On 9 December 1982, the General Assembly adopted resolution 37/82, the operative part of which read as follows:

"The General Assembly,

"...

"1. Reaffirms its demand that Israel renounce, without delay, any possession of nuclear weapons and place all its nuclear activities under international safeguards;

"2. Calls again upon all States and other parties and institutions to terminate forthwith all nuclear collaboration with Israel;

"3. Requests again the Security Council to investigate Israel's nuclear activities and the collaboration of other States, parties and institutions in these activities;

"4. Calls upon all States to submit to the Secretary-General all information in their possession concerning the Israeli nuclear programme or any public or private assistance thereto;

"5. Requests the Security Council to consider taking effective action so as to prevent Israel from endangering international peace and security by pursuing its policy of aggression, expansion and annexation of territories;

* A/38/150.

"6. Condemns Israel's officially declared intention to repeat its armed attack against nuclear facilities;

"7. Requests the Secretary-General to keep Israeli nuclear activities under constant review and to report thereon as appropriate;

"8. Also requests the Secretary-General, in co-operation with the Organization of African Unity and the League of Arab States, to follow closely the nuclear and military collaboration between Israel and South Africa and the dangers it constitutes to peace and security and to efforts aimed at the establishment of nuclear-weapon-free zones in Africa and the Middle East;

"9. Decides to include in the provisional agenda of its thirty-eighth session the item entitled 'Israeli nuclear armament'."

2. Pursuant to paragraph 8 of resolution 37/82, the Secretary-General has communicated with both the Organization of African Unity and the League of Arab States on this matter.

3. The Secretary-General has also continued to follow Israeli nuclear activities, taking into account information published by the International Atomic Energy Agency. The Secretary-General has received no new information in this regard and consequently has nothing to add to his earlier report to the General Assembly on the subject (A/37/434).
