2149 (XXI). Renunciation by States of actions hampering the conclusion of an agreement on the non-proliferation of nuclear weapons

The General Assembly,

Reaffirming its resolution 2028 (XX) of 19 November 1965,

Convinced that the proliferation of nuclear weapons would endanger the security of all States and hamper the achievement of general and complete disarmament,

Considering that international negotiations are now under way with a view to the preparation of a treaty on the non-proliferation of nuclear weapons, and wishing to create an atmosphere conducive to the successful conclusion of those negotiations,

Urgently appeals to all States, pending the conclusion of such a treaty:

(a) To take all the necessary steps to facilitate and achieve at the earliest possible time the conclusion of a treaty on the non-proliferation of nuclear weapons in accordance with the principles laid down in General Assembly resolution 2028 (XX);

(b) To refrain from any actions conducive to the proliferation of nuclear weapons or which might hamper the conclusion of an agreement on the non-proliferation of nuclear weapons.

*1458th plenary meeting,
4 November 1966.*

2153 (XXI). Non-proliferation of nuclear weapons

A

The General Assembly,

Having discussed the report of the Conference of the

Eighteen-Nation Committee on Disarmament on the non-proliferation of nuclear weapons,¹

Noting that it has not yet been possible to reach agreement on an international treaty to prevent the proliferation of nuclear weapons,

Viewing with apprehension the possibility that such a situation may lead not only to an increase of nuclear arsenals and to a spread of nuclear weapons over the world but also to an increase in the number of nuclear-weapon Powers,

Believing that if such a situation persists it may lead to the aggravation of tensions between States and the risk of a nuclear war,

Believing further that the remaining differences between all concerned should be resolved quickly so as to prevent any further delay in the conclusion of an international treaty on the non-proliferation of nuclear weapons,

Convinced, therefore, that it is imperative to make further efforts to bring to a conclusion a treaty which reflects the mandate given by the General Assembly in its resolution 2028 (XX) of 19 November 1965 and which is acceptable to all concerned and satisfactory to the international community,

1. *Reaffirms* its resolution 2028 (XX);

2. *Urges* all States to take all the necessary steps conducive to the earliest conclusion of a treaty on the non-proliferation of nuclear weapons;

3. *Calls upon* all nuclear-weapon Powers to refrain from the use, or the threat of use, of nuclear weapons against States which may conclude treaties of the nature defined in paragraph 2 (e) of General Assembly resolution 2028 (XX);

4. *Requests* the Conference of the Eighteen-Nation Committee on Disarmament to consider urgently the proposal that the nuclear-weapon Powers should give an assurance that they will not use, or threaten to use, nuclear weapons against non-nuclear-weapon States without nuclear weapons on their territories, and any other proposals that have been or may be made for the solution of this problem;

5. *Calls upon* all States to adhere strictly to the principles laid down in its resolution 2028 (XX) for the negotiation of the above-mentioned treaty;

6. *Calls upon* the Conference of the Eighteen-Nation Committee on Disarmament to give high priority to the question of the non-proliferation of nuclear weapons in accordance with the mandate contained in General Assembly resolution 2028 (XX);

7. *Transmits* the records of the First Committee relating to the discussion of the item entitled "Non-proliferation of nuclear weapons", together with all other relevant documents, to the Conference of the Eighteen-Nation Committee on Disarmament;

8. *Requests* the Conference of the Eighteen-Nation Committee on Disarmament to submit to the General Assembly at an early date a report on the results of its work on the question of the non-proliferation of nuclear weapons.

1469th plenary meeting,
17 November 1966.

B

The General Assembly,

Recalling previous resolutions on the non-proliferation of nuclear weapons,

Considering that the further spread of nuclear weapons would endanger the peace and security of all States,

Convinced that the emergence of additional nuclear-weapon Powers would provoke an uncontrollable nuclear arms race,

Reiterating that the prevention of further proliferation of nuclear weapons is a matter of the highest priority demanding the unceasing attention of both nuclear-weapon and non-nuclear-weapon Powers,

Believing that a conference of non-nuclear-weapon Powers would contribute to the conclusion of arrangements designed to safeguard the security of those States,

1. *Decides* to convene a conference of non-nuclear-weapon States to meet not later than July 1968 to consider the following and other related questions:

"(a) How can the security of the non-nuclear States best be assured?

"(b) How may non-nuclear Powers co-operate among themselves in preventing the proliferation of nuclear weapons?

"(c) How can nuclear devices be used for exclusively peaceful purposes?"

2. *Requests* the President of the General Assembly immediately to set up a preparatory committee, widely representative of the non-nuclear-weapon States, to make appropriate arrangements for convening the conference and to consider the question of the association of nuclear States with the work of the conference and report thereon to the General Assembly at its twenty-second session.

1469th plenary meeting,
17 November 1966.

2162 (XXI). Question of general and complete disarmament

A

The General Assembly,

Considering that one of the main purposes of the United Nations is to save mankind from the scourge of war,

Convinced that the armaments race, in particular the nuclear arms race, constitutes a threat to peace,

Believing that the peoples of the world should be made fully aware of this threat,

Noting the interest in a report on various aspects of the problem of nuclear weapons which has been expressed by many Governments, as well as by the Sec-
