<sup>a</sup> The USG and D-2 posts would be established while it is proposed to abolish one D-1 and one P-5 post.

<sup>b</sup> In addition, it is anticipated that one D-1, one P-5, one P-3 and three GS (OL) posts may be provided through secondment or from extrabudgetary resources.

3. These requirements would be reflected under a new section, 9A, Office of the High Representative for Least Developed Countries, Landlocked Developing Countries and Small Island Developing States, to be established in the regular budget for the biennium 2002-2003, which, as indicated in table 1 above, would include 13 posts, as follows: (a) the establishment of one Under-Secretary-General and one D-2; and (b) the redeployment of: (i) one P-5, one P-4 and one General Service level post from subprogramme 1, Mobilization of international support and global coordination, of section 10, Africa: New Agenda for Development; and (ii) one P-5, two P-4, one P-3, one P-2 and three General Service level posts would be redeployed from section 11A, Trade and development. In addition, it is anticipated that one D-1, one P-5, one P-3 and three General Service level posts may be provided through secondment from other United Nations system organizations or from extrabudgetary resources.

4. The resource requirements by object of expenditure would be as shown in table 2 below.

<b>Total</b>	<b>3 906 400</b>	<b>709 900</b>	<b>1 934 500</b>	<b>1 261 900</b>

5. The proposal would amount to total requirements of \$3,906,400, of which \$3,055,600 would be approved under the new section 9A, Office of the High Representative for Least Developed Countries, Landlocked Developing Countries and Small Island Developing States, and \$850,800 under section 27D, Office of Common Support Services. The amount for posts represents the standard cost of 13 posts (one Under-Secretary-General; one D-2, two P-5, three P-4, one P-3, one P-2 and four General Service level posts) in New York. In the absence of past pattern of expenditures, the amounts for non-post requirements were arrived at as follows:

(a) Other staff costs, consultants and experts, travel and contractual services were determined on an indicative basis, bearing in mind the nature of the work to be undertaken by the new office;

(b) General operating expenditures, supplies and furniture and equipment: these estimates were arrived at by applying the standard costs;

(c) Hospitality: the estimates were determined by applying the ratio of the overall amount of resources for hospitality under the proposed programme budget for the biennium 2002-2003 over the total amount of resources for posts in the proposed programme budget for 2002-2003, to the amount of \$2,675,000 shown in table 2 above under posts.

6. As shown in table 2, the proposal would also result in a reduction of \$709,900, under section 10, Africa: New Agenda for Development, and \$1,934,500 under section 11A, Trade and development, of the proposed programme budget for the biennium 2002-2003. The reductions proposed for posts under both sections are based on the standard costs for the posts transferred at the respective duty stations. The reductions for non-post requirements (other staff costs, travel, contractual services) under the two sections are proposed bearing in mind the transfer of activities to the new section 9A.

7. As indicated in the Secretary-General's report (A/56/645, para. 17), the key functions of the Office of the High Representative would be the following:

(a) To assist the Secretary-General in ensuring the full mobilization and coordination of all parts of the United Nations system, with a view to facilitating the coordinated implementation of and coherence in the follow-up and monitoring of the Programme of Action for Least Developed Countries at country, regional and global levels;
