Consejo de Derechos Humanos

29º período de sesiones

Tema 4 de la agenda

**Situaciones de derechos humanos que requieren
la atención del Consejo**

Carta de fecha 23 de junio de 2015 dirigida al Presidente del Consejo de Derechos Humanos por el Representante Permanente de la República Popular Democrática de Corea ante la Oficina de las Naciones Unidas en Ginebra

Es para mí un honor saludarlo y adjuntar a la presente la declaración realizada por el portavoz del Ministerio de Relaciones Exteriores de la República Popular Democrática de Corea el 23 de junio de 2015 con relación a la apertura de la Oficina de Derechos Humanos de las Naciones Unidas en Seúl (véase el anexo).

Aprovecho esta oportunidad para reiterar la postura del Gobierno de la República Popular Democrática de Corea, que se opuso y rechazó categóricamente la “resolución de derechos humanos” aprobada de manera sumaria en el 25º período de sesiones del Consejo de Derechos Humanos en marzo de 2014, dado que fue producto de la cruel y hostil política de los Estados Unidos de América hacia el país. Así pues, la República Popular Democrática de Corea nunca ha reconocido la “oficina” constituida de resultas de dicha “resolución”. La República Popular Democrática de Corea condena vehementemente el trastorno que supone el establecimiento de la “oficina” en Seúl como una manifestación más de la campaña de “derechos humanos” lanzada en su contra por fuerzas hostiles imbuidas de un sentimiento inveterado de repugnancia hacia ella y como odiosa provocación de origen político que pone en entredicho su dignidad y su sistema social.

Le agradecería que hiciera distribuir la presente carta y la declaración adjunta* como documento del 29º período de sesiones del Consejo de Derechos Humanos en relación con el tema 4 de la agenda.

Statement issued by the spokesman for the Ministry of Foreign Affairs of the Democratic People's Republic of Korea (23 June 2015)

The dishonest hostile forces are getting extremely reckless and provocative in their moves to tarnish the dignity and image of the Democratic People's Republic of Korea (DPRK) and bring down its ideology and social system at any cost under the pretext of non-existent "human rights issue."

The hostile forces finally set up the ghost-like "UN human rights office" in south Korea despite the DPRK's repeated warnings and strong protest of different countries and their people.

This is a hideous politically-motivated provocation challenging the dignity and social system of the DPRK and a criminal act of escalating tensions on the Korean peninsula and in the region and inciting confrontation under the pretext of "protecting human rights."

The hostile forces are advertising the establishment of the "office" was pursuant to the "resolution" of the Human Rights Council but they can never cover up their true colors as plot-breeders.

The DPRK categorically opposed and rejected the "human rights resolution" railroaded through the 25th meeting of the UN Human Rights Council in March last year as it was a product of the U.S. vicious hostile policy toward the DPRK. The DPRK, therefore, never recognizes the "office" set up, pursuant to the "resolution."

The DPRK vehemently condemns the ruckus of setting up the "office" in Seoul as another form of the anti-DPRK "human rights" campaign launched by the hostile forces seized with the inveterate repugnance towards the DPRK.

The south Korean puppet authorities have turned south Korea into a tundra of human rights by invoking the "Security Law" and other evil laws. It is the height of impudence for them to have taken the lead in setting up such "office", talking volumes about the "human rights issue" in the DPRK.

They allowed the setting up of the "office" in Seoul though no country in the world dared do so. This is an anachronistic behavior and a grave provocation pushing the inter-Korean confrontation to an extreme phase contrary to the desire of all Koreans for improved inter-Korean relations.

It is as clear as noonday that the "office" is no more than a center for gathering misinformation cooked up by "defectors from the north" and other riff-raffs to earn money as it is set to implement the U.S. hostile policy towards the DPRK from A to Z.

It is ridiculous, indeed, for the U.S. and other hostile forces to work hard to save the anti-DPRK "human rights" campaign from bankruptcy by patronizing the human scum who eke out their living through false propaganda.

It is no more than a daydream for them to try to do harm to the DPRK standing highly dignified for its independence and Songun by employing such base means and methods as setting up the “office”.

The DPRK will decisively foil the reckless "human rights" racket against the DPRK through resolute toughest counteractions.
