### Uso de la tierra, cambio de uso de la tierra y silvicultura

#### Proyecto de conclusiones propuesto por la Presidencia

1. De conformidad con las conclusiones aprobadas en la reanudación de su quinto período de sesiones<sup>1</sup>, el Grupo de Trabajo especial sobre nuevos compromisos de las Partes del anexo I con arreglo al Protocolo de Kyoto (GTE) siguió examinando la manera de abordar, cuando proceda, las definiciones, modalidades, normas y directrices para el tratamiento del uso de la tierra, el cambio de uso de la tierra y la silvicultura en el segundo período de compromiso del Protocolo de Kyoto como medio que puedan utilizar las Partes en el anexo I para alcanzar las metas de reducción de las emisiones y de aumentar la eficacia de esos medios y su contribución al desarrollo sostenible.

2. El GTE decidió seguir examinando, en la continuación de su sexto período de sesiones (diciembre de 2008), posibles opciones para abordar, cuando proceda, las definiciones, modalidades, normas y directrices para el tratamiento del uso de la tierra, el cambio de uso de la tierra y la silvicultura, teniendo en cuenta la información contenida en el anexo de las presentes conclusiones y tomando nota del anexo IV del informe del GTE en la reanudación de su quinto período de sesiones<sup>2</sup>.

3. El GTE alentó a las Partes a que intercambiaron información a fin de aumentar su conocimiento acerca de las repercusiones de las posibles opciones para abordar, cuando proceda, las definiciones, modalidades, normas y directrices para el tratamiento del uso de la tierra, el cambio de uso de la tierra y la silvicultura, incluso en lo que respecta a la contabilidad, antes de la reanudación de su sexto período de sesiones. Para facilitar ese intercambio de información, el GTE invitó a las Partes a que presentaran información que viniese al caso a la secretaría con carácter voluntario y extraoficial y pidió a la secretaría que diese a conocer esa información en el sitio web de la UNFCCC a más tardar el 20 de noviembre de 2008.
