COMMISSION DES DROITS DE L'HOMME  
Cinquante-neuvième session  
Point 8 de l'ordre du jour provisoire

**QUESTION DE LA VIOLATION DES DROITS DE L'HOMME DANS LES TERRITOIRES  
ARABES OCCUPÉS, Y COMPRIS LA PALESTINE**

Lettre datée du 22 octobre 2002, adressée au Haut-Commissaire des Nations Unies  
aux droits de l'homme par l'Observateur permanent de la Palestine  
auprès de l'Office des Nations Unies à Genève

Les forces d'occupation israéliennes continuent d'utiliser aveuglément leur équipement militaire lourd et leurs armes meurtrières contre la population palestinienne, faisant chaque jour plus de victimes parmi des civils sans défense, y compris des enfants, et prouvant ainsi une fois encore qu'Israël est déterminé à poursuivre sa campagne d'opérations sanguinaires, de terrorisme d'État, de massacres et de destruction de toute l'infrastructure palestinienne.

Tôt ce matin, les Forces d'occupation israéliennes ont bombardé à l'artillerie lourde et aveuglément des maisons palestiniennes au sud-est de Deir Al-Balah, causant des dégâts considérables et terrorisant la population, principalement les enfants qui se rendaient à l'école. Un poste de police palestinien situé dans la bande de Gaza a également été la cible d'un tir de char, sans raison apparente. Les Forces d'occupation israéliennes continuent d'imposer le couvre-feu dans la plupart des zones palestiniennes, de durcir leur siège déjà oppressant et de refuser à la population palestinienne assiégée tout accès à la nourriture, aux médicaments et aux soins dans les hôpitaux. Elles continuent d'envahir les zones contrôlées par les Palestiniens, de détruire tout sur leur passage et d'arrêter des dizaines de Palestiniens pour les emmener vers des lieux inconnus où ils sont soumis à la torture, et sont détenus sans jugement. Elles continuent également de retenir pendant des heures aux barrages routiers israéliens des centaines de Palestiniens qui se rendent sur leur lieu de travail ou à l'hôpital ou qui vont tout simplement

acheter les denrées alimentaires nécessaires à leur famille et leur font subir toutes sortes de traitements dégradants et inhumains.

Comme si ces pratiques arbitraires ne suffisaient pas, les colons israéliens continuent pour leur part de terroriser les Palestiniens qui passent près des colonies israéliennes illégales ou vivent à proximité en lançant des attaques systématiques contre les villageois, en incendiant leurs véhicules, en détruisant leurs récoltes, en déracinant leurs arbres, en confisquant leurs terres agricoles et en les expropriant.

Pour de plus amples renseignements, on trouvera ci-joint des mémorandums publiés par l'Autorité nationale palestinienne au sujet des agressions commises quotidiennement par les Israéliens contre le peuple palestinien dans les territoires occupés, pendant la période du 13 au 20 octobre 2002.

Toutes ces pratiques des Forces d'occupation israéliennes et des colons israéliens, qui visent des civils palestiniens, constituent autant de violations flagrantes des droits de l'homme, de tous les principes du droit international, du droit international humanitaire et de la Déclaration universelle des droits de l'homme ainsi que des dispositions de la quatrième Convention de Genève de 1949, relative à la protection des personnes civiles en temps de guerre.

Nous lançons une fois de plus un appel à Votre Excellence et vous prions d'engager le Gouvernement israélien à mettre fin à ses offensives contre des civils palestiniens innocents et à respecter les obligations qui lui incombent en vertu du droit international humanitaire. Nous vous demandons également d'user de vos bons offices pour apporter une protection internationale aux civils palestiniens sans défense jusqu'à ce qu'Israël se retire de tous les territoires palestiniens occupés.

Je vous serais très reconnaissant de bien vouloir faire distribuer aux membres de la Commission des droits de l'homme le texte de la présente lettre, avec son annexe\*, en tant que document officiel de la cinquante-neuvième session de la Commission au titre du point 8 de l'ordre du jour.

Observateur permanent
