## **I. Mandate of the United Nations Operation in Burundi**

1. The mandate of the United Nations Operation in Burundi (ONUB) was established by the Security Council in its resolution 1545 (2004).
2. The Operation is mandated to help the Security Council achieve an overall objective, namely, to restore lasting peace and bring about national reconciliation in Burundi.
3. By its resolution 1650 (2005), the Security Council extended the mandate of ONUB until 1 July 2006 and welcomed the readiness expressed by the Secretary-General to consult closely with the Government of Burundi to determine the modalities for implementing a gradual disengagement of the United Nations peacekeeping presence and an adjustment of its mandate on the basis of the recommendations contained in the report of the Government of Burundi on the evolution of the mandate of ONUB transmitted to the President of the Security Council on 23 November 2005 (S/2005/736, annex).
4. In his sixth report to the Security Council on ONUB, dated 14 March 2006 (S/2006/163), the Secretary-General set out recommendations for the adjustment of the Operation's mandate and proposals outlining the drawdown and repatriation of the Operation's military and police personnel by 31 December 2006, including the possible temporary transfer of one infantry battalion and support units to the United Nations Organization Mission in the Democratic Republic of the Congo (MONUC).
5. Pending consideration by the Security Council of the Secretary-General's recommendations and the Council's decision, the present report contains a request, pursuant to section IV, paragraph 2, of resolution 49/233 A, for commitment authority, with assessment, in the amount of \$79,179,200 gross (\$77,086,700 net) to meet the operational, human resource and cash requirements of ONUB for the period from 1 July to 31 October 2006.
6. In connection with the proposed gradual disengagement of the United Nations peacekeeping presence in Burundi and the adjustment, subject to the decision by the Security Council, of the mandate of ONUB, the Operation has developed a framework, in consultation with the Government of Burundi, for the implementation of tasks to be carried out by the mission up to 31 December 2006, which covers support for the Government in institutional and socio-economic development, the peace process and national reconciliation, security sector reform, protection of human rights, judicial sector reform and transitional justice.
7. The continuation of the support provided by ONUB to the Government of Burundi in the areas indicated in paragraph 6 above would require an adjustment to the mission's staffing requirements. Accordingly, the present report also provides an outline of the proposed changes in the Operation's staffing establishment, which will be fully justified in the proposed budget for ONUB for the 2006/07 period, including results-based frameworks, to be submitted to the General Assembly during the main part of its sixty-first session.

### Proposed adjustments in the staffing establishment

11. During the period covered by the present report, ONUB would expand its assistance to the Government of Burundi in support of the peace process and national reconciliation in Burundi, security sector reform, the protection of human rights and transitional justice. Accordingly, in the context of the overall net decrease in the mission's substantive personnel requirements by 40 posts (2 D-1, 8 P-4, 9 P-3, 4 P-2, 4 General Service (Other level) and 13 national staff) and 33 United Nations Volunteer positions, it is also proposed to realign through redeployment the distribution of posts to be retained from the approved 2005/06 staffing establishment of the Operation.

12. A summary of the proposed redeployment of posts is shown in annex I to the present report.

- **International staff: decrease by 27 posts (abolition of 24 posts and redeployment of 3 posts)**
- **National staff: net decrease by 13 posts (establishment of 2 National Officer posts and redeployment of 15 national General Service staff posts)**
- **United Nations Volunteers: decrease by 33 positions**

13. The proposed changes in the staffing establishment of the substantive offices of ONUB, including abolishment of posts and United Nations Volunteer positions as well as the redeployment of posts, are indicated below.

(a) It is proposed to abolish one P-4 post (Reintegration Planning Officer) in the immediate Office of the Deputy Special Representative of the Secretary-General

through the consolidation of functions of the incumbent with the functions of the Special Assistant to the Deputy Special Representative of the Secretary-General, as well as one P-3 post (Quick-impact Projects Officer) in view of the discontinuation of quick-impact projects. The staffing establishment of the Office would comprise seven posts (1 ASG, 1 P-4, 1 P-3, 2 General Service (Other level) and 2 national General Service staff);

(b) In view of the reduction of the United Nations police strength, it is proposed to downgrade the Police Commissioner post from the D-1 to the P-5 level, resulting in the abolition of one D-1 post, as well as to abolish one General Service (Other level) post. The incumbent of the Police Commissioner post would be accommodated through the redeployment of one P-5 post from the disbanded Rule of Law/Civil Affairs Office (see subparagraph (c) below). The staffing establishment of the Office would comprise four posts (1 P-5, 1 General Service (Other level) and 2 national General Service staff);

(c) In connection with the planned assumption of the tasks of the Rule of Law/Civil Affairs Office by the United Nations agencies, funds and programmes present in Burundi, it is proposed to disband the Office, resulting in the abolition of 14 posts (1 D-1, 5 P-4, 6 P-3, 2 General Service (Other level)) and 24 United Nations Volunteer positions, and to redeploy 13 posts (1 P-5, 2 P-3, 5 National Officer and 5 national General Service staff) to the Human Rights Office; two P-4 posts to the Political Affairs Office; one P-5 post to the Office of the Police Commissioner; two national General Service staff posts to the Security Section and three national General Service staff posts to the Disarmament, Demobilization and Reintegration/Security Sector Reform Office (1 post), the Board of Inquiry Unit in the Office of the Chief Administrative Officer (1 post) and the Aviation Section (1 post);

(d) In view of the increased support for the peace process and national reconciliation, the Political Affairs Office would be strengthened through the redeployment of two P-4 posts from the disbanded Rule of Law/Civil Affairs Office. The staffing establishment of the Office would comprise 14 posts (1 D-1, 1 P-5, 3 P-4, 2 P-3, 1 P-2, 4 General Service (Other level), 2 national General Service staff) and two United Nations Volunteer positions;

(e) On the basis of the review of public information activities of the mission and the completion of tasks related to the support of the electoral process, it is proposed to reduce the staffing establishment of the Public Information and Communications Office by 13 posts (2 P-3, 1 P-2, 10 national General Service staff) and three United Nations Volunteer positions, of which two posts (P-3) and three United Nations Volunteer positions would be abolished, 10 posts (national General Service staff) redeployed to the Security Section and one post (P-2) redeployed to the Joint Logistics Operations Centre. As a result, the Office would comprise 30 posts (1 D-1, 3 P-4, 2 P-3, 1 P-2, 2 Field Service, 2 General Service (Other level) and 19 national General Service staff) and four United Nations Volunteer positions, for a total of 34 posts and positions;

(f) Support for the Government of Burundi in ensuring respect for human rights and the development of transitional justice mechanisms would require the strengthening of the Human Rights Office, which would incorporate a transitional justice unit. The Office would comprise 53 posts (1 D-1, 2 P-5, 6 P-4, 5 P-3, 9 P-2, 3 General Service (Other level), 8 National Officers and 19 national General Service

staff) and 11 United Nations Volunteer positions, for a total of 64 posts and positions, and would include posts redeployed from the disbanded Rule of Law/Civil Affairs Office (1 P-5, 2 P-3, 5 National Officer and 5 national General Service staff). In order to support regional human rights offices and to assist the Government of Burundi in national capacity-building, it is proposed to establish two additional National Officer posts. Three posts (P-2) and three United Nations Volunteers positions would be abolished from the approved staffing establishment of the Office;

(g) Given the progress achieved by ONUB, with the assistance of the international community, in the implementation by the Government of Burundi of the disarmament, demobilization and reintegration process, it is proposed to reduce the approved staffing establishment of the Disarmament, Demobilization, Reintegration/Security Sector Reform Office by one P-4 post (to be redeployed to the Property Management Section of the Division of Administration). In connection with the continued support for the Government of Burundi in security sector reform, and in order to assist the Government in national capacity-building, it is proposed to redeploy to the Office one national General Service staff post from the disbanded Rule of Law/Civil Affairs Office to accommodate the functions of a liaison officer. As a result, the Office would comprise nine posts (1 D-1, 1 P-5, 1 P-4, 2 P-3, 2 General Service (Other level) and 2 national General Service staff);

(h) In view of the planned handover to the United Nations Children's Fund, the Office of the United Nations High Commissioner for Human Rights and other United Nations agencies, funds and programmes of functions related to the protection of the rights of children and gender and HIV/AIDS issues, it is proposed to abolish one United Nations Volunteer position in the Child Protection Unit, one General Service (Other level) post and one United Nations Volunteer position in the Gender Issues Unit, and one United Nations Volunteer position in the HIV/AIDS Unit and to redeploy one P-4 post and one national General Service staff post from the Child Protection Unit to the Board of Inquiry Unit and the Office of the Chief of Administrative Services in the Division of Administration, respectively. The remaining posts of a Child Protection Officer (P-3), Senior Gender Adviser (P-5), three Gender Affairs Officers (1 P-3 and 2 National Officers), HIV/AIDS Adviser (P-4), two HIV/AIDS Officers (National Officer and United Nations Volunteer) and one Administrative Assistant (national General Service staff) would be retained to ensure the smooth transition to post-ONUB arrangements.

#### Proposed adjustments in the staffing establishment

14. In view of the downsizing of the Operation, the drawdown of its military personnel and United Nations police component, including the possible temporary transfer of military personnel to MONUC, and the resulting decreased support requirements, it is proposed to abolish 21 posts and 10 United Nations Volunteers positions in the Division of Administration, offset by the strengthening of the Division of Administration and the Security Section through the redeployment from the substantive office of three international posts (2 P-4, 1 P-2), resulting in a net decrease of 18 posts, and 15 national General Service staff posts from substantive offices.

15. A summary of the proposed redeployment of posts is shown in annex I to the present report.

#### Division of Administration

- **International staff: net decrease by 17 posts (abolition of 20 posts offset by an increase by 3 posts)**
- **National staff: increase by 3 posts**
- **United Nations Volunteers: decrease by 10 positions**

16. During the period from 1 July to 31 October 2006, the Division of Administration would provide support to the Operation's military, United Nations police and substantive personnel and would commence preparations for the mission's liquidation activities. Accordingly, in the context of the overall net

decrease in the Division's support personnel requirements by 17 posts and 10 United Nations Volunteers positions, it is also proposed to realign through the redeployment of posts the distribution of posts to be retained from the approved 2005/06 staffing establishment of the Division of Administration and to strengthen offices and sections that are critical for the successful completion of the drawdown phase.

17. The proposed changes in the staffing establishment of the Division of Administration, including abolishment and redeployment of posts, are indicated below:

(a) In view of the downsizing of ONUB, it is proposed to abolish 10 P-3 posts (Aviation Safety Officer, Board of Inquiry Officer, 5 Supply Officers, 2 Engineers, 1 Flight Planning Officer), 7 Field Service posts (2 Regional Administrative Officers, 2 Procurement Assistants, 1 Engineering Assistant, 1 Aviation Assistant and 1 Nurse), 3 General Service (Other level) posts (Engineering Assistants) and 10 United Nations Volunteers positions (1 Medical Doctor, 1 United Nations Volunteers Programme Support Officer, 2 Engineering Assistants, 2 Vehicle Technicians and 4 Communications and Information Technology Assistants);

(b) Due to the critical role of the Property Management Section and the Board of Inquiry Unit during the mission's downsizing phase and in preparation for the commencement of the liquidation activities, it is proposed to redeploy one P-4 post from the Disarmament, Demobilization, Reintegration/Security Sector Reform Office to the Property Management Section and to upgrade the post of Board of Inquiry Officer from the P-3 to the P-4 level, to be accommodated through the redeployment of one P-4 post from the Child Protection Unit to the Board of Inquiry Unit. It is further proposed to strengthen the Board of Inquiry Unit through the redeployment of one national General Service post from the disbanded Rule of Law/Civil Affairs Office, to accommodate a requirement for a Board of Inquiry assistant;

(c) In connection with the downsizing of the mission's military component and withdrawal of military personnel from the Joint Logistics Operations Centre, it is proposed to redeploy to the Centre one P-2 post from the Communications and Public Information Office to accommodate a requirement for an Associate Logistics Officer;

(d) In order to strengthen the translation and interpretation support for the mission's substantive and administrative personnel, it is proposed to redeploy one national General Service post from the Child Protection Unit to the Office of the Chief of Administrative Services and to convert the post to the National Officer category to perform functions of a Translator/Interpreter;

(e) It is also proposed to strengthen the Aviation Section through the redeployment of one national General Service post from the disbanded Rule of Law/Civil Affairs Office to accommodate the functions of an Airfield Assistant.

### Security Section

- **International staff: decrease by 1 post**
- **National staff: increase by 12 posts**

18. Pursuant to the assessment by the Department of Safety and Security of United Nations security arrangements in Burundi, it is proposed to abolish the post of the Chief of the Security Section (P-5), which will be funded from the budget of the Department of Safety and Security with effect from 1 July 2006. In view of the prevailing security situation in Burundi, it is also proposed to redeploy to the Security Section 12 national General Service staff posts (from the Communications and Public Information Office (10 posts) and from the disbanded Rule of Law/Civil Affairs Office (2 posts)) to accommodate radio operator functions in the regional offices on a round-the-clock basis, as the withdrawal of military personnel will require the strengthening of the Operation's security capabilities. The radio operator functions are currently performed by temporary personnel.
