Forty-seventh session
Agenda item 60

CHEMICAL AND BACTERIOLOGICAL (BIOLOGICAL) WEAPONS

Report of the First CommitteeRapporteur: Mr. Jerzy ZALESKI (Poland)

I. INTRODUCTION

1. The item entitled "Chemical and bacteriological (biological) weapons" was included in the provisional agenda of the forty-seventh session of the General Assembly in accordance with its resolution 46/35 C of 6 December 1991.
2. At its 3rd plenary meeting, on 18 September 1992, the General Assembly, on the recommendation of the General Committee, decided to include the item in its agenda and to allocate it to the First Committee.
3. At its 2nd meeting, on 8 October 1992, the First Committee decided to hold a general debate on all disarmament and international security items allocated to it, namely, items 49 to 65, 68 and 142; and 67 and 69, respectively. The deliberations on those items took place between the 3rd and 21st meetings, from 12 to 28 October (see A/C.1/47/PV.3-21). Consideration of draft resolutions on those items took place between the 22nd and 30th meetings, from 29 October to 11 November (see A/C.1/47/PV.22-30). Action on draft resolutions on those items took place between the 31st and 40th meetings, from 12 to 25 November (see A/C.1/47/PV.31-40).
4. In connection with item 60, the First Committee had before it the following documents:

III. RECOMMENDATION OF THE FIRST COMMITTEE

11. The First Committee recommends to the General Assembly the adoption of the following draft resolution:

Convention on the Prohibition of the Development, Production,
Stockpiling and Use of Chemical Weapons and on Their
Destruction

The General Assembly,

Recalling the long-standing determination of the international community to achieve the effective prohibition of the development, production, stockpiling and use of chemical weapons, and their destruction, as well as the continuing support for measures to uphold the authority of the Protocol for the Prohibition of the Use in War of Asphyxiating, Poisonous or Other Gases, and of Bacteriological Methods of Warfare, signed at Geneva on 17 June 1925, 2/ as expressed by consensus in many previous resolutions,

Recalling in particular its resolution 46/35 C of 6 December 1991, in which the Assembly strongly urged the Conference on Disarmament, as a matter of the highest priority, to resolve outstanding issues so as to achieve a final agreement on a convention on the prohibition of the development, production, stockpiling and use of chemical weapons and on their destruction during its 1992 session,

Bearing in mind the Final Declaration 3/ of the Conference of States Parties to the 1925 Geneva Protocol and Other Interested States, held in Paris from 7 to 11 January 1989, in which participating States stressed their determination to prevent any recourse to chemical weapons by completely eliminating them,

Determined to make progress towards general and complete disarmament under strict and effective international control, including the prohibition and elimination of all types of weapons of mass destruction,

Convinced, therefore, of the urgent necessity of a total ban on chemical weapons, so as to abolish an entire category of weapons of mass destruction, and thus to eliminate the risk to mankind of renewed use of these inhumane weapons,

2/ League of Nations, Treaty Series, vol. XCIV (1929), No. 2138.

3/ A/44/88, annex.

Welcoming the draft Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, 4/ adopted by the Conference on Disarmament and contained in its report dated 3 September 1992, the result of many years of intensive negotiations, which constitutes a historic achievement in the field of arms control and disarmament,

Convinced that the Convention, particularly as adherence to it approaches universality, will contribute to the maintenance of international peace and improve the security of all States, and that it therefore merits the strong support of the entire international community,

Convinced also that the implementation of the Convention should promote expanded international trade, technological development and economic cooperation in the chemical sector, in order to enhance the economic and technological development of all States parties,

Determined to ensure the efficient and cost-effective implementation of the Convention,

Recalling the support for the prohibition of chemical weapons expressed in the declaration by representatives of the world's chemical industry at the Government-Industry Conference against Chemical Weapons, held at Canberra from 18 to 22 September 1989, 5/

Bearing in mind the relevant references to the Convention in the final documents of the Tenth Conference of Heads of State or Government of Non-Aligned Countries, held at Jakarta from 1 to 6 September 1992,

Welcoming the invitation of the President of the French Republic to participate in a ceremony to sign the Convention in Paris on 13 January 1993,

1. Commends the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction, as contained in the report of the Conference on Disarmament dated 3 September 1992;

2. Requests the Secretary-General, as Depositary of the Convention, to open it for signature in Paris on 13 January 1993;

4/ Official Records of the General Assembly, Forty-seventh Session, Supplement No. 27 (A/47/27), appendix I.

5/ See A/C.1/44/4.

3. Calls upon all States to sign and, thereafter, according to their respective constitutional processes, to become parties to the Convention at the earliest possible date, thus contributing to its rapid entry into force and to the early achievement of universal adherence;

4. Also calls upon all States to ensure the effective implementation of this unprecedented, global, comprehensive and verifiable multilateral disarmament agreement, thereby enhancing cooperative multilateralism as a basis for international peace and security;

5. Requests the Secretary-General to provide such services as may be requested by the signatory States to initiate the work of the Preparatory Commission for the Organization on the Prohibition of Chemical Weapons;

6. Also requests the Secretary-General, as Depositary of the Convention, to report to the General Assembly at its forty-eighth session on the status of signatures and ratifications of the Convention.
