## **I. Introduction**

1. The present document has been prepared in accordance with the requirements contained in General Assembly resolution 35/81 of 5 December 1980.
  2. It is divided into three parts:
    - (a) Contributions from Governments and other sources for operational activities of the United Nations system (tables A-1 to A-6);
    - (b) Expenditures on operational activities of the United Nations system (tables B-1 to B-6);
    - (c) Procurement activities of the United Nations development system (table C-1).
- Each part consists of a number of tables that may facilitate a study of the subject from different angles and perspectives. Table B-6 also covers expenditures on operational activities of the United Nations system in the least developed countries.
3. The main sources of the statistical tables are the financial statements of the United Nations funds and programmes, including the World Food Programme (WFP), the International Fund for Agricultural Development (IFAD) and previous statistical addenda to the reports on operational activities of the United Nations system.
  4. Tables A-1, A-5, A-6 and B-1 cover information for 1996-2000; table B-6 covers information for 1998-2000; table C-1 covers information for 1999-2000; and all other tables deal with 2000 data only.
  5. Data on the World Bank Group are not included in the present report; such data may be found in relevant World Bank publications.

## **II. Note on statistical information**

### **General note**

6. Coverage, definition and sources for the figures used in the present report are consistent with those for reports for previous years in this series. Modifications have been made to data presentation, column headings and table titles in the interest of greater clarity and internal consistency. Explanations of special cases or of instances in which table totals do not match are given in the notes to tables.

### **Definitions and explanations**

7. Data are derived from the financial statements of the United Nations funds and programmes; see also notes to tables A-1 and B-1.
8. Data on contributions refer to actual contributions received in a given calendar year from Governments and other sources by organizations of the United Nations system, and the net profits from the United Nations Children's Fund (UNICEF) greeting card operation. Data on other income related to resource transfers from one agency of the system to another are excluded.

9. Data on expenditures and disbursements represent the support provided by organizations to the programmes and projects of developing countries; administrative, programme and other support costs, where identifiable, are excluded.

10. UNICEF and WFP carry out both development assistance and some activities that are of a humanitarian or emergency character. Because of the difficulty of separate identifications, the related contributions and expenditures are all grouped under development assistance.

11. The expression "United Nations funds and programmes" refers to the funds and programmes listed by the General Assembly for participation in the annual United Nations Pledging Conference for Development Activities, to the resources for operational activities of the organizational entities of the United Nations (see table B-4), and to other United Nations trust funds pertaining to development activities.

12. The designations employed and the presentation of the material in this document do not imply the expression of any opinion whatsoever on the part of the United Nations Secretariat concerning the legal status of any country, territory, city or area or of its authorities, or concerning the delimitation of its frontiers or boundaries.

13. The term "country" as used in this document also refers, as appropriate, to territories or areas.

14. References to dollars (\$) are to United States dollars unless otherwise stated. A full stop is used to indicate decimals. Two dots (..) indicate that data are not available or are not separately reported. Minus signs (-) indicate a deficit or decrease, except as otherwise indicated. A dash (-) indicates that the amount is nil or negligible or that the item is not applicable. A hyphen (-) between dates representing years signifies the full period involved, including the beginning and end years.

15. Details and percentages in tables do not necessarily add to totals, because of rounding.
