**Приложение к идентичным письмам Постоянного представителя Ливана при Организации Объединенных Наций от 13 февраля 2009 года на имя Генерального секретаря и Председателя Совета Безопасности**

**Документ с изложением позиции Ливана в связи с подготовкой к представлению доклада о ходе осуществления резолюции 1701 (2006) Совета Безопасности**

13 февраля 2009 года

В связи с предстоящим представлением очередного обзора Генерального секретаря Организации Объединенных Наций, касающегося осуществления резолюции 1701 (2006) Совета Безопасности, Ливан вновь заявляет о своей приверженности полному осуществлению резолюции 1701 (2006) и призывает международное сообщество оказать давление на Израиль, с тем чтобы он соблюдал свои обязательства согласно упомянутой резолюции, и обеспечить создание возможностей для достижения прогресса.

- С момента проведения последнего обзора армия Израиля совершила 627 нарушений воздушного пространства Ливана, 49 нарушений сухопутной территории и 81 нарушение морского пространства (см. прилагаемый перечень, подготовленный Ливанскими вооруженными силами (ЛВС)) за период с 5 ноября 2008 года по 1 февраля 2009 года. Такое число этих нарушений наглядно подчеркивает постоянное стремление Израиля совершать нарушения голубой линии, суверенитета Ливана и резолюции 1701 (2006). Призывая к их немедленному прекращению, Ливан также отвергает и не может принять установление какой-либо связи между этими нарушениями и утверждениями о контрабанде оружия.
- Правительство Израиля и высокопоставленные военные должностные лица продолжают выступать с угрозами осуществить бомбардировки Ливана как публично, так и в ходе трехсторонних совещаний в Накуре, при этом они угрожают любым гражданским объектам или государственным учреждениям под предлогом якобы имеющего место создания запасов оружия и их передачи. Такие агрессивные угрозы являются не только серьезным нарушением резолюции 1701 (2006) и суверенитета Ливана, но также и представляют собой вопиющее нарушение обязательств по поддержанию международного мира и безопасности. Более того, такие угрозы идут вразрез с обязательством Израиля воздерживаться от любых односторонних действий и сообщать ВСООНЛ о любых предполагаемых случаях передачи оружия или накопления его запасов, с тем чтобы можно было осуществить необходимую проверку совместно с ЛВС.
- ЛВС продолжают расширять свое оперативное и стратегическое сотрудничество с ВСООНЛ и по-прежнему остаются приверженными делу активного участия в трехсторонних совещаниях. Несмотря на все механизмы, учрежденные на двусторонней основе с ВСООНЛ и в рамках трехсторонних совещаний, армия Израиля продолжает прибегать к односторонним действиям в районе голубой линии, несмотря на то, что в ходе трехсторонних совещаний она согласилась и неоднократно подтверждала, что

любые необычные действия в районе голубой линии должны координироваться заблаговременно вместе с ВСООНЛ и что в качестве знака доброй воли следует избегать ненужной эскалации напряженности в районе границы. Важно, чтобы такие правила соблюдались и Израилем.

- Что касается демаркации голубой линии, то Ливан подтверждает достигнутое в результате трехстороннего совещания соглашение об усилении и ускорении этого процесса, несмотря на то, что Ливан знает о том, что армия Израиля до настоящего времени продолжает создавать препятствия для деятельности по демаркации, а именно путем увязывания маркировки конкретно согласованных пунктов с другими еще не согласованными пунктами.
- Несмотря на все усилия, предпринятые ВСООНЛ с целью содействия процессу вывода Израиля из северной части Гаджата, и сотрудничество Ливана с ВСООНЛ для достижения этой цели, армия Израиля продолжает оккупировать этот район в нарушение своего обязательства осуществить безоговорочный вывод за пределы голубой линии в соответствии с резолюцией 1701 (2006).
- Продолжающаяся оккупация Израилем Мазарии-Шабба представляет собой угрозу для стабильности и безопасности в районе границы и является нарушением резолюции 425 (1978) Совета Безопасности. Напоминая о предложении правительства Ливана, которое содержится в плане из семи пунктов, мы настоятельно призываем Генерального секретаря активизировать его дипломатические усилия, с тем чтобы обеспечить уход Израиля с этой ливанской территории.
- Израиль по-прежнему отказывается предоставить Организации Объединенных Наций полные данные о применении кассетных боеголовок, которые он сбросил на Ливан в 2006 году. Это преступление гуманитарного характера усугубляет существующую ситуацию, которая ведет к большому числу жертв в результате взрыва противопехотных мин, которые Израиль установил в ходе его оккупации, а также усугубляет многочисленные преступления, которые Израиль совершил в Ливане и за которые он должен заплатить соответствующую компенсацию. Ливан настоятельно призывает Организацию Объединенных Наций продолжать рассмотрение этого вопроса, с тем чтобы защитить жизнь невинных гражданских лиц.
- В течение рассматриваемого периода ВСООНЛ и ЛВС активизировали координацию своих действий и совместное патрулирование в районе операций ВСООНЛ, что привело к принятию конкретных мер, направленных на предотвращение каких-либо боевых действий в районе операций ВСООНЛ.
- Осуждая любые односторонние действия Израиля, направленные против территории Ливана под каким-либо предлогом, правительство Ливана вновь заявляет о своей полной приверженности строгому осуществлению резолюции 1701 (2006) и считает, что любые боевые действия в районе голубой линии, в том числе ракетные обстрелы, являются вопиющим нарушением этой резолюции. Любые инциденты такого рода должны рассматриваться ВСООНЛ совместно с обеими сторонами, с тем чтобы гарантировать стабильность и безопасность.

- Следует отметить, что в последнее время, когда мы стали свидетелями агрессии Израиля в секторе Газа, ЛВС увеличили свое присутствие на юге, с тем чтобы гарантировать стабильность в этом районе и предотвратить любые последствия, касающиеся Ливана.
- Ливан вновь подчеркивает важное значение усиления международной помощи в наращивании потенциала его армии, что обеспечит ее готовность выполнять возложенные на нее задачи по защите суверенитета Ливана и безопасности его народа.
- Что касается пограничного контроля, то Объединенные пограничные силы продолжали выполнять свою работу на севере и осуществляли меры по постепенному распространению своей деятельности в район восточной границы в соответствии с решением Совета министров.
- Ливан осуществляет сотрудничество с ВСООНЛ в решении вопросов, имеющих исключительно гражданский характер, которые могут иметь нежелательные последствия для ситуации в районе голубой линии. В этой связи правительство Ливана ведет строительство дренажных сооружений для удаления накопившейся в результате дождей воды в окрестностях деревни Кафаркела, что является проблемой, возникшей в результате того, что в прошлом Израиль во время оккупации этого района изменил естественное русло водных потоков.
- Что касается экономики, то мы вновь подтверждаем обращенный к международному сообществу в резолюции 1701 (2006) призыв о том, чтобы рассмотреть вопрос об оказании дополнительной помощи в деле восстановления и развития Ливана. В этом контексте мы настоятельно призываем государства — участники конференций в Стокгольме, Париже (Париж-III) и Вене выполнить взятые ими обязательства.
- Очевидно, что нельзя обеспечить стабильность и безопасность, если на смену непредсказуемой ситуации, связанной с прекращением боевых действий, не придет постоянное прекращение огня.
