RETAIL MEAT CUTS DESCRIPTIONS**

Note by the secretariat*

The present document UNECE Standard for Retail Meat Cuts - Retail Meat Cuts Descriptions has been submitted by the United States of America. It contains former section 5 of the Draft New UNECE Standard for Retail Meat Cuts which has been separated from the main text of the draft standard contained in document ECE/TRADE/C/WP.7/GE.11/2010/6. The documents were prepared following the decision of the Specialized Section to begin work on a standard for retail meat cuts (document ECE/TRADE/C/WP.7/GE.11/2008/8, para. 41). The revised documents are based on deliberations held at the Rapporteurs Meeting on Retail Meat Cuts (Beef) (Stillwater, United States, 16 to 20 November 2009). This document is presented for discussion.

The document is prepared in accordance with paragraph 5 of the Working Party's Terms of Reference.

* This document was submitted late due to delayed inputs from other sources.
