КОМПЕНСАЦИОННАЯ КОМИССИЯ
ОРГАНИЗАЦИИ ОБЪЕДИНЕННЫХ НАЦИЙ
СОВЕТ УПРАВЛЯЮЩИХ

ДОКЛАД И РЕКОМЕНДАЦИИ ГРУППЫ УПОЛНОМОЧЕННЫХ ПО ДЕВЯТНАДЦАТОЙ ПАРТИИ ПРЕТЕНЗИЙ "Е4"

GE.02-60786 (R) 140302 140302

СОДЕРЖАНИЕ

Приложения

Введение

1. На своей тридцатой сессии, состоявшейся 14-16 декабря 1998 года, Совет управляющих Компенсационной комиссии Организации Объединенных Наций ("Комиссия") назначил гг. Луиса Олаво Баптисту (Председатель), Жана Ноде и Цзяньси Вана в состав Группы уполномоченных ("Группа"), которой было поручено рассмотрение претензий категории "E4". Категория "E4" охватывает претензии, представленные кувейтскими юридическими лицами (за исключением претензий предприятий нефтяного сектора и претензий, касающихся ущерба окружающей среде), имеющими право подавать претензии в соответствии с разработанными Комиссией "Формами претензий для корпораций и других юридических лиц" ("Форма E").

2. Девятнадцатая партия претензий, состоящая из 139 претензий "E4", была передана Группе 31 июля 2001 года в соответствии со статьей 32 Временного регламента урегулирования претензий (S/AC.26/1992/10) ("Регламента").

3. В соответствии со статьей 38 Регламента настоящий доклад содержит рекомендации Группы Совету управляющих в отношении девятнадцатой партии претензий.

I. ОБЩИЕ СВЕДЕНИЯ О ПРЕТЕНЗИЯХ ДЕВЯТНАДЦАТОЙ ПАРТИИ

4. Претензии девятнадцатой партии были отобраны из приблизительно 2 750 претензий "E4" на основе таких критериев, как, в частности, размер, объем и сложность претензии, а также правовые, фактические вопросы и вопросы стоимостной оценки, возникающие в связи с претензией, дата представления претензии в Комиссию и т.д.

5. В претензиях девятнадцатой партии заявлены потери на общую сумму 57 462 622 кувейтских динаров (приблизительно 198 832 602 долл. США). Заявители также требуют выплаты процентов в общей сложности на сумму 2 774 477 кувейтских динаров (приблизительно 9 600 266 долл. США) и компенсации расходов на подготовку претензий в размере 247 875 кувейтских динаров (приблизительно 857 699 долл. США).

6. Характер правовых и фактических вопросов, возникающих в связи с каждой претензией, и объем документации, представленной в обоснование каждой претензии, позволили Группе провести их проверку в течение 180 дней, считая с даты, когда претензии девятнадцатой партии были переданы Группе.

7. Все заявители претензий девятнадцатой партии осуществляли свою деятельность в Кувейте до вторжения Ирака и оккупации им Кувейта. Большинство заявителей занимались торговлей, ряд заявителей действовали в сферах промышленного производства и услуг.

8. К двум наиболее часто встречающимся категориям потерь, компенсации которых требуют заявители претензий данной партии, относятся потери материальной собственности (главным образом товарно-материальных запасов, мебели, арматуры и сантехники, оборудования и транспортных средств) и упущенная выгода. Заявители претензий также претендуют на возмещение безнадежной дебиторской задолженности, расходов на возобновление деятельности, процентов и расходов на подготовку претензий, относящихся к категории "прочие потери".

II. ПРОЦЕДУРА РАССМОТРЕНИЯ ПРЕТЕНЗИЙ

9. Перед тем как девятнадцатая партия претензий была представлена Группе в соответствии с Регламентом секретариат Комиссии провел предварительную оценку этих претензий. Методика оценки изложена в пункте 11 «доклада и рекомендаций Группы уполномоченных в отношении первой партии претензий "Е4"» (S/AC.26/1999/4) («первом докладе "Е4"»). Результаты проведенного анализа были введены в централизованную базу данных, которая составляется секретариатом ("базу данных о претензиях").

10. 15 претензий первоначально содержали формальные дефекты, и секретариат в соответствии со статьей 15 Регламента уведомил об этом соответствующих заявителей. Эти заявители устранили формальные дефекты.

11. Для выявления существенных юридических и фактических вопросов, а также вопросов оценки был проведен анализ претензий по существу. Результаты такого анализа, включая выявленные существенные вопросы, были введены в базу данных о претензиях.

12. 23 июля 1999 года, 28 октября 1999 года, 12 апреля 2001 года и 10 июля 2001 года Исполнительный секретарь Комиссии представил Совету управляющих соответственно 28, 29, 35 и 36-й доклады, предусмотренные статьей 16 Регламента ("доклады по статье 16"). Эти доклады касались, в частности, девятнадцатой партии претензий "Е4", и в них излагались существенные правовые и фактические вопросы, выявленные в результате анализа этих претензий. В ответ на доклады Исполнительного секретаря по статье 16 ряд правительств, в том числе правительство Ирака, представили дополнительную информацию и соображения.

13. По завершении a) предварительной оценки; b) рассмотрения претензий по существу и c) работы в связи с докладами, представленными в соответствии со статьей 16 Регламента, Группа получила и рассмотрела следующие документы:

a) документы по претензиям, представленные заявителями;

b) доклады о результатах предварительной оценки, подготовленные секретариатом в соответствии со статьей 14 Регламента;

c) информация и соображения, полученные от правительств, в том числе от правительства Ирака, в ответ на доклады, представленные в соответствии со статьей 16; и

d) прочая информация, которая в соответствии со статьей 32 Регламента была сочтена полезной для работы Группы.

14. В силу причин, указанных в пункте 17 первого доклада "E4", Группа заручилась услугами бухгалтерской фирмы и фирмы по оценке потерь в качестве экспертов-консультантов. Группа поручила экспертам-консультантам провести анализ каждой претензии девятнадцатой партии в соответствии с разработанной ею методикой проверки и стоимостной оценки. Группа также поручила экспертам-консультантам представить ей подробный доклад по каждой претензии с кратким изложением своих выводов.

15. В своем процедурном постановлении от 31 июля 2001 года Группа заявила о своем намерении завершить рассмотрение девятнадцатой партии претензий и представить свой доклад и рекомендации Совету управляющих в течение 180 дней, считая с 31 июля 2001 года. Это процедурное постановление было препровождено правительствам Ирака и Кувейта.

16. В соответствии со статьей 34 Регламента у заявителей была запрошена дополнительная информация и доказательства, которые могли бы облегчить работу Группы по рассмотрению претензий. Заявителям, не представившим запрошенные доказательства, было предложено сообщить о причинах, по которым они не могли этого сделать. Все запросы в отношении дополнительной информации были направлены через кувейтский Государственный орган по оценке компенсации за ущерб в результате иракской агрессии (ГООК). Такие запросы были направлены в связи со всеми претензиями "E4", а не только по девятнадцатой партии претензий.

17. Запросы в отношении дополнительной информации и доказательств описываются в предыдущих докладах "E4", например в пунктах 21-26 доклада и рекомендаций Группы уполномоченных по второй партии претензий "E4" (S/AC.26/1999/17) («второго доклада "E4"») и в пункте 18 доклада и рекомендаций Группы уполномоченных по шестой партии претензий "E4" (S/AC.26/2000/8) («шестого доклада "E4"»). В настоящем докладе эти запросы повторно не излагаются.

18. Была проведена дополнительная проверка, с тем чтобы установить, не представили ли соответствующие заявители претензии, дублирующие друг друга. Информация об этой проверке содержится в пункте 18 доклада и рекомендаций Группы уполномоченных по четвертой партии претензий "E4" (S/AC.26/1991/18) («четвертого доклада "E4"»).

19. Претензии девятнадцатой партии включают шесть претензий десятой партии претензий "E4", рассмотрение которых было отложено Группой из-за возможного дублирования отдельных претензий о компенсации коммерческих потерь. Причины, по которым рассмотрение этих претензий было отложено, поясняются в пунктах 19-21 доклада и рекомендаций Группы уполномоченных по десятой партии претензий "E4" (S/AC.26/2000/22) («десятого доклада "E4"»). Впоследствии Группа пришла к выводу, что данные претензии не демонстрируют какого-либо дублирования с претензиями отдельных лиц о компенсации коммерческих потерь. В результате эти претензии были включены для рассмотрения в состав девятнадцатой партии.

20. Рассмотрев представленные документы и полученную дополнительную информацию, Группа пришла к выводу, что вопросы, связанные с девятнадцатой партией претензий, должным образом проработаны и что устных слушаний для дополнительного изучения данных вопросов не требуется.

III. ПРАВОВАЯ ОСНОВА И МЕТОДИКА ПРОВЕРКИ И СТОИМОСТНОЙ ОЦЕНКИ

21. Правовая основа и методика проверки и стоимостной оценки, применявшиеся при рассмотрении претензий данной партии, аналогичны тем, которые использовались в связи с предыдущими партиями претензий "E4". Эта основа и методика рассмотрены в пунктах 25-62 первого доклада "E4". В последующих докладах "E4" обсуждаются дополнительные вопросы, касающиеся правовой основы, проверки и стоимостной оценки, с которыми пришлось столкнуться в связи с указанными партиями претензий "E4". Этот ряд элементов проведенного Группой анализа в настоящем докладе повторно не приводится. Вместо этого в нем указываются ссылки на разделы предыдущих докладов "E4", в которых рассматривались эти вопросы.

22. Сталкиваясь с новыми вопросами, не затронутыми в предыдущих докладах "Е4", Группа разрабатывала методологии проверки и стоимостной оценки потерь. Эти новые вопросы рассмотрены в настоящем докладе. Конкретные рекомендации Группы в отношении потерь, заявленных в этой партии претензий, а также их обоснование изложены в приложениях к настоящему докладу.

23. Прежде чем перейти к обсуждению конкретных рекомендаций Группы относительно компенсации по претензиям девятнадцатой партии, важно вновь указать, что в ходе проверки и стоимостной оценки претензий Группа стремилась найти баланс между неспособностью заявителей во всех случаях представить убедительные доказательства потерь и "риском завышения суммы таких потерь", обусловленным доказательственными изъянами. В данном контексте термин "риск завышения суммы потерь", определяемый в пункте 34 первого доклада "Е4", используется в тех случаях, когда претензии страдают доказательственными изъянами, затрудняющими их точную стоимостную оценку, и поэтому есть риск того, что их сумма может быть завышена.

IV. ПРЕТЕНЗИИ

24. Группа рассматривала претензии с учетом характера и категории заявленных потерь. Поэтому рекомендации Группы приводятся по категориям потерь. Реклассифицированные потери рассматриваются в разделах, касающихся тех категорий потерь, к которым они были отнесены Группой в результате их реклассификации.

A. Контракт

25. Претензии этой партии в отношении потери контракта предъявляются восемью заявителями и составляют в общей сложности 651 593 кув. дин. (приблизительно 2 254 647 долл. США). Эти претензии не связаны с контрактами с правительством Ирака или контрактами, требовавшими исполнения в Ираке.

26. Подход Группы к критериям компенсируемости контрактных потерь изложен в предыдущих докладах "Е4". Используемые Группой методы проверки и стоимостной оценки в отношении связанных с контрактами претензий рассмотрены в пунктах 77-84 первого доклада "Е4".

27. "Секьюритис груп компани КСК" подала претензию о возмещении дополнительных расходов, понесенных в связи с окончанием строительства ее штаб-квартиры, которое не было завершено на 2 августа 1990 года. Заявитель утверждал, что строительство было

прервано в результате вторжения Ирака в Кувейт и оккупации им Кувейта. После освобождения Кувейта заявитель воспользовался услугами начальника строительства, строительного инспектора и мебельной фирмы для обеспечения руководства и надзора за строительными работами и поставки мебели для нового здания. Истребуемая сумма основывается на ежемесячных счетах, выставленных начальником строительства, строительным инспектором и мебельной фирмой за продленный период исполнения контракта. Заявитель также истребует дополнительные расходы генерального подрядчика, вновь привлеченного для завершения строительства. Заявитель представил подтверждения расходов, которые он понес бы при обычном течении дел, а также подтверждения фактического роста расходов, понесенных для завершения строительства. Заявитель также истребует возмещение расходов на приведение строительной площадки в то же состояние, в котором она находилась до вторжения, а также расходы на материалы, которые были похищены на объекте в период вторжения Ирака в Кувейт и оккупации им Кувейта.

28. Принимая свои решение, Группа сослалась на пункты 67-76 первого доклада "E4", в котором первая Группа "E4" решила, что определенная часть возросших строительных расходов, понесенных заявителем после возобновления контракта, является прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта. Первая Группа "E4" заключила, что то, в какой мере такое увеличение расходов было прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта, зависит от фактов и обстоятельств каждого случая. Группа также рассмотрела выводы, сделанные Группой "E3" в докладе и рекомендациях Группы уполномоченных по первой партии претензий "E3" (S/AC.26/1999/24) («первом докладе "F3"»). В пунктах 59-64 первого доклада "F3" Группа "F3" заключила, что после освобождения в Кувейте произошло общее увеличение цен на товары и услуги, которое объяснялось рядом факторов, не обязательно связанных со вторжением. Группа "F3" смогла установить наличие причинно-следственной связи с иракским вторжением и оккупацией Ираком Кувейта лишь применительно к трем видам расходов: дополнительных транспортных и страховых расходов и расходов на восстановление объекта, включая расходы, связанные с заменой материалов и оборудования, утраченных в ходе вторжения, которые были необходимы для возобновления строительных работ. Группа заключает, что выводы Группы "F3" соответствуют пунктам 67-76 первого доклада "E4". Хотя заявитель показал, что его дополнительные расходы на завершение строительства были результатом вторжения, он не продемонстрировал того, что дополнительные расходы относятся к тем категориям, которые были перечислены Группой "F3". Соответственно Группа не рекомендует компенсации по этой претензии.

29. Компания "Аль-Куляб энд Рамасами микеникл, электрикл энд сивил контректинг компани ВЛЛ" являлась субподрядчиком на строительстве трех объектов кувейтского министерства связи. По этим трем объектам заявитель истребует стоимость материалов на объекте и расходов на мобилизацию работников, счет за которые еще не был им выставлен до вторжения Ирака в Кувейт и оккупации им Кувейта. Заявитель утверждал, что в результате вторжения Ирака в Кувейт и оккупации им Кувейта все государственные контракты были аннулированы, и, поскольку контракт не был возобновлен, заявитель не мог получить возмещение своих расходов. Группа рассмотрела последствия вторжения и оккупации Кувейта для контрактов между подрядчиками и правительством Кувейта. В частности, Группа рассмотрела постановление Совета министров правительства Кувейта № 148 от 27 января 1991 года, в соответствии с которым такие контракты регламентировались нормами, применимыми к договорным обязательствам в целом и, следовательно, такие контракты были прекращены в силу форс-мажорных обстоятельств. Таким образом, Группа заключает, что аннулирование субконтрактов заявителя было прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта.

30. Группа рассмотрела доклад и рекомендации Группы уполномоченных по шестнадцатой партии претензий "Е3" («шестнадцатый доклад "Е3"») (S/AC.26/2001/28), в котором Группа "Е3" заключила, что такие расходы, как доконкурсные расходы, на возмещение которых за период исполнения контракта мог бы рассчитывать заявитель, в принципе подлежат компенсации. Группа заключает, что расходы на мобилизацию представляют собой невозмещаемые расходы, которые не могли быть отфактурированы по соответствующим контрактам, но могли быть возмещены, если бы контракты не были аннулированы. Поскольку заявитель представил подтверждения истребуемых расходов на мобилизацию, Группа рекомендует компенсацию этой части претензии. Однако заявитель не представил подтверждений наличия материалов на объекте. Поэтому Группа не рекомендует компенсацию этой части претензии.

31. Рекомендации Группы в отношении контрактных потерь содержатся в приложении II ниже.

B. Недвижимость

32. Претензии в связи с потерей недвижимого имущества на общую сумму 1 922 995 кувейтских динара (приблизительно 6 653 962 долл. США) представили в рамках данной партии 32 заявителя. Эти претензии касались ущерба, причиненного ряду зданий и помещений в Кувейте, находившихся в собственности или в аренде.

33. Претензии о компенсации потери недвижимости в данной партии не вызывают каких-либо новых юридических вопросов или вопросов проверки и оценки. Критерии компенсируемости и методология проверки и стоимостной оценки, принятые Группой для претензий о компенсации потери недвижимого имущества, изложены в пунктах 89-101 первого доклада "Е4".

34. Заявители данной партии претензий представили доказательства, аналогичные тем, которые Группа изучила при рассмотрении претензий в связи с потерей недвижимости в предыдущих партиях претензий "Е4". Эти доказательства описаны в пунктах 48-50 второго доклада "Е4".

35. Рекомендации Группы по претензиям о компенсации потерь недвижимости резюмируются в приложении II.

C. Материальное имущество, товарно-материальные запасы, наличные и транспортные средства

36. Претензии в связи с потерями материального имущества в рамках девятнадцатой партии представило большинство заявителей. Общая сумма заявленных потерь товарно-материальных запасов, мебели, арматуры и сантехники, оборудования, транспортных средств и наличности составляет 33 021 194 кувейтских динаров (приблизительно 114 260 187 долл. США).

37. В отношении компенсируемости, проверки и стоимостной оценки претензий в связи с потерями материальной собственности, запасов, наличности и транспортных средств Группа применяла подход, изложенный в пунктах 108-135 первого доклада "Е4".

38. Один из заявителей, "Кувейт юнайтед дейри К°", представил претензию о компенсации убыли поголовья скота. Заявитель содержал свой скот для производства молока и для откорма. Заявитель не представил разбивки стада на производительное стадо, т.е. скот, содержавшийся для производства молока, и откормочное стада. Однако согласно финансовой документации заявителя значительное большинство его доходов приходилось на производство молока. При проверке и определении размера претензий Группа учла выводы Группы "Е4", изложенные в докладе и рекомендациях Группы уполномоченных по девятой партии претензий "Е4" (S/AC.26/2001/13) («девятом докладе "Е4"»), поэтому Группа заключила, что скот заявителя следует рассматривать как основной капитал, стоимость которого подлежала бы амортизации за его полезный срок службы.

39. В рамках этой партии претензий заявители представляли доказательства, аналогичные тем, с которыми Группа сталкивалась при рассмотрении предыдущих партий претензий "E4" в связи с потерями материального имущества. Эти доказательства описаны в пунктах 55-56 второго доклада "E4".

40. В отношении претензий большинства заявителей факт потери товарно-материальных запасов, право собственности на них и их стоимость подтверждались копиями ревизованных счетов, подлинными товарными квитанциями и данными "текущей оценки", процедуры которой описаны в пункте 119 первого доклада "E4". Ряд заявителей подтверждали потери товарно-материальных запасов главным образом свидетельствами своих работников и контрагентов. В тех случаях, когда факт утраты товарно-материальных запасов не подтверждался достаточными доказательствами, например, когда непредвиденные потери были отражены в ревизованной финансовой отчетности заявителя за период после освобождения, Группа не рекомендует компенсации за такие потери.

41. Три заявителя ("Аль-Насралла интернэшнл дженерал трейдинг энд контректинг компани", "Баян эгрикалчер энд фуд компани" и "Наиф фрэш дайри K°") истребовали компенсацию потерь товарно-материальных запасов в виде живого инвентаря. Два заявителя, "Аль-Насралла интернешнл дженерал трейдинг энд контректинг компани" и "Баян эгрикалчер энд фуд компани" имели такой живой инвентарь, как крупный рогатый скот, овцы и куры для забоя или продажи, и в своей составленной до вторжения финансовой отчетности проводили свой живой инвентарь как товарно-материальные запасы. Поэтому при проверке и определении размера этих претензий Группа считала эти претензии заявленными в отношении потери товарно-материальных запасов. "Наиф фрэш дайри K°" держала живой инвентарь для производства молока и для забоя. На основе представленной информации Группа не имела возможности определить, какая часть стада "Наиф фрэш дайри K°" представляла собой молочное стадо, а какая его часть предназначалась для забоя, однако Группа отметила, что в своей составленной до вторжения финансовой отчетности "Наиф фрэш дайри K°" учитывала свой живой инвентарь как товарно-материальные запасы. Ввиду этих фактов Группа решила, что претензия "Наиф фрэш дайри K°" в отношении утраты живого инвентаря должна рассматриваться как претензия в отношении утраты товарно-материальных запасов и соответственно применяла методику проверки и оценки, изложенную в пунктах 39-42 девятого доклада "E4".

42. Как и в случае предыдущих партий претензий "E4", большинство претензий в связи с потерей товара в пути касались товаров, которые находились в Кувейте в день вторжения в него Ирака и впоследствии были утрачены. Заявители утвержденных к

оплате претензий смогли представить достаточные доказательства оплаты товаров и установить право собственности, факт существования и потери товаров на основе сертификатов, выданных кувейтскими портовыми властями или экспедиторскими фирмами.

43. Претензии о возмещении потерь наличных в составе данной партии не вызывают каких-либо новых юридических вопросов или вопросов проверки и оценки. Большинство заявителей, истребующих компенсацию потерь наличных, ограничились свидетельствами очевидцев, не представив других доказательств, подтверждающих обоснованность их претензий. В случаях, когда претензии в связи с потерей наличных не были подкреплены относящимися к соответствующему периоду доказательствами, подтверждающими наличие таких денежных средств и их сумму по состоянию на 2 августа 1990 года, Группа не рекомендовала компенсации. Ни один из заявителей претензий девятнадцатой партии не смог представить в подтверждение своей претензии достаточных относящихся к соответствующему периоду свидетельств.

44. По претензиям в связи с потерей транспортных средств в рамках данной партии не возникло никаких новых юридических вопросов или вопросов проверки и стоимостной оценки. Большинство заявителей претензий в связи с потерей транспортных средств смогли подтвердить свои потери, представив копии справок о снятии с учета и дополнительные документы, например ревизованные счета, относящиеся к периоду после освобождения, и свидетельства очевидцев, подтверждающие факт и обстоятельства утраты транспортных средств.

45. Рекомендации Группы относительно претензий в связи с потерями материального имущества, товарно-материальных запасов, наличных и транспортных средств резюмируются в приложении II ниже.

D. Выплаты или помощь другим лицам

46. Претензии в связи с выплатами или оказанием помощи третьим лицам на общую сумму 597 795 кувейтских динаров (приблизительно 2 068 495 долл. США) представил в рамках данной партии 21 заявитель.

47. Претензии о компенсации выплат или помощи другим лицам в составе данной партии не вызывают новых юридических вопросов или вопросов проверки и стоимостной оценки. При рассмотрении этих претензий в связи с выплатой или оказанием помощи третьим лицам Группа применяла подход и методику проверки и стоимостной оценки, описанные в предыдущих докладах "E4", например в пунктах 71-75 второго доклада "E4".

48. Рекомендации Группы по претензиям в связи с выплатами или помощью другим лицам резюмируются в приложении II.

E. Упущенная выгода

49. Претензии, связанные с упущенной выгодой на общую сумму в 14 493 718 кувейтских динаров (приблизительно 50 151 273 долл. США), представили в рамках данной партии 81% заявителей.

50. Четыре существенных юридических и фактических вопроса, возникших в связи с первой партией претензий, в равной степени относятся и к их настоящей партии. Эти вопросы касаются влияния и оценки: a) выплат, полученных в рамках принятой правительством Кувейта программы урегулирования задолженности после освобождения страны, b) непредвиденной или дополнительной прибыли, полученной заявителями сразу после освобождения Кувейта, c) периода времени, подпадающего под компенсацию упущенной выгоды, и d) претензий в связи с упущенной выгодой, основанных на наиболее прибыльных видах деятельности. Выводы по этим вопросам, к которым пришла Группа, изложены в пунктах 161-193 первого доклада "Е4". На основе этих выводов Группа и формулировала свои соображения и рекомендации в отношении претензий данной партии, связанных с упущенной выгодой.

51. Несмотря на неоднократные просьбы, многие заявители не представили годовой отчетности за три финансовых года до и после вторжения Ирака в Кувейт и оккупации им Кувейта. Группа отметила, что в ряде случаев непредставление некоторой отчетности объяснялось объективными причинами, например тем, что в период 1987-1990 годов заявитель только начал свою коммерческую деятельность, или тем, что заявитель прекратил свою деятельность после вторжения Ирака в Кувейт и оккупации им Кувейта.

52. Претензии в связи с упущенной выгодой, заявленные предприятиями, не представившими полного набора ревизованной отчетности за соответствующие периоды, могли быть завышены, если только непредставление таких счетов не было связано с объективными причинами, подтвержденными заявителями.

53. Компания "Аль-Ганим энд Аль-Маджид шиппинг компани ВЛЛ" представила претензию о компенсации упущенной выгоды. Заявитель начал хозяйственную деятельность 26 июня 1990 года. Заявитель основывал свою претензию в отношении упущенной выгоды на прогнозах прибыли, построенных на балансовых данных за период после освобождения. Группа отметила, что заявитель не смог представить информации, подтверждающей его рентабельность за длительный период времени. Заявитель не мог

представить каких-либо подтверждений, которые позволили бы Группе с какой-либо разумной достоверностью определить прошлую прибыль заявителя. Группа дала свои рекомендации, вынесенные ею в своих предыдущих докладах, включая доклад и рекомендации Группы уполномоченных по тринадцатой партии претензий "E4" (S/AC.26/2001/5) («тринадцатый доклад "E4" ») и шестой доклад "E4", а также в четвертый доклад "E4". Ввиду недостаточности подтверждений Группа не рекомендует компенсацию по этой претензии.

54. Методика проверки и оценки, принятая Группой применительно к претензиям о возмещении упущенной выгоды, изложена в пунктах 194-202 первого доклада "E4".

55. Рекомендации Группы по претензиям о компенсации упущенной выгоды резюмируются в приложении II ниже.

F. Дебиторская задолженность

56. "Безнадежной задолженности" в рамках рассматриваемой партии касались 13 претензий на общую сумму 2 537 089 кувейтских динаров (приблизительно 8 778 855 долл. США). Большинство заявителей этих претензий требовали компенсации потерь в связи с долгами коммерческих предприятий и частных лиц, действовавших или проживавших в Кувейте до иракского вторжения.

57. Как и в случаях с предыдущими партиями претензий "E4", большинство заявителей истребовали компенсацию задолженности, которая осталась непогашенной, поскольку должники не вернулись в Кувейт после его освобождения. Группа подтверждает свое заключение по данному вопросу, сформулированное в пунктах 209-210 первого доклада "E4". Претензии в отношении долгов, ставших безнадежными в результате вторжения Ирака в Кувейт и оккупации им Кувейта, должны содержать документальные и другие свидетельства, подтверждающие характер и размер долга, а также обстоятельства, при которых он стал безнадежным.

58. Проверка и стоимостная оценка претензий в связи с безнадежной задолженностью, предъявленных в рамках девятнадцатой партии претензий, были проведены в соответствии с методикой, изложенной в пунктах 211-215 первого доклада "E4".

59. Как было отмечено выше, Группа рекомендует оставить без удовлетворения претензии, в которых утверждается, что непогашенная задолженность стала безнадежной ipso facto, поскольку должники не вернулись в Кувейт. Почти никто из заявителей не представил убедительных доказательств того, что неспособность должников погасить

свои долги стала прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта. Это обстоятельство было доведено до сведения заявителей путем направления им запросов о дополнительной информации (см. пункты 16-17 выше). Хотя от ряда заявителей были получены ответы, только два из них удовлетворяли упомянутые выше критерии. Группа рекомендовала компенсацию по этим претензиям.

60. Рекомендации Группы по претензиям о компенсации дебиторской задолженности резюмируются в приложении II ниже.

G. Расходы на возобновление деятельности

61. Десять заявителей претензий данной партии истребовали компенсацию расходов на возобновление деятельности в сумме 573 098 кувейтских динаров (приблизительно 1 983 038 долл. США). Суммы, истребовавшиеся в качестве расходов на возобновление деятельности, были рассмотрены с использованием методики, описанной в пунктах 221-223 первого доклада "Е4" и в пунктах 93-96 второго доклада "Е4".

62. Претензии о компенсации расходов на возобновление деятельности данной партии не создают каких-либо новых юридических вопросов или вопросов проверки и оценки. Рекомендации Группы по расходам на возобновление деятельности резюмируются в приложении II ниже.

H. Прочие потери

63. Семнадцать заявителей претензий данной партии истребуют прочие потери на общую сумму 3 665 140 кувейтских динаров (приблизительно 12 682 145 долл. США).

64. Претензии о компенсации "прочих потерь", рассмотренные в составе предыдущих партий "Е4", были урегулированы в порядке, изложенном в предыдущих докладах "Е4" (см., например, пункт 108 второго доклада "Е4" об урегулировании заранее оплаченных расходов и пункте 93-94 четвертого доклада "Е4" об аннулированных банкнотах в кувейтских динарах).

65. Компания "Кувейт Дубай электроник К^{о} ВЛЛ" подала претензию о компенсации средств, похищенных ее бухгалтером до вторжения Ирака в Кувейт и оккупации им Кувейта. Как сообщает заявитель, ему не удалось взыскать сумму растраты из-за иракцев, которые в период вторжения Ирака в Кувейт и оккупации им Кувейта освободили бухгалтера заявителя из тюрьмы. Хотя заявитель представил справку своего ревизора, подтвердившего, что бухгалтер сознался в растрате, в справке аудитор также указывает,

что хищение было вызвано отсутствием внутреннего контроля в организации заявителя. Поэтому Группа заключила, что потеря заявителя не была прямым результатом вторжения Ирака в Кувейт и оккупации им Кувейта. Группа не рекомендует компенсацию по этой претензии.

66. "Кувейт карпетс мануфакчуринг энд трейдинг К^{o} КСК" представила претензию о компенсации потери стоимости предприятия. Заявитель утверждал, что до вторжения Ирака в Кувейт и оккупации им Кувейта он получил предложение о продаже компании. После освобождения у заявителя остались здания и земельный участок, дебиторская задолженность и банковский депозит, стоимость которых значительно уменьшилась по сравнению с первоначальным предложением о покупке. Поэтому заявитель истребует компенсацию разницы между стоимостью имущества на момент после освобождения и суммой предложения о покупке до вторжения.

67. Группа отметила, что ревизованные счета заявителя за 1987-1989 годы были подготовлены по единому имущественному комплексу и что в отчетности за 1987 и 1988 годы ревизоры заявителя указали, что невозможно определить, правильно ли указана чистая балансовая стоимость фабрики заявителя. Группа также отметила, что претензия в представленном виде, вероятно, включала значительную сумму неосязаемых активов, чем, очевидно, объясняется разница между чистой балансовой стоимостью активов до вторжения и предложением о покупке. Вместе с тем Группа отмечает, что в отчетности заявителя, составленной после освобождения, за счет резерва на покрытие чрезвычайных потерь списаны некоторые суммы потерь, вызванных вторжением Ирака в Кувейт и оккупации им Кувейта. Поэтому Группа заключает, что в результате вторжения Ирака в Кувейт и оккупации им Кувейта заявитель понес некоторые потери материального имущества. Поэтому Группа реклассифицировала часть претензии по другим категориям согласно проводкам в отчетности заявителя после освобождения и рассмотрела такие реклассифицированные потери в разделах, относящихся к соответствующей категории потерь. Что касается оставшейся части претензии, то Группа заключает, что заявитель не продемонстрировал того, что он понес прямую потерю в результате вторжения Ирака в Кувейт и оккупации им Кувейта, и таким образом Группа не рекомендует компенсации.

68. "Секьюритиз груп компани КСК" на дату вторжения Ирака в Кувейт и оккупации им Кувейта вела строительство своей штаб-квартиры. Строительство должно было быть завершено 31 декабря 1990 года, однако фактически оно завершилось только 31 декабря 1992 года. Заявитель утверждал, что задержка строительства была вызвана вторжением Ирака в Кувейт и оккупацией им Кувейта и истребовал компенсацию арендной платы, которую ему пришлось вносить на протяжении дополнительного двухлетнего периода завершения строительства его штаб-квартиры. Группа решила, что арендные расходы

являлись обычными коммерческими расходами, за которые заявитель получил эквивалент, поэтому Группа не рекомендует компенсации по этой претензии.

69. Четыре заявителя, "Тайрс сентер компани", "Дактинг энд сервисинг компани (Даско) ВЛЛ Абдул Хусайн Мохаммед Рафи Марафи энд партнерс", "Эр-Рияд лэндскейпинг компани/Абдуль Халим Мухаммад Марафи энд К^o ВЛЛ" и "Эарс оф Хусейн Марафи дженерал трейдинг К^o", подали претензии о компенсации выплат в период оккупации, произведенных сторожам, охранявшим их объекты. Группа изучила анализ этого вопроса в докладе и рекомендациях Группы уполномоченных по четырнадцатой партии претензий "E4" (S/AC726/2001/22) («четырнадцатом докладе "E4"»). Применив результаты анализа в четырнадцатом докладе "E4", Группа заключила, что в тех случаях, когда заявитель представил информацию, демонстрирующую, что такие расходы были фактически понесены, и когда Группа может с достаточной точностью определить, что выплаты сторожам увеличивают сумму претензии, т.е. превышают те расходы, которые были бы при обычных условиях понесены заявителем на цели такого рода, Группа рекомендует компенсацию. Группа рекомендовала компенсацию по двум претензиям, удовлетворяющим указанный выше критерий.

70. "Тайрс сентер компани" также представила претензию о возмещении взяток, выплаченных иракским войскам для предотвращения разграбления имущества. Применяя результаты анализа в четырнадцатом докладе "E4", Группа не рекомендовала компенсацию по этой претензии как на доказательственных основаниях, так и в силу того, что такие добровольные выплаты не явились результатом вторжения Ирака в Кувейт и оккупации им Кувейта.

71. Компания "Зехра Аль-Ясмин джуэлри К^o" заявила претензию о компенсации "сбора за ювелирную деятельность". Заявитель не представил достаточной информации относительно характера, целей и суммы истребуемых расходов. Поэтому Группа не рекомендовала компенсации.

72. Компания "Кувейт хотэлс компании КСК" подала претензию о компенсации расходов на разминирование на территории ее курортной гостиницы "Дубайя ресорт" в целях продолжения деятельности гостиницы и обеспечения безопасности клиентов. Заявитель представил контракт с профессиональной компанией по удалению мин и боеприпасов, а также подтверждения того, что он понес истребуемые расходы. Группа "F1", рассматривающая в настоящее время претензию о компенсации расходов на удаление противопехотных мин, понесенных иранским министерством обороны в Персидском заливе, заключила, что расходы на разминирование подлежат компенсации.

Группа согласна с выводами Группы "F1". Соответственно Группа рекомендует компенсацию по этой претензии.

73. Рекомендации Группы по прочим потерям резюмируется в приложении II ниже.

V. ПРОЧИЕ ВОПРОСЫ

A. Даты, используемые при определении валютного курса и процентов

74. В отношении дат, по состоянию на которые должны определяться валютные курсы и проценты, Группа использовала подход, описанный в пунктах 226-233 первого доклада "Е4".

B. Расходы на подготовку претензий

75. Исполнительный секретарь Комиссии информировал Группу о том, что Совет управляющих намерен решить вопрос о расходах на подготовку претензий позднее. Поэтому Группа воздерживается от каких-либо рекомендаций в отношении компенсации расходов на подготовку претензий.

VI. РЕКОМЕНДОВАННЫЕ ВЫПЛАТЫ

76. Суммы компенсации, которые Группа с учетом вышеизложенного рекомендовала выплатить заявителям претензий "Е4" девятнадцатой партии, указаны в приложении I к настоящему докладу. Основные принципы, которыми Группа руководствовалась при вынесении рекомендаций по таким претензиям, кратко излагаются в приложении II к настоящему докладу. Все суммы были округлены с точностью до одного кувейтского динара, вследствие чего они могут отличаться от сумм, указанных в форме "Е", на 1 кувейтский динар.

Женева, 19 декабря 2001 года

[a] The UNSEQ number is the provisional claim number assigned to each claim by PAAC.

[b] The “Net amount claimed” is the original amount claimed less the amount claimed for claim preparation costs and interest. As set forth in paragraphs 74 and 75

above, the Panel has made no recommendation with regard to these items.
