85. No proposals were submitted and no action was taken by the Committee under sub-item 89 (a).

III. Recommendations of the First Committee

86. The First Committee recommends to the General Assembly the adoption of the following draft resolutions:

Draft resolution I

Decreasing the operational readiness of nuclear weapons systems

The General Assembly,

Recalling its resolution 62/36 of 5 December 2007,

Recalling also that the maintenance of nuclear weapons on high alert was a feature of cold war nuclear postures, and welcoming the increased confidence and transparency since the cessation of the cold war,

Concerned that, notwithstanding the end of the cold war, several thousand nuclear weapons remain on high alert, ready to be launched within minutes,

Noting the increased engagement in multilateral disarmament forums in support of further reductions to the operational status of nuclear weapons systems,

Recognizing that the maintenance of nuclear weapons systems at a high level of readiness increases the risk of the use of such weapons, including the unintentional or accidental use, which would have catastrophic consequences,

Recognizing also that reductions in deployments and the lowering of operational status contribute to the maintenance of international peace and security, as well as to the process of nuclear disarmament, through the enhancement of confidence-building and transparency measures and a diminishing role for nuclear weapons in security policies,

Welcoming bilateral initiatives, such as the proposed United States/Russian Federation Joint Centre for the Exchange of Data from Early Warning Systems and Notification of Missile Launches, which can play a central role in operational status reduction processes,

Welcoming also the steps taken by some States to reduce the operational status of their nuclear weapons systems, including de-targeting initiatives and increasing the amount of preparation time required for deployment,

1. *Calls for* further practical steps to be taken to decrease the operational readiness of nuclear weapons systems, with a view to ensuring that all nuclear weapons are removed from high alert status;

2. *Urges* States to update the General Assembly on progress made in the implementation of the present resolution;

3. *Decides* to remain seized of the matter.

Draft resolution II Implementation of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on their Destruction

The General Assembly,

Recalling its resolutions 54/54 B of 1 December 1999, 55/33 V of 20 November 2000, 56/24 M of 29 November 2001, 57/74 of 22 November 2002, 58/53 of 8 December 2003, 59/84 of 3 December 2004, 60/80 of 8 December 2005, 61/84 of 6 December 2006 and 62/41 of 5 December 2007,

Reaffirming its determination to put an end to the suffering and casualties caused by anti-personnel mines, which kill or maim hundreds of people every week, mostly innocent and defenceless civilians, including children, obstruct economic development and reconstruction, inhibit the repatriation of refugees and internally displaced persons and have other severe consequences for years after emplacement,

Believing it necessary to do the utmost to contribute in an efficient and coordinated manner to facing the challenge of removing anti-personnel mines placed throughout the world and to assure their destruction,

Wishing to do the utmost in ensuring assistance for the care and rehabilitation, including the social and economic reintegration, of mine victims,

Welcoming the entry into force, on 1 March 1999, of the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on their Destruction,¹ and noting with satisfaction the work undertaken to implement the Convention and the substantial progress made towards addressing the global anti-personnel landmine problem,

Recalling the first to eighth meetings of the States parties to the Convention, held in Maputo (1999),² Geneva (2000),³ Managua (2001),⁴ Geneva (2002),⁵ Bangkok (2003),⁶ Zagreb (2005),⁷ Geneva (2006),⁸ and the Dead Sea (2007)⁹ and the First Review Conference of the States Parties to the Convention, held in Nairobi (2004),¹⁰

Recalling also that at the eighth meeting of the States parties to the Convention, held at the Dead Sea from 18 to 22 November 2007,⁹ the international community monitored progress on implementation of the Convention and supported continued application of the Nairobi Action Plan 2005-2009,¹¹ and established priorities to achieve further progress towards ending, for all people and for all time, the suffering caused by anti-personnel mines,

Noting with satisfaction that additional States have ratified or acceded to the Convention, bringing the total number of States that have formally accepted the obligations of the Convention to one hundred and fifty-six,

Emphasizing the desirability of attracting the adherence of all States to the Convention, and determined to work strenuously towards the promotion of its universalization,

Noting with regret that anti-personnel mines continue to be used in conflicts around the world, causing human suffering and impeding post-conflict development,

1. *Invites* all States that have not signed the Convention on the Prohibition of the Use, Stockpiling, Production and Transfer of Anti-personnel Mines and on their Destruction¹ to accede to it without delay;

2. *Urges* all States that have signed but have not ratified the Convention to ratify it without delay;

5. *Invites* all States that have not ratified the Convention or acceded to it to provide, on a voluntary basis, information to make global mine action efforts more effective;

6. *Renews its call upon* all States and other relevant parties to work together to promote, support and advance the care, rehabilitation and social and economic reintegration of mine victims, mine risk education programmes and the removal and destruction of anti-personnel mines placed or stockpiled throughout the world;

7. *Urges* all States to remain seized of the issue at the highest political level and, where in a position to do so, to promote adherence to the Convention through bilateral, subregional, regional and multilateral contacts, outreach, seminars and other means;

8. *Reiterates its invitation and encouragement* to all interested States, the United Nations, other relevant international organizations or institutions, regional organizations, the International Committee of the Red Cross and relevant non-governmental organizations to participate in the ninth meeting of the States parties to the Convention, to be held in Geneva from 24 to 28 November 2008 and in the intersessional work programme established at the first meeting of the States parties and further developed at subsequent meetings of the States parties;

Regional disarmament

The General Assembly,

Recalling its resolutions 45/58 P of 4 December 1990, 46/36 I of 6 December 1991, 47/52 J of 9 December 1992, 48/75 I of 16 December 1993, 49/75 N of 15 December 1994, 50/70 K of 12 December 1995, 51/45 K of 10 December 1996, 52/38 P of 9 December 1997, 53/77 O of 4 December 1998, 54/54 N of 1 December 1999, 55/33 O of 20 November 2000, 56/24 H of 29 November 2001, 57/76 of 22 November 2002, 58/38 of 8 December 2003, 59/89 of 3 December 2004, 60/63 of 8 December 2005, 61/80 of 6 December 2006 and 62/38 of 5 December 2007 on regional disarmament,

Believing that the efforts of the international community to move towards the ideal of general and complete disarmament are guided by the inherent human desire for genuine peace and security, the elimination of the danger of war and the release of economic, intellectual and other resources for peaceful pursuits,

Affirming the abiding commitment of all States to the purposes and principles enshrined in the Charter of the United Nations in the conduct of their international relations,

Noting that essential guidelines for progress towards general and complete disarmament were adopted at the tenth special session of the General Assembly,¹

Taking note of the guidelines and recommendations for regional approaches to disarmament within the context of global security adopted by the Disarmament Commission at its 1993 substantive session,²

Welcoming the prospects of genuine progress in the field of disarmament engendered in recent years as a result of negotiations between the two super-Powers,

Taking note of the recent proposals for disarmament at the regional and subregional levels,

Recognizing the importance of confidence-building measures for regional and international peace and security,

Convinced that endeavours by countries to promote regional disarmament, taking into account the specific characteristics of each region and in accordance with the principle of undiminished security at the lowest level of armaments, would enhance the security of all States and would thus contribute to international peace and security by reducing the risk of regional conflicts,

1. *Stresses* that sustained efforts are needed, within the framework of the Conference on Disarmament and under the umbrella of the United Nations, to make progress on the entire range of disarmament issues;

2. *Affirms* that global and regional approaches to disarmament complement each other and should therefore be pursued simultaneously to promote regional and international peace and security;

¹ See resolution S-10/2.

² *Official Records of the General Assembly, Forty-eighth Session, Supplement No. 42 (A/48/42), annex II.*

3. *Calls upon* States to conclude agreements, wherever possible, for nuclear non-proliferation, disarmament and confidence-building measures at the regional and subregional levels;

4. *Welcomes* the initiatives towards disarmament, nuclear non-proliferation and security undertaken by some countries at the regional and subregional levels;

5. *Supports and encourages* efforts aimed at promoting confidence-building measures at the regional and subregional levels to ease regional tensions and to further disarmament and nuclear non-proliferation measures at the regional and subregional levels;

6. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Regional disarmament".

Draft resolution IV

Conventional arms control at the regional and subregional levels

The General Assembly,

Recalling its resolutions 48/75 J of 16 December 1993, 49/75 O of 15 December 1994, 50/70 L of 12 December 1995, 51/45 Q of 10 December 1996, 52/38 Q of 9 December 1997, 53/77 P of 4 December 1998, 54/54 M of 1 December 1999, 55/33 P of 20 November 2000, 56/24 I of 29 November 2001, 57/77 of 22 November 2002, 58/39 of 8 December 2003, 59/88 of 3 December 2004, 60/75 of 8 December 2005, 61/82 of 6 December 2006 and 62/44 of 5 December 2007,

Recognizing the crucial role of conventional arms control in promoting regional and international peace and security,

Convinced that conventional arms control needs to be pursued primarily in the regional and subregional contexts since most threats to peace and security in the post-cold-war era arise mainly among States located in the same region or subregion,

Aware that the preservation of a balance in the defence capabilities of States at the lowest level of armaments would contribute to peace and stability and should be a prime objective of conventional arms control,

Desirous of promoting agreements to strengthen regional peace and security at the lowest possible level of armaments and military forces,

Noting with particular interest the initiatives taken in this regard in different regions of the world, in particular the commencement of consultations among a number of Latin American countries and the proposals for conventional arms control made in the context of South Asia, and recognizing, in the context of this subject, the relevance and value of the Treaty on Conventional Armed Forces in Europe,¹ which is a cornerstone of European security,

Believing that militarily significant States and States with larger military capabilities have a special responsibility in promoting such agreements for regional security,

Believing also that an important objective of conventional arms control in regions of tension should be to prevent the possibility of military attack launched by surprise and to avoid aggression,

1. *Decides* to give urgent consideration to the issues involved in conventional arms control at the regional and subregional levels;
2. *Requests* the Conference on Disarmament to consider the formulation of principles that can serve as a framework for regional agreements on conventional arms control, and looks forward to a report of the Conference on this subject;
3. *Requests* the Secretary-General, in the meantime, to seek the views of Member States on the subject and to submit a report to the General Assembly at its sixty-fourth session;
4. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Conventional arms control at the regional and subregional levels".

Draft resolution V

Confidence-building measures in the regional and subregional context

The General Assembly,

Guided by the purposes and principles enshrined in the Charter of the United Nations,

Recalling also its resolution 57/337 of 3 July 2003 entitled “Prevention of armed conflict”, in which it calls upon Member States to settle their disputes by peaceful means, as set out in Chapter VI of the Charter, inter alia, by any procedures adopted by the parties,

Recalling further the resolutions and guidelines adopted by consensus by the General Assembly and the Disarmament Commission relating to confidence-building measures and their implantation at the global, regional and subregional levels,

Considering the importance and effectiveness of confidence-building measures taken at the initiative and with the agreement of all States concerned and taking into account the specific characteristics of each region, since such measures can contribute to regional stability,

Convinced that resources released by disarmament, including regional disarmament, can be devoted to economic and social development and to the protection of the environment for the benefit of all peoples, in particular those of the developing countries,

Recognizing the need for meaningful dialogue among States concerned to avert conflict,

Welcoming the peace processes already initiated by States concerned to resolve their disputes through peaceful means bilaterally or through mediation, inter alia, by third parties, regional organizations or the United Nations,

Recognizing that States in some regions have already taken steps towards confidence-building measures at the bilateral, subregional and regional levels in the political and military fields, including arms control and disarmament, and noting that such confidence-building measures have improved peace and security in those regions and contributed to progress in the socio-economic conditions of their people,

Concerned that the continuation of disputes among States, particularly in the absence of an effective mechanism to resolve them through peaceful means, may contribute to the arms race and endanger the maintenance of international peace and security and the efforts of the international community to promote arms control and disarmament,

1. *Calls upon* Member States to refrain from the use or threat of use of force in accordance with the purposes and principles of the Charter of the United Nations;

2. *Reaffirms its commitment* to the peaceful settlement of disputes under Chapter VI of the Charter, in particular Article 33, which provides for a solution by negotiation, enquiry, mediation, conciliation, arbitration, judicial settlement, resort to regional agencies or arrangements or other peaceful means chosen by the parties;

3. *Reaffirms* the ways and means regarding confidence- and security-building measures set out in the report of the Disarmament Commission on its 1993 session;¹

4. *Calls upon* Member States to pursue these ways and means through sustained consultations and dialogue, while at the same time avoiding actions that may hinder or impair such a dialogue;

5. *Urges* States to comply strictly with all bilateral, regional and international agreements, including arms control and disarmament agreements, to which they are party;

6. *Emphasizes* that the objective of confidence-building measures should be to help to strengthen international peace and security and to be consistent with the principle of undiminished security at the lowest level of armaments;

7. *Encourages* the promotion of bilateral and regional confidence-building measures, with the consent and participation of the parties concerned, to avoid conflict and prevent the unintended and accidental outbreak of hostilities;

8. *Requests* the Secretary-General to submit a report to the General Assembly at its sixty-fourth session containing the views of Member States on confidence-building measures in the regional and subregional context;

9. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Confidence-building measures in the regional and subregional context".

Recognizing that there now exist conditions for the establishment of a world free of nuclear weapons, and stressing the need to take concrete practical steps towards achieving this goal,

Bearing in mind paragraph 50 of the Final Document of the Tenth Special Session of the General Assembly,³ the first special session devoted to disarmament, calling for the urgent negotiation of agreements for the cessation of the qualitative improvement and development of nuclear-weapon systems, and for a comprehensive and phased programme with agreed time frames, wherever feasible, for the progressive and balanced reduction of nuclear weapons and their means of delivery, leading to their ultimate and complete elimination at the earliest possible time,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on nuclear disarmament, and that bilateral negotiations can never replace multilateral negotiations in this respect,

Noting the support expressed in the Conference on Disarmament and in the General Assembly for the elaboration of an international convention to assure non-nuclear-weapon States against the use or threat of use of nuclear weapons, and the multilateral efforts in the Conference on Disarmament to reach agreement on such an international convention at an early date,

Draft resolution VII

Reducing nuclear danger

The General Assembly,

Bearing in mind that the use of nuclear weapons poses the most serious threat to mankind and to the survival of civilization,

Reaffirming that any use or threat of use of nuclear weapons would constitute a violation of the Charter of the United Nations,

Convinced that the proliferation of nuclear weapons in all its aspects would seriously enhance the danger of nuclear war,

Convinced also that nuclear disarmament and the complete elimination of nuclear weapons are essential to remove the danger of nuclear war,

Considering that, until nuclear weapons cease to exist, it is imperative on the part of the nuclear-weapon States to adopt measures that assure non-nuclear-weapon States against the use or threat of use of nuclear weapons,

Considering also that the hair-trigger alert of nuclear weapons carries unacceptable risks of unintentional or accidental use of nuclear weapons, which would have catastrophic consequences for all mankind,

Emphasizing the need to adopt measures to avoid accidental, unauthorized or unexplained incidents arising from computer anomaly or other technical malfunctions,

Conscious that limited steps relating to de-alerting and de-targeting have been taken by the nuclear-weapon States and that further practical, realistic and mutually reinforcing steps are necessary to contribute to the improvement in the international climate for negotiations leading to the elimination of nuclear weapons,

Mindful that a diminishing role for nuclear weapons in the security policies of nuclear-weapon States would positively impact on international peace and security and improve the conditions for the further reduction and the elimination of nuclear weapons,

Reiterating the highest priority accorded to nuclear disarmament in the Final Document of the Tenth Special Session of the General Assembly¹ and by the international community,

Recalling the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*² that there exists an obligation for all States to pursue in good faith and bring to a conclusion negotiations leading to nuclear disarmament in all its aspects under strict and effective international control,

Recalling also the call in the United Nations Millennium Declaration³ to seek to eliminate the dangers posed by weapons of mass destruction and the resolve to strive for the elimination of weapons of mass destruction, particularly nuclear

weapons, including the possibility of convening an international conference to identify ways of eliminating nuclear dangers,

1. *Calls for* a review of nuclear doctrines and, in this context, immediate and urgent steps to reduce the risks of unintentional and accidental use of nuclear weapons, including through the de-alerting and de-targeting of nuclear weapons;

2. *Requests* the five nuclear-weapon States to take measures towards the implementation of paragraph 1 above;

3. *Calls upon* Member States to take the necessary measures to prevent the proliferation of nuclear weapons in all its aspects and to promote nuclear disarmament, with the objective of eliminating nuclear weapons;

4. *Takes note* of the report of the Secretary-General submitted pursuant to paragraph 5 of General Assembly resolution 62/32 of 5 December 2007;⁴

5. *Requests* the Secretary-General to intensify efforts and support initiatives that would contribute towards the full implementation of the seven recommendations identified in the report of the Advisory Board on Disarmament Matters that would significantly reduce the risk of nuclear war,⁵ and also to continue to encourage Member States to consider the convening of an international conference, as proposed in the United Nations Millennium Declaration,³ to identify ways of eliminating nuclear dangers, and to report thereon to the General Assembly at its sixty-fourth session;

6. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Reducing nuclear danger".

2. *Underlines* that implementation of the Convention makes a major contribution to international peace and security through the elimination of existing stockpiles of chemical weapons, the prohibition of the acquisition or use of chemical weapons, and provides for assistance and protection in the event of use, or threat of use, of chemical weapons and for international cooperation for peaceful purposes in the field of chemical activities;

3. *Stresses* the importance to the Convention that all possessors of chemical weapons, chemical weapons production facilities or chemical weapons development facilities, including previously declared possessor States, should be among the States parties to the Convention, and welcomes progress to that end;

5. *Stresses* that the full and effective implementation of all provisions of the Convention, including those on national implementation (article VII) and assistance and protection (article X), constitutes an important contribution to the efforts of the United Nations in the global fight against terrorism in all its forms and manifestations;

6. *Notes* that the effective application of the verification system builds confidence in compliance with the Convention by States parties;

7. *Stresses* the importance of the Organization for the Prohibition of Chemical Weapons in verifying compliance with the provisions of the Convention as well as in promoting the timely and efficient accomplishment of all its objectives;

8. *Urges* all States parties to the Convention to meet in full and on time their obligations under the Convention and to support the Organization for the Prohibition of Chemical Weapons in its implementation activities;

9. *Welcomes* progress made in the national implementation of article VII obligations, commends the States parties and the Technical Secretariat for assisting other States parties, on request, with the implementation of the follow-up to the plan of action regarding article VII obligations, and urges States parties that have not fulfilled their obligations under article VII to do so without further delay, in accordance with their constitutional processes;

10. *Emphasizes* the continuing relevance and importance of the provisions of article X of the Convention, and welcomes the activities of the Organization for the Prohibition of Chemical Weapons in relation to assistance and protection against chemical weapons;

11. *Reaffirms* that the provisions of the Convention shall be implemented in a manner that avoids hampering the economic or technological development of States parties and international cooperation in the field of chemical activities for purposes not prohibited under the Convention, including the international exchange of scientific and technical information, and chemicals and equipment for the production, processing or use of chemicals for purposes not prohibited under the Convention;

12. *Emphasizes* the importance of article XI provisions relating to the economic and technological development of States parties, recalls that the full, effective and non-discriminatory implementation of those provisions contributes to universality, and also reaffirms the undertaking of the States parties to foster international cooperation for peaceful purposes in the field of chemical activities of the States parties and the importance of that cooperation and its contribution to the promotion of the Convention as a whole;

13. *Notes with appreciation* the ongoing work of the Organization for the Prohibition of Chemical Weapons to achieve the objective and purpose of the Convention, to ensure the full implementation of its provisions, including those for international verification of compliance with it, and to provide a forum for consultation and cooperation among States parties, and also notes with appreciation

the substantial contribution of the Technical Secretariat and the Director-General to the continued development and success of the Organization;

14. *Welcomes* the cooperation between the United Nations and the Organization for the Prohibition of Chemical Weapons within the framework of the Relationship Agreement between the United Nations and the Organization, in accordance with the provisions of the Convention;

15. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Implementation of the Convention on the Prohibition of the Development, Production, Stockpiling and Use of Chemical Weapons and on Their Destruction".

Draft resolution IX
Follow-up to the advisory opinion of the International Court of Justice on the *Legality of the Threat or Use of Nuclear Weapons*

The General Assembly,

Draft resolution X Promotion of multilateralism in the area of disarmament and non-proliferation

The General Assembly,

Determined to foster strict respect for the purposes and principles enshrined in the Charter of the United Nations,

Recalling its resolution 56/24 T of 29 November 2001 on multilateral cooperation in the area of disarmament and non-proliferation and global efforts against terrorism and other relevant resolutions, as well as its resolutions 57/63 of 22 November 2002, 58/44 of 8 December 2003, 59/69 of 3 December 2004, 60/59 of 8 December 2005, 61/62 of 6 December 2006 and 62/27 of 5 December 2007 on the promotion of multilateralism in the area of disarmament and non-proliferation,

Recalling also the purpose of the United Nations to maintain international peace and security and, to that end, to take effective collective measures for the prevention and removal of threats to the peace and for the suppression of acts of aggression or other breaches of the peace, and to bring about by peaceful means, and in conformity with the principles of justice and international law, adjustment or settlement of international disputes or situations which might lead to a breach of the peace, as enshrined in the Charter,

Recalling further the United Nations Millennium Declaration,¹ which states, inter alia, that the responsibility for managing worldwide economic and social development, as well as threats to international peace and security, must be shared among the nations of the world and should be exercised multilaterally and that, as the most universal and most representative organization in the world, the United Nations must play the central role,

Convinced that, in the globalization era and with the information revolution, arms regulation, non-proliferation and disarmament problems are more than ever the concern of all countries in the world, which are affected in one way or another by these problems and, therefore, should have the possibility to participate in the negotiations that arise to tackle them,

Bearing in mind the existence of a broad structure of disarmament and arms regulation agreements resulting from non-discriminatory and transparent multilateral negotiations with the participation of a large number of countries, regardless of their size and power,

Aware of the need to advance further in the field of arms regulation, non-proliferation and disarmament on the basis of universal, multilateral, non-discriminatory and transparent negotiations with the goal of reaching general and complete disarmament under strict international control,

Recognizing the complementarity of bilateral, plurilateral and multilateral negotiations on disarmament,

Recognizing also that the proliferation and development of weapons of mass destruction, including nuclear weapons, are among the most immediate threats to

¹ See resolution 55/2.

international peace and security which need to be dealt with, with the highest priority,

Considering that the multilateral disarmament agreements provide the mechanism for States parties to consult one another and to cooperate in solving any problems which may arise in relation to the objective of, or in the application of, the provisions of the agreements and that such consultations and cooperation may also be undertaken through appropriate international procedures within the framework of the United Nations and in accordance with the Charter,

Stressing that international cooperation, the peaceful settlement of disputes, dialogue and confidence-building measures would contribute essentially to the creation of multilateral and bilateral friendly relations among peoples and nations,

Being concerned at the continuous erosion of multilateralism in the field of arms regulation, non-proliferation and disarmament, and recognizing that a resort to unilateral actions by Member States in resolving their security concerns would jeopardize international peace and security and undermine confidence in the international security system as well as the foundations of the United Nations itself,

Noting that the Fourteenth Conference of Heads of State or Government of Non-Aligned Countries, held in Havana on 15 and 16 September 2006, and the Fifteenth Ministerial Conference of the Movement of Non-Aligned Countries, held in Tehran on 29 and 30 July 2008, welcomed, respectively, the adoption of General Assembly resolutions 60/59 and 62/27 on the promotion of multilateralism in the area of disarmament and non-proliferation, and underlined the fact that multilateralism and multilaterally agreed solutions, in accordance with the Charter, provide the only sustainable method of addressing disarmament and international security issues,

Reaffirming the absolute validity of multilateral diplomacy in the field of disarmament and non-proliferation, and determined to promote multilateralism as an essential way to develop arms regulation and disarmament negotiations,

1. *Reaffirms* multilateralism as the core principle in negotiations in the area of disarmament and non-proliferation with a view to maintaining and strengthening universal norms and enlarging their scope;

2. *Also reaffirms* multilateralism as the core principle in resolving disarmament and non-proliferation concerns;

3. *Urges* the participation of all interested States in multilateral negotiations on arms regulation, non-proliferation and disarmament in a non-discriminatory and transparent manner;

4. *Underlines* the importance of preserving the existing agreements on arms regulation and disarmament, which constitute an expression of the results of international cooperation and multilateral negotiations in response to the challenges facing mankind;

5. *Calls once again upon* all Member States to renew and fulfil their individual and collective commitments to multilateral cooperation as an important means of pursuing and achieving their common objectives in the area of disarmament and non-proliferation;

6. *Requests* the States parties to the relevant instruments on weapons of mass destruction to consult and cooperate among themselves in resolving their concerns with regard to cases of non-compliance as well as on implementation, in accordance with the procedures defined in those instruments, and to refrain from resorting or threatening to resort to unilateral actions or directing unverified non-compliance accusations against one another to resolve their concerns;

7. *Takes note* of the report of the Secretary-General containing the replies of Member States on the promotion of multilateralism in the area of disarmament and non-proliferation, submitted pursuant to resolution 62/27;²

8. *Requests* the Secretary-General to seek the views of Member States on the issue of the promotion of multilateralism in the area of disarmament and non-proliferation and to submit a report thereon to the General Assembly at its sixty-fourth session;

9. *Decides* to include in the provisional agenda of its sixty-fourth session the item entitled "Promotion of multilateralism in the area of disarmament and non-proliferation".

Taking note of the report of the Secretary-General submitted pursuant to resolution 62/28,¹

Mindful of the detrimental environmental effects of the use of nuclear weapons,

1. *Reaffirms* that international disarmament forums should take fully into account the relevant environmental norms in negotiating treaties and agreements on disarmament and arms limitation and that all States, through their actions, should contribute fully to ensuring compliance with the aforementioned norms in the implementation of treaties and conventions to which they are parties;

The General Assembly,

Recalling its resolution 60/55 of 8 December 2005 and other relevant resolutions on the question, and noting the report of the Panel of Government Experts on verification in all its aspects, including the role of the United Nations in the field of verification,¹

Recognizing the abiding concern of all Member States for ensuring respect for the rights and obligations arising from treaties to which they are parties and from other sources of international law,

Convinced that observance by Member States of the Charter of the United Nations and compliance with non-proliferation, arms limitation and disarmament agreements to which they are parties and with other agreed obligations are essential for regional and global peace, security and stability,

Stressing that failure by States parties to comply with such agreements and with other agreed obligations not only adversely affects the security of States parties but also can create security risks for other States relying on the constraints and commitments stipulated in those agreements,

Stressing also that the viability and effectiveness of non-proliferation, arms limitation and disarmament agreements and of other agreed obligations require that those agreements be fully complied with and enforced,

Concerned by non-compliance by some States with their respective obligations,

Noting that verification and compliance, and enforcement in a manner consistent with the Charter, are integrally related,

Recognizing the importance of and support for effective national, regional, and international capacities for such verification, compliance, and enforcement,

Recognizing also that full compliance by States with all their respective non-proliferation, arms limitation and disarmament agreements and with other agreed obligations they have undertaken contributes to efforts to prevent the development and proliferation, contrary to international obligations, of weapons of mass destruction, related technologies and means of delivery, as well as to efforts to deny non-State actors access to such capabilities,

1. *Underscores* the contribution that compliance with non-proliferation, arms limitation and disarmament agreements and with other agreed obligations makes to enhancing confidence and to strengthening international security and stability;

2. *Urges* all States to implement and to comply fully with their respective obligations;

¹ See A/61/1028.

3. *Calls upon* all Member States to encourage and, for those States in a position to do so, to appropriately assist States which request assistance to increase their capacity to implement fully their obligations;

4. *Calls upon* all concerned States to take concerted action, in a manner consistent with relevant international law, to encourage, through bilateral and multilateral means, the compliance by all States with their respective non-proliferation, arms limitation and disarmament agreements and with other agreed obligations, and to hold those not in compliance with such agreements accountable for their non-compliance in a manner consistent with the Charter of the United Nations;

5. *Urges* those States not currently in compliance with their respective obligations and commitments to make the strategic decision to come back into compliance;

6. *Encourages* efforts by all States, the United Nations and other international organizations, pursuant to their respective mandates, to take action, consistent with the Charter, to prevent serious damage to international security and stability arising from non-compliance by States with their existing non-proliferation, arms limitation and disarmament obligations.

Recalling its decision 59/515 of 3 December 2004 and its resolution 60/74 of 8 December 2005, as well as its resolution 61/72 of 6 December 2006, by which it decided to include the issue of conventional ammunition stockpiles in surplus in the agenda of its sixty-third session,

1. *Encourages* all interested States to assess, on a voluntary basis, whether, in conformity with their legitimate security needs, parts of their stockpiles of conventional ammunition should be considered to be in surplus, and recognizes that the security of such stockpiles must be taken into consideration and that appropriate controls with regard to the security and safety of stockpiles of conventional ammunition are indispensable at the national level in order to eliminate the risk of explosion, pollution or diversion;

2. *Appeals* to all interested States to determine the size and nature of their surplus stockpiles of conventional ammunition, whether they represent a security risk, if appropriate, their means of destruction, and whether external assistance is needed to eliminate this risk;

3. *Encourages* States in a position to do so to assist interested States within a bilateral framework or through international or regional organizations, on a voluntary and transparent basis, in elaborating and implementing programmes to eliminate surplus stockpiles or to improve their management;

Draft resolution XXII

Consolidation of peace through practical disarmament measures

The General Assembly,

Recalling its resolutions 51/45 N of 10 December 1996, 52/38 G of 9 December 1997, 53/77 M of 4 December 1998, 54/54 H of 1 December 1999, 55/33 G of 20 November 2000, 56/24 P of 29 November 2001 and 57/81 of 22 November 2002, its decision 58/519 of 8 December 2003, as well as its resolutions 59/82 of 3 December 2004 and 61/76 of 6 December 2006 entitled “Consolidation of peace through practical disarmament measures”,

Convinced that a comprehensive and integrated approach towards certain practical disarmament measures often is a prerequisite to maintaining and consolidating peace and security and thus provides a basis for effective post-conflict peacebuilding; such measures include collection and responsible disposal, preferably through destruction, of weapons obtained through illicit trafficking or illicit manufacture as well as of weapons and ammunition declared by competent national authorities to be surplus to requirements, particularly with regard to small arms and light weapons, unless another form of disposition or use has been officially authorized and provided that such weapons have been duly marked and registered; confidence-building measures; disarmament, demobilization and reintegration of former combatants; demining; and conversion,

Noting with satisfaction that the international community is more than ever aware of the importance of such practical disarmament measures, especially with regard to the growing problems arising from the excessive accumulation and uncontrolled spread of small arms and light weapons, including their ammunition, which pose a threat to peace and security and reduce the prospects for economic development in many regions, particularly in post-conflict situations,

Stressing that further efforts are needed in order to develop and effectively implement programmes of practical disarmament in affected areas as part of disarmament, demobilization and reintegration measures so as to complement, on a case-by-case basis, peacekeeping and peacebuilding efforts,

Taking note with appreciation of the report of the Secretary-General on prevention of armed conflict,¹ which, inter alia, refers to the role which the proliferation and the illicit transfer of small arms and light weapons play in the context of the build-up and sustaining of conflicts,

Taking note of the statement by the President of the Security Council of 31 August 2001² underlining the importance of practical disarmament measures in the context of armed conflicts, and, with regard to disarmament, demobilization and reintegration programmes, emphasizing the importance of measures to contain the security risks stemming from the use of illicit small arms and light weapons,

Taking note also of the report of the Secretary-General prepared with the assistance of the Group of Governmental Experts on Small Arms³ and, in particular,

the recommendations contained therein, as an important contribution to the consolidation of the peace process through practical disarmament measures,

Welcoming the work of the United Nations Coordinating Action on Small Arms mechanism, which was established by the Secretary-General to bring about a holistic and multidisciplinary approach to this complex and multifaceted global problem,

Welcoming also the establishment, within the United Nations system, of the Programme of Action Implementation Support System, which provides a comprehensive tool to facilitate international cooperation and assistance for the implementation of practical disarmament measures, including the matching of assistance needs with available resources,

Welcoming further the reports of the first, second and third biennial meetings of States to consider the implementation of the Programme of Action to Prevent, Combat and Eradicate the Illicit Trade in Small Arms and Light Weapons in All Its Aspects, held in New York from 7 to 11 July 2003,⁴ from 11 to 15 July 2005⁵ and from 14 to 18 July 2008,⁶

1. *Stresses* the particular relevance of the “Guidelines on conventional arms control/limitation and disarmament, with particular emphasis on consolidation of peace in the context of General Assembly resolution 51/45 N”, adopted by the Disarmament Commission by consensus at its 1999 substantive session;⁷

2. *Takes note* of the report of the Secretary-General on the consolidation of peace through practical disarmament measures, submitted pursuant to resolution 61/76,⁸ and once again encourages Member States as well as regional arrangements and agencies to lend their support to the implementation of recommendations contained therein;

3. *Emphasizes* the importance of including in United Nations-mandated peacekeeping missions, as appropriate and with the consent of the host State, practical disarmament measures aimed at addressing the problem of the illicit trade in small arms and light weapons in conjunction with disarmament, demobilization and reintegration programmes aimed at former combatants, with a view to promoting an integrated comprehensive and effective weapons management strategy that would contribute to a sustainable peacebuilding process;

4. *Welcomes* the activities undertaken by the Group of Interested States, and invites the Group to continue to promote, on the basis of lessons learned from previous disarmament and peacebuilding projects, new practical disarmament measures to consolidate peace, especially as undertaken or designed by affected States themselves, regional and subregional organizations as well as United Nations agencies;

Convinced that the establishment of nuclear-weapon-free zones contributes to the achievement of general and complete disarmament, and emphasizing the importance of internationally recognized treaties on the establishment of such zones in different regions of the world in the strengthening of the non-proliferation regime,

Considering that the establishment of a nuclear-weapon-free zone in Central Asia on the basis of arrangements freely arrived at among the States of the region¹ constitutes an important step towards strengthening the nuclear non-proliferation regime and ensuring regional and international peace and security,

Considering also the establishment of a nuclear-weapon-free zone in Central Asia as an effective contribution to combating international terrorism and preventing nuclear materials and technologies from falling into the hands of non-State actors, primarily terrorists,

Reaffirming the universally recognized role of the United Nations in the establishment of nuclear-weapon-free zones,

Draft resolution XXIV

The Hague Code of Conduct against Ballistic Missile Proliferation

The General Assembly,

Concerned about the increasing regional and global security challenges caused, inter alia, by the ongoing proliferation of ballistic missiles capable of delivering weapons of mass destruction,

Bearing in mind the purposes and principles of the United Nations and its role and responsibility in the field of international peace and security in accordance with the Charter of the United Nations,

Emphasizing the significance of regional and international efforts to prevent and curb comprehensively the proliferation of ballistic missile systems capable of delivering weapons of mass destruction, as a contribution to international peace and security,

Welcoming the adoption of the Hague Code of Conduct against Ballistic Missile Proliferation on 25 November 2002 at The Hague,¹ and convinced that the Code of Conduct will contribute to enhancing transparency and confidence among States,

Confirming its commitment to the Declaration on International Cooperation in the Exploration and Use of Outer Space for the Benefit and in the Interest of All States, Taking into Particular Account the Needs of Developing Countries, as contained in the annex to its resolution 51/122 of 13 December 1996,

Recognizing that States should not be excluded from utilizing the benefits of space for peaceful purposes, but that in reaping such benefits and in conducting related cooperation they must not contribute to the proliferation of ballistic missiles capable of carrying weapons of mass destruction,

Mindful of the need to combat the proliferation of weapons of mass destruction and their means of delivery,

1. *Notes with satisfaction* that one hundred and thirty States have already subscribed to the Hague Code of Conduct against Ballistic Missile Proliferation¹ as a practical step against the proliferation of weapons of mass destruction and their means of delivery;

2. *Invites* all States that have not yet subscribed to the Code of Conduct to do so;

3. *Encourages* the exploration of further ways and means to deal effectively with the problem of the proliferation of ballistic missiles capable of delivering weapons of mass destruction;

Recognizing that the absence of common international standards for the import, export and transfer of conventional arms is one of the contributory factors to conflict, the displacement of people, crime and terrorism, thereby undermining peace, reconciliation, safety, security, stability and sustainable social and economic development,

Acknowledging the growing support across many regions for concluding a legally binding instrument negotiated on a non-discriminatory, transparent and multilateral basis, to establish common international standards for the import, export and transfer of conventional arms, including through regional and subregional workshops and seminars held in order to discuss the initiative launched by the General Assembly in its resolution 61/89,

Taking due note of the views expressed by Member States on the feasibility, scope and draft parameters for a comprehensive, legally binding instrument establishing common international standards for the import, export and transfer of conventional arms, submitted to the Secretary-General at his request,¹

¹ See A/62/278 (Parts I and II) and Add.1-4.

Welcoming the report of the Secretary-General, prepared with the assistance of the Group of Governmental Experts,² which states that, in view of the complexity of the issues of conventional arms transfers, further consideration of efforts within the United Nations to address the international trade in conventional arms is required on a step-by-step basis in an open and transparent manner to achieve, on the basis of consensus, a balance that will provide benefit to all, with the principles of the Charter of the United Nations at the centre of such efforts,

3. *Decides*, in order to facilitate further consideration on the implementation of the relevant recommendation contained in paragraph 27 of the report of the Secretary-General on a step-by-step basis among all States Members of the United Nations, in an open and transparent manner, to establish an open-ended working group, to meet for up to six one-week sessions starting in 2009, of which the two sessions foreseen in 2009 will be held in New York, from 2 to 6 March and 13 to 17 July, respectively;

4. *Decides also* that the open-ended working group will hold a one-day organizational session in New York by 27 February 2009 in order to agree on the organizational arrangements connected with the working group, including the dates and venues for its future substantive sessions;
