law of the Sea and for such internal control as management determines necessary to enable the preparation of financial statements that are free from material misstatement, whether owing to fraud or error.

Auditor's responsibility

Our responsibility is to express an opinion on those financial statements based on our audit. We conducted our audit of the financial statements in accordance with the German generally accepted standards for the audit of financial statements promulgated by the Institut der Wirtschaftsprüfer. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether owing to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of the International Tribunal for the Law of the Sea, Hamburg, for the period from 1 January 2013 to 31 December 2014 have been prepared, in all material respects, in accordance with the Financial Regulations and Rules of the International Tribunal for the Law of the Sea.

Accounting principles as well as restrictions on disclosure and use

Without qualifying our opinion, we draw attention to the Financial Regulations and Rules of the Tribunal for the Law of the Sea (see www.un.org/Depts/los/meeting_states_parties/SPLOS_documents.htm#Other) relating to the financial statements, which describe the basis of accounting. The financial statements are prepared to support the Registrar in meeting his accountability obligations according to the Financial Regulations and Rules. As a result, the financial statements may not be suitable for another purpose. Our auditor's report is addressed exclusively to the Tribunal and may not be distributed to or used by third parties without our consent.

Limitation of liability

The “General engagement terms for Wirtschaftsprüfer and Wirtschaftsprüfungsgesellschaften” (German Public Auditors and Public Audit Firms), as issued by the Institut der Wirtschaftsprüfer on 1 January 2002 (see appendix VII), are applicable to that engagement and also govern our responsibility and liability to third parties in the context of that engagement.

International Tribunal for the Law of the Sea, Hamburg

Notes to the financial statements for the period from 1 January 2013 to 31 December 2014

Note 1

Statement of the objectives and activities of the Tribunal

The International Tribunal for the Law of the Sea is an international judicial body established by the United Nations Convention on the Law of the Sea to adjudicate disputes arising out of the interpretation or application of the Convention. It began its activities in 1996. The Tribunal is open to States parties to the Convention and, in certain cases, to entities other than States parties (such as international organizations and natural or juridical persons). The jurisdiction of the Tribunal comprises all disputes submitted to it in accordance with the Convention. It also extends to all matters specifically provided for in any other agreement which confers jurisdiction upon the Tribunal. The Tribunal is composed of 21 independent members elected by the States parties to the Convention. It is assisted by a Registry consisting of 37 staff members.

Note 2

Summary of significant accounting policies

On 12 June 2003, the thirteenth Meeting of States Parties adopted the Financial Regulations of the Tribunal and decided that they should become effective on 1 January 2004 and apply to the financial period 2005-2006 and subsequent financial periods ([SPLOS/100](#)). Pursuant to financial regulation 10.1 (a), the Tribunal adopted its Financial Rules in 2004. The States parties took note of the Financial Rules at their fourteenth Meeting in 2004. The Financial Rules became effective on 1 January 2005.

Financial period

Pursuant to financial regulation 2, the financial period which is the subject of the present report is the two-year period from 1 January 2013 to 31 December 2014.

Currency of accounts

Pursuant to financial regulation 11.2, the presentation currency is the euro. The accounting records are also maintained in euros.

Foreign currency transactions

Transactions in currencies other than the euro are converted into the euro using the United Nations operational rates of exchange, except for assessed contributions paid in United States dollars. For the contributions paid in United States dollars, the conversion into euros is made at the most favourable rate of exchange available to the Tribunal on the date of the payment, in accordance with financial rule 105.2.

The differences in exchange rates which may occur between the date of recording and the date of settling the transactions are recorded in the statement of income, expenditures and changes in reserves and fund balances as gains or losses on exchange.

Assets and liabilities in currencies other than the euro are revalued at the end of the financial period at the prevailing United Nations operational rates of exchange. The revaluation amounts are recorded in the statement of income, expenditures and changes in reserves and fund balances as gains or losses on exchange.

Income

Income consists of assessed contributions from the States parties. Contributions for the two-year financial period are assessed as 50 per cent in year one and 50 per cent in year two. All other income received by the Tribunal is classified as miscellaneous income and is included as general resources (see note 3).

Expenditures

All the expenditures of the Tribunal are recorded against allocated lines of budgetary appropriation.

Expenditures of the Tribunal are accounted for on an accrual basis, except for those relating to staff entitlements, which are accounted for on the basis of cash disbursements. No provision is made for any future liabilities arising from staff entitlements due to repatriation, accumulated annual leave and compensatory time and from pension entitlements of the members of the Tribunal (see note 5).

Assets and liabilities

All funds received are deposited into the Tribunal's bank accounts, including those under special account arrangements, and are reflected as cash holdings. Non-expendable equipment (especially computer hardware and software) is not included in the assets but is charged against the current appropriations when acquired. A separate listing of non-expendable equipment is maintained for control purposes. Assets are valued at nominal value. Liabilities are valued at the repayment amount.

Working Capital Fund

The eighth Meeting of States Parties, held in 1998, authorized the establishment of a working capital fund to ensure continuity of operation in the event of temporary shortfalls in funds, and to provide the Tribunal with the necessary financial means to dispose of cases, in particular those involving urgent proceedings.

The current amount of the Working Capital Fund available to the Tribunal is €542,118, which was converted from \$650,000 in November 2005, in accordance with the Financial Regulations of the Tribunal.

The current level of €542,118 represents 2.87 per cent of the approved budget of the Tribunal for 2015-2016. In line with the United Nations practice, an amount of approximately 8 per cent of the annual budget (4 per cent of its biennial budget) is considered appropriate. In the case of the Tribunal, an adequate level in the Working Capital Fund would then be €755,448 (4 per cent of the biennial budget). However, to minimize increases in the 2015-2016 budget and in the light of an additional amount appropriated to the Working Capital Fund to cover exclusively unforeseen case-related expenses (see para. below), no increase of the Working

Capital Fund was included in the budget proposals for 2015-2016 submitted at the Meeting of States Parties in 2014.

In addition to the \$650,000 referred to above, the twelfth Meeting of States Parties, held in 2002, approved, on an exceptional basis, the appropriation of \$500,000 (being part of the savings from the financial period 2001) to the Working Capital Fund of the Tribunal, in order to provide the Tribunal with the necessary financial means, in the event of temporary shortfalls in funds, to deal with cases whenever the cost could not be met from case-related costs or from the transfer of funds between appropriation sections (SPLOS/L.28). This amount was converted into €417,014 in November 2005, in accordance with the Financial Regulations of the Tribunal.

In June 2014, at their twenty-fourth meeting, the States parties decided, on an exceptional basis, to transfer an amount of €350,000 from the 2011-2012 cash surplus to the Working Capital Fund, to cover the cost of considering cases that cannot be met from the funds allocated for case-related costs (SPLOS/275).

The total Working Capital Fund currently stands at €1,309,132.

Note 3

Income

The Tribunal's income in the financial period 2013-2014 totalled €21,296,835.

Income includes contributions from 166 States parties (including the European Union), totalling €21,239,120.

Total income also includes:

- (a) Interest income of €15,266 earned on deposit accounts;
- (b) Savings due to the cancellation of prior-period obligations, in the amount of €49,644;
- (c) A net loss of €18,394 from gains and losses on exchange resulting from foreign currency transactions and revaluations of foreign currency account balances;
- (d) Net miscellaneous income of €11,199, which includes a contribution from a State party which could not be identified as at the end of the year 2014, sales of the Tribunal's basic texts to the International Foundation for the Law of the Sea, prior-period adjustments, refunds from the gas and water suppliers, a refund from an insurance company and losses from non-refundable tax claims.

Note 4

Expenditure

The budget for the financial period 2013-2014, in the amount of €21,239,120, was approved at the twenty-second Meeting of States Parties, in June 2012 (SPLOS/250).

Budget estimates for staff salaries and judges' allowances were based on the United States dollar/euro exchange rate of 0.746 in March 2012. By the end of the financial period, the exchange rate between the United States dollar and the euro was 0.82. This represents a decrease of 9.02 per cent in the value of the euro against the United States dollar. However, this had no significant impact on the expenditure

of the Tribunal, since most expenditures were made in euros, and payments to judges and staff members were subject to an adjustment mechanism which has the effect of largely absorbing the fluctuations of the United States dollar against the euro.

Expenditure for the financial period 2013-2014 totalled €19,241,443.

The total expenditure recorded in section 1, “Judges”, amounts to €5,001,330.

This amount is within the initial appropriation of €5,228,000 for section 1. Overexpenditures, however, occurred in the budget line annual allowance.

The overexpenditure under annual allowance in the amount of €19,354 is due mainly to the fact that two judges whose term of office ended on 30 September 2014 continued to sit in case No. 21 in accordance with the Rules of the Tribunal, from 1 October 2014 to 31 December 2014. During that period, those two judges received annual allowance while the payment of their pension was suspended. Another factor which explains the overexpenditure is the fact that the remuneration of judges was revised twice during the financial period concerned, in 2013 and in 2014.

The above-mentioned overexpenditure, totalling €19,354, was fully absorbed by the redeployment of appropriations within the section “Judges”. As a result, the section shows a final balance of €226,670.

Section 3, “Representation allowance”, which is based on an amount calculated in United States dollars, shows an overexpenditure of €158, which is due entirely to the depreciation of the euro against the United States dollar during the financial period.

The budget line “special services (external audit)” under section 6, “Operating expenditures”, also shows an overexpenditure of €9,600, which is due to the fact that, owing to an oversight, the amount approved in the 2013-2014 budget reflected only half of the required amount (€20,000). This matter, as well as the anticipated overexpenditure resulting therefrom, was reported to the Meeting of States Parties in June 2014 (see [SPLOS/2014/WP.1](#), paras. 35(f) and 104). The overexpenditure was fully absorbed by the redeployment of appropriations within section 6, “Operating expenditures”. Section 6 shows savings in the amount of €100,252.

Note 5

Contingent liability

A net contingent liability for staff benefits as at 31 December 2014, amounting to €514,203, consists of the following:

| <i>Contingent liability</i> | <i>Amount (in euros)</i> |
|---------------------------------|--------------------------|
| Accumulated annual leave | 253 852 |
| Entitlement due to repatriation | 260 351 |
| Total | 514 203 |

All contingent expenditures are charged against the budget appropriations in the period when actual payments are made. A record of all commitments for future periods, which are to constitute the first charges against relevant appropriations

once those are approved by the Meeting of States Parties, is maintained in the financial statements. In accordance with the Staff Regulations and Rules of the Tribunal, the contingent liability reflected above is based on net remuneration.

In addition to the above-mentioned contingent liabilities, there is a liability for pension scheme costs for the elected members of the Tribunal. However, those expenditures are charged against the budget appropriations in the period when actual payments are made.

Note 6

Accounts receivable

Contributions receivable from States parties as at 31 December 2014 total €1,479,049, as detailed below. The amount overdue from assessed contributions for the financial period 2013-2014 totals €874,534.

The Tribunal has maintained its collection efforts, resulting in a reduction of overdue balances with respect to the financial periods 1996-1997 to 2011-2012. The amount of outstanding contributions for the financial periods 1996-1997 to 2011-2012 currently stands at €604,515. This amount is less by €430,739, compared with €1,035,254 as at 31 December 2012.

| <i>Year of assessment</i> | <i>31 December 2014 amount (in euros)</i> | <i>31 December 2012 amount (in euros)</i> |
|---------------------------|---|---|
| 1996/97 | 5 877 | 6 021 |

“Tax reimbursements due”, amounting to €151,790, represent mainly refunds of value added tax.

Accounts receivable under other heads, amounting to €148,170, include educations grant advances (€85,533), home leave travel advances (€7,556) travel advances paid in connection with official travels in December 2014 (€15,302), amounts due from staff or from the German authorities (Premises Agreement) (€35,766) and some minor miscellaneous charges (€4,013).

Prepaid expenses in the amount of €13,069 are payments made towards the end of the year 2014 which relate to the 2015-2016 budget of the Tribunal. Accordingly, those expenses will be charged against the provision of the 2015-2016 budget in January 2015 and will be cleared from the receivables items.

Note 7

Liabilities

The liabilities of the Tribunal as at 31 December 2014 include:

- (a) Contributions received in advance from States parties for the budget period 2015-2016 (€1,508,736);
- (b) Savings from the 2005-2006 financial period, amounting to €2,208, which will be surrendered once the States parties concerned have contributed in full to the financial period 2005-2006 ([SPLOS/180](#));
- (c) Savings amounting to €5,489 from the 2007-2008 financial period, which will be surrendered once the States parties concerned have contributed in full to the financial period 2007-2008 ([SPLOS/203](#) and [SPLOS/217](#));
- (d) Savings amounting to €5,626 from the 2009-2010 financial period which will be surrendered once the States parties concerned have contributed in full to the financial period 2009-2010 ([SPLOS/250](#));
- (e) Savings amounting to €529,051 from the 2011-2012 financial period which will be surrendered and deducted from the contributions of the States parties to the 2015 budget ([SPLOS/275](#));
- (f) Obligations arising from goods and services procured in the financial period 2013-2014 (€412,646);
- (g) The remaining amount (€54) from the staff assessment special account.

All savings from prior years and withholdings from staff assessment will be surrendered once the contributions of the States parties concerned for the respective financial periods have been paid in full, in accordance with the Financial Regulations of the Tribunal.

Note 8

Funds and reserves

The Working Capital Fund currently stands at €1,309,132. This corresponds to the equivalent euro amount of the appropriation decided at the eleventh, twelfth and twenty-fourth Meetings of States Parties ([SPLOS/70](#), [SPLOS/89](#) and [SPLOS/275](#)). As reported at the Meeting of States Parties in June 2006, this sum was converted from \$1,150,000 to €959,132 on 8 November 2005. In addition, and in accordance with the decision taken at the twenty-fourth Meeting of States Parties, an amount of €350,000 was transferred, on an exceptional basis, to the Working Capital Fund to

cover the cost of considering cases that cannot be met from the funds allocated for case-related costs ([SPLOS/275](#)).

The prior-period gains and reserves stand at €1,619,798 and represent excess income over expenditure from previous financial periods, 2005-2006 to 2011-2012, in accordance with regulation 4 of the Financial Regulations of the Tribunal.

The initial reserve balance at 1 January 2013 was €1,360,733 (savings from the 2011-2012 budget). Following an interim audit which confirmed the final cash surplus in the amount of €879,051 in February 2014, an amount of €529,051 was surrendered and deducted from the assessed contributions of the States parties for 2015 (see [SPLOS/275](#)).

Appendix II

International Tribunal for the Law of the Sea, Hamburg

Financial report for the period from 1 January 2013 to 31 December 2014

Introduction

1. The Registrar of the International Tribunal for the Law of the Sea submits herewith the financial report for the financial period from 1 January 2013 to 31 December 2014, being the thirteenth financial period and report.

2. The financial report includes: the statement of income, expenditure and changes in reserves and fund balances for the period from 1 January 2013 to 31 December 2014; the statement of assets, liabilities, reserves and fund balances as at 31 December 2014; the statement of cash flows for the biennium 2013-2014; the performance report for the period 2013-2014; and the status of contributions to the International Tribunal for the Law of the Sea for the period 1996-2014. The statement of income, expenditures and changes in reserves and fund balances, the statement of assets, liabilities, reserves and fund balances and the statement of cash flows are provided in order to facilitate the review of the report by States parties. The statements are in compliance with the Tribunal's Financial Regulations and Rules and are in line with formats agreed for the harmonization of the accounts of agencies and organizations in the United Nations common system. The financial report shows the financial results of the Tribunal's activities in 2013 and 2014. Elements of particular importance are summarized in the following paragraphs.

3. The cash balance of €5,656,054 as at 31 December 2014 represents a decrease compared with the cash balance at the end of 2012, which stood at €7,180,873. This decrease resulted from an increase in the amount of contributions receivable, on the one hand, and a decrease in the amount of contributions paid in advance on the other hand.

Income

4. Income in the financial period 2013-2014 included assessed contributions amounting to €21,239,120 from 166 States parties (including the European Union). Of the total amount of contributions for the financial period 2013-2014, €874,534 is outstanding as at 31 December 2014. The balance of unpaid contributions with respect to the overall budget of the Tribunal (1996-1997 to 2013-2014) amounted to €1,479,049 on that date. In addition, other net income from various sources, such as interest income, miscellaneous income and the cancellation of prior-period obligations after adjustments for exchange rate losses, totalled €57,715.

5. The Tribunal has maintained its efforts to collect outstanding contributions, resulting in a reduction of overdue balances with respect to the previous budgets of the Tribunal. However, by the end of 2014, the following amounts were still pending: €5,877 for 1996-1997; €1,499 for 1998; €2,913 for 1999; €7,855 for 2000; €8,861 for 2001; €9,101 for 2002; €6,138 for 2003; €5,455 for 2004; €10,908 for 2005; €13,432 for 2006; €16,697 for 2007; €17,463 for 2008; €18,646 for 2009; €24,524 for 2010; €194,675 for 2011; and €260,470 for 2012. The balance of unpaid contributions with respect to the overall budgets of the Tribunal (1996-1997 to

2013-2014) therefore amounts to €1,479,049. No provision for doubtful accounts receivable for the overdue balances is envisaged under the Tribunal's Financial Regulations and Rules.

Expenditure

6. The expenditures of the Tribunal for the financial period 2013-2014 totalled €19,241,443, which corresponds to 90.59 per cent of the budget for the period (€21,239,120). This performance can be explained by the optimum use of resources in a period of increased judicial workload. It may be noted that, during the financial period 2013-2014, deliberations of the Tribunal and meetings of the Drafting Committee took place as regards case No. 18, a case on the merits between Saint Vincent and the Grenadines and the Kingdom of Spain. In addition, hearings and deliberations of the Tribunal and meetings of the drafting committee were held with respect to case No. 19, a case on the merits between Panama and Guinea-Bissau. One urgent request for provisional measures (case No. 22 between the Netherlands and the Russian Federation) was submitted to the Tribunal in October 2013, which dealt with it in November 2013. On 28 March 2013, the Tribunal received a request from the Subregional Fisheries Commission to render an advisory opinion, (case No. 21). The hearings, initial deliberations and initial meetings of the drafting committee were held between August and November 2014.

7. Under section 2, "Staff costs", savings amounting to €315,144 were achieved mainly in the budget lines "established posts" and "common staff costs". The savings under "established posts" were due to vacant positions in the Registry during the financial period. Savings under "common staff costs" resulted mainly from savings on staff entitlements (costs on separation and installation, education grant and home leave).

8. Under part C, "Case-related costs", savings amounted to €1,349,782 and were largely due to the fact that, while the 2013-2014 budget provided for the cost of two and one half urgent proceedings (in addition to appropriations made with respect to case Nos. 18 and 19), the Tribunal dealt with one urgent request for provisional measures (case No. 22) and part of case No. 21 during that period. Furthermore, the optimal planning of the hearings, deliberations and meetings of the drafting committees in case Nos. 18, 19 and 21 also resulted in savings under case-related costs.

9. Savings in the amount of €310,164 under the budget line "travel to meetings, including judges ad hoc" could also be achieved by scheduling judicial meetings of the Tribunal in conjunction with the regular meetings of the Tribunal on non-judicial matters.

10. The performance rate of the 2013-2014 budget stands at 90.59 per cent. It is noted that, if case-related costs are excluded, the performance rate for other costs would be 95.93 per cent.

Special accounts

11. In accordance with the decision of the Meeting of States Parties in June 2012 (see [SPLOS/250](#)), an amount of €1,873,979, corresponding to savings relating to the 2009-2010 financial period, was surrendered and deducted from the assessed

contributions of the States parties for 2013, in accordance with regulation 4 of the Financial Regulations of the Tribunal.

12. The twenty-fourth Meeting of States Parties took note of the cash surplus from the financial period 2011-2012 in the amount of €879,051. The Meeting of States Parties decided that, of that amount, an amount of €529,051 would be surrendered and deducted from the 2015 contributions of States parties, in accordance with financial regulation 4. The remaining amount of €350,000 would be credited, on an exceptional basis, to the Working Capital Fund of the Tribunal, to cover the cost of considering cases that cannot be met from the funds allocated for case-related costs. (SPLOS/275).

13. The Nippon Foundation Grant was established in March 2007, following the signature of the Nippon Foundation Grant Agreement between the Tribunal and the Nippon Foundation. Pursuant to the Agreement, the Foundation contributed an amount of €200,000 to the Nippon Foundation's International Tribunal for the Law of the Sea capacity-building and training programme on dispute settlement under the United Nations Convention on the Law of the Sea. In accordance with regulation 6.5 of the Financial Regulations of the Tribunal, a trust fund was subsequently established and a special euro bank account named "Nippon Foundation Grant" was set up with Deutsche Bank.

14. In March 2008, the Nippon Foundation made a second contribution to the Grant in the amount of €200,000, a third in the same amount in March 2009, and five more contributions, in the amount of €230,000 each, in March 2010, March 2011, March 2012, March 2013 and March 2014, respectively. At the beginning of the financial period 2013-2014, the total reserves of the trust fund amounted to €236,308. As at 31 December 2014, the balance of total reserves was €267,224. The audited financial statement for the Nippon Foundation Grant will be circulated to the Meeting of States Parties, in June 2015.

15. Pursuant to regulation 6.5 of its Financial Regulations, in October 2009, the Tribunal established a trust fund for the law of the sea, which is intended to promote the advancement of human resources in developing countries in the law of the sea and maritime affairs in general. The first contribution to the Trust Fund, in the amount of €25,000, was made in 2010 by Korwind, a Hamburg-based Korean company working in the field of renewable energy. Subsequent contributions from the Korea Maritime Institute were made in October 2011 (€15,000), December 2012 (€15,000), October 2013 (€15,000), August 2014 (€20,000) and December 2014 (€15,000). Since July 2012, the Trust Fund has been used to support the Tribunal's internship programme and provide financial assistance to interns from developing countries. The Trust Fund was also used to finance a regional workshop held in Nairobi in August 2014. As at 31 December 2014, the balance of total reserves stood at €48,189. The audited financial statement for the Trust Fund will be circulated to the Meeting of States Parties, in June 2015.

16. Following the signing of a memorandum of understanding between the Tribunal and the China Institute of International Studies (CIIS) on 3 May 2012, a trust fund — designated as the CIIS Grant — was set up to support the Tribunal's internship programme, the Summer Academy of the International Foundation for the Law of the Sea and other projects, including regional workshops. As at 31 December 2014, the balance of total reserves was €15,878. The audited financial

statement for the CIIS Grant will be circulated to the Meeting of States Parties, in June 2015.

Institutional arrangements

17. The financial records of the Tribunal have been maintained in the network version of the Sun computerized accounting system.

(Signed) Philippe **Gautier**
Registrar

Appendix VI

International Tribunal for the Law of the Sea, Hamburg

Audit procedures and results of additional audit scope for the period from 1 January 2013 to 31 December 2014

According to the assignment, we performed audit procedures concerning the following aspects of operating procedures in addition to our audit of the financial statements for the financial period from 1 January 2013 to 31 December 2014:

- (a) Whether expenses incurred during this financial period were in accordance with the appropriations approved by the Meeting of States Parties;
- (b) Whether expenditures incurred had been appropriately authorized by the party designated for that purpose in the Rules of the Tribunal or the Financial Regulations;
- (c) Whether staff and persons being paid by the Tribunal had been recruited or engaged in the manner provided for in the Rules of the Tribunal or the Staff Regulations and Rules of the Tribunal;
- (d) Whether goods and services had been procured in accordance with the procedures provided for in the Financial Regulations and Rules of the Tribunal;
- (e) Whether goods and services which had been procured were in line with the approved budget, properly recorded and not excessive, having regard to circumstances and the functions of the Tribunal;
- (f) Whether the grant given to the Tribunal by the Nippon Foundation, the Trust Fund for the Law of the Sea and the China Institute of International Studies, maintained in separate special accounts, were administered in accordance with the relevant memorandums and terms of reference.

As part of our audit of the financial statements the following additional procedures were performed by us.

1. Approval of expenses

As instructed, we have audit procedures to determine whether the expenses incurred during the financial period 2013-2014 are in accordance with the appropriations approved by the Meeting of States Parties in all material respects.

From the approved budget for the financial period 2013-2014 amounting to €21,239,120, a total amount of €19,241,443 was spent against approved budget lines, resulting in savings of €1,997,677. Although the overall budget was underspent, overexpenditures were incurred in some budget lines. The Tribunal was able to finance those overexpenditures by using savings from other budget lines in the same section, in accordance with financial rule 104.3 of the Tribunal.

2. Authorization of expenditures

We performed audit procedures concerning the procedures for the authorization of expenditures in the period 2013-2014, as outlined in the Financial Regulations and Rules of the Tribunal, and conducted tests, on a sample basis, to determine whether those procedures had been strictly followed by the Tribunal in all material respects.

As a result of the work done, we found that the procedures for the authorization of expenditures had been carried out in all material respects in accordance with the Rules of the Tribunal and the Financial Regulations and Rules of the Tribunal.

3. Procedures for recruiting/engaging staff

In the period 2013-2014, the Tribunal recruited one new staff member. We have audit procedures to determine whether the procedures for recruiting and engaging of the new staff member were in line with the Rules of the Tribunal or the Staff Regulations and Rules of the Tribunal in all material respects.

As a result of the work done, we found that the Tribunal had carried out the procedures for recruiting and engaging staff in all material respects in accordance with the Rules of the Tribunal or the Staff Regulations and Rules of the Tribunal.

4. Procedures for procurement of goods and services

We conducted audit procedures to determine whether the procedures followed by the Tribunal in the order process had been in line with the Financial Regulations and Rules of the Tribunal (i.e., whether they had included a request for bids or tenders, fair analysis of tenders and written contracts) and conducted tests, on a sample basis, to determine whether those procedures had been followed by the Tribunal in all material respects.

As a result of the work done, we found that the procedures for procurement of goods and services had been in all material respects carried out in accordance with the Financial Regulations and Rules of the Tribunal.

5. Examination of whether goods and services which have been procured are in line with the approved budget, properly recorded and not excessive, having regard to circumstances and the functions of the Tribunal

We conducted audit procedures to determine whether: (a) the expenditures reported for the financial period had been properly included in the statement of income, expenditures and changes in reserves and fund balances in all material respects and had been charged to the appropriate budget line in all material respects; and (b) the goods and services procured had been in line with the approved budget in all material respects.

As a result of the work done, we found that the expenditures for the financial period had in all material respects been properly included in the statement of income, expenditures and changes in reserves and fund balances and had been charged to appropriate budget line in all material respects. The overexpenditures in the financial period could be reasonably explained and had been compensated for by savings under other budget lines.

6. Examination regarding the Nippon Foundation Grant, the Trust Fund for the Law of the Sea and the China Institute of International Studies Grant

We conducted audit procedures to determine whether the Nippon Foundation Grant, the Trust Fund for the Law of the Sea and the China Institute of International Studies Grant, which are maintained in separate trustee accounts, had been in all material respects administered in accordance with the respective agreements.

Nippon Foundation Grant

Pursuant to the agreements, the Nippon Foundation contributed an amount of €460,000 in the period 2013-2014 to the Nippon Foundation's International Tribunal for the Law of the Sea capacity-building and training programme on dispute settlement under the United Nations Convention on the Law of the Sea. The purpose of the grant is to finance the expenses of participants from developing countries in the programme. The Nippon Foundation Grant was invested in a special bank account.

During the financial period 2013-2014, the sum of €429,054 was withdrawn from the Nippon Foundation Grant to provide funding for the programme's activities. In the financial period, participants from several developing countries took part in the programme.

As at 31 December 2014, the special bank account of the Nippon Foundation Grant shows a balance of €263,358.

We also refer to the performance report of the Nippon Foundation Grant in appendix V.

Trust Fund for the Law of the Sea

Total contributions in the amount of €50,000 were made to the Trust Fund, as explained in the financial report in appendix I. A special bank account was set up for the Trust Fund.

During the financial period 2013-2014, an amount of €41,449 was withdrawn to provide funding to the internship programme of the International Tribunal for the Law of the Sea.

The special bank account showed a balance of €54,299 as at 31 December 2014.

We also refer to the performance report of the Trust Fund in appendix V.

Trust Fund of the China Institute for International Studies

According to the memorandum of understanding dated 3 May 2012 between the China Institute for International Studies and the International Tribunal for the Law of the Sea, the Institute provided a lump sum of €100,000 as financial assistance for supporting the continuation of the International Tribunal for the Law of the Sea internship programme, the summer academy on the law of the sea, maritime law and for implementing other programmes.

During the financial period 2013-2014, an amount of €63,127 was withdrawn from the CIIS Grant to provide financial assistance for the summer academy 2013-2014 of the International Foundation for the Law of the Sea.

The CIIS Grant was invested in a special bank account, which showed a balance as at 31 December 2014 of €9,690.

We also refer to the performance report of the CIIS Grant in appendix V.
