IV. Conclusions and recommendations

A. Universalization

22. At its second plenary meeting, the Conference decided to issue an appeal to call upon all States that have not yet done so to take all measures to accede to Amended Protocol II as soon as possible. The appeal is contained in Annex II.

23. The Conference recommended that the Secretary-General of the United Nations, as Depositary of Amended Protocol II, and the President of the Conference, on behalf of the High Contracting Parties, exercise their authority to achieve the goal of universality of Amended Protocol II. To this effect, the Conference requested the President to consider reporting to the sixty-sixth session of the United Nations General Assembly on his endeavours. The Conference also called on the High Contracting Parties to promote wider adherence to Amended Protocol II in their respective regions, pursuant to Actions 2 to 5 of the Plan of Action to Promote the Universality of the Convention and its annexed Protocols adopted by the Third Review Conference of the High Contracting Parties to the Convention.

B. Operation and status of the Protocol

24. The Conference took note of the report by Mr. Abderrazzak Laassel of Morocco, Coordinator on the operation and status of the Protocol; on matters arising from reports by High Contracting Parties according to Article 13 (4) of Amended Protocol II; as well as on development of technologies to protect civilians against indiscriminate effects of mines, as contained in CCW/AP.II/CONF.12/2, dated 28 September 2010.

25. The Conference decided that:

(a) The Group of Experts shall continue to review the operation and status of the Protocol and consider matters arising from the national annual reports, as well as the development of technologies to protect civilians against indiscriminate effects of mines;

(b) The Plan of Action to promote the universality of the Convention and its annexed Protocols is the relevant mechanism to enhance the interest of States that are not party to those instruments. Against this background, the Conference shall encourage the High Contracting Parties and the CCW Implementation Support Unit to intensify their efforts to implement the Plan of Action, in particular through the organization of more national and regional seminars aimed at promoting and explaining the Convention and its Protocols;

(c) The High Contracting Parties to the Convention on Certain Conventional Weapons shall continue their contacts with the High Contracting Parties to the original Protocol II that have not yet become parties to Amended Protocol II, to encourage them to accede to it and thus to facilitate the termination of the original Protocol II. Any action with respect to the termination of the original Protocol II should be taken with the consent of the High Contracting Parties to this Protocol;

(d) The Group of Experts shall analyse the implementation by the High Contracting Parties of their obligation to submit national annual reports and shall study their content, focusing each year on the information submitted under one of the reporting forms, beginning with Form A, "Dissemination of information on the Protocol to armed forces and to the civilian population".

26. The Conference decided to synchronize the submission of national annual reports under Article 13, paragraph 4, of Amended Protocol II, with the submission of national reports under Protocol V to the Convention on Certain Conventional Weapons. The submission date for both reports shall be set at 31 March of every year to allow for their consideration by the Group of Experts. Against this background, the next National Annual Reports are due by 31 March 2011, and on an exceptional basis will only cover the period from September 2010 to 31 December 2010 (after the submission of the previous report). Thereafter, the reporting period shall cover 1 January to 31 December of each year.

C. Improvised Explosive Devices (IEDs)

27. The Conference took note of the report by Mr. Reto Wollenmann of Switzerland, Coordinator on Improvised Explosive Devices (IEDs), as contained in CCW/AP.II/CONF.12/3, dated 18 November 2010.

28. The Conference decided to:

(a) Continue information exchange on IEDs, IED incidents, their prevention, as well as their relevance for the CCW framework, with a view to obtain a better understanding of how IED incidents occur and what their short-, mid- and long-term effects are;

(b) Survey existing guidelines, best practices, and other recommendations with regard to their relevance for future work under Amended Protocol II and consider, in consultation with all States Parties, the added value of additional guidelines aimed at addressing the diversion or illicit use of materials which can be used for IEDs. Such work could inter alia add to existing work on the risks of certain materials and parts across the supply chain being used as IED components;

(c) Consider the benefit of establishing a set of best practices and procedures to help ensure the protection of civilians, highlighting the responsibilities of each High Contracting Party or party to a conflict under Amended Protocol II;

(d) Continue discussions on victim assistance so that those providing assistance bear in mind the 2008 Plan of Action on Victim Assistance of Protocol V and the principles of age- and gender-sensitive medical care, rehabilitation, psychological support, and adequate assistance for social and economic inclusion in a non-discriminatory manner.

30. In light of the decision taken at the Fourth Annual Conference in 2002 to designate the President and Vice-Presidents at the end of the Conference in order to assure the continuity of the preparatory work by the presidency, the Conference decided to nominate Ambassador Hellmut Hoffmann of Germany as President-designate of the Thirteenth Annual Conference of the High Contracting Parties to be held in 2011 and the representatives of China, Dominican Republic and Romania as Vice-Presidents designate.

Coordinator, Mr. Reto Wollenmann of Switzerland. The work of the Group of Experts shall be considered by the Thirteenth Annual Conference.
