**Declaration by the Annual Coordination Meeting of Ministers of
Foreign Affairs of OIC Member States on Countering Islamophobia
United Nations Headquarters, New York — 24 September 2010**

We, the Ministers of Foreign Affairs and Heads of Delegation of the Member States of the Organization of the Islamic Conference, participating at the Annual Coordination Meeting of the OIC Foreign Ministers, held in New York on 24 September 2010 under the motto of "Countering Islamophobia" declare the following:

While considering the importance of dialogue among civilizations and expansion of relations and cooperation between the Islamic World and other cultures and civilizations, we reiterate our commitment to continue efforts in engaging with the West in projecting the true tenets of Islam, and countering common challenges. However, we express profound regret and deep concern at the increasing acts of Islamophobia, growing trend of intolerance and hatred towards Muslims, and mounting number of acts of violence against Muslims in some Western societies.

We are of the view that the culture of peaceful coexistence and inter-communal and interreligious tolerance that the international community is trying to achieve, is under threat from marginal and extremist fanatics and from the pervasive xenophobic discourse of a minority of extremist politicians who, for the sake of domestic political gains, exploit the socio-economic difficulties faced by their societies to foment hatred against Islam and Muslims through negative stereotyping and defamation.

We strongly believe that defamation of Islam geared towards denigrating and dehumanizing Muslims, their beliefs and sacred personalities, insults the deep-seated religious feelings, undermines their dignity and violates their fundamental human rights thus threatening the multicultural fabric of the societies. We reject all acts and attempts of distortion to associate Islam with terrorism. Nothing could have been farther from the truth. Islam is a religion that implies peace by its very nomenclature. Such stereotyping leads to discrimination and poses grave and multidimensional challenges to global as well as regional peace, security and stability.

While we support all initiatives aiming at promotion of moderation, tolerance and encouraging dialogue for shunning violence and extremism, we call upon the international community to make collective efforts to prevent incitement to hatred and discrimination against Muslims and to take effective measures to discourage negative stereotyping of people on the basis of religion, faith or race. We invite the international community both in terms of policy and practice to stand against all xenophobic campaigns of fear-mongering and discriminatory measures that endanger peaceful coexistence among cultures, civilizations and nations and create a negative environment conducive to violence and violation of human rights of individuals and communities. We also call upon the international community to make concrete measure with a view to fostering an environment of respect for all religions.

We call for a global awareness on the dangerous implications of the rise of Islamophobia on world peace and security and call on the leaders of the international community to demonstrate their collective political will to address the issue with all urgency. We emphasize the need to develop, at the UN, including the HRC, a legally binding institutional instrument to promote respect for all religions and cultural values and prevent intolerance, discrimination and the instigation of hatred against any group or followers of any religion.

We call upon the UN High Commissioner for Human Rights to set up an observatory at her office aimed at monitoring and documenting acts that led to incitement to religious hatred, hostility and violence.

With reference to the recent unfortunate episode pertaining to the "Burn a Koran Day", we express our appreciation for the strong and principled statements made by the US authorities as well as community and religious leaders and world leaders. We emphasize that inter-civilizational dialogue based on mutual respect and understanding amongst peoples should be effectively used for promoting human welfare and progress and for strengthening international peace and security, tolerance and global harmony.

We request the OIC Secretary General to continue his initiatives in order to effectively counter Islamophobia through discussions and deliberations at various international fora.

- II. The meeting was attended by Their Excellencies the Foreign Ministers of the following Member States of the Committee:

The Islamic Republic of Pakistan
The Republic of Senegal
The Republic of Guinea
The State of Palestine
Malaysia
The Arab Republic of Egypt assisted in the Meeting as a guest.
- III. The Secretary-General opened the meeting with a statement affirming the OIC's unwavering position on the cause of Palestine and Al-Quds Al-Sharif, and called for joining efforts to put an end to the escalating Israeli aggression against the Palestinian people.
- IV. The Palestinian Minister of Foreign Affairs delivered a statement providing an exhaustive account on the situation in the Palestinian territories and the escalation of the Israeli aggression against the Palestinian people. His statement also contained an account of the grave situation in the Palestinian territories, particularly in Al Quds Al-Sharif, as a result of the on-going construction of the segregation wall, the settlement activities and the illegal Israeli measures and practices aimed at Judaizing the Holy City.
- V. The committee members delivered statements affirming their States' support for the Palestinian rights and the unwavering Palestinian position. They demanded that the international community, particularly the members of the Quartet, assume responsibility in compelling Israel to end its

violations of the international law and aggressions against the Palestinian people. They also demanded that pressure be brought to bear on Israel to end its blockade of the Gaza Strip, cease all settlement activities and violations in the city of Al Quds, resume the peace process in line with the foundations on which it has been established, and implement the roadmap and the international resolutions on Palestine and the Arab-Israeli conflict.

VI. The Committee submitted the following recommendations to the Coordination Meeting of the Foreign Ministers of the OIC Member States:

1. The meeting **confirmed** all the resolutions on the question of Palestine, Al Quds and the Arab-Israeli conflict adopted by the Islamic conferences and Al Quds Committee.
2. The meeting **reaffirmed** the centrality of the cause of Al-Quds Al-Sharif for the Islamic Ummah, and the need to preserve its Arab-Islamic character and to defend the inviolability of the sacred Islamic and Christian sites. It **reiterated** its condemnation of the Israeli illegal and illegitimate measures aimed at altering the city's status, demographic structure and Arab-Islamic character, particularly through illegal colonial practices, including the settlement activities and the construction of the Apartheid wall within and around the city in order to isolate it from its Palestinian environment.
3. The meeting **reaffirmed** its principled support for the Palestinian people's right to national independence and the exercise of their sovereignty within their Palestinian State with Al-Quds Al-Sharif as its capital. It **reaffirmed** once again the rights of Palestinian refugees by virtue of the international law and UN General Assembly Resolution 194 (III) adopted on 11 December 1948. The meeting **further reaffirmed** its solidarity with the Palestinian people in their struggle for self-determination.
4. The meeting **strongly condemned** the on-going Israeli illegitimate policies and practices in the occupied Palestinian territories, including Al-Quds Al-Sharif, the expulsion of Palestinians from Al Quds and the crime of demolishing Palestinian homes perpetrated by Israel all around the City of Al-Quds.

5. The meeting **affirmed** the illegitimacy of the Israeli measures in Al Quds Al Sharif aimed at annexing, judaizing and altering the demographic and geographic character of the city. The meeting **warned** against the dangerous excavation works carried out by Israel underneath the blessed Mosque of Al Aqsa. It **demande**d the international community, particularly the UN Security Council and UNESCO, to assume their responsibilities in compelling Israel to respect international law and to cease its illegal and illegitimate practices in the occupied city of Al Quds.
6. The meeting also **strongly condemned** Israel's illegal settlement policy and practices inside the Palestinian territories and the construction of the expansionist wall that has caused the confiscation of thousands of donums of land and the isolation of scores of Palestinian villages, towns and cities.
7. The meeting **called upon** the international community to face up to its responsibility in punishing Israel and its officials for committing the crime of aggressing the Freedom Flotilla, and in putting pressure on Israel to lift the blockade and end the closure of the Gaza Strip, and to remove the roadblocks that tear apart the Palestinian territories of the West Bank and block the movement of Palestinian citizens.
8. The meeting **condemned** Israel's defiance of the advisory opinion of the International Court of Justice issued on 9 July 2004 and its non-compliance with the UN General Assembly Resolution ES-15/10 of 20 July 2004, as well as its persistence in constructing the wall in the Palestinian occupied territories, within and around East Jerusalem. Therefore, the meeting **renewed** its call for the respect of the advisory opinion of the International Court of Justice and the implementation of Resolution ES-15/10, and **called upon** all States to impose punitive sanctions on the entities and companies contributing to the construction of the wall.
9. The meeting **called upon** Member States to take the necessary measures to ban any products of Israeli settlements from entering their markets in fulfilment of the obligations contained in international treaties, to prevent Israeli settlers from entering their territories, and to impose sanctions on the companies and bodies

contributing to the construction of the wall and to the other illegal acts in the Palestinian occupied territories.

10. The meeting **stressed** the need to implement the relevant international resolutions on Palestine and to abide by the principles and resolutions of the international law, including the law on the protection of human beings, particularly the provisions of the Geneva Convention on the Protection of Civilian Persons in Time of War adopted on 12 August 1949.
11. The meeting **reaffirmed** its support for comprehensive peace based on the relevant United Nations resolutions, including UN Security Council Resolutions 242 (1967), 338 (1973), 1397 (2002) and 1515 (2003), as well as the agreed principles which call upon Israel to withdraw fully from the Palestinian occupied territories, including Al-Quds Al-Sharif and the other Arab occupied territories. In this respect, the meeting **renewed** its support for the Arab peace initiative adopted by the 14th Arab Summit held in Beirut, Lebanon, in 2002 and welcomed the resolutions of the Arab Summits on the activation of this initiative in line with the political framework with the understanding that the current initiative will not remain on the table for long, and that its submission is contingent upon its acceptance by Israel. Similarly, the activation of this initiative is contingent upon Israel's fulfilment of its obligations within the framework of the fundamental terms of reference for the achievement of just and comprehensive peace.
12. The meeting **called upon** the international community and the international Quartet to make the necessary efforts to implement the provisions of the roadmap in order to fulfil its announced goals and purposes consistent with the international law. The meeting **expressed** its categorical rejection of the positions and measures that run counter to the rules of international legitimacy and the references of the peace process. It **demand**ed all States and international organisations not to recognize or deal with any assurances or promises undermining the legitimate rights of the Palestinian people.
13. The meeting **expressed** grave concern at the tragic conditions of the Palestinian and Arab detainees in Israeli prisons and detention

centres. It **demanded** the international community, represented by the international humanitarian and human rights organisations to expose Israel's inhumane practices in its prisons and to exert pressure on Israel to release all prisoners detained in its prisons.

14. The meeting **called for** a more efficient participation of the United Nations in ensuring the success of the Middle East peace process. It **affirmed** the continued unwavering responsibility of the United Nations toward the cause of Palestine until a just and comprehensive solution is reached that guarantees ending the occupation and enabling the Palestinian people to exercise their inalienable and imprescriptible national rights, including their right to return, to self-determination, and to the establishment of their independent State on their national soil with Al Quds Al Sharif as its capital.
15. The meeting **emphasized** the need to continue to ascertain that the Israeli credentials presented to the United Nations do not include the territories occupied by Israel since 1967, including East Jerusalem.
16. The meeting **renewed** its demand to States and international institutions and bodies to abide by the international resolutions on Al Quds as an integral part of the Palestinian and Arab territories occupied in 1967; and also **called on** them not to participate at any meeting or activity that serves Israel's objectives of consolidating its occupation and annexing the Holy City.
17. The meeting **condemned** Israel's attempt to change the geographical names of areas under its occupation, and **requested** the international community not to give in to the Israeli attempts aimed at forging the geography of the occupied areas in flagrant violation of the international law.
18. The meeting **affirmed** the need to implement the UN Security Council Resolution 237 on the return of the displaced Palestinians, and UN General Assembly Resolution 194 on the return of the Palestinian refugees to their homes and properties as two fundamental foundations of a just and comprehensive settlement.

19. The meeting **affirmed** the continued responsibility of the United Nations Relief and Work Agency for Palestine Refugees in the Near East (UNRWA) in performing its duties toward all Palestinian people wherever they are by virtue of the relevant UN General Assembly resolution. It **called on** the Member States of the Organisation to support the UNRWA in order to enable it to continue to render its services to the Palestinian refugees.

21.
