Comisión de Derecho Internacional

72º período de sesiones

Ginebra, 27 de abril a 5 de junio y 6 de julio

a 7 de agosto de 2020

La elevación del nivel del mar en relación con el derecho internacional

Primer documento temático, preparado por Bogdan Aurescu y Nilüfer Oral, copresidentes del Grupo de Estudio sobre el tema “La elevación del nivel del mar en relación con el derecho internacional”

Adición

Bibliografía seleccionada sobre los aspectos de la elevación del nivel del mar relacionados con el derecho del mar¹

La elevación del nivel del mar es un tema incipiente del derecho internacional sobre el que se sigue publicando mucho. La presente bibliografía no pretende ser exhaustiva.

Libros y artículos

Abate, Randall S. *Climate Change Impacts on Ocean and Coastal Law: U.S. and International Perspectives*. Oxford: Oxford University Press, 2015.

¹ Esta bibliografía amplía la bibliografía anexa a la sinopsis del tema “La elevación del nivel del mar en relación con el derecho internacional” (véase el informe de la Comisión de Derecho Internacional sobre la labor realizada en su 70º período de sesiones (2018), *Documentos Oficiales de la Asamblea General, septuagésimo tercer período de sesiones, suplemento núm. 10 (A/73/10)*, anexo B, págs. 363 a 366). La bibliografía no incluye todos los materiales mencionados en el primer documento temático preparado por los copresidentes del Grupo de Estudio, sino solo los que se refieren directamente a la elevación del nivel del mar en relación con el derecho del mar.
