“26. The Minister of Energy and Mineral Resources, H.E. Mr. Purnomo Yusgiantoro, welcomed the guests and representatives to the High-level Regional Meeting. He noted that the Government of Indonesia attached the highest priority to the security of energy supply, which was essential for socio-economic growth and development as well as for protection against environmental degradation. He also noted that the Meeting was timely for instigating a new vision for international cooperation on energy and sustainable development to fulfil long-term energy needs. He also noted the high-level participation in the Business Forum organized jointly by the Governments of Indonesia and Australia, as well as in the NGO Symposium organized by ESCAP. He expressed the hope that those events had provided opportunities for stakeholders in the energy sector to interact. In concluding, he expressed confidence that the High-level Meeting would meet its objective.”
