## I. INTRODUCTION

1. At its thirty-sixth session, the General Assembly, under the item entitled "Review of the implementation of the recommendations and decisions adopted by the General Assembly at its tenth special session" adopted on 9 December 1981 resolution 36/92 H in which, inter alia, after indicating that a number of multilateral agreements had been concluded so far and having considered that the participation in the above-mentioned agreements of as many States as possible was of special importance to the attainment of their objective, the Assembly:

"1. Reaffirms the importance of the provisions concerning the question of the universality of multilateral disarmament agreements contained in the Final Document of the Tenth Special Session of the General Assembly, in particular paragraph 40;

"2. Requests Member States depositories of such agreements to furnish the Secretary-General with information regarding their status by the beginning of each regular session of the General Assembly;

"3. Further requests the Secretary-General to prepare for each regular session of the General Assembly a composite table of signatories of and parties to such agreements with a view to enabling the Assembly to take up the question of their status, if it deems it appropriate."

2. Pursuant to paragraph 3 of the resolution, the Secretary-General submits herewith a report on the status of multilateral disarmament agreements prepared on the basis of information received from Member States depositories of the above-mentioned agreements. Furthermore, the report indicates the status of accessions to the Convention on the Prohibition of Military or Any Other Hostile Use of Environmental Modification Techniques, of which the Secretary-General is the depository. 1/
