Commission on Narcotic Drugs

Forty-seventh session

Vienna, 15-22 March 2004

Agenda item 5 (a)

Drug demand reduction: HIV/AIDS and other blood-borne diseases in the context of drug abuse prevention

Strengthening strategies regarding the prevention of HIV/AIDS in the context of drug abuse

Report of the Executive Director

Corrigendum

Paragraph 12, subparagraph (d)

The last sentence *should read*

The position paper highlighted that a comprehensive package of interventions for HIV prevention among drug abusers could, inter alia, include AIDS education, life skills training, distribution of condoms, voluntary counselling and HIV testing, access to clean needles and syringes, bleach materials and referral to a variety of treatment options.
