LETTER DATED 21 MAY 1993 FROM THE SECRETARY-GENERAL ADDRESSED TO
THE PRESIDENT OF THE SECURITY COUNCIL

I have the honour to transmit to you and through you to the members of the Security Council the "Final Report on the Demarcation of the International Boundary between the Republic of Iraq and the State of Kuwait by the United Nations Iraq-Kuwait Boundary Demarcation Commission" dated 20 May 1993 containing the list of geographic coordinates demarcating the boundary and the map of the area, which forms an enclosure to the report. I also submit a transmittal letter of the same date from the Chairman of the Commission addressed to me.

As indicated in the above-mentioned letter, in addition to the Final Report, the Chairman of the Commission submitted to me three certified copies of the list of geographic coordinates demarcating the international boundary between Iraq and Kuwait. On 20 May 1993, I forwarded two of these certified copies to the Governments of Iraq and Kuwait respectively, in order to be lodged in their archives. I also brought to the attention of both Governments the Final Report of the Commission together with the map. The third certified copy of the list of geographic coordinates demarcating the international boundary between Iraq and Kuwait will be retained for safe-keeping in the archives of the United Nations.

As you know, the Iraq-Kuwait Boundary Demarcation Commission was established pursuant to paragraph 3 of Security Council resolution 687 (1991), which called upon the Secretary-General to lend assistance to make arrangements with Iraq and Kuwait to demarcate the international boundary between the two countries. The Commission was entrusted with the task to demarcate in geographic coordinates of latitude and longitude as well as by a physical representation the international boundary as set out in the "Agreed Minutes between the State of Kuwait and the Republic of Iraq regarding the Restoration of Friendly Relations, Recognition and Related Matters" signed at Baghdad on 4 October 1963. The Commission was also asked to provide for arrangements for maintenance on a continuing basis of the physical representation of the boundary.

In accordance with its mandate and terms of reference, the Commission was called to perform a technical and not a political task and as it is stressed in the Final Report, the Commission has made every effort to strictly confine itself to this objective. In the statement of the President of the Security

Council dated 17 June 1992 (S/24113), issued on behalf of its members and in Security Council resolution 773 (1992) of 26 August 1992, related to the work of the Commission, it was pointed out that through the demarcation process the Commission was not reallocating territory between Kuwait and Iraq, but it was simply carrying out the technical task necessary to demarcate for the first time the precise coordinates of the boundary set out in the Agreed Minutes referred to above.

As stated in the Final Report the Commission has fulfilled its mandate. It demarcated in geographic coordinates of latitude and longitude the international boundary between Iraq and Kuwait set out in the Agreed Minutes, made arrangements for the physical representation of the boundary through the emplacement of an appropriate number of boundary pillars or monuments and provided for arrangements for continuing maintenance and location accuracy of the surficial boundary representation.

The coordinates established by the Commission thus constitute the final demarcation of the international boundary between Iraq and Kuwait set out in the Agreed Minutes of 4 October 1963. In accordance with paragraphs 2 and 4 of Security Council resolution 687 (1991), both Iraq and Kuwait shall respect the inviolability of this international boundary and its inviolability will be also guaranteed by the Security Council.

Fulfilment by the Commission of its mandate to demarcate the international boundary between Iraq and Kuwait has direct implications for the implementation of paragraph 5 of Security Council resolution 687 (1991) relating to the establishment of a demilitarized zone along that boundary. In January 1993 UNIKOM completed the realignment of the demilitarized zone with the demarcated land section of the boundary and I am now instructing UNIKOM to finalize such realignment with the entire international boundary between Iraq and Kuwait demarcated by the Commission.

With regard to Section X (c) of the Final Report, concerning boundary maintenance, I will make the necessary arrangements, as recommended by the Commission, for maintenance of the physical representation of the boundary. The United Nations personnel and personnel of the survey or similar organizations that will be involved in the implementation of the arrangements for maintenance of the surficial representation of the boundary are to enjoy unimpeded freedom of movement in the area of the demarcated boundary as well as all necessary privileges and immunities for the fulfilment of their task.

As stated above, the decisions of the Commission concerning the demarcation of the international boundary between Iraq and Kuwait are final. I believe that the work performed by the Commission will have a beneficial effect on the restoration of international peace and security in the area concerned, in conformity with the purposes of Security Council resolution 687 (1991). The certainty and stability of the boundary are in the best interest of Iraq and Kuwait and I expect the Governments of both countries to respect the objective and impartial results achieved by the Iraq-Kuwait Boundary Demarcation Commission.

(Signed) Boutros BOUTROS-GHALI

Annex

Letter dated 20 May 1993 from the Chairman of the Iraq-Kuwait
Boundary Demarcation Commission addressed to the
Secretary-General

In accordance with paragraph 3 of Security Council resolution 687 (1991) of 3 April 1991, on behalf of the Iraq-Kuwait Boundary Demarcation Commission, I have the honour to submit herewith the report conveying the final results of its work, together with a certified copy of the list of geographic coordinates demarcating the international boundary between Iraq and Kuwait and a map at the scale of 1:250,000 depicting that demarcation. The report and the coordinates are submitted in three copies, two of which are for communication to the Governments concerned.

As indicated in the report, the Commission will communicate to you in due course authenticated copies of the large-scale maps of the boundary along with technical documentation comprised of certified records of survey stations and boundary pillars.

(Signed) Nicolas VALTICOS
Chairman
