Stopping Violation Against Human Rights

I thank you for a new prepared chance in which we can hear voices of non- governmental organization from all over the world in Geneva, the demanding justice center.

Now, as a institute of Iranian civil society who manages and protects social victims in the largest and the most equipped center, according to our national responsibility due to our special consultative status with ECOSOC, from our institute and non- governmental organization, we most regretfully announce the condition in Gaza, Palestinian motherhood land as a part of civil society based on people intention. In Gaza, women and children became in a very difficulty, women and children are the half of killed and victims, and the agents of these savagely crimes, although with the free society slogan, are murderer. So, we want to punish these generation slay agents and stop violence against humanity in battles crimes courts.

The condition in society which involved violence is regretful, and the way to control it is more regretful.

At present I write this note for you; European Union makes his the greatest mistake in his history for omission People's Mugahedin of Iran terrorist flow.

People's Mugahedin of Iran terrorist flow hands are implicating the blood of non-governmental organization members, public area, journalists, workers, traders, and individuals of our society. President and members of the central council of Islamic Republic party and many men, women and children in Iran, like Zionists crime in Gaza, were killed all over Iran with their terror and bombing. Torture and murder are some un-humanist action of this organization, unfortunately, European union supports them and lets them residing and activity in western countries instead of trying and punishment them in battles crimes courts.

Aren't these clear violations of human rights and society rights of Iranian? Aren't these washing blood from criminal contaminated hands? Now a day, the number of killed and injured people caused by violence are over 1.5 million in Iraq and Afghanistan. Official Guantanamo prison is the civilized symbol of American freedom world, for escaping essential land rules.

Now, we want you, who are gathering together to prevent human rights violation, in the cradle of democracy, men and women are prevented from entering the educational and scientific centers with dressings and over laying which is their authority in personal territory, and they enacted law to formalize it; personal territory, which is respected in international treaties and human rights charter, is invaded, and here is no ombudsman.

Now, world society and non-government organization want you to investigate the crimes in Gaza, Iraq, Afghanistan, Zimbabwe, Somalia, America and western land, specially washing the bloody hands of criminal; decisively and away from political influence; and prepare the introduction of trials of agents of crimes against humanist in international court.
