Item 13 of the agenda  
**Other matters**

**POSITION ON CLUSTER MUNITIONS**

Presented on behalf of the UN Mine Action Team<sup>1</sup>

The United Nations calls on Member States to address immediately the horrendous humanitarian, human rights and development effects of cluster munitions by concluding a legally binding instrument of international humanitarian law that:

- prohibits the use, development, production, stockpiling and transfer of cluster munitions that cause unacceptable harm to civilians;
- requires the destruction of current stockpiles of those munitions; and
- provides for clearance, risk education and other risk mitigation activities, victim assistance, assistance and cooperation, and compliance and transparency measures.

Until such a treaty is adopted, the UN calls on Member States to take domestic measures to immediately freeze the use and transfer of all cluster munitions.

---

<sup>1</sup> This position was formally adopted at the UN Principals Meeting of the Inter-Agency Coordination Group on Mine Action held at UN Headquarters in New York City on the 17th of September 2007.
