I. INTRODUCTION

- 1. The earlier report of the Secretary-General (A/48/848/Add.1) on the financing of the United Nations Mission for the Referendum in Western Sahara (MINURSO), dated 11 May 1994, provided, <u>inter alia</u>, the revised cost estimates for the operation of MINURSO for the period from 1 April to 31 July 1994 and the monthly cost of the Mission beyond 31 July 1994.
- 2. The General Assembly, in its resolution 48/250 B of 23 June 1994, authorized the Secretary-General to utilize \$18,812,800 gross (\$17,693,100 net) from the unencumbered balance of the initial appropriation for the maintenance of MINURSO for the period from 1 April to 31 July 1994. This amount is inclusive of the \$14.8 million gross (\$14 million net) authorized under its resolution 48/250 A of 14 April 1994.
- 3. In the same resolution, the General Assembly also authorized the Secretary-General to enter into commitments for the maintenance of the Mission at a rate not to exceed \$3.4 million per month for the period from 1 August to 30 September 1994, that amount to be utilized from the projected unencumbered balance of appropriations, amounting to \$6,845,150 gross (\$9,153,950 net) as at 31 July 1994.
- 4. In order to provide the Mission with resources to maintain its activities beyond 30 September 1994, the Advisory Committee on Administrative and Budgetary Questions, in its letter to the Secretary-General dated 7 October 1994, concurred in the entering into of commitments not to exceed \$6,065,200 gross for the period from 1 October to 30 November 1994 under the terms of paragraph 1 of Assembly resolution 48/229 of 23 December 1993 on unforeseen and extraordinary expenses for the biennium 1994-1995.
- 5. It is recalled that in paragraph 56 of his latest report on the situation concerning Western Sahara to the Security Council (S/1994/819 of 12 July 1994), the Secretary-General noted, inter alia, that it would be his intention to recommend that the transitional period should start on 1 October 1994 and that the referendum should take place on 14 February 1995, should the Security Council decide on the basis of his next report that the referendum should be held in fulfilment of the settlement plan.
- 6. Pending submission of the report of the Secretary-General to the Security Council, the present document is prepared to provide MINURSO with resources to maintain its activities on a monthly basis beyond 30 November 1994 in pursuance of Security Council resolution 907 (1994) of 29 March 1994, in which the Council agreed, inter alia, to the course of action that was outlined under option B in the report of the Secretary-General of 10 March 1994 (S/1994/283). On that basis, the Identification Commission should complete the analysis of all applications received and proceed with the identification and registration of potential voters, in accordance with the Secretary-General's compromise proposal, the terms of reference of the Identification Commission and the relevant provisions of the settlement plan. Should the Security Council decide to hold the referendum, based on the proposal of the Secretary-General, a revised cost estimate will be submitted to the General Assembly.

II. STATUS OF ASSESSED CONTRIBUTIONS

7. The table below summarizes the status of assessed contributions received and unpaid, taking into account applied credits as at 30 September 1994. As shown, total outstanding assessments of \$20,361,164 are due from Member States:

	<u>United States dollars</u>
Amount appropriated	143 000 000
<u>Less</u> : Applied credits (staff assessmen income)	(2 088 777)
Amount apportioned	140 911 223
<u>Less</u> : Payments received	(<u>120 550 059</u>)
Balance due	20 361 164

III. STATUS OF THE UNENCUMBERED BALANCE OF APPROPRIATIONS

- 8. Table 1 reflects the total expenditure of \$139,605,150 gross (\$134,391,950 net) since inception of the Mission through 30 September 1994. In view of the additional commitment authority provided by the Advisory Committee on Administrative and Budgetary Questions of \$6,065,200 gross (\$5,600,200 net) for the period from 1 October to 30 November 1994, as indicated in paragraph 4 above, an additional appropriation in the amount of \$2,670,350 gross is being sought from the General Assembly in addition to the initial appropriation of \$143 million gross (\$140 million net). On the other hand, on a net basis, the additional commitment authority of \$5,600,200 is still within the initial appropriation and there is no need for additional assessment at the present time.
- 9. In view of the continuation of the Mission beyond the period originally anticipated, the establishment of the staff assessment in the initial appropriation has proved insufficient to cover the actual staff assessment requirement for the period from the inception (29 April 1991) to 30 November 1994. It is therefore necessary for adjustments to be made in the assessments for the operation of MINURSO.

Table 1. Balance of appropriations and expenditure for the period ended 30 September 1994 and projected balance for the period ending 30 November 1994

	United State	ag dollarg
	Gross	Net
Expenditure		
17 May 1991-30 November 1992	72 196 000	70 126 000
1 December 1992-31 December 1993	36 148 050	34 626 950
1 January-30 September 1994	31 261 100	29 639 000
Total expenditure	139 605 150	134 391 950
Commitment authority		
Provided by ACABQ from 1 October to 30 November 1994	6 065 200	5 600 200
Total expenditure and commitment authority	145 670 350	139 992 150
Less: Appropriation		
General Assembly resolution 45/266	143 000 000	140 000 000
Projected balance for the period ending 30 November 1994	_ 2 670 350	(7 850)

IV. VOLUNTARY CONTRIBUTIONS

- 10. Table 2 shows the amount of voluntary contributions provided to MINURSO for the period from 1 April to 30 September 1994. It indicates an annual valuation of \$9,364,500 for goods and services provided to MINURSO for which no budgetary provision has been made. Items for which changes have been reported are footnoted and these amount to \$3,241,000.
- 11. The voluntary provision of three aircraft, which were made available to the United Nations in emergency situations, was discontinued following the withdrawal of the Swiss Medical Unit from the mission area in June 1994.
- 12. The voluntary contribution of the Signals Unit, which consisted of 43 personnel and communications equipment, was discontinued following the withdrawal of the Australian Signals Unit from the mission area in May 1994.

Table 2. <u>Voluntary contributions received during the period from 1 April to 30 September 1994</u>

Contributor	Goods and services	Value (United States dollars)
Algeria	Self-contained camp with accommodation and offices for 12 United Nations personnel	210 500
	Food	219 000 <u>a</u> /
	Transport	27 000
	Fuel for heavy-duty vehicles and generators	20 000 <u>b</u> /
	Laundry facilities	10 000 <u>c</u> /
Morocco	Apartments	43 000
	Workshop	30 000 <u>c</u> /
	21 trucks (rental value)	1 054 000
	Hotel accommodation and meals for transients in Casablanca	250 000 <u>d</u> /
	Personnel at the team sites (cooks, technicians)	25 000
	Accommodation and food (Laayoune)	6 827 000 <u>e</u> /
	Water at team sites for hygiene facilities	57 000
	Building provided for registration and identification	60 000 <u>b</u> /
Frente POLISARIO	Office space for the Identification Commission	24 000
	Water at team sites for hygiene facilities	458 000
	Personnel (technical and other staff)	50 000 <u>f</u> /

 $[\]underline{a}$ / Increase of \$175,000.

 $[\]underline{b}/$ New voluntary contribution.

 $[\]underline{c}$ / Increase of \$11,000.

 $[\]underline{d}$ / Increase of \$135,000.

 $[\]underline{e}$ / Increase of \$2,810,000.

 $[\]underline{f}$ / Increase of \$20,000.

V. FINANCIAL PERFORMANCE REPORT FOR THE PERIOD FROM 1 JANUARY TO 30 SEPTEMBER 1994

13. The summary statement of the financial performance of the Mission for the period from 1 January to 30 September 1994 is contained in annex I to the present report. Column 1 of the annex shows the initial pro-rata cost estimate for the nine-month period from 1 January to 30 September 1994, as contained in the reports of the Secretary-General of 17 January and 11 May 1994, respectively (A/48/848 and Add.1). Column 2 indicates the actual amount provided to MINURSO for the period from 1 January to 30 September 1994; column 3 shows the actual expenditures for the period; and column 4 provides the amount of savings or overrun. Column 3 of the annex reflects the total expenditure for the period under review as \$31,261,100 gross (\$29,639,000 net), thus leaving an unutilized balance of \$3,351,700 gross (\$2,694,300 net), shown in column 4. Supplementary information on the expenditure under each line item is provided in annex II.

VI. COST ESTIMATE FOR THE MAINTENANCE OF THE MISSION ON A MONTHLY BASIS FOR THE PERIOD AFTER 30 NOVEMBER 1994

- 14. The monthly cost estimate for the maintenance of MINURSO, based on its current strength and mandate for the period after 30 November 1994, amounts to \$3,245,100 gross (\$3,013,800 net). Supplementary information on the requirements under each line item is provided in annex IV.
- 15. The proposed staffing for the periods from 1 October to 30 November 1994 and from 1 December 1994 are shown in columns 3 and 5 of annex V, respectively. Monthly staff costs and mission subsistence allowance requirements for the period after 30 November 1994 are based on the actual strength of the Mission as at 1 October 1994 and provide for 153 internationally and 63 locally recruited staff. A calculation of those costs is presented in annex VI. Should an increase in staff resources be required in the implementation of the MINURSO mandate, additional funding will be sought from the General Assembly.

VII. STATUS OF REIMBURSEMENT TO TROOP-CONTRIBUTING STATES

16. Troops are currently being provided to MINURSO by the Governments of Honduras and the Republic of Korea. Full reimbursement in accordance with the standard rates of reimbursement have been made on a current basis to those Governments.

VIII. FINANCIAL ADMINISTRATION

17. In a report to the General Assembly at its thirty-third session on the United Nations Emergency Force/United Nations Disengagement Observer Force (UNEF/UNDOF) (A/C.5/33/45), the Secretary-General had indicated, inter alia, that the amounts owed to troop-contributing Governments could not be paid in the time-frame envisaged under financial regulation 4.3. That situation continues to be experienced in some peace-keeping operations. Consequently, over the years the Assembly has adopted special arrangements whereby appropriations

required in respect of obligations owed to Governments providing contingents and/or logistic support to a mission have been retained beyond the period stipulated under financial regulations 4.3 and 4.4.

- 18. In the case of MINURSO and in the cases of UNEF/UNDOF, the United Nations Interim Force in Lebanon (UNIFIL), the United Nations Iran-Iraq Military Observer Group (UNIIMOG), the United Nations Transition Assistance Group (UNTAG), the United Nations Iraq-Kuwait Observation Mission (UNIKOM) and the United Nations Protection Force (UNPROFOR), there are currently certain amounts obligated for death and disability compensation and for the reimbursement to Government for its contingent-owned equipment that will be required for the settlement of claims not yet received from Governments. The accounts of MINURSO have been maintained since inception for the separate periods for which expenditures have been provided.
- 19. Accordingly it is proposed that special arrangements as regards article IV of the Financial Regulations similar to those contained in the annex to General Assembly resolution 47/210~B of 14 September 1993 related to UNPROFOR be applied to MINURSO, as follows:
- (a) At the end of the 12-month period provided in regulation 4.3, any unliquidated obligations of the financial period in question relating to goods supplied and services rendered by Governments for which claims have been received or which are covered by established reimbursement rates shall be transferred to accounts payable; such accounts payable shall remain recorded in the special account until payment is effected;
 - (b) (i) Any other unliquidated obligations of the financial period in question owed to Governments for goods supplied and services rendered, as well as other obligations owed to Governments, for which required claims have not yet been received shall remain valid for an additional period of four years following the end of the 12-month period provided for in regulation 4.3;
 - (ii) Claims received during this four-year period shall be treated as provided under (a) above, if appropriate;
 - (iii) At the end of the additional four-year period, any unliquidated obligations shall be cancelled and the then remaining balance of any appropriations retained therefor shall be surrendered.
 - IX. OBSERVATIONS AND COMMENTS ON PREVIOUS RECOMMENDATIONS OF THE ADVISORY COMMITTEE ON ADMINISTRATIVE AND BUDGETARY QUESTIONS
- 20. The General Assembly, in paragraph 4 of its resolution 48/250 B on the financing of MINURSO, requested the Secretary-General to report, within 30 days, on the full implementation of the recommendations of the Advisory Committee that were approved by the Assembly in its resolutions 48/250 A of 14 April 1994 and 48/250 B.

- 21. The Secretary-General submitted his report (A/48/848/Add.2) on 22 July 1994. All the observations and recommendations of the Advisory Committee have been taken into consideration and implemented.
 - X. ACTION TO BE TAKEN BY THE GENERAL ASSEMBLY AT ITS FORTY-NINTH SESSION
- 22. The actions to be taken by the General Assembly at its forty-ninth session in connection with the past and future financing of MINURSO are as follows:
- (a) Take note of the amount expended for the operation of the Mission from 1 January to 30 September 1994 in the amount of \$31,261,100 gross (\$29,639,000 net);
- (b) The appropriation of the additional amount of \$2,670,350 gross for the operation of MINURSO for the period ending 30 November 1994, taking into consideration the initial appropriation of \$143 million gross (\$140 million net) and the commitment authority provided by the Advisory Committee on Administrative and Budgetary Questions;
- (c) With regard to the period after 30 November 1994, provision by means of an authorization of \$3,245,100 gross (\$3,013,800 net) for the maintenance of MINURSO on a monthly basis and for the assessment of such amounts, should the Security Council decide to extend MINURSO beyond 30 November 1994;
- (d) A decision that the special arrangements as regards article IV of the Financial Regulations, as detailed in paragraph 19 above, be applied to MINURSO.

ANNEX I

Financial performance report for the period from 1 January
to 30 September 1994

Summary statement

(United States dollars)

		Initial cost estimate (1)	Authorization (2)	Estimated expenditure (3)	Savings/ (overrun) (4)=(2)-(3)

ANNEX II

Financial performance report for the period from 1 January to 30 September 1994

Supplementary information

(United States dollars)

Savings/ (<u>overrun</u>)

1. Military personnel costs

(a) <u>Military observers</u> (454 000)

1. Additional requirements are projected for mission subsistence allowance (\$305,500) and official travel (\$135,400). The additional requirement for mission subsistence allowance was due to payment of the full mission subsistence allowance entitlement of \$110 per day per military observer when observers are away from their base duty station but within the mission area, as compared with budget estimates of \$40 per person per day at Laayoune and \$45 elsewhere. As at 1 July 1994, the mission subsistence allowance rates were revised to \$60 per person per day through the mission area. The additional requirement for official travel was due to higher than anticipated costs of travel of military observers.

2. Savings under mission subsistence allowance (\$343,000), emplacement, rotation and repatriation of troops (\$1,200), rations (\$94,600) and welfare (\$3,500) were offset in part by the additional requirements for standard troop cost reimbursement (\$2,900) and clothing and equipment allowance (\$4,200). Those savings were due to the withdrawal of the Swiss Medical Unit and the Canadian Movement Control Unit in June 1994. The overexpenditures under standard troop cost reimbursement and clothing and equipment allowance were due to the initial underestimation of the requirements.

(c) Other costs pertaining to military personnel -

3. The amount allocated for contingent-owned equipment has been fully obligated to cover claims for depreciation value of the Swiss Medical Unit's contingent-owned equipment. The amount allocated under death and disability compensation has been fully obligated to cover potential claims from death, disability or injury of military personnel. Presently, the total unliquidated obligations available for the purpose is \$304,600. Currently, claims for death and for disability or injury are four and four, respectively.

2. <u>Civilian personnel costs</u>

4. Savings under mission subsistence allowance (\$83,900) and clothing and equipment allowance (\$1,700) were due to the high vacancy rate in the period from 1 April to 30 June 1994. The authorized and actual numbers of civilian police monitors for the period from April to June 1994 were as follows:

Period	Authorized strength	Number actually on board	Vacancy rate (%)
April	55	26	52.8
May	55	26	52.8
June	55	20	63.7
Average	55	24	56.4

5. Savings under travel costs (\$4,900) occurred because of the lower than projected level of rotation and emplacement travel in the period from April to June 1994.

6. Savings under salaries (\$1,404,300) and related costs of international staff (\$790,000) and local staff salaries (\$14,100) were due to the high vacancy rate in the period under review. The authorized and actual numbers of international staff in the Mission for the period from January to September 1994 were as follows:

Period	Authorized strength	Number actually on board	Vacancy rate (%)
January	124	101	18.5
February	124	101	18.5
March	124	102	17.7
April	196	99	49.5
May	196	133	32.1
June	196	140	28.6
July	196	141	28.0
August	196	134	31.6
Average	150	106	29.7

7. The authorized and actual numbers of local staff in the Mission for the period from January to September 1994 were as follows:

Period	Authorized strength	Number actually on board	Vacancy rate (%)
January	55	47	14.6
February	55	47	14.6
March	55	48	12.4
April	55	50	9.1
May	55 <u>a</u> /	51	7.3
June	55	57	(3.6)
July	55	55	-
August	55	55	_
September	55	55	_
Average	55	52	6.8

 $\underline{a}/$ Excluding 26 Local level staff for the period of six weeks only, beginning May 1994.

8. Savings under consultants (\$4,100) were due to the shorter periods of service provided by the consultants.

9. Savings here were due to the delay in deployment of the observers of the Organization of African Unity (OAU) in the mission area.

10. The overall savings of \$233,400 under construction/prefabricated buildings (\$141,700) was due in most part to non-implementation of a planned upgrading of the power supply line, while those under alterations and renovations to premises (\$54,400), utilities (\$31,100), maintenance services (\$6,000) and maintenance supplies (\$2,700) were due to lower than anticipated costs under these objects of expenditure and services. The above savings were offset in part by overexpenditure of \$2,500 under rental of premises.

4. <u>Infrastructure repairs</u> -

11. No provisions were made under this heading.

5.	Transport operations	49	800
of p vehi	Savings under petrol, oil and lubricants (\$43,200), spare parts, reparaintenance (\$11,700) and workshop equipment (\$900) were due to higher ools instead of individual transportation. The overexpenditure under cle insurance (\$6,000) was due to the higher number of vehicles than inally projected.		
6.	Air operations		
	(a) <u>Helicopter operations</u>	76	600
offs whic (\$40 lubr	Savings under the positioning/depositioning costs (\$178,700) were dustilization of the provision under the current contract. These saving et in part by the additional requirements for hire/charter costs (\$90 h had resulted from higher actual costs of helicopter hire per month 5,000 versus estimated costs of \$395,000 per month) and aviation fuel icants (\$11,900), which are attributable to higher actual charges that inally estimated.	gs v ,200 and	were 0),
	(b) <u>Fixed-wing aircraft</u> (86	300
fuel Iden with char numb fuel non- requ prep	Additional requirements under the hire/charter costs (\$45,900) and a and lubricants (\$13,800) were caused by the increased activities of tification Commission and the withdrawal of the Swiss Medical Unit, at their aircraft, from the mission area in June 1994. The United National tered aircraft had additional tasks of medical services, causing a higher of flying hours, extra requirements under hire/charter costs and as a Savings under positioning/depositioning costs (\$16,000) were due to utilization of funds during the period under review. The additional irements under liability and war-risk insurance (\$41,600) and painting aration (\$1,000) were due to the initial underestimation of those irements.	the long ons gher viat	g r
	(c) <u>Aircrew subsistence allowance</u>	-	
15.	No resources were required under this heading.		
	(d) Other air operation costs (50	200
16. are	The additional requirements for landing fees and ground handling (\$5 due to initial non-provision of funds for those purposes.	0,20	00)
7.	Naval operations	_	
17.	No provisions were made under this heading.		

8.	Communications
	(a) <u>Complementary communications</u>
acqu:	Savings under communications equipment (\$35,300), spare parts and supplies 700), workshop and test equipment (\$21,000) are due to the postponement of isition of equipment. Savings under commercial communications (\$2,600) are to lower use of the communication lines.
	(b) <u>Main trunking contract</u>
19.	No provisions were made under this heading.
9.	<u>Other equipment</u>
main	The additional requirements for office furniture (\$12,300) and office pment (\$25,700) are offset by savings under spare parts, repairs and tenance (\$33,400), miscellaneous equipment (\$20,200) and data-processing pment (\$600), which were at lower levels than initially projected.
10.	Supplies and services
	(a) <u>Miscellaneous services</u>
	Savings under contractual services $(\$7,500)$ and official hospitality $(\$700)$ been offset in part by the additional requirement under miscellaneous other ices $(\$8,100)$.
	(b) <u>Miscellaneous supplies</u>
quart requi funds higher the	Total savings of \$63,000 under stationery and office supplies (\$16,300), criptions (\$1,000), uniform items, flags and decals (\$6,800) and termaster and general stores (\$38,900) are offset in part by additional irements for sanitation and cleaning materials (\$17,500). These additionals are requested to purchase sanitation and cleaning materials in quantities er than in the previous reporting periods, following the overall increase in staffing of the Mission in May 1994. The requirements for the period under ew, however, were based on the previous pattern of expenditure.
11.	Election-related supplies and services
23.	No provisions were made under this heading.
12.	Public information programmes
24.	No provisions were made under this heading.
13.	Training programmes -
25.	No provisions were made under this heading.

14.	Mine-clearing programmes
26.	No provisions were made under this heading.
15.	Assistance for disarmament and demobilization
27.	No provisions were made under this heading.
16.	Air and surface freight
	Provision for the transportation of contingent-owned equipment (\$792,000) been fully obligated to cover claims from the respective Governments. Ings of \$200 are reported under the commercial freight and cartage line item.
17.	<u>Integrated Management Information System</u>
29.	No provisions were made under this heading.
18.	Support account for peace-keeping operations
30.	No provisions were made under this heading.
19.	Staff assessment
	Savings under the staff assessment line item have resulted from the overall acy situation in the Mission during the reported period, detailed in graph 2 (b) above.
20.	<u>Income from staff assessment</u> (657 400)
32	This amount is derived from item 19 above

ANNEX III

$\frac{\text{Cost estimate for the maintenance of the Mission on a monthly}}{\text{basis for the period after 30 November 1994}}$

ANNEX IV

Cost estimate for the maintenance of the Mission on a monthly basis for the period after 30 November 1994

Supplementary information

(United States dollars)

I. COST PARAMETERS

- 1. The cost estimates for the maintenance of the Mission are based on the parameters provided below.
 - (a) <u>Mission subsistence allowance</u>
- 2. Effective 1 July 1994, the mission subsistence allowance rate of \$60 is established throughout the mission area. Mission subsistence allowance is payable to all mission personnel, excluding locally recruited staff.
 - (b) <u>Travel costs</u>
- 3. Travel of mission personnel to and from the mission area by commercial means has been calculated at an average one-way cost of \$2,300 per person or \$4,600 round trip.
 - (c) Civilian personnel costs
- 4. Salaries and common staff costs for the international staff are net of staff assessment and are based on New York standard costs except for international staff on assignment from other United Nations organizations and staff appointed for the Mission. Salaries and common staff costs of local staff are based on the local salary scale established for Western Sahara.

II. REQUIREMENTS

- 1. Military personnel costs
 - (a) Military observers
- 5. Provision of \$410,600 is made for the mission subsistence allowance for 225 military observers at a rate of \$60 per person per day. Additional provision of \$5,400 is made for a six-day overlap during the rotation period at an average of 15 rotations a month.

(ii) <u>Travel costs</u>
6. Provision of \$69,000 is made for the estimated 15 rotation trips a month (180 trips per year) of the military observers at a cost of \$4,600 both ways.
(iii) <u>Clothing and equipment allowance</u>
7. Provision of \$3,800 is made for clothing and equipment allowance for 225 military observers at a rate of \$200 per military observer per year.
(b) <u>Military contingents</u>
(i) <u>Standard troop cost reimbursement</u>
8. Provision is made for the reimbursement to Governments for 48 military personnel (40 Medical Unit and 8 Movement Control Unit) at a rate of \$988 per person per month (\$47,400) plus a supplementary payment of \$291 per person per month for 12 (25 per cent) personnel (\$3,500).
(ii) <u>Welfare</u>
9. Provision is made to pay 40 military personnel for recreational leave at a rate of \$10.50 per person per day for up to 14 days of entitlement annually.
(iii) <u>Rations</u>
10. Provision is made for an estimated 200 persons at 11 team sites away from mission headquarters at an average cost of \$11 per person per day (\$66,900), plus bottled water for 538 personnel (216 civilian staff, 273 military and 49 civilian police) at an average of 2.5 bottles a day at \$0.50 a bottle (\$19,400).
(iv) Daily allowance 1 600
11. Provision is made for payment of a daily allowance for incidental personnel expenses to 40 medical personnel at a rate of \$1.28 per person per day, payable in local currency.
(v) Mission subsistence allowance
