Five members were unable to attend: Just FAALAND, Ryokichi HIRONO, Nora LUSTIG, Alexandre SHOKHIN and Alvaro UMAÑA. A list of members and their affiliations is contained in annex III.

2. The session was opened by the Under-Secretary-General for Policy Coordination and Sustainable Development of the United Nations Secretariat, who made a statement outlining the history and mandate of the Committee and its working methods. He noted that the Committee had been requested by the General Assembly to undertake a general review of the list of least developed countries every three years, and that such a review, as well as consideration of possible improvements in the criteria for identifying the least developed countries, should be submitted to the General Assembly through the Economic and Social Council in 1997. He also noted that the Committee had complete flexibility in its work and could also select other topics to examine and submit a report on its findings to the Council.

3. The officers elected at the thirtieth session for a term ending on 31 December 1997 were:

Chairman: Nurul ISLAM

Vice-Chairman: Klaus SCHWAB

Rapporteur: Louka KATSELI

4. The Committee had before it Economic and Social Council decision 1995/215 on the Committee for Development Planning as contained in E/1995/L.3; the report of the Secretary-General on the methods of work of the Committee (E/1995/82); and other documentation, as listed in annex II.

5. The Committee heard statements by Mr. Richard JOLLY, Special Adviser to the Administrator of UNDP and a former member of the Committee, and by the President of the Economic and Social Council, Mr. Jean-Marie Kacou GERVAIS (Côte d'Ivoire).

6. Substantive services for the session were provided by the Department for Policy Coordination and Sustainable Development. The Department for Economic and Social Information and Policy Analysis was also represented at the session.

## II. TERMS OF REFERENCE

7. The Committee took note of Economic and Social Council decision 1995/215 of 10 February 1995, in which the Council reaffirmed and enlarged upon the mandate of the Committee, which had been established in 1965. The consolidated mandates of the Committee were derived from General Assembly resolutions 2084 (XX), 2096 (XX), 2564 (XXIV), 44/212 and 46/206; Economic and Social Council resolutions 1035 (XXXVII), 1079 (XXXIX), 1089 (XXXIX), and 1625 (LI); and from the report of the Committee for Development Planning on its first session (E/4207/Rev.1).

8. In discussing its terms of reference, Committee members attached particular importance to (a) assessing world development trends and prospects; (b) identifying national and international policies that would enhance the ability of developing countries and economies in transition to participate effectively in a globalizing world economy and achieve the goals agreed at United Nations global conferences; and (c) undertaking periodic reviews of the list of least developed countries and the criteria used for identifying them.

9. The Committee agreed that it would willingly consider problems referred to it, within the limits of available time and resources.

## III. METHODS OF WORK

10. Pending a fuller review of its methods of work at its thirty-first session, the Committee agreed to continue its practice, as approved in Economic and Social Council resolution 1625 (LI), of holding plenary sessions of up to one week, for which preparations would be made by up to three working groups meeting for 3 to 5 days in New York, Geneva or a suitable United Nations headquarters venue based on programmatic consideration, with each working group comprising up to eight members of the Committee, including experts co-opted, as appropriate, to supplement the expertise of the Committee members themselves.

## IV. ARRANGEMENTS FOR FUTURE WORK

### A. Work programme for the thirty-first session (1997)

11. The Committee agreed on the indicative two-year work programme outlined below, and decided to prepare for its thirty-first session (New York, May 1997) by convening three working groups, which would be supported by relevant studies to be undertaken by the Secretariat and independent experts on the themes selected.

12. The Committee decided that the working groups would submit their findings to it at its thirty-first session, in early 1997, as inputs to its report on that session.

13. The Committee agreed that, in addition to the members of the working groups indicated below, the members of the bureau might join one of the three working

groups, and each working group might also utilize co-opted experts, within existing resources, to assist it in its work.

14. The Committee agreed that in accordance with Council decision 1995/215, the Chairman of the Committee would brief the Council at its substantive session of 1997 on the results of its thirty-first session.

3. General review of the list of the least developed countries

19. The Committee agreed to review the list of the least developed countries (annex IV) and to consider possible improvements in the criteria for identifying them, as provided for in General Assembly resolution 46/206.

4. Other matters

B. Provisional work programme for the thirty-second session (1998)

22. The Committee decided that it would consider inter-generational issues and social security as part of its 1997-1998 work programme, in the light of the decision of the General Assembly to observe 1999 as the International Year of Older Persons.
