There are also five small (committee-style) meeting rooms. All official meetings will be held at the Anhembi Convention Centre.

15. In the Plenary Hall, it will be possible to provide six seats for each member State, of which two at the table and four immediately behind. Representatives of the specialized agencies and designated intergovernmental organizations and other observer organizations will have one seat at the table and two behind. The gallery will be used for the press and for additional seating.

16. In the Main Committee room, there will be two seats at the table and two behind for each Member State. Seats will also be available for the representatives of the specialized agencies and intergovernmental organizations.

17. Within the limits of the space and services available, every effort will be made to accommodate regional groups and other delegations that may wish to meet informally. Requests for such meetings should be addressed to the UNCTAD Group Liaison Unit located at the Anhembi Convention Centre.

18. Simultaneous interpretation will be provided in Arabic, Chinese, English, French, Russian and Spanish for all official meetings, as well as in Portuguese at the request of the Host Government.

19. Any representative may, in accordance with rule 71 of the rules of procedure of the Conference, make a speech in a language other than the above seven languages. In this case, the representative must provide interpretation services and a written text of the speech in one of the six official languages.

20. It would assist the interpreters if copies of statements to be delivered in the general debate could be provided in advance to the Conference Room Officer assigned to each of the meeting rooms.

21. Other facilities and services, which will be made available on a commercial basis, will include: banking facilities, a post office, telecommunications, catering, and a travel agency. There will also be a cyber café in the Delegates' Lounge (Hall of Friendship) for use by delegations; in the Media Centre for the use of the media; and in the NGO Working Centre for the use of NGOs.

VI. Media Centre

22. The media facilities, which are available exclusively for accredited media representatives, include a Media Centre in the Exhibition Pavilion at the Anhembi Convention Centre. This centre will be equipped with several PCs and appropriate electrical power outlets and Internet links for personal laptops, typewriters, telephones, fax facilities, closed-circuit television and a press documentation service. There will also be a cyber café for the exclusive use of the media.

VII. NGO Working Centre

23. The NGO facilities, which are available exclusively for accredited NGOs, include an NGO Working Centre in the Exhibition Pavilion at the Anhembi Convention Centre. This centre will be equipped with appropriate electrical power outlets and Internet links for personal laptops, typewriters, telephones, fax facilities and closed-circuit television. There will also be a cyber café for the exclusive use of NGOs.

VIII. Admission of the public to meetings

24. The interactive thematic debates and the general debate will be open to the public, unless otherwise decided. There will be seats for the press/media and public in designated areas in these meeting rooms.

IX. Documentation

25. The documentation of the Conference will be issued in Arabic, Chinese, English, French, Russian and Spanish. It will consist of:

- *Pre-session documents*, which will be distributed before the opening of the Conference. All delegations should bring their copies with them, as in conference venues away from headquarters, delegations are entitled to receive only up to five complete sets of these documents in the language of their choice. Subsequent requests for copies will be met as long as stocks permit. A limited number of copies relevant to the agenda item under discussion will also be made available in the meeting room.
- *In-session documents*, which will, in accordance with instructions received from delegations, be distributed to them in the number of copies and the language of their choice through the "pick-up boxes" at the Documents Distribution Counter.

X. Recording and distribution of statements

26. Discussions in the interactive thematic sessions will be broadcast live on the Internet and will also be recorded for subsequent posting on the web (www.un.org/webcast/unctadxi). With regard to the general debate, statements will be broadcast on the Internet. The texts of statements that are remitted to the secretariat will be reproduced and distributed during the Conference in the language version(s) in which they are received by the secretariat. In addition, the texts will be uploaded onto the web, and they should therefore also be made available to the secretariat in electronic format, preferably a Word file. There will be no facilities within the secretariat for typing or translation of statements.

XI. Conference programme

27. The detailed programme of the Conference will be issued in a separate document. A daily *Journal*, which will include announcements of other events, will be issued during the Conference and will be made available on the website, as well as on closed-circuit television at the Convention Centre.
