I. INTRODUCTION

1. By its resolution 858 (1993) of 24 August 1993, the Security Council decided to establish the United Nations Observer Mission in Georgia (UNOMIG) for an initial period of six months. The mandate of UNOMIG has been extended by subsequent Security Council resolutions, the latest of which was resolution 937 (1994) of 21 July 1994, which extended the mandate through 13 January 1995.

2. The President of the Security Council, in a letter dated 16 June 1994 to the Secretary-General, 1/ indicated that the members of the Security Council would be grateful if the Secretariat could pursue its discussions with the parties to the conflict in Georgia, the Russian Federation and the representatives of the Commonwealth of Independent States (CIS) peace-keeping force in order to arrive at clear understandings on particular points of relevance to the Council's decision on a further increase in the strength and change in the mandate of UNOMIG, including the arrangements that would exist on the ground for coordination between UNOMIG and the CIS peace-keeping force; the period to be set for the mandate of the CIS peace-keeping force; assurances from the parties concerned of full freedom of movement for UNOMIG in the performance of its mandate, both within the zone of operations of the CIS peace-keeping force and in other relevant parts of the territory of Georgia; and the time-frame foreseen for the return of refugees and displaced persons. On that basis, and following the further urgent consultations of the Secretary-General with the parties and the Russian Federation, the members of the Council were ready to consider his recommendations on the expansion of UNOMIG contained in his earlier report of 3 May 1994. 2/

3. In his report to the Security Council dated 12 July 1994, 3/ the Secretary-General informed the Council of the outcome of the consultations held and proposed the tasks that an expanded UNOMIG would undertake and its concept of operations.

4. In its resolution 937 (1994), the Security Council welcomed the report of the Secretary-General and decided to extend the mandate of UNOMIG to 13 January 1995 and to increase the strength of the Mission, as required, up to 136 military observers (including the Chief Military Observer).

5. In its resolution 48/256 of 26 May 1994, the General Assembly authorized the Secretary-General to enter into commitments for the Mission at a rate not to exceed \$334,200 gross (\$313,000 net) per month for the period from 1 July to 31 October 1994, should the Security Council decide to continue the Mission beyond 30 June 1994 and subject to the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions for the actual level of commitments to be entered into for the period, that amount to be apportioned among Member States in accordance with the scheme set out in the resolution.

6. In a letter dated 1 July 1994 from the Controller to the Chairman of the Advisory Committee, the concurrence of the Committee was sought for entering into commitments for UNOMIG at a strength of 55 military observers for the period from 1 to 21 July 1994 in the amount of \$1,491,400 gross (\$1,476,500 net). The Controller also requested that the total amount of \$1,336,800 gross

/...

(\$1,252,000 net), which was provided under resolution 48/256 for the four-month period from 1 July to 31 October 1994, should be assessed on Member States.

7. By a letter dated 15 July 1994, the Advisory Committee gave its concurrence for the Secretary-General to enter into commitments in the amount of \$226,400 gross (\$212,000 net) for the 22 military observers already deployed for the period from 1 to 21 July 1994, pursuant to resolution 48/256, those amounts to be assessed on Member States, subject to the extension of the mandate beyond 21 July 1994 by the Security Council. The Advisory Committee also gave its concurrence for the Secretary-General to enter into commitments of \$1,177,000 for start-up costs and recurring operational requirements of \$88,000 gross (\$87,500 net) for the additional 33 military observers, under the terms of General Assembly resolution 48/229 of 23 December 1993 on unforeseen and extraordinary expenses for the biennium 1994-1995.

8. For the period beyond 21 July 1994, the Advisory Committee authorized the Secretary-General to enter into commitments of up to \$1,261,000 gross (\$1,189,400 net) for a period of two months until 21 September 1994, consisting of \$1,110,400 gross (\$1,040,000 net) under the authority granted in resolution 48/256 to be assessed on Member States, and the balance of \$150,600 gross (\$149,400 net) under the terms of resolution 48/229.

9. The Controller, in a letter dated 25 August 1994, sought the concurrence of the Advisory Committee to enter into commitments in the amount of \$7,910,200 gross (\$7,798,600 net) to cover the cost of maintaining the existing 55 military observers for the period from 22 September to 21 October 1994 as well as start-up and operational requirements for the deployment of the additional 81 military observers during the period from 1 September to 21 October 1994.

10. Pending consideration by the General Assembly of the present report, the Advisory Committee, by a letter dated 6 September 1994, gave its concurrence for the Secretary-General to enter into commitments for UNOMIG in an amount of up to \$7,910,200 gross (\$7,798,600 net) for the period from 1 September to 21 October 1994, pursuant to the terms of resolution 48/229 on unforeseen and extraordinary expenses.

11. The total commitments provided thus far for the maintenance and enlargement of UNOMIG, with the concurrence of the Advisory Committee, consist of:

(a) \$1,336,800 gross (\$1,252,000 net) in accordance with the terms of paragraph 15 of resolution 48/256;

(b) \$9,325,800 gross (\$9,212,500 net) under the terms of resolution 48/229.

The breakdown is as follows:

/...

Period covered	Resolution 48/256		Resolution 48/229	
	Gross	Net	Gross	Net
1 to 21 July 1994	226 400	212 000	1 265 000	1 264 500
22 July 1994 to 21 September 1994	1 110 400	1 040 000	150 600	149 400
1 September 1994 to 21 October 1994	<u>-</u>	<u>-</u>	<u>7 910 200</u>	<u>7 798 600</u>
Total	<u>1 336 800</u>	<u>1 252 000</u>	<u>9 325 800</u>	<u>9 212 500</u>

Of these amounts, \$1,336,800 gross (\$1,252,000 net) has been assessed on Member States in accordance with resolution 48/256.

II. ENLARGEMENT OF THE MANDATE OF THE UNITED NATIONS OBSERVER MISSION IN GEORGIA

A. Operational plan

12. Based upon the recommendations in the Secretary-General's report of 12 July 1994, 3/ the Security Council, by its resolution 937 (1994), decided that the new mandate of UNOMIG should be as follows:

(a) To monitor and verify the implementation by the parties of the Agreement on a Cease-fire and Separation of Forces, signed in Moscow on 14 May 1994; 4/

(b) To observe the operation of the CIS peace-keeping force within the framework of the implementation of the Agreement;

(c) To verify, through observation and patrolling, that troops of the parties do not remain in or re-enter the security zone and that heavy military equipment does not remain or is not reintroduced in the security zone or the restricted weapons zone;

(d) To monitor the storage areas for heavy military equipment withdrawn from the security zone and the restricted weapons zone in cooperation with the CIS peace-keeping force as appropriate;

(e) To monitor the withdrawal of troops of the Republic of Georgia from the Kodori valley to places beyond the boundaries of Abkhazia, Republic of Georgia;

(f) To patrol regularly the Kodori valley;

/...

(g) To investigate, at the request of either party or the CIS peace-keeping force or on its own initiative, reported or alleged violations of the Agreement and to attempt to resolve or contribute to the resolution of such incidents;

(h) To report regularly to the Secretary-General within its mandate, in particular on the implementation of the Agreement, any violations and their investigation by UNOMIG, as well as other relevant developments;

(i) To maintain close contacts with both parties to the conflict and to cooperate with the CIS peace-keeping force and, by its presence in the area, to contribute to conditions conducive to the safe and orderly return of refugees and displaced persons.

B. General assumptions

13. Under its new mandate, UNOMIG would remain under the command of the United Nations, vested in the Secretary-General under the authority of the Security Council. Command and control in the field would be exercised by a Chief Military Observer, who would continue to report to the Secretary-General, in particular, on the implementation of the Agreement, any violations and their investigation by UNOMIG, as well as other relevant developments. Furthermore, by its presence in the area, UNOMIG would contribute to conditions conducive to the safe and orderly return of refugees and displaced persons.

14. UNOMIG would maintain its headquarters at Sukhumi and would establish three sector headquarters, at Sukhumi, Gali and Zugdidi, and a liaison office at Tbilisi. A small office will be established at Istanbul to facilitate banking and procurement activities. Negotiations are also currently under way for new premises at Tshkaltubo to relocate part of UNOMIG headquarters.

15. To perform its monitoring functions effectively, UNOMIG would need a combination of static teams and mobile patrols. It is envisaged that three mobile patrols would be required in the Sukhumi sector to patrol the Kodori valley, monitor the weapons-storage site of the Abkhaz side and carry out investigations outside the security and weapons-limitation zones. The Gali and Zugdidi sectors would require a total of six static teams and six mobile patrols. Depending on the requirements on the ground, those teams would be deployed either with pivotal checkpoints of the CIS peace-keeping force or with its battalion headquarters. They will patrol and carry out investigations within the security and weapons-limitation zones and monitor the weapons-storage site of the Georgian side. This organization should be flexible enough to allow adaptation to possible changes in the plans of the CIS peace-keeping force. Helicopter patrols would be conducted of mountainous and less accessible areas.

16. In order to undertake the above tasks in accordance with the concept of operations described, it is envisaged that UNOMIG would require a total strength of 136 military personnel, including the necessary military medical personnel, supported by international and local civilian staff. It should be noted that owing to the difficult conditions on the ground, the degraded state of the infrastructure, the lack of local personnel with the requisite skills and the

/...

paucity of necessary services, the number of international support staff required would be considerably larger than usual.

17. It is essential that military observers of UNOMIG have full freedom of movement and access to communications and inspection, and enjoy other rights necessary for the performance of their tasks. In that regard, both parties have given assurances that UNOMIG would be accorded the freedom of movement required in the discharge of its mandate. UNOMIG and its personnel would also have to be granted all relevant privileges and immunities provided by the Convention on the Privileges and Immunities of the United Nations. A status-of-mission agreement with Georgia and necessary arrangements with the Abkhaz authorities would therefore be required to enable UNOMIG to function effectively. As Sochi, in the Russian Federation, would be a major point of entry for personnel, matériel and supplies of the Mission, appropriate arrangements with the Russian Federation would also have to be made.

18. As at 12 August 1994, the Chief Military Observer had established the two sector offices at Gali and Zugdidi.

19. Effective 4 August 1994, the Security Council has agreed to the selection of military observers from the following countries for service with UNOMIG: Albania, Austria, Bangladesh, Cuba, Czech Republic, Denmark, Egypt, Finland, France, Germany, Greece, Hungary, Indonesia, Jordan, Pakistan, Poland, Republic of Korea, Russian Federation, Sierra Leone, Sweden, Switzerland, Turkey, the United Kingdom of Great Britain and Northern Ireland, Uruguay and the United States of America.

C. Cooperation and coordination between the United Nations Observer Mission in Georgia and the Commonwealth of Independent States peace-keeping force

20. In his report to the Security Council of 12 July 1994, 3/ the Secretary-General detailed the framework within which UNOMIG would operate. Essentially, UNOMIG would operate independently of but in close cooperation with the CIS peace-keeping force. UNOMIG would also maintain close contacts with both parties to the conflict and with the military contingents of the Russian Federation in the zone of conflict.

21. In that context several important elements were addressed. They include:

(a) Cooperation and coordination between UNOMIG and the CIS peace-keeping force to be maintained at four levels: force headquarters, sector zone headquarters, the UNOMIG monitoring team with the CIS battalion and the UNOMIG patrol with CIS patrols;

(b) Establishment of a CIS Joint Command headquarters at Sukhumi and zonal headquarters at Gali and Zugdidi (already achieved);

(c) Decision-making, composition of investigation teams in areas of operation, reporting of findings;

/...

(d) Participation of UNOMIG representatives in meetings of a joint commission, should such a commission be established by the two parties and the CIS peace-keeping force;

(e) Responsibility for the safety of UNOMIG and other United Nations personnel.

22. The Secretary-General is sending a letter to the Chairman of the Council of Heads of States of CIS defining the respective roles and responsibilities of UNOMIG and the CIS peace-keeping force.

D. Recent developments

23. In his report to the Security Council, 3/ the Secretary-General apprised the Council of the situation on the ground in the context of the 14 May 1994 Agreement on a Cease-fire and Separation of Forces 4/ and the Quadripartite agreement on voluntary return of refugees and displaced persons, signed in Moscow on 14 April 1994. 5/

24. As at 16 September, UNOMIG had 60 military observers on the ground and has had an excellent working relationship with the CIS peace-keeping force. The withdrawal of the troops and heavy military equipment of the two sides from the security zone in accordance with the Agreement has been achieved. Troops of the Government of Georgia also completed their withdrawal from the Kodori valley. There remain difficulties, however, with regard to the return of refugees to the Gali region.

III. STATUS OF ASSESSED CONTRIBUTIONS

25. As at 31 August 1994, assessments totalling \$5,692,191 had been apportioned among Member States in respect of UNOMIG for the period from 24 August 1993 to 21 September 1994. Contributions received for the same period amounted to \$2,406,520, representing a shortfall of \$3,285,671. The details are contained in the table below.

Status of contributions as at 31 August 1994

(c) Payments received	<u>2 406 520</u>
(d) Balance due of assessments	<u>3 285 671</u>

IV. VOLUNTARY CONTRIBUTIONS

A. Contributions to the United Nations
Observer Mission in Georgia

26. In paragraph 17 of its resolution 48/256, the General Assembly invited voluntary contributions to UNOMIG in cash and in the form of services and supplies acceptable to the Secretary-General. No additional voluntary contributions have been received since the last report of the Secretary-General on the financing of UNOMIG (A/48/699/Add.1).

B. Trust Fund to facilitate the implementation of the mandate
of the United Nations Observer Mission in Georgia

27. In paragraph 10 of its resolution 937 (1994), the Security Council requested the Secretary-General to establish a voluntary fund for contributions in support of the implementation of the Agreement on a Cease-fire and Separation of Forces and/or for humanitarian aspects, including de-mining, as specified by the donors, which will in particular facilitate the implementation of the mandate of the Mission, and encouraged Member States to contribute to the fund. The fund was established on 29 July 1994. To date, no contributions to the trust fund have been received.

V. FINANCIAL PERFORMANCE REPORT FOR THE PERIOD
FROM 7 AUGUST 1993 TO 31 MARCH 1994

28. The financial performance report for the period from 7 August 1993 to 31 March 1994 (annex I) and supplementary information thereon (annex II) will be issued as an addendum to the present report.

VI. COST ESTIMATES FOR THE PERIOD FROM 1 JULY 1994
TO 13 JANUARY 1995

29. The estimated cost of maintaining UNOMIG for the six-and-one-half-month period from 1 July 1994 to 13 January 1995 is projected at \$15,034,200 gross (\$14,517,000 net). Of the estimated cost, the amount of \$1,336,800 gross (\$1,252,000 net) has been authorized for the period from 1 July to 21 September 1994 under the terms of General Assembly resolution 48/256. In addition, the amount of \$9,325,800 gross (\$9,212,500 net) has been authorized for the period from 1 July to 21 October 1994 under the terms of resolution 48/229 on unforeseen and extraordinary expenses. Thus, additional requirements for the enlargement of the Mission authorized by the Security Council in its resolutions 892 (1993) of 22 December 1993 and 937 (1994) total \$4,371,600 gross (\$4,052,500 net). Of the total amount of \$15,034,200 gross (\$14,517,000 net) required for the period from 1 July 1994 to 13 January 1995, only an amount of \$1,336,800 gross (\$1,252,000 net) has been assessed on Member States.

30. A summary of the cost estimate for the period is presented in annex III, and supplementary information thereon is contained in annex IV. Annex VII provides the civilian staff and related costs of UNOMIG for the period from 1 July 1994 to 13 January 1995 and the 12-month period from 14 January 1995 to 13 January 1996.

31. The current and proposed staffing table is attached as annex VIII, while the relevant job descriptions for staff in the Professional category and above are provided in annex IX. Information on the configuration of the Mission according to the organizational unit and geographical location, indicating the number of civilian staff, military personnel at Mission headquarters, liaison offices and sector offices, as well as the distribution of vehicles and equipment is set out in annex X. The current establishment of vehicles and major equipment is provided in annex XI.

VII. COST ESTIMATES FOR THE PERIOD FROM 14 JANUARY 1995
TO 13 JANUARY 1996

32. The estimated monthly cost of maintaining UNOMIG for the 12-month period from 14 January 1995 to 13 January 1996 is \$1,685,700 gross (\$1,582,700 net).

33. A summary of the cost estimate for this period is presented in annex V and supplementary information thereon in annex VI.

34. The current mandate period of UNOMIG will expire on 13 January 1995. Accordingly, the Secretary-General requests that the General Assembly, at its

/...

forty-ninth session, make appropriate provision for the Mission's expenses for the period beyond 13 January 1995, should the Security Council decide to continue the mission beyond that date.

VIII. OBSERVATIONS AND COMMENTS ON RECOMMENDATIONS BY THE
ADVISORY COMMITTEE ON ADMINISTRATIVE AND BUDGETARY
QUESTIONS

35. In its report of 30 March 1994 to the General Assembly (A/48/918), the Advisory Committee recalled and reiterated its observation in its report (A/48/900) that any payment relating to hazardous duty station allowance should be made in accordance with the relevant rules and regulations of the United Nations.

36. In that regard, the International Civil Service Commission, at its fortieth session (June/July 1994), approved an increase in the amounts of hazard pay in respect of UNOMIG as follows:

(a) For internationally recruited staff, an amount equivalent to 20 per cent of net base salary at the P-4, step VI, level (dependency rate), that is, \$867 per month;

(b) For locally recruited staff, the amounts are equivalent to 20 per cent of the mid-point of the applicable local salary scale. The cost estimates of UNOMIG for the period from 1 July to 13 January 1995 reflect the hazardous duty station allowance approved by the Commission through 30 November 1994.

IX. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY
AT ITS FORTY-NINTH SESSION

37. The actions to be taken by the General Assembly at its forty-ninth session in connection with the financing of UNOMIG are as follows:

(a) The appropriation of the amount of \$15,034,200 gross (\$14,517,000 net) for the period from 1 July 1994 to 13 January 1995, inclusive of the amount of \$1,336,800 gross (\$1,252,000 net) authorized with the prior concurrence of the Advisory Committee on Administrative and Budgetary Questions under the terms of paragraph 15 of resolution 48/256;

(b) The assessment of the amount of \$13,697,400 gross (\$13,265,000 net) for the period from 1 July 1994 to 13 January 1995, inclusive of the amount of \$9,325,800 gross (\$9,212,500 net) authorized with the prior concurrence of the Advisory Committee under the terms of resolution 48/229 on unforeseen and extraordinary expenses, and taking into account the amount of \$1,336,800 gross (\$1,252,000 net) already assessed;

(c) With regard to the period after 13 January 1995, provision by commitment authorization at a monthly rate of \$1,685,700 gross (\$1,582,700 net) and for the assessment of such amounts, should the Security Council decide to continue UNOMIG beyond that date.

ANNEX IV

Cost estimates for the period from 1 July 1994
to 13 January 1995

Supplementary information

I. COST PARAMETERS

1. The cost estimate for the period from 1 July 1994 to 13 January 1995 was calculated, where applicable, on the basis of the cost parameters indicated below.

1. Mission subsistence allowance

2. Mission subsistence allowance will be paid to all military observers and United Nations international civilian staff at the following rates: (a) \$112 per person per day for the first 30 days; and (b) \$86 per person per day thereafter for all locations. The above rates are subject to supplements of 10 and 15 per cent for civilian staff at the D-1/D-2 and ASG/USG levels, respectively.

2. Travel costs

3. Travel of military observers to and from the mission area by commercial means has been calculated at an average round-trip cost of \$4,000 per person, or \$2,000 one way. Travel costs for international civilian staff have been calculated at an average round-trip cost of \$5,000 and \$2,500 one way for business class airfares, based on actual costs incurred in the prior budget period.

3. Military personnel costs

4. The authorized strength of the Mission is 136 military observers (including the Chief Military Observer, who is at the D-2 level). All costs relating to the Chief Military Observer are therefore included in the civilian staffing. The cost estimates for 135 military observers are in accordance with the deployment schedule below:

/...

Deployment of military observers

Period	Number of military observers	Number of days	Total person/ days	Number of months	Total person/ months
1 July 1994- 13 January 1995	21	197	4 137	6.5	136.5
1 July 1994- 13 January 1995	9	197	1 773	6.5	58.5
20 July 1994- 13 January 1995	24	178	4 272	5.75	138.0
1 September 1994- 13 January 1995	10	135	1 350	4.5	45.0
15 September 1994- 13 January 1995	35	121	4 235	4.0	140.0
1 October 1994- 13 January 1995	<u>36</u>	<u>105</u>	<u>3 780</u>	<u>3.5</u>	<u>126.0</u>
Total	<u>135</u>	<u>933</u>	<u>19 547</u>	<u>30.75</u>	<u>644.0</u>

4. Civilian personnel costs

5. The cost estimate is based on a total of 69 international civilian staff (20 Professional, 23 Field Service, 10 Security Service, and 16 General Service) and 81 local staff, as indicated in annex VII.

6. Salaries of internationally recruited staff are estimated using New York standard cost rates for staff in the Professional and General Service categories and field operations standard cost rates for staff in the Field Service category. The salaries of locally recruited staff are also estimated at net cost at an average of \$2,400 per person per annum.

7. The costs of salaries, common staff costs (inclusive of hazardous duty station allowance), mission subsistence allowance and staff assessment cover the period from 1 July 1994 to 13 January 1995, based on a phased deployment as shown in annex VII.

/...

5. Transport operations

8. Costs for repairs, maintenance, spare parts, petrol, oil and lubricants and third-party liability insurance are based on a total of 169 United Nations-owned vehicles and 1 contingent-owned vehicle.

ANNEX VI

Cost estimates for the period from 14 January 1995
to 13 January 1996

Supplementary information

I. COST PARAMETERS

1. The cost estimate for the period from 14 January 1995 to 13 January 1996 was calculated, where applicable, on the basis of the cost parameters indicated below.

1. Mission subsistence allowance

2. Mission subsistence allowance will be paid to all military observers and United Nations international civilian staff at the following rates: (a) \$112 per person per day for the first 30 days; and (b) \$86 per person per day thereafter for all locations. The above rates are subject to supplements of 10 and 15 per cent for civilian staff at the D-1/D-2 and ASG/USG levels, respectively.

2. Travel costs

3. Travel of military observers to and from the mission area by commercial means has been calculated at an average round-trip cost of \$4,000 per person, or \$2,000 one way. Travel costs for international civilian staff have been calculated at an average round-trip cost of \$5,000 and \$2,500 one way for business class airfares, based on actual costs incurred in the prior budget period.

3. Military personnel costs

4. The authorized strength of the Mission is 136 military observers (including the Chief Military Observer, who is at the D-2 level). All costs relating to the Chief Military Observer are therefore included in the civilian staffing.

4. Civilian personnel costs

5. The cost estimate is based on a total of 69 international civilian staff (20 Professional, 23 Field Service, 10 Security and Safety Service, and 16 General Service) and 81 local staff, as indicated in annex VIII.

6. Salaries of internationally recruited staff are estimated using New York standard cost rates for staff in the Professional and General Service categories and field operations standard cost rates for staff in the Field Service category. The cost estimates take into account a 10 per cent turnover factor.

/...

The salaries of locally recruited staff are also estimated at net cost at an average of \$2,400 per person per annum.

7. The costs of salaries, common staff costs (no provision is made for hazardous duty station allowance), mission subsistence allowance and staff assessment cover the period from 14 January 1995 to 13 January 1996.

5. Transport operations

8. Costs for repairs, maintenance, spare parts, petrol, oil and lubricants and third-party liability insurance are based on a total of 167 United Nations-owned vehicles and 3 contingent-owned vehicles.

II. REQUIREMENTS

United States
dollars

ANNEX IX

Job descriptions

A. Office of the Chief Military Observer

1. Chief Military Observer (D-2)

Assumes responsibility for the command and control of the military observers in the field, in observance and fulfilment of the Mission's mandate as delineated and authorized by the Security Council.

2. Political Adviser (D-1)

Supports the Chief Military Observer in pursuing the Secretary-General's good offices and peace-keeping operations. Responsible for monitoring of the local political situation, in the context of both the work of the Mission and the larger domestic and international realms, recommends policies and actions of a political nature and consults with the Department of Peace-keeping Operations and the Department of Political Affairs.

3. Legal Officer (P-5)

Responsible for overall review and analysis of the progress of the Mission according to its mandate and reporting on same to the Chief Military Observer.

4. Special Assistant to the Chief Military Observer (P-4)

Provides support to the Chief Military Observer in the execution of his responsibilities, makes arrangements as required to organize and facilitate his official schedule and other related duties, and assists with special assignments.

5. Interpreters (P-3)

Renders consecutive interpretation in English and Russian to the Chief Military Observer at military briefings, high-level public and private meetings, official dinners and during duty tours to the theatres of operation. The interpreter may also be called upon to translate official documents into English or Russian.

B. Office for the Coordination of Humanitarian Assistance

Humanitarian Affairs Liaison Officer (P-5)

Oversees and coordinates humanitarian assistance efforts of the United Nations agencies, bilateral donors, non-governmental organizations and other concerned institutions.

C. Office of the Director of Administration

1. Chief Administrative Officer (D-1)

Principal officer with overall responsibility for administration, personnel and finance of the Mission; assumes day-to-day management and control of the Mission and acts as Chief of Mission in the absence of the Force Commander.

2. Chief of Procurement (P-4)

Responsible for all procurement of goods and services, both locally and regionally, within the terms of the authority specifically delegated to the Mission and according to all relevant United Nations rules, regulations and guidelines.

3. Procurement Officer (Sochi) (P-3)

Under the direction of the Chief of Procurement, responsible for ensuring that provisions to the Mission, such as equipment and supplies brought in from outside the region (Sochi, Russian Federation is the main point of entry into the mission area), are transported into Abkhazia and responsible for coordinating administrative and logistical support to ensure adequate provisioning to the Mission.

4. Chief of Finance (P-4)

Responsible for the overall administration of the accounts of the Mission; develops and produces programme cost estimates and field performance reports; ensures implementation of financial rules, regulations and instructions, and supervises the finance unit staff.

5. Finance Officer (Istanbul) (P-3)

Under the direction of the Chief of Finance, responsible for managing the Mission's cash transfers, banking facilities and payments to local suppliers and corresponding accounts.

As there are no banking facilities in Abkhazia and regional financial arrangements are unreliable, it is imperative to establish a finance unit in a location that can provide the Mission with cash transmittals, banking facilities and payment services. Istanbul is the most frequently used point of connection into the mission area and as a regional financial and commercial centre would be convenient for procurement purposes.

6. Chief of Personnel (P-4)

Responsible for overall administration of the personnel programme, including staff planning, classification, staff relations, appointments, promotions, separations, assignments, staff development and travel of all staff.

/...

7. Chief of General Services (P-3)

Manages the buildings and services required by the Mission for offices, shops and housing accommodation for military (and civilian where required) staff; plans, organizes and controls central registry, mail, inventory control and related services.

8. Chief of Communications (P-3)

Responsible for overall administration and management of the Mission's communications network; ensures adequate coverage within the mission area and from the mission area to United Nations Headquarters.

9. Chief Transport Officer (P-3)

Responsible for providing and maintaining a transport service with associated technical support to the military observers and administration of UNOMIG.

10. Information Management Systems Officer (P-3)

Responsible for establishing and maintaining a computerized network for the Mission; developing and adapting software as required; and providing user training and support.
