DRAFT RESOLUTION I

Report of the United Nations Commission on International
Trade Law on the work of its thirtieth session

The General Assembly,

Recalling its resolution 2205 (XXI) of 17 December 1966, by which it created the United Nations Commission on International Trade Law with a mandate to further the progressive harmonization and unification of the law of international trade and in that respect to bear in mind the interests of all peoples, in particular those of developing countries, in the extensive development of international trade,

Reaffirming its conviction that the progressive harmonization and unification of international trade law, in reducing or removing legal obstacles to the flow of international trade, especially those affecting the developing countries, would contribute significantly to universal economic cooperation among all States on a basis of equality, equity and common interest and to the elimination of discrimination in international trade and thereby to the well-being of all peoples,

Stressing the value of participation by States at all levels of economic development and from different legal systems in the process of harmonizing and unifying international trade law,

Having considered the report of the United Nations Commission on International Trade Law on the work of its thirtieth session,²

Mindful of the valuable contribution to be rendered by the Commission within the framework of the United Nations Decade of International Law, in particular as regards the dissemination of international trade law,

Concerned that activities undertaken by other bodies of the United Nations system in the field of international trade law without coordination with the Commission might lead to undesirable duplication of efforts and would not be in keeping with the aim of promoting efficiency, consistency and coherence in the unification and harmonization of international trade law, as stated in its resolution 37/106 of 16 December 1982,

Stressing the importance of the further development of the Case-Law on the United Nations Commission on International Trade Law Texts in promoting the uniform application of the legal texts of the Commission and its value for government officials, practitioners and academics,

1. Takes note with appreciation of the report of the United Nations Commission on International Trade Law on the work of its thirtieth session;²

² Official Records of the General Assembly, Fifty-second Session, Supplement No. 17 (A/52/17).

2. Notes with satisfaction the completion and adoption by the Commission of the Model Law on Cross-Border Insolvency;³

3. Commends the Commission for the progress made in its work on receivables financing, digital signatures and certification authorities, privately financed infrastructure projects and the legislative implementation of the Convention on the Recognition and Enforcement of Foreign Arbitral Awards;⁴

4. Appeals to Governments that have not replied yet to the questionnaire circulated by the Secretariat in relation to the legal regime governing the recognition and enforcement of foreign arbitral awards to do so;

5. Invites States to nominate persons to work with the private foundation established to encourage assistance to the Commission from the private sector;

6. Reaffirms the mandate of the Commission, as the core legal body within the United Nations system in the field of international trade law, to coordinate legal activities in this field and, in this connection:

(a) Calls upon all bodies of the United Nations system and invites other international organizations to bear in mind the mandate of the Commission and the need to avoid duplication of effort and to promote efficiency, consistency and coherence in the unification and harmonization of international trade law;

(b) Recommends that the Commission, through its secretariat, continue to maintain close cooperation with the other international organs and organizations, including regional organizations, active in the field of international trade law;

7. Also reaffirms the importance, in particular for developing countries, of the work of the Commission concerned with training and technical assistance in the field of international trade law, such as assistance in the preparation of national legislation based on legal texts of the Commission;

8. Expresses the desirability for increased efforts by the Commission, in sponsoring seminars and symposia, to provide such training and technical assistance, and, in this connection:

(a) Expresses its appreciation to the Commission for organizing seminars and briefing missions in Barbados, Egypt, the Lao People's Democratic Republic, Malaysia, South Africa, Thailand and Viet Nam;

(b) Expresses its appreciation to the Governments whose contributions enabled the seminars and briefing missions to take place, and appeals to Governments, the relevant United Nations organs, organizations, institutions and individuals to make voluntary contributions to the United Nations Commission on International Trade Law trust fund for symposia and, where appropriate, to the

financing of special projects, and otherwise to assist the secretariat of the Commission in financing and organizing seminars and symposia, in particular in developing countries, and in the award of fellowships to candidates from developing countries to enable them to participate in such seminars and symposia;

9. Appeals to the United Nations Development Programme and other bodies responsible for development assistance, such as the International Bank for Reconstruction and Development and the European Bank for Reconstruction and Development, as well as to Governments in their bilateral aid programmes, to support the training and technical assistance programme of the Commission and to cooperate and coordinate their activities with those of the Commission;

10. Appeals to Governments, the relevant United Nations organs, organizations, institutions and individuals, in order to ensure full participation by all Member States in the sessions of the Commission and its working groups, to make voluntary contributions to the trust fund for travel assistance to developing countries that are members of the Commission, at their request and in consultation with the Secretary-General;

11. Decides, in order to ensure full participation by all Member States in the sessions of the Commission and its working groups, to continue its consideration in the competent Main Committee during the fifty-second session of the General Assembly of granting travel assistance to the least developed countries that are members of the Commission, at their request and in consultation with the Secretary-General;

12. Requests the Secretary-General to ensure the effective implementation of the programme of the Commission;

13. Stresses the importance of bringing into effect the conventions emanating from the work of the Commission for the global unification and harmonization of international trade law, and to this end urges States that have not yet done so to consider signing, ratifying or acceding to those conventions.

DRAFT RESOLUTION II

Model Law on Cross-Border Insolvency of the United Nations Commission on International Trade Law

The General Assembly,

Recalling its resolution 2205 (XXI) of 17 December 1966, by which it created the United Nations Commission on International Trade Law with a mandate to further the progressive harmonization and unification of the law of international trade and in that respect to bear in mind the interests of all peoples, in particular those of developing countries, in the extensive development of international trade,

Noting that increased cross-border trade and investment leads to greater incidence of cases where enterprises and individuals have assets in more than one State,

Noting also that when a debtor with assets in more than one State becomes subject to an insolvency proceeding, there often exists an urgent need for cross-border cooperation and coordination in the supervision and administration of the insolvent debtor's assets and affairs,

Considering that inadequate coordination and cooperation in cases of cross-border insolvency reduce the possibility of rescuing financially troubled but viable businesses, impede a fair and efficient administration of cross-border insolvencies, make it more likely that the debtor's assets would be concealed or dissipated and hinder reorganizations or liquidations of debtors' assets and affairs that would be the most advantageous for the creditors and other interested persons, including the debtors and the debtors' employees,

Noting that many States lack a legislative framework that would make possible or facilitate effective cross-border coordination and cooperation,

Convinced that fair and internationally harmonized legislation on cross-border insolvency that respects the national procedural and judicial systems and is acceptable to States with different legal, social and economic systems would contribute to the development of international trade and investment,

Considering that a set of internationally harmonized model legislative provisions on cross-border insolvency is needed to assist States in modernizing their legislation governing cross-border insolvency,

1. Expresses its appreciation to the United Nations Commission on International Trade Law for completing and adopting the Model Law on Cross-Border Insolvency contained in the annex to the present resolution;

2. Requests the Secretary-General to transmit the text of the Model Law, together with the Guide to Enactment of the Model Law prepared by the Secretariat, to Governments and other interested bodies;

3. Recommends that all States review their legislation on cross-border aspects of insolvency to determine whether the legislation meets the objectives of a modern and efficient insolvency system and, in that review, give favourable consideration to the Model Law, bearing in mind the need for an internationally harmonized legislation governing instances of cross-border insolvency;

4. Recommends also that all efforts be made to ensure that the Model Law, together with the Guide, become generally known and available.

ANNEX

In the absence of evidence to the contrary, recognition of a foreign main proceeding is, for the purpose of commencing a proceeding under [*identify laws of the enacting State relating to insolvency*], proof that the debtor is insolvent.

Article 32

Rule of payment in concurrent proceedings
