ARRANGEMENTS FOR CONSULTATION WITH
NON-GOVERNMENTAL ORGANIZATIONS

Part I

PRINCIPLES TO BE APPLIED IN THE ESTABLISHMENT
OF CONSULTATIVE RELATIONS

The following principles shall be applied in establishing consultative relations with non-governmental organizations:

1. The organization shall be concerned with matters falling within the competence of the Economic and Social Council and its subsidiary bodies with respect to international economic, social, environmental, cultural, educational, health, scientific, technological and related matters and to humanitarian and human rights questions.

1.1. The whole United Nations system, including United Nations bodies and conferences, dealing not only with economic, social, and sustained economic growth and sustainable development issues but also with disarmament, finance, trade, law, humanitarian issues and human rights questions, should be open to participation by non-governmental organizations.

2. The aims and purposes of the organization shall be in conformity with the spirit, purposes and principles of the Charter of the United Nations.

3. The organization shall undertake to support the work of the United Nations and to promote knowledge of its principles and activities, in accordance with its own aims and purposes and the nature and scope of its competence and activities.

3.1. Except where expressly stated otherwise, the term organization will refer to non-governmental organizations at the national, subregional, regional or international levels.

3.2. Consultative relationships may be established with international, regional, subregional and national organizations, in conformity with the Charter of the United Nations and the principles and criteria established under the present resolution. The Committee, in considering applications for consultative status, should ensure, to the extent possible, participation of non-governmental organizations from all regions, and particularly from developing countries, in order to help achieve a just, balanced, effective and genuine involvement of non-governmental organizations from all regions and areas of the world. The Committee shall also pay particular attention to non-governmental organizations which have special expertise or experience upon which the Council may wish to draw.

3.3. Greater participation of non-governmental organizations from developing countries in international conferences convened by the United Nations should be encouraged.

3.3 bis. Greater involvement of non-governmental organizations from countries with economies in transition should be encouraged.

3.4. Regional, subregional and national organizations, including those affiliated to an international organization already in status, may be admitted provided that they can demonstrate that their programme of work is of direct relevance to the aims and purposes of the United Nations and, in the case of national organizations, after consultation with the Member State concerned. The views expressed by the Member State, if any, shall be communicated to the non-governmental organization concerned, which shall have the opportunity to respond to those views through the Committee on Non-Governmental Organizations.

4. The organization shall be of recognized standing within the particular field of its competence or of a representative character. Where there exist a number of organizations with similar objectives, interests and basic views in a given field, they may, for the purposes of consultation with the Council, form a joint committee or other body authorized to carry on such consultation for the group as a whole.

5. The organization shall have an established headquarters, with an executive officer. It shall have a democratically adopted constitution, a copy of which shall be deposited with the Secretary-General of the United Nations, and which shall provide for the determination of policy by a conference, congress or other representative body, and for an executive organ responsible to the policy-making body.

6. The organization shall have authority to speak for its members through its authorized representatives. Evidence of this authority shall be presented, if requested.

7. The organization shall have a representative structure and possess appropriate mechanisms of accountability to its members, who shall exercise effective control over its policies and actions through the exercise of voting rights or other appropriate democratic and transparent decision-making processes. Any such organization which is not established by a governmental entity or intergovernmental agreement shall be considered as a non-governmental organization for the purpose of these arrangements, including organizations which accept members designated by governmental authorities, provided that such membership does not interfere with the free expression of views of the organization.

8. The basic resources of the organization shall be derived in the main part from contributions of the national affiliates or other components or from individual members. Where voluntary contributions have been received, their amounts and donors shall be faithfully revealed to the Council Committee on Non-Governmental Organizations. Where, however, the above criterion is not fulfilled and an organization is financed from other sources, it must explain to the satisfaction of the Committee its reasons for not meeting the requirements laid down in this paragraph. Any financial contribution or other support, direct or indirect, from a Government to the organization shall be openly declared to the Committee through the Secretary-General and fully recorded in

the financial and other records of the organization and shall be devoted to purposes in accordance with the aims of the United Nations.

9. Deleted. Alternatives #1 and #2 in E/1995/83/Add.1 also deleted.

10. Deleted.

11. In considering the establishment of consultative relations with a non-governmental organization, the Council will take into account whether the field of activity of the organization is wholly or mainly within the field of a specialized agency, and whether or not it could be admitted when it has, or may have, a consultative arrangement with a specialized agency.

11.1. The granting, suspension and withdrawal of consultative status, as well as the interpretation of norms and decisions relating to this matter, are the prerogative of Member States exercised through the Economic and Social Council and its Committee on Non-Governmental Organizations. A non-governmental organization applying for general or special consultative status or a listing on the Roster shall have the opportunity to respond to any objections being raised in the Committee before the Committee takes its decision.

11.2. The provisions of the present resolution shall apply to the United Nations regional commissions and their subsidiary bodies mutatis mutandis.

11.3. Deleted.

11.4. Reflected as the last preambular paragraph of the draft resolution.

11.5. In recognizing the evolving relationship between the United Nations and non-governmental organizations, the Economic and Social Council, in consultation with the Committee on Non-Governmental Organizations, will consider reviewing the consultative arrangements as and when necessary to facilitate, in the most effective manner possible, the contributions of non-governmental organizations to the work of the United Nations.

Part II

PRINCIPLES GOVERNING THE NATURE OF THE CONSULTATIVE ARRANGEMENTS

12. A clear distinction is drawn in the Charter of the United Nations between participation without vote in the deliberations of the Council and the arrangements for consultation. Under Articles 69 and 70, participation is provided for only in the case of States not members of the Council, and of specialized agencies. Article 71, applying to non-governmental organizations, provides for suitable arrangements for consultation. This distinction, deliberately made in the Charter, is fundamental and the arrangements for consultation should not be such as to accord to non-governmental organizations the same rights of participation as are accorded to States not members of the Council and to the specialized agencies brought into relationship with the United Nations.

/...

13. The arrangements should not be such as to overburden the Council or transform it from a body for coordination of policy and action, as contemplated in the Charter, into a general forum for discussion.

14. Decisions on arrangements for consultation should be guided by the principle that consultative arrangements are to be made, on the one hand, for the purpose of enabling the Council or one of its bodies to secure expert information or advice from organizations having special competence in the subjects for which consultative arrangements are made, and, on the other hand, to enable international, regional, subregional and national organizations which represent important elements of public opinion to express their views. Therefore, the arrangements for consultation made with each organization should relate to the subjects for which that organization has a special competence or in which it has a special interest. The organizations given consultative status should be limited to those whose activities in fields set out in paragraph 1 above qualify them to make a significant contribution to the work of the Council and should, in sum, as far as possible reflect in a balanced way the major viewpoints or interests in these fields in all areas and regions of the world.

Part III

ESTABLISHMENT OF CONSULTATIVE RELATIONSHIPS

15. In establishing consultative relationships with each organization, regard shall be had to the nature and scope of its activities and to the assistance it may be expected to give to the Council or its subsidiary bodies in carrying out the functions set out in Chapters IX and X of the Charter of the United Nations.

16. In establishing consultative relations with organizations, the Council will distinguish between:

- (a) Organizations which are concerned with most of the activities of the Council and its subsidiary bodies and can demonstrate to the satisfaction of the Council that they have substantive and sustained contributions to make to the achievement of the objectives of the United Nations in the fields as set out in paragraph 1 above, and are closely involved with the economic and social life of the peoples of the areas they represent and whose membership, which should be considerable, is broadly representative of major segments of society in a large number of countries in different regions of the world (to be known as organizations in general consultative status);
- (b) Organizations which have a special competence in, and are concerned specifically with, only a few of the fields of activity covered by the Council and its subsidiary bodies, and which are known within the fields for which they have or seek consultative status (to be known as organizations in special consultative status).

17. Organizations accorded special consultative status because of their interest in the field of human rights and humanitarian assistance should have a general international concern with this matter, not restricted to the interests

of a particular group of persons, a single nationality or the situation in a single State or restricted group of States. Special consideration shall be given to the applications of organizations in this field whose aims place stress on combating colonialism, xenophobia, racism, racial discrimination and ethnic cleansing and other gross violations of human rights and fundamental freedoms. (G-77)

- Australia/US propose deleting paragraph 17 of Council resolution 1296 (XLIV) and the proposed alternatives to it.
- EU withdraws its proposal (Alternative #1 in E/1995/83/Add.1) and supports the Australian/US proposal.

18. Major organizations one of whose primary purposes is to promote the aims, objectives and purposes of the United Nations and a furtherance of the understanding of its work may be accorded consultative status.

19. Other organizations which do not have general or special consultative status but which the Council, or the Secretary-General of the United Nations in consultation with the Council or its Committee on Non-Governmental Organizations, considers can make occasional and useful contributions to the work of the Council or its subsidiary bodies or other United Nations bodies within their competence shall be included in a list (to be known as the Roster). This list may also include organizations in consultative status or similar relationship with a specialized agency or a United Nations body. These organizations shall be available for consultation at the request of the Council or its subsidiary bodies. The fact that an organization is on the Roster shall not in itself be regarded as a qualification for general or special consultative status should an organization seek such status.

Under Articles 62 and 71 of the Charter of the United Nations, the Economic and Social Council may invite non-governmental organizations in general consultative status, special consultative status and on the Roster which express their wish to attend the international conferences convened by the United Nations in the economic, social and related fields. Due to their established consultative relations with the Council, these organizations shall be accredited for participation. Other non-governmental organizations wishing to be accredited may apply to the secretariat of the conference for this purpose in accordance with the following requirements.

34.1. The secretariat of the conference shall be responsible for the receipt and preliminary evaluation of requests from non-governmental organizations for accreditation to the conference and its preparatory process. In the discharge of its functions, the secretariat of the conference shall work in close cooperation and coordination with the Non-Governmental Organizations Section of the Secretariat, and shall be guided by the relevant provisions of Council resolution 1296 (XLIV) as updated.

34.2. All such applications must be accompanied by information on the competence of the organization and the relevance of its activities to the work of the conference and its preparatory committee, with an indication of the particular areas of the conference agenda and preparations to which such competence and relevance pertain, and should include, inter alia, the following information:

- (a) The purpose of the organization;
- (b) Information as to the programmes and activities of the organization in areas relevant to the conference and its preparatory process and the country or countries in which they are carried out. Non-governmental organizations seeking accreditation shall be asked to confirm their interest in the goals and objectives of the conference;
- (c) Confirmation of the activities of the organization at the national, regional or international level;
- (d) Copies of the annual or other reports of the organization with financial statements, and a list of financial sources and contributions, including governmental contributions;
- (e) A list of members of the governing body of the organization and their countries of nationality;
- (f) A description of the membership of the organization, indicating the total number of members, the names of organizations which are members and their geographical distribution;
- (g) A copy of the constitution and/or by-laws of the organization.

34.3. In the evaluation of the relevance of applications of non-governmental organizations for accreditation to the conference and its preparatory process,

/...

it is agreed that a determination will be made based on their background and involvement in the subject areas of the conference.

34.4. The secretariat shall publish and disseminate to Member States on a periodic basis the updated list of applications received. Member States may submit comments on any of the applications on the list fourteen days from receipt of the above-mentioned list by Member States. The comments of Member States shall be communicated to the non-governmental organization concerned, which shall have the opportunity to respond.

34.5. In cases where the secretariat believes, on the basis of the information provided in accordance with the present resolution, that the organization has established its competence and the relevance of its activities to the work of the preparatory committee, it will recommend to the preparatory committee that the organization be accredited. In cases where the secretariat does not recommend the granting of accreditation, it will make available to the preparatory committee its reasons for not doing so. The secretariat should ensure that its recommendations are available to members of the preparatory committee at least one week prior to the start of each session. The secretariat must notify such applicants of the reasons for non-recommendation and provide an opportunity to respond to objections and furnish additional information as may be required.

34.6. The preparatory committee will decide on all recommendations for accreditation within twenty-four hours after the recommendations of the secretariat have been taken up by the preparatory committee in plenary meeting. In the event of a decision not being taken within this period, interim accreditation shall be accorded until such time as a decision is taken.

34.7. The final decision on application upon which commentaries have been received may be based on the conclusions made by an open-ended working group established for this purpose by the preparatory committee, if deemed necessary. Interim accreditation may not be accorded in these cases.

34.8. A non-governmental organization that has been granted accreditation to attend a session of the preparatory committee, including related preparatory meetings of regional commissions, may attend all its future sessions, as well as the conference itself.

34.9. In recognition of the intergovernmental nature of the conference, non-governmental organizations shall have no negotiating role in the work of the conference and its preparatory process.

- Russian Federation proposes deleting this paragraph.
- G-77 proposes retaining the paragraph and adding "whose contributions are highly welcomed" between the words "organizations" and "shall".
- EU agrees with the proposal to delete this paragraph but also suggests, in the spirit of compromise, the following text: **The conference and its preparatory process are of an intergovernmental nature, and active participation of non-governmental organizations**

/...

therein, while welcome, does not entail a direct negotiating role for non-governmental organizations in this process.

34.10. The non-governmental organizations accredited to the international conference may be given, in accordance with established United Nations practice and at the discretion of the chairperson and the consent of the body concerned, an opportunity to briefly address the preparatory committee and the conference in plenary meetings and their subsidiary bodies.

34.11. Non-governmental organizations accredited to the conference may make written presentations during the preparatory process in the official languages of the United Nations as they deem appropriate. Those written presentations will not be issued as official documents except in accordance with United Nations rules of procedure.

34.12. Non-governmental organizations without consultative status that participate in international conferences and wish to obtain consultative status later on should apply through the normal procedures established under Council resolution 1296 (XLIV) as updated. Recognizing the importance of the participation of non-governmental organizations that attend a conference in the follow-up process, the Committee on Non-Governmental Organizations, in considering their application, shall draw upon the documents already submitted by that organization for accreditation to the conference and any additional information submitted by the non-governmental organization supporting its interest, relevance and capacity to contribute to the implementation phase. The Committee shall review such applications as expeditiously as possible so as to allow participation of the respective organization in the implementation phase of the conference. In the interim, the Economic and Social Council shall decide on the participation of non-governmental organizations accredited to an international conference in the work of the relevant functional commission on the follow-up to and implementation of that conference.

34.13. The suspension and withdrawal of the accreditation of non-governmental organizations to **the relevant** United Nations international conferences at all stages shall be guided by the relevant provisions of the present resolution. (previously paragraph 38.1)
