INTRODUCCIÓN

1. En su 24º período de sesiones, celebrado los días 23 y 24 de junio de 1997, el Consejo de Administración de la Comisión de Indemnización de las Naciones Unidas (la "Comisión") nombró para integrar el Grupo de Comisionados (el "Grupo") encargado de examinar las reclamaciones de la categoría "E4" a los Sres. Robert R. Briner (Presidente), Alan J. Cleary y Lim Tiam Huat. Se trata de reclamaciones de empresas kuwaitíes, con exclusión de los reclamantes del sector petrolero y los que presentan reclamaciones por daños al medio ambiente, con derecho a pedir indemnización al amparo de los "Formularios para las reclamaciones dimanantes de sociedades u otras entidades" ("formulario E") establecidos por la Comisión.
2. De conformidad con el artículo 32 de las Normas provisionales relativas al procedimiento de tramitación de las reclamaciones (S/AC.26/1992/10) (las "Normas"), el 9 de agosto de 1999 se presentó al Grupo la sexta serie de reclamaciones "E4".
3. De conformidad con el artículo 38 de las Normas, el presente informe contiene las recomendaciones del Grupo al Consejo de Administración acerca de la sexta serie de reclamaciones.

I. EXAMEN GENERAL DE LA SEXTA SERIE DE RECLAMACIONES

4. Las 140 reclamaciones de la sexta serie se eligieron entre unas 2.750 reclamaciones "E4" sobre la base de criterios que incluyen, entre otros, la amplitud, cuantía y complejidad de las reclamaciones, los problemas de hecho, de derecho y de valoración que plantean y la fecha en que se presentaron a la Comisión.
5. En las reclamaciones de la sexta serie se imputan pérdidas por un total de 47.934.880 dinares kuwaitíes ("KD") (unos 165.864.637 dólares de los EE.UU.). Los reclamantes también piden intereses por un total de 1.968.173 KD (unos 6.810.287 dólares) y el pago de los costos de preparación de las reclamaciones, por un total de 235.515 KD (unos 814.931 dólares).
6. El importe de cada una de las reclamaciones de la sexta serie es inferior a 3 millones KD (unos 10 millones de dólares). Habida cuenta de la naturaleza de las cuestiones de hecho y de derecho planteadas en cada reclamación y el volumen de documentación aportada en apoyo de las pérdidas reclamadas, el Grupo ha podido terminar su verificación de las reclamaciones en el plazo de 180 días.
7. Todos los reclamantes de la sexta serie desarrollaban actividades en Kuwait antes de la invasión y ocupación de ese país por el Iraq. En su mayoría, esas empresas comerciaban en una variedad de mercancías que iban de bienes de consumo a equipo de construcción. Algunos reclamantes se dedicaban a la manufactura y a los servicios. Ciertos reclamantes son organizaciones sin fines de lucro y asociaciones profesionales.
8. Los reclamantes de esta serie han pedido indemnización por toda las clases de pérdidas especificadas en el formulario E, excepto las relativas a transacciones comerciales o los usos del tráfico y la pérdida de bienes generadores de renta. Los dos tipos de pérdidas que se alegan con

más frecuencia son la pérdida de bienes materiales (principalmente existencias, mobiliario, accesorios, equipo y vehículos) y el lucro cesante. Dentro de la categoría "otras pérdidas", los reclamantes también han pedido indemnización por deudas incobrables, costos de reanudación de la actividad empresarial, intereses y costos de preparación de las reclamaciones.

II. TRÁMITES PROCESALES

9. Antes de que se presentaran al Grupo las reclamaciones de la sexta serie, la secretaría efectuó una evaluación preliminar de las reclamaciones de conformidad con las Normas. Ese examen se describe en el párrafo 11 del "Informe y recomendaciones del Grupo de Comisionados acerca de la primera serie de reclamaciones "E4"" (S/AC.26/1999/4) (el "primer informe "E4""). Los resultados de este examen se introdujeron en una base de datos centralizada mantenida por la secretaría (la "Base de datos de las reclamaciones").

10. Originalmente 13 reclamaciones adolecían de defectos formales y la secretaría envió notificaciones a esos reclamantes, de conformidad con el artículo 15 de las Normas. Los reclamantes subsanaron todos los defectos formales.

11. Se llevó a cabo un examen sustantivo de las reclamaciones con el fin de determinar las cuestiones de derecho, de hecho y de valoración importantes. Los resultados del examen, incluidas las cuestiones que se consideraron importantes, se registraron en la Base de datos de las reclamaciones.

12. El Secretario Ejecutivo de la Comisión presentó al Consejo de Administración, de conformidad con el artículo 16 de las Normas, los informes Nos 26, 27 y 28, de fecha 11 de enero de 1999, 26 de abril de 1999 y 28 de octubre de 1999, respectivamente. Los informes abarcaban, en particular, la sexta serie de reclamaciones "E4", y en ellos se presentaban importantes cuestiones de hecho y de derecho observadas en esas reclamaciones. Varios gobiernos, entre ellos el Gobierno del Iraq, presentaron a la secretaría información y opiniones adicionales en respuesta a los informes preparados por el Secretario Ejecutivo de conformidad con el artículo 16.

13. Al terminar i) la evaluación preliminar; ii) el examen sustantivo; y iii) la presentación de informes con arreglo al artículo 16, se pusieron a disposición del Grupo los siguientes documentos:

- a) Documentos de la reclamación presentada por los reclamantes;
- b) Informes preliminares de evaluación preparados de conformidad con el artículo 14 de las Normas;
- c) Información y opiniones de los gobiernos, incluido el del Iraq, recibidas en respuesta a los informes previstos en el artículo 16; y
- d) Otras informaciones, por ejemplo, dictámenes jurídicos consideradas útiles para la labor del Grupo con arreglo al artículo 32 de las Normas.

14. Por las razones que se exponen en el párrafo 17 del primer informe "E4", el Grupo contrató los servicios de una empresa de contabilidad y de una empresa de liquidación de pérdidas. El Grupo encargó a los consultores expertos que examinaran cada reclamación de la sexta serie de conformidad con los métodos de verificación y valoración elaborados por el Grupo y pidió a los consultores expertos que le presentaran un informe detallado sobre cada reclamación, junto con un resumen de sus conclusiones.

15. En virtud de su providencia de trámite de fecha 9 de agosto de 1999, el Grupo comunicó su intención de terminar su examen de las reclamaciones de la sexta serie y presentar su informe y sus recomendaciones al Consejo de Administración en el plazo de 180 días a contar del 9 de agosto de 1999. Esa providencia de trámite se remitió al Gobierno del Iraq y al Gobierno de Kuwait.

16. De conformidad con el artículo 34 de las Normas, se pidió a los reclamantes información adicional para ayudar al Grupo en su examen de las reclamaciones. Cuando los reclamantes no pudieron presentar las pruebas solicitadas se les pidió que expusieran las razones por las que no habían podido hacerlo. Todas las peticiones de información adicional se enviaron por conducto de la Autoridad Pública de Kuwait para la evaluación de las indemnizaciones por daños resultantes de la agresión iraquí ("PAAC"). Se pidió información adicional sobre todas las reclamaciones "E4" y no sólo sobre las reclamaciones de la sexta serie.

17. La mayoría de las peticiones de información adicional se han descrito en los párrafos 21 a 26 del "Informe y recomendaciones del Grupo de Comisionados acerca de la segunda serie de reclamaciones "E4"" (S/AC.26/1999/17) (el "segundo informe "E4""). En el presente informe no se vuelven a indicar esas peticiones de información.

18. El 24 de junio de 1999 se pidió a los reclamantes que alegaban pérdidas de mercancías en tránsito que proporcionaran pruebas del pago de las mercancías enviadas, además de documentos de la administración portuaria kuwaití que demostrasen que las mercancías se habían recibido en Kuwait. El 2 de agosto de 1999, la PAAC contestó pidiendo que se identificaran los reclamantes concretos respecto de los cuales se necesitaba esa información. El 13 de agosto de 1999 se comunicaron a la PAAC los nombres de los reclamantes que tenían que proporcionar esa información.

19. Se llevó a cabo una nueva verificación para determinar si ciertos reclamantes relacionados entre sí habían presentado reclamaciones por duplicado. Ese examen se describe en el párrafo 18 del "Informe y recomendaciones del Grupo de Comisionados acerca de la cuarta serie de reclamaciones "E4"" (S/AC.26/1999/18) (el "cuarto informe "E4"").

20. Basándose en el examen de los documentos presentados y de la información adicional obtenida, el Grupo llegó a la conclusión de que las cuestiones planteadas por las reclamaciones de la sexta serie se habían sustanciado adecuadamente, lo que hacía innecesaria cualquier actuación oral para seguir aclarando esas cuestiones.

III. MARCO JURÍDICO Y MÉTODOS DE VERIFICACIÓN Y VALORACIÓN

21. El marco jurídico y los métodos de verificación y valoración aplicados a la evaluación de las reclamaciones de esta serie son los mismos que se utilizaron en anteriores series "E4". Ese marco y esos métodos se examinan en los párrafos 25 a 62 del primer informe "E4". En los informes "E4" segundo y cuarto se examinan otras cuestiones jurídicas y de verificación y valoración que se plantearon en relación con esas series de reclamaciones "E4". En el presente informe no se repiten esos diversos elementos del examen efectuado por el Grupo, pero en cambio se hace referencia a las secciones de los informes "E4" precedentes en que se trataron esas cuestiones.

22. En los casos en que el Grupo encontró nuevas cuestiones que no se habían tratado en los anteriores informes "E4", el Grupo elaboró métodos para verificar y valorar las pérdidas. Estas nuevas cuestiones se examinan en el texto del presente informe. Las recomendaciones concretas del Grupo sobre las pérdidas por las que se pide indemnización en esta serie y las razones de dichas recomendaciones se exponen en los anexos del presente informe.

23. Antes de examinar las recomendaciones concretas del Grupo respecto de las indemnizaciones correspondientes a las reclamaciones de la sexta serie, es importante insistir en que la manera en que el Grupo enfoca la verificación y valoración de esas reclamaciones establece un equilibrio entre la incapacidad del reclamante para aportar en todos los casos las pruebas más idóneas y el "riesgo de exageración" asociado a la insuficiencia de las pruebas. En este contexto, la expresión "riesgo de exageración", según se define en el párrafo 34 del primer informe "E4", se utiliza para referirse a aquellos casos en que las reclamaciones no están suficientemente probadas, lo que impide su cuantificación exacta y supone, por lo tanto, el riesgo de que se hayan exagerado.

IV. RECLAMACIONES

24. El Grupo examinó las reclamaciones según la naturaleza y el tipo de pérdida identificados. En consecuencia, las recomendaciones del Grupo se exponen según los tipos de pérdida. Las pérdidas reclasificadas se han tratado en la sección relativa a la categoría de pérdidas en que el Grupo las reclasificó.

A. Pérdidas relacionadas con contratos

25. Tres reclamantes de esta serie presentaron reclamaciones por pérdidas relacionadas con contratos, por un valor total de 148.710 KD (unos 514.567 dólares).

26. Las recomendaciones por pérdidas relacionadas con contratos incluidas en esta serie no se refieren a contratos con el Gobierno del Iraq ni a contratos que requieran su realización en el Iraq. Las reclamaciones no plantearon nuevas cuestiones jurídicas o de verificación y valoración.

27. Las tres reclamaciones por pérdidas relacionadas con contratos se referían a gastos incurridos en relación con contratos que se afirma estaban en curso de ejecución en el momento de la invasión de Kuwait por el Iraq. El Grupo ha recomendado que esas pérdidas se indemnicen

cuando i) los costos no se recuperaron como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq, y ii) las reclamaciones eran corroboradas por pruebas suficientes para establecer los hechos y circunstancias de las pérdidas alegadas.

28. El modo en que el Grupo enfocó la resarcibilidad de las pérdidas relacionadas con contratos se expone en los anteriores informes "E4" y los métodos de verificación y valoración adoptados por el Grupo para las pérdidas relacionadas con contratos se examinan en los párrafos 77 a 84 del primer informe "E4".

29. Las recomendaciones del Grupo sobre las pérdidas relacionadas con contratos se resumen en el anexo II.

B. Bienes inmuebles

30. Veintinueve reclamantes de esta serie presentaron reclamaciones por pérdida de bienes inmuebles por un total de 1.571.873 KD (unos 5.439.007 dólares). Esas reclamaciones se referían a daños causados a diversos locales en propiedad o arrendamiento en Kuwait.

31. Las reclamaciones por pérdida de bienes inmuebles incluidas en esta serie no plantearon ninguna nueva cuestión jurídica o de verificación y valoración. Las normas de resarcibilidad y los métodos de verificación y valoración adoptados por el Grupo para las reclamaciones por pérdida de bienes inmuebles se exponen en los párrafos 89 a 101 del primer informe "E4".

32. La naturaleza de los daños sufridos por los bienes inmuebles y la ubicación de dichos bienes en Kuwait demostraban que las pérdidas fueron consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. Las recomendaciones se basaban en el costo efectivo de la reparación de los bienes inmuebles o en estimaciones de esos costos.

33. La mayoría de los reclamantes presentaron documentos que bastaban para establecer su interés respecto de los bienes inmuebles afectados y de las pérdidas alegadas. Sin embargo, como ya ocurrió en anteriores series de reclamaciones "E4", por lo general los reclamantes no excluyeron de sus reclamaciones los costos del mantenimiento regular ni de la depreciación. El Grupo ajustó las reclamaciones para tener en cuenta esos costos, en que se hubiera incurrido en el curso de la actividad normal de los reclamantes y que no eran consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. El Grupo efectuó análisis análogos en los casos en que existía una plusvalía no forzosa, tal como se explica en el párrafo 97 del primer informe "E4".

34. En el caso de las reclamaciones basadas en el costo estimado de la reparación, el Grupo pidió una explicación razonable de por qué el reclamante no había reparado o sustituido los bienes afectados. En ausencia de esa explicación, el Grupo ajustó la reclamación para compensar el "riesgo de exageración" así creado.

35. Las recomendaciones del Grupo sobre las pérdidas de bienes inmuebles se resumen en el anexo II.

C. Bienes materiales, existencias, dinero en efectivo y vehículos

36. En su mayoría, los reclamantes de la sexta serie alegan pérdidas de bienes materiales. Las pérdidas, correspondientes a existencias, mobiliario y accesorios, equipo, vehículos y dinero en efectivo, ascienden en total a 30.067.262 KD (unos 104.038.969 dólares).

37. En lo que respecta a la resarcibilidad y la verificación y valoración de esas reclamaciones por pérdida de bienes materiales, el Grupo aplicó el criterio enunciado en los párrafos 108 a 135 del primer informe "E4".

38. Por lo general, los reclamantes de esta serie presentaron el mismo tipo de pruebas que se había presentado al Grupo en anteriores series "E4" en relación con reclamaciones por pérdida de bienes materiales y existencias. (Véase el segundo informe "E4", párrafos 55 a 64.)

39. Al-Tadamon Company presentó una reclamación por pérdida de mobiliario y accesorios. La reclamación se basaba en una estimación del "valor de mercado" de los bienes.

La estimación fue preparada por el reclamante y no por un tercero independiente. Las cuentas comprobadas del reclamante para el período que precedió a la invasión de Kuwait por el Iraq muestran un valor contable neto igual a cero para el mobiliario y los accesorios. Teniendo en cuenta ese valor contable neto anterior y la falta de otras pruebas suficientes para valorar la pérdida, el Grupo ha recomendado que se desestime esta reclamación.

40. Al-Nafisy Trading Co. pedía una indemnización por daños al mobiliario. El reclamante presentaba en apoyo de su reclamación copias de facturas y recibos de pago de mobiliario comprado después de la liberación de Kuwait. El reclamante afirmó que el mobiliario que había sufrido daños se había comprado en 1989. Sin embargo, las cuentas comprobadas del reclamante no corroboraban esa pretensión. El reclamante no presentó ninguna otra prueba de la adquisición del mobiliario en 1989. En vista de la insuficiencia de las pruebas que pudieran establecer la existencia de los bienes afectados, el Grupo ha recomendado que se desestime esta reclamación.

41. Al Sumait and Abdul Karim Trading Co. W.L.L. pedía una indemnización por pérdida de existencias. El reclamante presentó una carta sin firmar de sus auditores en la que se certificaba la pérdida de existencias. Sin embargo, las cuentas comprobadas del reclamante para los períodos posteriores a la liberación de Kuwait no mostraban ninguna pérdida extraordinaria de existencias. El 22 de julio de 1999, se pidió al reclamante que diera aclaraciones respecto de su reclamación por pérdida de existencias y el 21 de agosto de 1999 se recibió su respuesta. El Grupo estimó que la respuesta del reclamante no probaba suficientemente la pérdida reclamada. En vista de la insuficiencia de pruebas, el Grupo ha recomendado que se desestime esta reclamación por pérdida de existencias.

42. La Union of Agricultural Products Co-operative Society también presentó una reclamación por pérdida de existencias. En las cuentas del reclamante para 1990 las existencias figuraban como activo. Sin embargo, las cuentas comprobadas del reclamante para los períodos anterior y posterior a la invasión y ocupación de Kuwait por el Iraq indicaban que el reclamante no mantenía ningún tipo de existencias. El reclamante tampoco proporcionó pruebas suficientes en apoyo del cálculo "arrastrado" utilizado en su reclamación por pérdida de existencias. Además, la cifra de las existencias a la apertura del ejercicio citada para corroborar las existencias

mantenidas en 1990 era incompatible con la ausencia de una cifra de existencias al cierre del ejercicio en las cuentas de 1989. En vista de la insuficiencia de las pruebas y de las incoherencias, el Grupo ha recomendado que se desestime esa reclamación por pérdida de existencias.

43. Boodai & Al-Bitar Furniture Decoration Trading Co. presentó una reclamación por pérdida de bienes materiales en relación con un taller de fabricación de mobiliario que funcionaba sin licencia. El taller lo explotaban en su totalidad los asociados del reclamante y figuraba como una inversión de 269.063 KD en las cuentas comprobadas del reclamante para el período que terminó el 1º de agosto de 1990. En la relación de daños y perjuicios, el reclamante afirmó que esa inversión estaba constituida por bienes materiales (29.200 KD), existencias (149.863 KD) y valor del fondo de comercio (90.000 KD). La reclamación se refería a las partes de esa inversión correspondientes a los bienes materiales y las existencias.

44. El reclamante no presentó ningún registro contable relativo al taller. Tampoco proporcionó ninguna otra prueba para corroborar su afirmación de que la inversión que figuraba en las cuentas representaba bienes materiales, existencias o el valor del fondo de comercio. La reclamación por pérdida de bienes materiales se basaba en una lista de muebles preparada por el reclamante. Los artículos y valores incluidos en esa lista no estaban apoyados con pruebas suficientes. Del mismo modo, el reclamante tampoco presentó pruebas suficientes en relación con el volumen de existencias que pretendía haber mantenido. Además, no se dio ninguna información que permitiera establecer la base de valoración ni los niveles anteriores de existencias mantenidas en ese taller.

45. El reclamante presentó la deposición de un testigo, concretamente un empleado del taller, que afirmaba que el taller había sido saqueado y completamente destrozado durante la invasión y ocupación de Kuwait por el Iraq. Sin embargo, los daños sufridos por los activos que se encontraban en el taller no correspondían a las pérdidas extraordinarias que figuraban en las cuentas comprobadas del reclamante posteriores a la liberación. Además, el reclamante presentó un contrato correspondiente a la venta del taller y de todo su contenido en 1992. No se presentó ninguna prueba de qué artículos de los que estaban en el taller se habían vendido y sobre qué base se habían valorado esos artículos en 1992.

46. En vista de la insuficiencia de pruebas en apoyo de la reclamación relativa al taller, el Grupo ha recomendado que no se pague ninguna indemnización por esas pérdidas de bienes materiales y de existencias.

47. En su mayoría, los reclamantes que pedían una indemnización por pérdida de dinero en efectivo apoyaban sus reclamaciones en deposiciones de terceros relacionados con los reclamantes, sin dar más pruebas en apoyo de esas reclamaciones. Cuando las reclamaciones por pérdida de dinero en efectivo no iban apoyadas por pruebas contemporáneas que establecieran la posesión y el importe del dinero en efectivo en poder del reclamante el 2 de agosto de 1990, el Grupo recomendó que no se pagara ninguna indemnización.

48. Casi todos los reclamantes que alegaban pérdida de vehículos pudieron demostrar sus pérdidas presentando copias de certificados de baja y documentos adicionales, como cuentas comprobadas posteriores a la liberación y deposiciones de testigos que corroboraban el hecho y las circunstancias de las pérdidas.

49. Las recomendaciones del Grupo sobre pérdidas de bienes materiales, existencias, dinero en efectivo y vehículos se resumen en el anexo II.

D. Pago o socorro a terceros

50. Cuatro reclamantes de esta serie presentaron reclamaciones por un total de 19.870 KD (unos 68.754 dólares) por pago o socorro a terceros.

51. Para el examen de las reclamaciones por pago o socorro a terceros, el Grupo aplicó el enfoque y los métodos de verificación y valoración descritos en anteriores informes "E4". (Véase, por ejemplo, segundo informe "E4", párrs. 70 a 74.) El Grupo también tuvo presentes las observaciones concretas sobre esta materia formuladas por el Consejo de Administración en su decisión 77 (S/AC.26/Dec.77 (1999)).

52. Tihama Al-Mona International pedía una indemnización por pago de socorro de emergencia a sus empleados. El reclamante apoyaba su reclamación remitiéndose a un asiento contable que corroboraba los pagos de socorro. Ese asiento contable se basaba en una nota de cargo emitida por una empresa vinculada. En la nota de cargo se nombraba a algunos empleados que habían recibido pagos de socorro. En una carta del reclamante a la citada empresa se daban los nombres de otros empleados que habían recibido los mismos pagos de socorro. No se proporcionaron comprobantes de pago ni otros documentos que demostraran el pago efectivo de esas cantidades a los empleados citados. Ni en la nota de cargo de la empresa vinculante ni en la carta del reclamante se daba ningún detalle sobre los empleados cuyo nombre se citaba, por ejemplo, el número del documento de identidad o del pasaporte. Dada la insuficiencia de pruebas y a las incoherencias en cuanto a los empleados que habían recibido pagos, el hecho de que la reclamación se basaba en una transacción con una compañía vinculada y la insuficiencia de otras pruebas para establecer el cobro efectivo de las sumas por los empleados, el Grupo ha recomendado que no se pague ninguna indemnización por esta pérdida.

53. Las recomendaciones del Grupo sobre las reclamaciones por pago o socorro a terceros se resumen en el anexo III.

E. Lucro cesante

54. Casi el 90% de los reclamantes de esta serie presentaron reclamaciones por lucro cesante por un total de 12.479.948 KD (unos 43.183.211 dólares).

55. Las reclamaciones de la sexta serie plantean cuatro importantes cuestiones de hecho y de derecho que ya planteaban las reclamaciones de la primera serie. Esas cuestiones se refieren al impacto y la evaluación de: i) los beneficios recibidos en virtud del programa del Gobierno de Kuwait de liquidación de deudas con posterioridad a la liberación, ii) los beneficios inesperados o excepcionales obtenidos por los reclamantes durante el período inmediatamente posterior a la liberación de Kuwait, iii) el período de indemnización para las reclamaciones por lucro cesante y iv) las reclamaciones por lucro cesante basadas selectivamente en sectores de actividad rentables. Las conclusiones a que llegó el Grupo en relación con estas cuestiones figuran en los párrafos 161 a 193 del primer informe "E4". En su examen y recomendaciones el Grupo ha aplicado esas conclusiones a las reclamaciones por lucro cesante de la presente serie.

56. El método de verificación y valoración adoptado por el Grupo para las reclamaciones por lucro cesante se expone en los párrafos 194 a 202 del primer informe "E4".

57. Aunque se les pidió reiteradamente, muchos reclamantes de la sexta serie no presentaron cuentas anuales para los tres ejercicios financieros anteriores y posteriores a la invasión y ocupación de Kuwait por el Iraq. El Grupo observó que, en algunos casos, se explicó suficientemente el hecho de no haber presentado las cuentas, por ejemplo, cuando el reclamante había iniciado sus actividades comerciales en el período entre 1987 y 1990 o cuando el reclamante había cesado sus actividades tras la invasión y ocupación de Kuwait por el Iraq.

58. Se consideró que las reclamaciones por lucro cesante de las empresas que no aportaron un conjunto completo de cuentas comprobadas para los períodos pertinentes presentaban un "riesgo de exageración", a menos que se explicaran suficientemente la razón de no haber presentado esas cuentas.

59. Mutawa & Sarraf & Partner W.L.L. presentó una reclamación por lucro cesante en relación con un contrato de construcción. La reclamación se presentó originalmente por pérdidas relacionadas con contratos y el Grupo la reclasificó en la categoría de reclamaciones por lucro cesante. El reclamante no presentó pruebas suficientes para demostrar los beneficios obtenidos durante el período anterior a la invasión y ocupación de Kuwait por el Iraq. El reclamante tampoco proporcionó otras pruebas, u otra documentación contemporánea, suficientes para corroborar su afirmación de que cabía esperar que el contrato reportara beneficios. El reclamante proporcionó copias de su correspondencia relativa a las negociaciones para reanudar la ejecución del contrato después de la liberación de Kuwait. La correspondencia presentada sugería que la ejecución del contrato se reanudó después de la liberación (y a precios superiores). Siendo así, el reclamante no pudo demostrar la existencia efectiva del lucro cesante en relación con el contrato. La correspondencia comercial presentada (relativa a ciertos períodos de 1992 y 1993) tampoco corroboraba las afirmaciones hechas por el reclamante de que no reanudó sus actividades después de la liberación. En vista de la insuficiencia e incoherencia de las pruebas, el Grupo ha recomendado que no se pague ninguna indemnización por esa reclamación.

60. Al-Osra Al-Arabia Trading Company fue establecida en marzo de 1990. El reclamante basaba su reclamación por lucro cesante en registros contables no comprobados para el período de tres meses anterior a la invasión y ocupación de Kuwait por el Iraq. La primera serie de cuentas comprobadas presentada por el reclamante contenía diversas salvedades en relación con el hecho de que el reclamante no hubiera mantenido registros contables de manera regular. El Grupo no podía basarse en las cuentas sin comprobar presentadas debido a las salvedades formuladas por los auditores del reclamante en relación con esa cuestión. Además, dada la corta existencia comercial del reclamante, el Grupo no tenía pruebas suficientes para determinar si el reclamante había sufrido de hecho una pérdida por lucro cesante. En vista de la insuficiencia de las pruebas presentadas, el Grupo ha recomendado que no se pague ninguna indemnización por esta reclamación.

61. Las reclamaciones del Grupo sobre las pérdidas por lucro cesante se resumen en el anexo II.

F. Cuentas por cobrar

62. Veinticinco reclamantes de esta serie presentaron reclamaciones, por un total de 2.726.708 KD (unos 9.434.976 dólares), por cuentas incobrables o "deudas de dudoso cobro". Todas estas reclamaciones se refieren a cantidades debidas por empresas o particulares establecidos en Kuwait antes de la invasión por el Iraq.

63. Al igual que en la primera serie de reclamaciones "E4", la mayoría de los reclamantes pidió una indemnización por deudas que no se habían podido cobrar porque los deudores no habían regresado a Kuwait tras la liberación. La cuestión que se planteaba era la de si esas deudas pendientes no habían podido cobrarse como resultado directo de la invasión y ocupación de Kuwait por el Iraq.

64. El Grupo reitera su determinación sobre esta cuestión que figura en los párrafos 209 y 210 del primer informe "E4", a saber, que las reclamaciones por deudas que hayan resultado incobrables como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq deben demostrar, mediante pruebas documentales u otras pruebas idóneas, la naturaleza y la cuantía de la deuda de que se trate y las circunstancias que hicieron que la deuda resultara incobrable.

65. Las reclamaciones de la sexta serie por deudas incobrables se verificaron y valoraron de la manera que se describe en los párrafos 211 a 215 del primer informe "E4".

66. Como se ha discutido más arriba, el Grupo desestima las reclamaciones basadas en la simple afirmación de que las deudas no cobradas son ipso facto incobrables porque los deudores no regresaron a Kuwait. Casi ningún reclamante presentó pruebas que demostraran que la incapacidad de los deudores para pagar era consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. Esta situación se puso en conocimiento de los reclamantes en el contexto de la información adicional que se les pedía (véase párrafo 17 supra). Aunque se recibieron de los reclamantes diversas respuestas, ninguna cumplía los criterios mencionados.

67. Tariq Al-Nasrallah General Trading and Tenders Co. presentó una reclamación relativa a mercancías que se habían entregado en virtud de un contrato firmado antes de la invasión con el Ministerio de Electricidad y Agua de Kuwait. Las condiciones del contrato estipulaban que el Ministerio pagaría al reclamante como se indica a continuación:

- a) 15% como adelanto al firmar el contrato;
- b) 60% al presentar la prueba del envío de las mercancías; y
- c) El 25% restante a la entrega de las mercancías.

68. El reclamante no proporcionó información sobre si había recibido el pago adelantado del 15% al firmar el contrato. Afirmó también que, antes de la invasión y ocupación de Kuwait por el Iraq, el Ministerio había aprobado el pago del 60% al enviar las mercancías. Sin embargo, después de la liberación de Kuwait el Ministerio se negó a pagar esa suma. Considerando que esas sumas corresponden a cantidades debidas y pagaderas antes de la invasión y ocupación de Kuwait por el Iraq, el Grupo reclasificó esta porción de la reclamación como cuentas por cobrar.

69. El Grupo ha recomendado que no se pague indemnización por las reclamaciones por cuentas por cobrar porque a) el reclamante no ha establecido que sufriera una pérdida en relación con el pago adelantado del 15%; y b) la ulterior negativa del Ministerio a pagar el 60% contra presentación de la prueba del envío era un hecho totalmente independiente. En consecuencia, el Grupo estimó que esas pérdidas no eran consecuencia directa de la invasión y ocupación de Kuwait por el Iraq.

70. La pérdida del 25% restante, pagadero a la entrega de las mercancías, se debía a la incapacidad del reclamante para demostrar la entrega completa de las mercancías como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. El Grupo ha recomendado el pago de la indemnización por esa suma, una vez ajustada la reclamación para tener en cuenta la insuficiencia de pruebas en lo que respecta a la valoración de las mercancías. (La parte de la reclamación para la que se ha aprobado una indemnización se ha considerado parte de la reclamación por pérdida de existencias presentada por el reclamante.)

71. Las recomendaciones del Grupo sobre las reclamaciones por deudas incobrables se resumen en el anexo II.

G. Costos de reanudación de la actividad comercial

72. Quince reclamantes de esta serie presentaron reclamaciones por un total de 166.440 KD (unos 575.917 dólares) por costos de reanudación de la actividad comercial. Las sumas reclamadas como costos de reanudación de la actividad comercial se han examinado utilizando el método expuesto en los párrafos 221 a 223 del primer informe "E4" y en los párrafos 93 a 96 del segundo informe "E4". (Véase también cuarto informe "E4", párrs. 87 a 89.)

73. Project Management & Control Co. W.L.L. presentó una reclamación, entre otras cosas, por los costos correspondientes a i) una prima pagada por la empresa reclamante a su propietario, y ii) el pago de sueldos durante los meses de marzo y abril de 1991. Se explica que la prima se pagó para premiar los esfuerzos hechos por el propietario de la empresa para restablecer, después de la liberación, los contactos comerciales de la empresa con entidades privadas y oficiales. El Grupo consideró que pagar una indemnización al reclamante por el pago de la prima representaría una doble indemnización para el propietario de la empresa. Además, la prima se pagó en virtud de una decisión independiente de la empresa y no como resultado directo de la invasión y ocupación de Kuwait por el Iraq. El Grupo también consideró que el reclamante no había probado suficientemente que los pagos de los sueldos de marzo y abril de 1991 eran costos adicionales para el reclamante, es decir, por encima de los costos en que normalmente hubiera incurrido para ese tipo de gastos. Por esas razones el Grupo ha recomendado que no se pague ninguna indemnización por esta reclamación.

74. Arabian Engineer Electrical Co. presenta una reclamación por los intereses pagados por los préstamos y descubiertos obtenidos para un proyecto que se anuló como resultado directo de la invasión y ocupación de Kuwait por el Iraq. Esa reclamación se presentó originalmente como reclamación por pérdidas relacionadas con contratos y fue reclasificada por el Grupo en esta categoría de pérdidas. El reclamante pidió una indemnización por los intereses pagaderos entre el 2 de agosto de 1990 y el 31 de diciembre de 1991, afirmando que el pago de intereses cesó después del 31 de diciembre de 1991 porque el reclamante participaba en el Programa kuwaití de liquidación de deudas difíciles ("Programa") de que tratan los párrafos 162 a 174 del primer

informe "E4". El reclamante presentó registros bancarios en los que figuraba el interés debido por los préstamos y descubiertos. En esos registros se afirmaba claramente que no devengarían intereses si el reclamante participaba en el Programa.

75. El Grupo había constatado anteriormente que los participantes en el Programa no tenían que pagar intereses después del 2 de agosto de 1990 en relación con la deuda adquirida en virtud del Programa. (Véase primer informe "E4", párr. 165.) Los estados financieros comprobados del reclamante muestran que el interés era pagadero a finales de 1991. Sin embargo, considerando que el Programa se estableció después de 1991 y que el reclamante admite que participó en el Programa, el Grupo estimó que la participación del reclamante sugería que las sumas reclamadas nunca se pagaron. El reclamante no presentó pruebas documentales del pago efectivo de los intereses. En consecuencia, el Grupo ha recomendado que no se pague ninguna indemnización por esta suma.

76. Jasim Mohamad Abdul-Rahman Al-Bahar W.L.L. presentó una reclamación en relación con sumas pagadas en 1993 a dos empleados superiores. Se afirma que las sumas se pagaron para recompensar la fidelidad de esos empleados a la empresa durante el período de la invasión y ocupación de Kuwait por el Iraq. El Grupo constató que esos pagos efectuados en 1993 eran resultado de una decisión comercial independiente. No eran ni pagos de socorro (según se pretendía) ni pagos que fueran de otro modo consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. En consecuencia, el Grupo ha recomendado que no se pague indemnización por esos pagos.

77. Middle East Chemical Manufacturing Company K.S.C. presentó una reclamación por los costos incurridos para la contratación de un nuevo gerente general después de que el anterior gerente general se hubiera negado a reintegrarse a su puesto en la empresa después de la liberación de Kuwait. El reclamante no presentó ninguna prueba que demostrara que la negativa del anterior gerente general a volver a ocupar su puesto en la empresa del reclamante fuera consecuencia directa de la invasión y ocupación de Kuwait por el Iraq.

78. El mismo reclamante pide una indemnización por una parte de los sueldos pagados entre noviembre de 1991 y febrero de 1992. El reclamante afirmó que la parte de los sueldos que reclamaba representaba el costo de las operaciones de limpieza efectuadas por el personal de plantilla. El Grupo observó que esos costos representaban el pago de sueldos efectuado en el curso normal de la actividad comercial. El Grupo también observó que el reclamante no había presentado pruebas suficientes que demostraran que las sumas reclamadas representaban un costo adicional para el reclamante, incurrido como resultado directo de la invasión y ocupación de Kuwait por el Iraq.

79. En virtud de esas consideraciones, el Grupo ha recomendado que no se pague indemnización por esas dos cantidades reclamadas por Middle East Chemical Manufacturing Company K.S.C.

80. Las recomendaciones del Grupo sobre los costos de reanudación de la actividad comercial se resumen en el anexo II.

H. Otras pérdidas

81. Diecinueve reclamantes de este serie presentaron reclamaciones por otras pérdidas por un total de 754.069 KD (unos 2.609.235 dólares).

82. Algunos reclamantes pidieron una indemnización por las pérdidas que sufrieron como resultado de haber recibido dinares kuwaitíes en billetes de banco que luego fueron invalidados. Esos billetes de banco fueron recibidos por los reclamantes que continuaron sus actividades durante la ocupación de Kuwait por el Iraq. El Grupo recomienda que se pague una indemnización por esas reclamaciones por las razones que se exponen en los párrafos 98 y 99 del segundo informe "E4".

83. En lo que se refiere a las reclamaciones por pérdidas sufridas cuando los reclamantes se vieron forzados a aceptar dinares iraquíes por productos vendidos durante la invasión y ocupación de Kuwait por el Iraq, a un tipo de cambio de un dinar iraquí por un dinar kuwaití, el Grupo aplicó sus recomendaciones, que se exponen en los párrafos 100 a 102 del segundo informe "E4".

84. Abdul Rahman Mohamed Al-Bahar & Sons W.L.L. pidieron una indemnización por los honorarios de abogados abonados para obtener ciertas autorizaciones de los tribunales en Kuwait. Esas autorizaciones permitían al reclamante abrir departamentos que sus ocupantes habían dejado cerrados cuando huyeron de Kuwait durante la invasión y ocupación de Kuwait por el Iraq. El Grupo estimó que era razonable que el reclamante incurriera en esos honorarios de abogados para obtener posesión de los locales, de modo que pudiera volverlos a alquilar y de ese modo aminorar sus pérdidas. El Grupo concurrió con la conclusión del Grupo de Comisionados de la categoría "E1", según la cual los gastos demostrados en que se incurrió por ese concepto deben ser resarcibles (véase el informe y recomendaciones del Grupo de Comisionados acerca de la tercera serie de reclamaciones "E1" S/AC.26/1999/13, párrs. 439 a 441). Además, el Grupo también encontró que esos honorarios de abogados representan un costo adicional incurrido como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. Por dichas razones, el Grupo ha recomendado que se pague una indemnización por esta pérdida.

85. Jasim Mohamad Abdul-Rahaman Al-Bahar W.L.L. presentó una reclamación en relación por pérdidas descritas como pedidos pendientes y gastos diversos. El reclamante no presentó ningún documento que explique esas pérdidas ni en qué medida fueron consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. En vista de la insuficiencia de las pruebas el Grupo ha recomendado que no se pague ninguna indemnización por las sumas reclamadas.

86. El Arab Group for Equipment and Construction recibió una bomba de hormigón como mercancía en consignación en marzo de 1990. El precio de ese equipo figuraba en los estados financieros del reclamante para 1990 como elemento del pasivo, dado que se tenía intención de vender la máquina en el plazo de seis meses y utilizar la suma así obtenida para pagar el equipo. Sin embargo, la máquina fue robada como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. El reclamante presentó un recibo para demostrar que en 1993 pagó 120.766 KD al proveedor. En las cuentas comprobadas del reclamante correspondientes a 1991 se incluyó una suma de 100.000 KD en concepto de pérdida extraordinaria. Considerando que el reclamante sufrió una pérdida efectiva como consecuencia directa de la

invasión y ocupación de Kuwait por el Iraq, el Grupo recomienda que se le indemnice por la totalidad de los 100.000 KD reclamados. La diferencia entre el importe pagado y el importe reclamado se explica por los tipos de cambio utilizados por el reclamante.

87. Mawarid Trading Co. W.L.L. pidió una indemnización por el pago de sueldos durante el período de la invasión y ocupación de Kuwait por el Iraq. El reclamante estaba estableciendo su actividad comercial inmediatamente antes de la invasión de Kuwait por el Iraq. Dado que el reclamante no había empezado su actividad comercial el 2 de agosto de 1990, los pagos de sueldos representaban gastos de instalación. El Grupo reclasificó esa reclamación en la categoría de otras pérdidas. El reclamante proporcionó pruebas suficientes del pago de esos gastos y el Grupo ha recomendado que se pague una indemnización por dichos costos. La indemnización recomendada por el Grupo se ha ajustado para tener en cuenta el "riesgo de exageración" que lleva consigo la imposibilidad de determinar en qué momento esos gastos de establecimiento pasarían a ser gastos ordinarios de explotación compensables con los ingresos de explotación.

88. Middle East Chemical Manufacturing Company K.S.C. presentó una reclamación por los cánones que debía pagar. El acuerdo en virtud del cual se afirmaba que se debían esos pagos no mencionaba ningún canon. Sin embargo, había una referencia al pago de cánones en una carta enviada al reclamante por la otra parte en ese acuerdo. Según esa carta, había de pagarse una suma de 5.500 libras esterlinas conforme a una factura de agosto de 1990, y otra de 4.500 libras esterlinas conforme a una factura de julio de 1991. En la carta no se indicaba a qué períodos correspondía el pago de esos cánones. No se facilitó ninguna otra prueba para determinar la base sobre la que se había calculado el importe de los cánones. Además, los documentos presentados indicaban que el importe de los cánones objeto de la reclamación no había sido pagado efectivamente por el reclamante. El reclamante no presentó ninguna otra prueba para demostrar que de hecho sufrió una pérdida como consecuencia directa de la invasión y ocupación de Kuwait por el Iraq en relación con la suma reclamada. En vista de lo que antecede, el Grupo ha recomendado que no se pague una indemnización por esa suma.

89. Las reclamaciones por "otras pérdidas" que se han tratado en anteriores series "E4" se examinaron de la manera expuesta en anteriores informes "E4". (Véase por ejemplo, el segundo informe "E4", párrafo 108, sobre el trato dado a los gastos pagados por adelantado.)

90. Las recomendaciones del Grupo sobre otras pérdidas se resumen en el anexo II.

V. OTRAS CUESTIONES

A. Fechas aplicables al tipo de cambio de monedas y a los intereses

91. Para la determinación de las fechas aplicables al tipo de cambio y a los intereses, el Grupo ha adoptado el mismo criterio que se expone en los párrafos 226 a 233 del primer informe "E4".

B. Costos de preparación de las reclamaciones

92. El Secretario Ejecutivo de la Comisión ha informado al Grupo de que el Consejo de Administración se propone resolver en su día la cuestión de los costos de preparación de las

reclamaciones. En consecuencia, el Grupo no formula recomendación alguna sobre la indemnización de los costos de preparación de las reclamaciones.

VI. INDEMNIZACIONES RECOMENDADAS

93. Basándose en lo que antecede, las indemnizaciones recomendadas por el Grupo para los reclamantes de la sexta serie de reclamaciones de la categoría "E4" figuran en el anexo I del presente informe. Los principios en que se basan las recomendaciones del Grupo respecto de esta serie se resumen en el anexo II del presente informe. Al haberse redondeado al KD más próximo todas las cantidades, éstas pueden variar en un KD respecto de las cantidades enunciadas en el formulario E.
