Sixty-ninth session

Item 67 (a) of the provisional agenda*

Elimination of racism, racial discrimination, xenophobia and related intolerance

Financial situation of the Committee on the Elimination of Racial Discrimination

Report of the Secretary-General

1. Most human rights treaty bodies are funded through the regular budget of the United Nations. However, article 8, paragraph 6, of the International Convention on the Elimination of All Forms of Racial Discrimination (General Assembly resolution 2106 A (XX), annex), provides that States parties shall be responsible for the expenses of the members of the Committee on the Elimination of Racial Discrimination while they are in performance of Committee duties. As a consequence, from 1970 to 1993, States parties were assessed for contributions to cover the Committee's expenses.

2. In January 1992, at the Fourteenth Meeting of States Parties to the Convention, States parties decided to amend article 8 of the Convention to place the financing of the Committee on the same basis as other treaty bodies under the regular budget of the United Nations. Acting in his capacity as depositary, the Secretary-General communicated the amendment to all States parties on 1 March 1993 (see [A/65/312](#), annex I). The amendment is due to enter into force when accepted by a two-thirds majority of States parties that had so notified the Secretary-General as depositary. As at 31 July 2014, notifications of acceptance had been received from 45 States parties to the Convention.

3. In its resolution [47/111](#), the General Assembly welcomed the decision taken to amend article 8 and requested the Secretary-General to take the appropriate measures to provide for the financing of the Committee from the regular budget of the United Nations, beginning with the budget for the biennium 1994-1995, and to take the necessary measures to ensure that the Committee met as scheduled until the amendment entered into force.

4. In section II of its resolution [67/156](#), the General Assembly strongly urged States parties to the Convention to accelerate their national ratification procedures

* [A/69/150](#).

with regard to the amendment to the Convention concerning the financing of the Committee and to notify the Secretary-General expeditiously in writing of their agreement to the amendment; requested the Secretary-General to continue to ensure adequate financial arrangements and to provide the necessary support, including an adequate level of Secretariat assistance, in order to ensure the functioning of the Committee and to enable it to cope with its increasing amount of work; and also requested him to invite those States parties that were in arrears to pay the amounts in arrears, and to report thereon to the Assembly at its sixty-ninth session.

5. It should also be noted that in its resolution [68/268](#), entitled “Strengthening and enhancing the effective functioning of the human rights treaty body system”, the General Assembly recognized the importance of providing, under the existing procedures of the Assembly, adequate funding to the human rights treaty body system from the regular budget of the United Nations.

6. Financing for the annual sessions of the Committee in 2013 and 2014 was provided from the regular budget, in accordance with General Assembly resolution [47/111](#). Consequently, no State party assessments were made in those two years. However, a number of States parties are still in arrears as a result of the non-payment of previous assessments. As at 31 July 2014, the total arrears outstanding amounted to \$105,791.13 (see annex).
