Consejo de Derechos Humanos

18º período de sesiones

Tema 4 de la agenda

**Situaciones de derechos humanos que requieren
la atención del Consejo**

Nota verbal de fecha 22 de julio de 2011 dirigida a la Secretaría del Consejo de Derechos Humanos por la Misión Permanente de Azerbaiyán ante la Oficina de las Naciones Unidas y otras organizaciones internacionales en Ginebra*

Desearía señalar a su atención el trágico crimen que se ha producido recientemente a consecuencia de la explosión de un juguete que llevaba integrado un mecanismo explosivo y había sido colocado deliberadamente por la República de Armenia en las aguas del río Tovuz, que fluye de Armenia hacia Azerbaiyán. El 14 de julio de 2011, Aygun Shahmaliyeva, una niña azerbaiyana de 13 años, resultó muerta y su madre, Elnara Shahmaliyeva, gravemente herida.

El hecho de que la República de Armenia utilice como objetivo y mate constante y deliberadamente a niños azerbaiyanos pone de manifiesto las trágicas consecuencias que tiene el disfrute de una cultura de impunidad en el lado armenio.

Le agradecería enormemente que distribuyera mi carta y su anexo como documento oficial del Consejo de Derechos Humanos en relación con el tema 4 de la agenda.

Statement

On 14 July 2011, as a result of the explosion of the toy-like mine trap in the Alibayli village of the Tovuz district of the Republic of Azerbaijan, Aygun Shahmaliyeva, a thirteen-year-old Azerbaijani girl was killed and her mother Elnara Shahmaliyeva was seriously wounded. It should be noted that this tragic incident occurred by a toy, with a built-in explosive, deliberately floated by the Republic of Armenia to the Tovuz river flowing from Armenia to Azerbaijan.

The following facts - the Alibayli village being one of the closest settlements of the Tovuz district in the direction of border with Armenia where the tragic incident happened in, the arrival of the explosive device in the territory of the Republic of Azerbaijan through the Tovuz river that takes its source in the Republic of Armenia and crosses the border between Armenia and Azerbaijan - irrefutably testify that the device was prepared by the Armenian side deliberately and in a specially assigned manner. The make-up of the explosive device in a toy-like fashion clearly demonstrates the real intention of Armenia and that targeting children was anticipated in advance.

The tragic death of the Azerbaijani child caused deep anger and fury of the whole Azerbaijani public. Constant and regular violations of the ceasefire by the armed forces of the Republic of Armenia, the deliberate targeting and killing of the Azerbaijani civilians and children while the intensive negotiations on the peaceful solution of the Armenia-Azerbaijan conflict are underway once again indicate that these actions by Armenia serve the intentional disruption of the conflict settlement process and deal a great blow upon the confidence-building measures between the parties to the conflict at such a sensitive period of time.

The Republic of Azerbaijan strongly protests against yet another hateful and dangerous provocation of the Republic of Armenia. By the intentional killing of an Azerbaijani child and the shameless denial of its responsibility for this odious crime, the Armenian side has demonstrated once again that it feels no remorse and mercy for the senseless loss of life of a thirteen-year-old girl, and moral and ethical principles of humanity are alien to Armenia.

The violent and bloody action by the Republic of Armenia against the innocent Azerbaijani girl in a complete disregard of its obligations and commitments under international law can only be considered as a presumed and immediate consequence of the consistent policy of the official Yerevan line in conveying the odious ideas of racial superiority and hatred laid down in the state policy of the Republic of Armenia.

The Republic of Azerbaijan calls upon the Member States of the United Nations, the United Nations High Commissioner for Human Rights and the other relevant human rights institutions of the United Nations to condemn such horrible and heinous actions of the Republic of Armenia which already led to the killing and maiming of thousands of innocent Azerbaijani children. The numerous and tragic facts on the bloody actions against the Azerbaijani civilian population, especially children win no respect to the Republic of Armenia but the label of the child killer.
