INTRODUCCIÓN

1. En su 30º período de sesiones, celebrado del 14 al 16 de diciembre de 1998, el Consejo de Administración de la Comisión de Indemnización de las Naciones Unidas (la "Comisión") nombró a los integrantes del segundo Grupo de Comisionados (el "Grupo") encargado de examinar las reclamaciones de la categoría "E4", a saber, el Sr. Luiz Olavo Baptista ("Presidente"), el Sr. Jean Naudet y el Sr. Jianxi Wang. Las reclamaciones de la categoría "E4" son aquellas no relacionadas con el sector petrolero y el medio ambiente que han sido presentadas por sociedades del sector privado de Kuwait y otras entidades que tienen derecho a hacer reclamaciones utilizando los "formularios para las reclamaciones dimanantes de sociedades u otras entidades" ("formulario E") establecidos por la Comisión.

2. De conformidad con el artículo 32 de las Normas provisionales relativas al procedimiento de tramitación de las reclamaciones (S/AC.26/1992/10) (las "Normas"), el 3 de julio de 2000 se presentó al Grupo la 13ª serie de 140 reclamaciones "E4".

3. De conformidad con el artículo 38 de las Normas, el presente informe contiene las recomendaciones formuladas por el Grupo al Consejo de Administración en relación con la 13ª serie de reclamaciones.

I. PANORAMA GENERAL DE LA 13ª SERIE DE RECLAMACIONES

4. Las reclamaciones de la 13ª serie se seleccionaron de entre unas 2.750 reclamaciones "E4", sobre la base de criterios que incluían, entre otros, el alcance, la cuantía y la complejidad de las reclamaciones, las cuestiones de hecho, de derecho y de valoración que planteaban y la fecha de presentación a la Comisión.

5. Los reclamantes de la 13ª serie alegan pérdidas por un valor total de 51.374.447 dinares kuwaitíes (unos 177.766.253 dólares de los EE.UU.). Además, los reclamantes piden que se les paguen intereses por un total de 471.724 dinares kuwaitíes (alrededor de 1.632.263 dólares de los EE.UU.) y el pago de los costos de preparación de las reclamaciones, por un total de 182.744 dinares kuwaitíes (unos 632.332 dólares de los EE.UU.).

6. La naturaleza de las cuestiones de hecho y de derecho planteadas en cada reclamación y el volumen de documentación aportada para sustentarlas permitieron al Grupo concluir la verificación de las reclamaciones al cabo de 180 días a partir de la fecha en que se presentaron al Grupo las reclamaciones de la 13ª serie.

7. Todos los reclamantes de la 13ª serie desarrollaban actividades en Kuwait antes de que éste fuera invadido y ocupado por el Iraq. La mayor parte de los reclamantes realizaban operaciones de comercio. Algunos realizaban actividades en el sector de la industria y en el de los servicios.

8. Las dos pérdidas que se alegan con más frecuencia son la pérdida de cosas corporales (principalmente existencias, mobiliario, accesorios, equipo y vehículos) y el lucro cesante. Además, los reclamantes piden indemnizaciones por deudas incobrables, gastos de reanudación de la actividad, intereses y gastos de preparación de las reclamaciones por concepto de "otras pérdidas".

II. TRAMITACIÓN

9. Antes de que se presentaran al Grupo las reclamaciones de la 13^a serie, la Secretaría llevó a cabo una evaluación preliminar de las reclamaciones de conformidad con las Normas. Este examen se describe en el párrafo 11 del "Informe y recomendaciones del Grupo de Comisionados acerca de la primera serie de reclamaciones "E4" (S/AC.26/1999/4) (el "primer informe "E4"""). Los resultados del examen se introdujeron en una base de datos centralizada de la Secretaría (la "base de datos de las reclamaciones").

10. En un principio había 11 reclamaciones que adolecían de defectos de forma, razón por la que la Secretaría envió notificaciones a los reclamantes correspondientes de conformidad con el artículo 15 de las Normas. Los reclamantes subsanaron todos los defectos de forma.

11. Se efectuó un examen sustantivo de las reclamaciones para delimitar las principales cuestiones de hecho, de derecho y de valoración que planteaban. Los resultados del examen, entre ellos las principales cuestiones delimitadas, se guardaron en la base de datos de las reclamaciones.

12. El Secretario Ejecutivo de la Comisión presentó al Consejo de Administración los informes 30 y 31, de fechas 17 de febrero y 28 de abril de 2000, respectivamente, de conformidad con el artículo 16 de las Normas ("informes presentados con arreglo al artículo 16"). Estos informes se referían, entre otras cosas, a la 13^a serie de reclamaciones "E4" y daban cuenta de las principales cuestiones de hecho y de derecho delimitadas en estas reclamaciones. Varios Gobiernos, entre ellos el del Iraq, presentaron información suplementaria y opiniones en respuesta a los informes preparados por el Secretario Ejecutivo con arreglo al artículo 16.

13. Al concluir: i) la evaluación preliminar, ii) el examen sustantivo y iii) la presentación de informes con arreglo al artículo 16, se pusieron a disposición del Grupo los documentos siguientes:

- a) Los documentos de las reclamaciones presentados por los interesados;
- b) Los informes preliminares de evaluación preparados conforme a lo dispuesto en el artículo 14 de las Normas;
- c) La información y las opiniones de los Gobiernos, incluido el del Iraq, que se habían recibido en respuesta a los informes presentados con arreglo al artículo 16 y
- d) Otros elementos de información que, con arreglo al artículo 32 de las Normas, se consideraron de utilidad para que el Grupo llevara a cabo su labor.

14. Por las razones indicadas en el párrafo 17 del primer informe "E4", el Grupo contrató los servicios de una empresa de contabilidad y de una empresa de tasación de pérdidas en calidad de asesores técnicos. El Grupo les encargó que examinaran todas y cada una de las reclamaciones de la 13^a serie, de conformidad con el método de verificación y valoración establecido por el Grupo. El Grupo les encargó que le presentaran un informe detallado sobre cada reclamación en el que se resumieran las conclusiones a que habían llegado.

15. En virtud de su orden de procedimiento de fecha 10 de julio de 2000, el Grupo comunicó que tenía el propósito de concluir el examen de las reclamaciones de la 13^a serie y presentar el informe y las recomendaciones correspondientes al Consejo de Administración en el plazo de 180 días, contados a partir del 3 de julio de 2000. Esta orden de procedimiento fue remitida al Gobierno del Iraq y al Gobierno de Kuwait.

16. De conformidad con el artículo 34 de las Normas, se solicitó información suplementaria a los reclamantes con objeto de que ésta sirviera al Grupo para examinar las reclamaciones. Se pidió a los reclamantes que no podían presentar las pruebas solicitadas que explicaran las razones de ello. Todas las solicitudes de información suplementaria se transmitieron por conducto de la Autoridad Pública del Gobierno de Kuwait encargada de evaluar las indemnizaciones por daños resultantes de la agresión iraquí. Se formularon solicitudes de información suplementaria en relación con toda la serie de reclamaciones "E4" (es decir, no se circunscribieron a la 13^a serie de reclamaciones).

17. Las solicitudes de información suplementaria se describen en los párrafos 19 a 24 del "Informe y recomendaciones del Grupo de Comisionados acerca de la cuarta serie de reclamaciones "E4" (S/AC.26/1999/18) (el "cuarto informe "E4""") y el párrafo 18 del "Informe y recomendaciones del Grupo de Comisionados acerca de la sexta serie de reclamaciones "E4"" (S/AC.26/2000/8) (el sexto informe "E4"). Estas solicitudes de información no se reiteran en el presente informe.

18. Se llevó a cabo una verificación suplementaria para determinar si había reclamantes relacionados entre sí que hubiesen presentado reclamaciones por duplicado. Este examen se describe en el párrafo 18 del cuarto informe "E4".

19. De conformidad con el artículo 34 de las Normas, la Secretaría pidió también aclaraciones precisas a un reclamante de la 13^a serie, a saber, la empresa Durrant Al Maidan General Trading Company. El Grupo ha examinado la respuesta dada por este reclamante.

20. Durante el examen por parte del Grupo de las reclamaciones de la presente serie, la Secretaría le informó de que podía haber una superposición entre algunas reclamaciones de esa serie y ciertas reclamaciones individuales presentadas por pérdidas comerciales a la Comisión. Este asunto se ha mencionado en el informe N° 30, de fecha 17 de febrero de 2000, presentado por el Secretario Ejecutivo de la Comisión, de conformidad con el artículo 16 de las Normas, al Consejo de Administración, en relación con el examen inicial de las reclamaciones por pérdidas comerciales formuladas por reclamantes de la categoría "D".

21. A petición del Grupo, la Secretaría realizó un examen de la base de datos de las reclamaciones y señaló que, dentro de esta serie de reclamaciones "E4", había ocho que podían haberse superpuesto a otras reclamaciones individuales por pérdidas comerciales que se habían presentado a la Comisión. La lista de estas ocho reclamaciones "E4" figura en el anexo III del presente informe.

22. El Grupo considera que se necesita más tiempo para determinar la naturaleza y el alcance de la posible superposición entre estas reclamaciones "E4" y las reclamaciones individuales por pérdidas comerciales. Por el momento, con objeto de que se cuente con tiempo suficiente para estructurar y examinar más detenidamente las reclamaciones, el Grupo ha recomendado que las

reclamaciones que figuran en el anexo III del presente informe se incluyan en una serie ulterior de reclamaciones de la categoría "E4". Por consiguiente, el Grupo no ha formulado conclusiones en relación con las reclamaciones del anexo III del presente informe. Las referencias que se hacen en el presente informe a las reclamaciones de la 13^a serie se circunscriben a las 132 reclamaciones restantes que figuran en el anexo I.

23. Sobre la base de su examen de los documentos presentados y de la información suplementaria obtenida, el Grupo llegó a la conclusión de que las cuestiones planteadas en la 13^a serie de reclamaciones se habían sustanciado adecuadamente, lo que hacía innecesario llevar a cabo actuaciones orales para seguir aclarando estas cuestiones.

III. MARCO JURÍDICO Y MÉTODO DE VERIFICACIÓN Y VALORACIÓN

24. El marco jurídico y el método de verificación y valoración de las reclamaciones de esta serie son los mismos que los utilizados en anteriores series "E4". Este marco y este método se examinaron en los párrafos 25 a 62 del primer informe "E4". En los posteriores informes "E4" se examinan nuevas cuestiones jurídicas y de verificación y valoración que se plantearon en relación con las últimas series de reclamaciones "E4". Estos diversos elementos del examen efectuados por el Grupo no se repiten en el presente informe, en el que, sin embargo, se hace referencia a secciones de los anteriores informes "E4" en que se abordaron estas cuestiones.

25. Cuando advirtió la existencia de nuevas cuestiones que no se habían abordado en anteriores informes "E4", el Grupo estableció métodos para verificar y valorar las pérdidas. Estas nuevas cuestiones se examinan en el presente informe. En sus anexos figuran las recomendaciones concretas del Grupo sobre las pérdidas que se alegan en esta serie y las razones correspondientes.

26. Antes de examinar las recomendaciones concretas del Grupo respecto de las reclamaciones de la 13^a serie, es importante reiterar que el criterio adoptado por el Grupo respecto de la verificación y valoración de estas reclamaciones constituye un equilibrio entre la incapacidad del reclamante de aportar invariablemente pruebas idóneas y el "riesgo de exageración" que entraña la insuficiencia de pruebas. A este respecto, la expresión "riesgo de exageración", según se define en el párrafo 34 del primer informe "E4", se utiliza para referirse a los casos en que las reclamaciones no están suficientemente probadas, lo que impide su valoración exacta y entraña, por consiguiente, el riesgo de que se hayan exagerado.

IV. RECLAMACIONES

27. El Grupo examinó las reclamaciones según la naturaleza y el tipo de pérdida especificados. En consecuencia, las recomendaciones del Grupo se exponen según el tipo de pérdida. Las pérdidas reclasificadas se han tratado en la sección relativa a los tipos de pérdida en que el Grupo las reclasificó.

A. Pérdidas contractuales

28. Tres reclamantes de la presente serie formularon reclamaciones por pérdidas contractuales por valor de 473.085 dinares kuwaitíes (alrededor de 1.636.972 dólares de los EE.UU.).

Las reclamaciones de esta serie por pérdidas contractuales no se refieren a contratos con el Gobierno del Iraq ni a contratos que exigieran el desarrollo de actividades en el Iraq.

29. Las reclamaciones de esta serie por pérdidas contractuales no plantearon nuevas cuestiones jurídicas ni de verificación o valoración. El criterio adoptado por el Grupo respecto de la resarcibilidad de las pérdidas contractuales se expone en anteriores informes "E4" y el método de verificación y valoración adoptado por el Grupo para las reclamaciones por dichas pérdidas se describe en los párrafos 77 a 84 del primer informe "E4".

30. La empresa Al-Amiry Trading & Contracting Company W.L.L. ha presentado una reclamación por los materiales de construcción desaparecidos de algunos terrenos en los que la empresa reclamante estaba realizando obras por contrata. El Grupo reclasificó la reclamación como reclamación por pérdidas contractuales. La empresa reclamante ha presentado documentos en los que se describe la expedición de materiales en el primer semestre de 1990 a terrenos situados en Kuwait. En los informes financieros de la empresa reclamante se indica además una pérdida extraordinaria por los materiales desaparecidos de los lugares donde realizaba obras.

31. En los anteriores informes financieros de la empresa reclamante los materiales de construcción situados en dichos lugares figuraban como elementos del activo corriente. El valor de este elemento del activo corriente estaba formado por el costo de los materiales utilizados en las obras en curso previa deducción de los ingresos percibidos por la empresa en concepto de las obras realizadas. Ahora bien, no ha sido posible hacer corresponder la cantidad reclamada con los informes financieros anteriores a la invasión. Además, el Grupo ha observado que la empresa reclamante no ha suministrado copias de los contratos en virtud de los cuales los materiales de construcción habían sido expedidos a los lugares de los que desaparecieron según su afirmación.

32. A causa de la falta de informaciones sobre los contratos de base, no ha sido posible determinar si las otras empresas partes en los contratos han presentado reclamaciones relativas a los mismos materiales. Además, la empresa reclamante no ha proporcionado información acerca de los ingresos que hubiera podido percibir por el suministro de materiales de construcción a los lugares donde realizaba obras. No se han facilitado informaciones que permitan saber si los contratos de base fueron renegociados de manera que diera a la reclamante la posibilidad de resarcirse de sus gastos. Por último, como en los informes financieros de la reclamante se indica que ésta percibió ingresos gracias a los contratos en virtud de los cuales se suministraron los materiales de construcción, no se ha podido determinar si la reclamación presentada se refiere en parte o en todo a la reclamación por lucro cesante presentada por la misma empresa. Teniendo en cuenta estos hechos, el Grupo ha considerado que la reclamante no ha presentado pruebas suficientes acerca de las circunstancias y la cuantía de la pérdida alegada. Por consiguiente, el Grupo recomienda que no se pague ninguna indemnización por esta reclamación.

33. Las recomendaciones del Grupo con respecto a las pérdidas contractuales se resumen en el anexo II.

B. Bienes inmuebles

34. Veintiocho reclamantes de esta serie han pedido indemnizaciones por pérdida de bienes inmuebles con un valor total de 1.203.045 dinares kuwaitíes (alrededor de 4.162.785 dólares de los EE.UU.). En estas reclamaciones se pide indemnización por los daños causados a varios inmuebles de propiedad o de alquiler en Kuwait.

35. Las reclamaciones por pérdidas de bienes inmuebles de esta serie no han planteado nuevas cuestiones jurídicas o de verificación y valoración. Las normas en materia de resarcibilidad y el método de verificación y valoración adoptado por el Grupo para las reclamaciones por pérdida de bienes inmuebles se exponen en los párrafos 89 a 101 del primer informe "E4".

36. Los reclamantes de esta serie han presentado el mismo tipo de pruebas examinadas por el Grupo en anteriores series "E4" en relación con reclamaciones por pérdida de bienes inmuebles. Estas pruebas se describen en los párrafos 102 a 106 del primer informe "E4".

37. Las recomendaciones del Grupo con respecto a las pérdidas de bienes inmuebles se resumen en el anexo II.

C. Cosas corporales, existencias, dinero en efectivo y vehículos

38. La mayoría de los reclamantes de la 13^a serie afirma haber sufrido pérdidas de cosas corporales. Las pérdidas alegadas, que se refieren a existencias, muebles y accesorios, equipo, vehículos y dinero en efectivo, suman 33.407.367 dinares kuwaitíes (alrededor de 115.596.426 dólares de los EE.UU.).

39. En relación con la resarcibilidad y la verificación y valoración de estas reclamaciones por la pérdida de cosas corporales, existencias, dinero en efectivo y vehículos, el Grupo ha aplicado el criterio expuesto en los párrafos 108 a 135 del primer informe "E4".

40. Las reclamaciones de esta serie por la pérdida de bienes corporales no han planteado nuevas cuestiones jurídicas o de verificación y valoración. Los reclamantes de esta serie han presentado el mismo tipo de pruebas examinadas por el Grupo en anteriores series "E4"-en relación con reclamaciones por la pérdida de bienes corporales. Estas pruebas se describen en los párrafos 47 y 48 del cuarto informe "E4".

41. En el caso de la mayoría de los reclamantes, la presencia, la propiedad y el valor de las existencias perdidas se acreditan mediante copias de sus cuentas verificadas, las facturas originales de compra de los artículos y cálculos del valor "arrastrado" según se define en el párrafo 119 del primer informe "E4". Unos pocos reclamantes han deseado basar principalmente su reclamación en las declaraciones testimoniales de empleados o terceros que corroboran el hecho de la pérdida de existencias. Cuando la pérdida de existencias no tiene como base pruebas suficientes, como ocurre en el caso de las pérdidas extraordinarias indicadas en los informes financieros de un reclamante verificados después de la liberación, el Grupo ha recomendado que no se abone ninguna indemnización por estas pérdidas.

42. La empresa Al-Khateeb Trading Group, que comenzó sus operaciones en septiembre de 1988, ha presentado una reclamación por pérdida de existencias. A partir de los documentos

comunicados, el Grupo ha observado que las existencias acumuladas el 2 de agosto de 1990 eran superiores en un 300% a las existencias de 1989. El reclamante no ha aportado una explicación de esta acumulación, aunque se registró una variación análoga en los resultados comunicados por el reclamante con referencia a 1992 y 1993. Es también confusa la base utilizada por el reclamante para calcular el costo de las mercancías vendidas entre enero y agosto de 1990. Además, el Grupo ha observado que, al calcular su reclamación, el reclamante no ha tenido en cuenta el proceso normal de amortización. Ahora bien, el reclamante ha presentado en efecto un cálculo del valor arrastrado y pruebas documentales que confirman sus compras de existencias en 1990. En los informes financieros verificados del reclamante figura también una indicación de una pérdida extraordinaria igual a la cantidad reclamada. Las compras de existencias y la pérdida extraordinaria permiten suponer que el reclamante sufrió en efecto algunas pérdidas en relación con las existencias. Teniendo en cuenta lo que antecede, el Grupo ha recomendado el pago de una indemnización por esta reclamación. Ahora bien, el Grupo ha reajustado la cantidad recomendada a fin de tener en cuenta las consideraciones antes expuestas en relación con la acumulación de existencias, el costo de las mercancías vendidas en 1990 y el índice normal de amortización aplicable a dichas mercancías.

43. Al igual que ocurrió en series anteriores de reclamaciones "E4", casi todas las reclamaciones por la pérdida de mercancías en tránsito se refieren a mercancías que se encontraban en Kuwait el día de la invasión por el Iraq y que desaparecieron ulteriormente. Los reclamantes que han obtenido satisfacción han podido presentar pruebas suficientes de los pagos para la compra de las mercancías y han justificado la propiedad, existencia y pérdida de las mercancías mediante certificados expedidos por las autoridades portuarias kuwaitíes o por empresas consignatarias.

44. Las reclamaciones de esta serie por la pérdida de dinero en efectivo no han planteado nuevas cuestiones jurídicas o de verificación y valoración. Muchos reclamantes de indemnización por dinero en efectivo perdido se han basado en declaraciones testimoniales de terceros sin suministrar otras pruebas de sus reclamaciones. En los casos en que las reclamaciones por pérdidas de dinero en efectivo no han sido corroboradas por suficientes pruebas contemporáneas que corroboren la posesión y la cuantía del efectivo existente en fecha 2 de agosto de 1990, el Grupo no ha recomendado el pago de una indemnización.

45. Las reclamaciones de esta serie por la pérdida de vehículos no han planteado nuevas cuestiones jurídicas o de verificación y valoración. La mayoría de los reclamantes por la pérdida de vehículos han podido demostrarlas mediante la presentación de copias de certificados de baja y otros documentos, entre ellos cuentas verificadas después de la liberación y declaraciones de testigos, que han corroborado el hecho y las circunstancias de las pérdidas.

46. Las recomendaciones del Grupo con respecto a las pérdidas de cosas corporales, existencias, dinero en efectivo y vehículos se resumen en el anexo II.

D. Pagos efectuados o socorro prestado a terceros

47. Cinco reclamantes de esta serie han pedido indemnizaciones por el concepto indicado por un valor total de 215.703 dinares kuwaitíes (unos 746.377 dólares de los EE.UU.).

48. Las reclamaciones de esta serie por pagos efectuados o socorro prestado a terceros no han planteado nuevas cuestiones jurídicas o de verificación y valoración. Al examinar las reclamaciones por este concepto, el Grupo aplicó el criterio y el método de verificación y valoración descritos en anteriores informes "E4", por ejemplo, en los párrafos 59 a 63 del cuarto informe "E4".

49. Las reclamaciones del Grupo con respecto a las reclamaciones por pagos efectuados o socorro prestado a terceros se resumen en el anexo II.

E. Lucro cesante

50. Cerca del 90% de los reclamantes de esta serie han pedido indemnizaciones por lucro cesante con un valor total de 10.266.059 dinares kuwaitíes (alrededor de 35.522.696 dólares de los EE.UU.)

51. Las reclamaciones de esta serie plantean cuatro importantes cuestiones de hecho y de derecho que ya se plantearon en las reclamaciones de la primera serie. Estas cuestiones se refieren a las consecuencias y a la evaluación de: i) los beneficios obtenidos en el marco del programa del Gobierno de Kuwait relativo a la liquidación de deudas después de la liberación; ii) los beneficios imprevistos o excepcionales obtenidos por los reclamantes en el período inmediatamente posterior a la liberación de Kuwait; iii) el período de indemnización para las reclamaciones por lucro cesante, y iv) las reclamaciones por lucro cesante basadas selectivamente en sectores de actividad rentables. Las conclusiones a que llegó el Grupo en relación con estas cuestiones figuran en los párrafos 161 a 193 del primer informe "E4". El Grupo ha tenido en cuenta estas conclusiones al examinar las reclamaciones de esta serie por lucro cesante y al formular recomendaciones al respecto.

52. No obstante haber recibido solicitudes expresas, algunos reclamantes de la 13^a serie no han presentado los estados anuales de cuentas relativos a los tres ejercicios financieros anteriores y posteriores al período de invasión y ocupación de Kuwait por el Iraq. El Grupo ha señalado que, en algunos casos, el hecho de no haber presentado cuentas ha quedado suficientemente explicado; por ejemplo, en el caso de un reclamante que había comenzado a desarrollar su actividad en el período comprendido entre 1987 y 1990 o en el caso de un reclamante que cesó su actividad después de la invasión y ocupación de Kuwait por el Iraq.

53. Se ha considerado que presentaban un "riesgo de exageración" las reclamaciones por lucro cesante de las empresas que no han aportado la totalidad de los estados anuales de cuentas verificadas con relación con los correspondientes períodos, salvo en los casos en que se ha explicado de modo suficiente la falta de estados de cuentas.

54. El método de verificación y valoración adoptado por el Grupo para las reclamaciones por lucro cesante se expone en los párrafos 194 a 202 del primer informe "E4".

55. La empresa Asdeka Sweets & Bakery ha presentado una reclamación por lucro cesante. La reclamación se basa en una estimación de los ingresos y gastos del reclamante. Como base de la estimación, el reclamante ha aportado facturas de compra y de venta fechadas en 1994. En respuesta a una solicitud de presentación de informes financieros, el reclamante ha declarado que no tenía ningún informe financiero porque su empresa era de pequeñas dimensiones y estaba

exenta de la obligación de presentar informes financieros al Ministerio de Comercio de Kuwait. El reclamante no ha aportado ninguna documentación financiera anterior que haya dado al Grupo la posibilidad de determinar con certeza si la actividad del reclamante había sido rentable. Como el reclamante no ha presentado pruebas suficientes para describir las circunstancias y el importe de la pretendida pérdida, el Grupo ha recomendado que no se abone ninguna indemnización por esta reclamación de lucro cesante.

56. La empresa Kuwait Germanco for Building Materials quedó constituida a fines de 1989. Esta empresa ha presentado una reclamación por lucro cesante basada en estimaciones de producción y beneficios mensuales. Las informaciones de que se dispone son insuficientes para determinar la rentabilidad precedente del reclamante. Los estados financieros comunicados en relación con las operaciones desarrolladas antes del 2 de agosto de 1990 no contienen ninguna indicación de ingresos, gastos o beneficios. El reclamante no ha presentado otras pruebas que den al Grupo la posibilidad de determinar con certeza los ingresos o beneficios anteriores del reclamante. A causa de la insuficiencia de las pruebas aportadas, el Grupo ha recomendado que no se abone ninguna indemnización por esta reclamación.

57. Las recomendaciones del Grupo en relación con las reclamaciones por lucro cesante se resumen en el anexo II.

F. Cuentas por cobrar

58. Ocho reclamantes de esta serie han presentado reclamaciones por deudas de cobro dudoso, con un valor total de 2.619.596 dinares kuwaitíes (alrededor de 9.064.346 dólares de los EE.UU.). La mayoría de estas reclamaciones corresponde a cantidades adeudadas por empresas o particulares establecidos en Kuwait antes de la invasión por el Iraq.

59. Las reclamaciones de esta serie por pérdidas relacionadas con cuentas por cobrar no plantean nuevas cuestiones jurídicas ni cuestiones de verificación y valoración. Al igual que en serie anteriores de reclamaciones "E4", casi todos los reclamantes han solicitado una indemnización por deudas que han quedado pendientes porque los deudores no regresaron a Kuwait después de la liberación. El Grupo reitera la decisión que adoptó sobre esta cuestión, tal como se expone en los párrafos 209 y 210 del primer informe "E4". Las reclamaciones por las deudas que no se hayan podido cobrar como consecuencia de la invasión y ocupación de Kuwait por el Iraq habrán de poner de manifiesto, mediante pruebas documentales u otras pruebas idóneas, el carácter y el importe de la deuda y las circunstancias que tuvieron por consecuencia que ésta fuera incobrable.

60. Las reclamaciones de la 13^a serie por deudas incobrables se verificaron y valoraron del modo descrito en los párrafos 211 a 215 del primer informe "E4".

61. Como se ha indicado más arriba, el Grupo recomienda que no se pague ninguna indemnización en el caso de las reclamaciones basadas en la mera afirmación de que las cantidades no cobradas son ipso facto deudas incobrables porque los deudores no han regresado a Kuwait. Muy pocos reclamantes han aportado pruebas que demuestren que la insolvencia de los deudores fuera una consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. Se ha señalado a los reclamantes esta insuficiencia de información en relación con los datos

suplementarios que se piden a los reclamantes (véase el párrafo 17). Se han recibido varias respuestas de reclamantes, pero pocas se ajustan a los criterios indicados.

62. Las recomendaciones del Grupo en relación con las reclamaciones por deudas incobrables se resumen en el anexo II.

G. Gastos de reanudación de actividad

63. Ocho reclamantes de esta serie han presentado reclamaciones relativas a la indemnización de gastos de reanudación de actividad por un valor total de 54.667 dinares kuwaitíes (unos 189.540 dólares de los EE.UU.).

64. Las cantidades reclamadas por este concepto se han examinado utilizando el método expuesto en los párrafos 221 a 223 del primer informe "E4" y en los párrafos 86 a 91 del cuarto informe "E4".

65. La empresa Copri Construction Company W.L.L. ha presentado una reclamación por los sueldos pagados a los empleados en septiembre, octubre y noviembre de 1991. Como justificantes, el reclamante ha aportado hojas de pago y otros documentos de su nómina electrónica. Ahora bien, el reclamante no ha aportado pruebas que demuestren que estos pagos por concepto de sueldo sean pagos suplementarios con respecto a los gastos ordinarios de la empresa. Por este motivo, el Grupo concluye que el reclamante no ha conseguido demostrar que la reclamación se refiera a una pérdida que sea consecuencia directa de la invasión y ocupación de Kuwait por el Iraq. Por consiguiente, el Grupo recomienda que no se pague ninguna indemnización por estos gastos de reanudación de actividad.

66. Las recomendaciones del Grupo en relación con los gastos de reanudación de actividad se resumen en el anexo II.

H. Otras pérdidas

67. Siete reclamantes de esta serie han presentado reclamaciones por otras pérdidas con un valor total de 732.455 dinares kuwaitíes (alrededor de 2.534.446 dólares de los EE.UU.).

68. La empresa Arab Gulf Company for Modern Technology ha presentado una reclamación por pérdidas sufridas en relación con sus programas informáticos. El reclamante ha manifestado que, antes de la invasión de Kuwait por el Iraq, había efectuado gastos para adquirir diversos sistemas de programas informáticos (por ejemplo, UNIX y MS DOS) y para adquirir y elaborar programas de aplicaciones concretas (por ejemplo, para las nóminas, la administración, etc.) El reclamante tenía el proyecto de ceder, en régimen de licencia, los programas de aplicaciones concretas a un gran número de usuarios y resarcirse así de los gastos. El reclamante ha afirmado que, como consecuencia del robo de los elementos principales del material y los programas informáticos durante la invasión y ocupación de Kuwait por el Iraq, no ha podido resarcirse de los gastos realizados (a fin de adquirir y elaborar programas informáticos). Por consiguiente, el reclamante ha pedido indemnización por los gastos relativos a los programas informáticos.

69. El reclamante ha presentado una relación en la que se enumeran las cantidades reclamadas (por ejemplo, por concepto de sueldos de los empleados, gastos de impresión y gastos de

traducción correspondientes a la elaboración de los programas informáticos de aplicaciones concretas). El reclamante ha presentado también una explicación de la manera en que funcionaban los programas informáticos y una muestra de varios contratos relacionados con los programas. En los informes financieros del reclamante correspondientes a 1991 figura una indicación de pérdida extraordinaria en el concepto "programas informáticos" que es equivalente a la cantidad reclamada.

70. En relación con los gastos de elaboración, el reclamante no ha presentado pruebas suficientes que demuestren que realizó los pretendidos gastos. Por ejemplo, aun cuando una parte importante de la reclamación se refiere a gastos de mano de obra, no se han aportado las hojas de asistencia de los empleados. Análogamente, no se han aportado facturas ni recibos que justifiquen los gastos de impresión o traducción enumerados. El reclamante no ha suministrado ninguna prueba que dé al Grupo la posibilidad de determinar la base sobre la cual se ha calculado o evaluado cada uno de los gastos.

71. Con respecto a la reclamación relativa a los sistemas de programas informáticos, el reclamante no ha aportado tampoco ninguna prueba de los gastos efectuados para adquirir los programas. En la medida en que los sistemas de programas formaban parte del material del reclamante, el Grupo ha señalado que había recomendado el pago de una indemnización al reclamante por la pérdida de bienes corporales, sobre la base de las pruebas suministradas por el reclamante.

72. Teniendo en cuenta lo que antecede, el Grupo ha señalado que el reclamante no ha suministrado pruebas suficientes que pongan de manifiesto las circunstancias y la importancia de la reclamación relativa a los gastos de los programas informáticos. Por consiguiente, el Grupo ha recomendado que no se pague ninguna indemnización con respecto a esta reclamación.

73. La empresa Arab European Financial Management Company S.A.K. ha presentado una reclamación en relación con las transacciones a término en divisas que el reclamante se había comprometido a hacer antes de la invasión de Kuwait por el Iraq. Estas transacciones, por intermedio de bancos extranjeros, dieron lugar a compromisos en virtud de los cuales el reclamante debía comprar o vender determinadas cantidades de ciertas monedas a tipos de cambio convenidos en fechas comprendidas entre agosto y noviembre de 1990. Por ejemplo, en virtud de un contrato, el reclamante se comprometió a comprar, en determinada fecha de septiembre de 1990, 1,5 millones de dólares de los EE.UU. a cambio de 8,5 millones de francos franceses.

74. El reclamante ha afirmado que, como consecuencia de la invasión y ocupación de Kuwait por el Iraq, no pudo ejecutar estos contratos. Los bancos correspondientes no pudieron ponerse en relación con el reclamante y dieron por cumplidos los compromisos a los tipos de cambio cotizados en las fechas en que las obligaciones quedaron pendientes. Como estos tipos de cambio eran desfavorables para el reclamante en comparación con los tipos convenidos en los contratos a término, el reclamante incurrió en pérdidas cuando se dieron por concluidos los contratos.

75. En el informe y en las recomendaciones del Grupo de Comisionados acerca de la tercera serie de reclamaciones "E4", el Grupo de Comisionados "E4" se ocupó de reclamaciones análogas (párrafos 36 a 38 y 42 a 46 del documento S/AC.26/2000/6) y concluyó que el

reclamante había sufrido una pérdida como resultado directo "de no haber podido administrar sus asuntos tras la invasión y ocupación de Kuwait por el Iraq". Por consiguiente, estas pérdidas eran un resultado directo de la invasión y ocupación de Kuwait por el Iraq. El Consejo de Administración hizo suyas estas conclusiones en su decisión 91 (S/AC.26/Dec.91(2000)).

76. El Grupo se adhiere a estas conclusiones. En el caso presente, el reclamante sufrió también una pérdida a causa de su incapacidad para desenvolver sus operaciones en Kuwait después de la invasión de este país por el Iraq. Por consiguiente, esta pérdida fue un resultado directo de la invasión y ocupación de Kuwait por el Iraq.

77. El reclamante ha presentado pruebas suficientes que demuestran la existencia de los contratos y dan información sobre los tipos de cambios que se cotizaban cuando los contratos fueron dados por concluidos por los bancos correspondientes. Ahora bien, el Grupo recomienda que, al valorar la pérdida, se reajuste la reclamación para ponerla en armonía con los tipos de cambio aprobados por el Grupo (según lo descrito en los párrafos 226 a 233 del primer informe "E4") y para contrarrestar cualquier "riesgo de exageración" que guarde relación con las fluctuaciones normales de los mercados de divisas y con el carácter de las operaciones.

78. Las reclamaciones por "otras pérdidas" de que se ha tratado en anteriores series "E4" se han examinado de la manera expuesta en otros informes "E4". (Véase, por ejemplo, el párrafo 103 del cuarto informe "E4", relativo a la tramitación de los gastos pagados por adelantado.)

79. Las recomendaciones del Grupo en relación con otras pérdidas se resumen en el anexo II.

V. OTRAS CUESTIONES

A. Fechas aplicables al tipo de cambio de monedas y a los intereses

80. Para la determinación de las fechas aplicables al tipo de cambio y a los intereses, el Grupo ha adoptado el criterio expuesto en los párrafos 226 a 233 del primer informe "E4".

B. Gastos de preparación de las reclamaciones

81. El Secretario Ejecutivo de la Comisión ha comunicado al Grupo que el Consejo de Administración tiene previsto resolver la cuestión de los gastos de preparación de las reclamaciones. En consecuencia, el Grupo no formula ninguna recomendación en relación con el resarcimiento de estos gastos.

VI. INDEMNIZACIONES RECOMENDADAS

82. En relación con lo que antecede, las indemnizaciones recomendadas por el Grupo para los reclamantes de la 13^a serie de reclamaciones de la categoría "E4" figuran en el anexo I del presente informe. Los principios en que se basan las recomendaciones del Grupo respecto de esta serie se resumen en el anexo II del presente informe. Al haberse redondeado las cantidades, éstas pueden variar en un dinar kuwaití respecto de las cantidades indicadas en el formulario E.
