### **Security Council Committee established pursuant to resolution 1540 (2004)**

#### **Note verbale dated 26 January 2007 from the Permanent Mission of Nicaragua to the United Nations addressed to the Chairman**

The Permanent Mission of Nicaragua to the United Nations presents its compliments to the Chairman of the Security Council Committee established pursuant to resolution 1540 (2004) and has the honour to transmit herewith the first national report of the Republic of Nicaragua on the steps it has taken or intends to take to implement the provisions of Security Council resolution 1540 (2004) (see annex).

**Annex to the note verbale dated 26 January 2007 from the  
Permanent Mission of Nicaragua to the United Nations  
addressed to the Chairman of the Committee**

[Original: Spanish]

**Report of the Republic of Nicaragua submitted pursuant to  
United Nations Security Council resolution 1540 (2004)**

**Introduction**

The Republic of Nicaragua, as a State Member of the United Nations and in compliance with Security Council resolution 1540 (2004), supports all efforts by the international community to achieve international peace and security. Nicaragua's official position is that this primary objective should be sought in general through support for disarmament and non-proliferation policies, and in particular through policies to prohibit the use and proliferation of weapons of mass destruction and to achieve their total eradication. In this connection, Nicaragua does not produce or possess nuclear, chemical or biological weapons or their means of delivery, nor does it provide any form of support to State or non-State actors that attempt to develop, acquire, manufacture, possess, transport, transfer or use weapons of mass destruction or their means of delivery.

Nicaragua is a signatory of all the international conventions to combat terrorism. It is also a party to the Treaty for the Prohibition of Nuclear Weapons in Latin America (Treaty of Tlatelolco), the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, the Convention on the Prohibition of the Development, Production and Stockpiling of Bacteriological (Biological) and Toxin Weapons and on Their Destruction, and other international instruments related to Security Council resolution 1540 (2004).

In the context of Central America, Nicaragua is a party to the Framework Treaty on Democratic Security in Central America, which prohibits the acquisition, trafficking, transit, construction and storage of weapons of indiscriminate mass destruction, including chemical, radiological and bacteriological weapons. In addition, in December 2005 Nicaragua adopted the Code of Conduct of Central American States on the Transfer of Arms, Ammunition, Explosives and Other Related Materiel.

At the national level, Nicaragua has an inter-agency coordination body, the National Counter-Terrorism Committee, which was established to implement the Declaration entitled "Central America united against terrorism", adopted by the Central American States in the framework of the Secretariat of the Central American Integration System. This Committee, established by presidential decree, consists of top-level authorities under the coordination of the Minister for Foreign Affairs of Nicaragua; its purpose is to implement the Central American Plan for Comprehensive Cooperation to Prevent and Combat Terrorism and Related Activities, together with Nicaragua's National Counter-Terrorism Plan.

Article 16 (i) of the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials bans weapons and

ammunition which, owing to their nature and technical characteristics, are prohibited under international conventions, agreements and treaties signed and ratified by the State of Nicaragua. Moreover, article 10 (l) provides that:

“Atomic, chemical and biological weapons of mass destruction, as well as chemicals and toxins or their precursors, ammunition and devices expressly intended to cause death or injury by means of these substances’ toxic properties, shall be prohibited and banned by the State of Nicaragua, as shall the banned weapons referred to in international conventions signed and ratified by Nicaragua. The import, distribution, brokering, possession, transport and transit of banned weapons in the national territory shall be prohibited, regardless of their object or purpose.”

A draft counter-terrorism law for the implementation of the obligations set out in international treaties on the subject is currently awaiting adoption by the National Assembly. The draft text of a new Penal Code that contains detailed definitions of certain terrorist and terrorism-related activities is also in the process of adoption.

Below is the Republic of Nicaragua’s matrix and database of activities and national legislation in areas related to Security Council resolution 1540 (2004).

4

## United Nations Security Council resolution 1540 (2004) matrix and database of activities and national legislation

Nicaragua (version 1.0)	Paragraph 2	Biological	<p>Article 138 (11) of the Constitution of 9 January 1987 (as amended).</p> <p>Article 10 (l) (“Prohibited weapons”) of the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Law No. 510) of 25 February 2005.</p> <p>Regulations pertaining to the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Executive Decree No. 28 of 21 April 2005).</p>
		Chemical	<p>Article 138 (11) of the Constitution of 9 January 1987 (as amended).</p> <p>Article 10 (l) (“Prohibited weapons”) of the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Law No. 510) of 25 February 2005.</p> <p>Regulations pertaining to the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Executive Decree No. 28 of 21 April 2005).</p> <p>Adoption of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction (Legislative Decree No. 2298 of 13 July 1999).</p> <p>Law amending the Penal Code (Legislative Decree No. 297 of 10 April 1974), art. 499.</p>
		Nuclear	<p>Article 138 (11) of the Constitution of 9 January 1987 (as amended).</p> <p>Article 10 (l) (“Prohibited weapons”) of the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Law No. 510) of 25 February 2005.</p> <p>Regulations pertaining to the Special Act for the Control and Regulation of Firearms, Ammunition, Explosives and Other Related Materials (Executive Decree No. 28 of 21 April 2005).</p> <p>Ionizing Radiation Act (Law No. 156) of 21 April 1993.</p> <p>Executive Decree No. 24-93, Establishment of the National Atomic Energy Commission (CONEA), Regulations on the transport of radioactive materials in the Republic of Nicaragua.</p>

Paragraph 3 (a) and (b)	Biological	<p>Law No. 559 of 29 February 2005.</p> <p>Law No. 168 of 1 December 1993, which prohibits trafficking in hazardous waste and toxic substances.</p> <p>Article 19, “Hazardous substances”, of the General Land Transportation Act (Law No. 524) of 2 March 2005.</p> <p>Resolution No. 101-2002 of 12 December 2002 approving regulations pertaining to the Central American Uniform Customs Code (RECAUCA), article 50.</p>
	Chemical	<p>Law No. 559 of 21 November 2005.</p> <p>Law No. 168 of 1 December 1993, which prohibits trafficking in hazardous waste and toxic substances.</p> <p>Basic Act for the Regulation and Control of Pesticides and Toxic, Hazardous and Other Similar Substances (Law No. 274) of 5 November 1997.</p> <p>Executive Decree No. 49-98 on regulations pertaining to the Basic Act for the Regulation and Control of Pesticides and Toxic, Hazardous and Other Similar Substances (Law No. 274).</p> <p>Article 19, “Hazardous substances”, of the General Land Transportation Act (Law No. 524) of 2 March 2005.</p> <p>Resolution No. 101-2002 of 12 December 2002 approving regulations pertaining to the Central American Uniform Customs Code (RECAUCA), article 50.</p>
	Nuclear	<p>Approval of the additional protocol for the application of safeguards (Legislative Decree No. 3365).</p> <p>Ratification of the additional protocol for the application of safeguards (Executive Decree No. 122-2004) of 9 November 2002.</p> <p>Law No. 559 of 21 November 2005.</p> <p>Law No. 168 of 1 December 1993, which prohibits trafficking in hazardous waste and toxic substances.</p> <p>Resolution No. 101-2002 of 12 December 2002 approving regulations pertaining to the Central American Uniform Customs Code (RECAUCA), article 50.</p>

Paragraph 3 (c) and (d)	Border control	Regulations on the customs regime for international land transport, published in Official Gazette No. 49 of 9 March 2001.
	Export control	Central American Uniform Customs Code (CAUCA) of 13 December 1963 and its amendments of 1993 and 2002, adopted by Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua.  Resolution No. 101-2002 of 12 December 2002 approving regulations pertaining to the Central American Uniform Customs Code (RECAUCA).  Resolution No. CD-SIBOIF-197-02 of 1 March 2002 (as amended), Rules to prevent the laundering of money and other assets.
