## Sixty-sixth session

Agenda item 146

### **Administrative and budgetary aspects of the financing of the United Nations peacekeeping operations**

## **Updated financial position of closed peacekeeping missions as at 30 June 2011**

### **Report of the Secretary-General**

#### *Summary*

The present report provides information on the updated financial position of 23 closed peacekeeping missions as at 30 June 2011.

For the 18 missions with cash surpluses, the Secretary-General recommends the retention of the surplus cash in order to provide liquidity for the active peacekeeping missions in the light of the recent experience of cross-borrowing from the closed peacekeeping missions.

For the five missions with cash deficits, the Secretary-General proposes some options for the consideration of the General Assembly, in order to address the issue of outstanding dues to Member States, as requested by the Assembly in its resolution 65/293.

## I. Introduction

1. The present report provides updated information on the financial position of the following closed peacekeeping missions for which final performance reports have already been issued: Military Observer Group of the United Nations Verification Mission in Guatemala (MINUGUA); United Nations Mission in the Central African Republic (MINURCA); United Nations Operation in Burundi (ONUB); United Nations Observer Group in Central America (ONUCA) and United Nations Observer Mission in El Salvador (ONUSAL); United Nations Operation in Mozambique (ONUMOZ); United Nations Mission in Sierra Leone (UNAMSIL) and United Nations Observer Mission in Sierra Leone (UNOMSIL); United Nations Angola Verification Mission (UNAVEM) and United Nations Observer Mission in Angola (MONUA); United Nations Iran-Iraq Military Observer Group (UNIIMOG); United Nations Iraq-Kuwait Observation Mission (UNIKOM); United Nations Mission in Bosnia and Herzegovina (UNMIBH); United Nations Mission in Haiti (UNMIH); United Nations Military Liaison Team in Cambodia (UNMLT); United Nations Mission of Observers in Tajikistan (UNMOT); United Nations Observer Mission in Liberia (UNOMIL); United Nations Observer Mission Uganda-Rwanda (UNOMUR) and United Nations Assistance Mission for Rwanda (UNAMIR); United Nations Operation in Somalia (UNOSOM); United Nations Peace Forces (UNPF); United Nations Preventive Deployment Force (UNPREDEP); United Nations Support Mission in Haiti (UNSMIH), United Nations Transition Mission in Haiti (UNTMIH) and United Nations Civilian Police Mission in Haiti (MIPONUH); United Nations Transitional Authority in Cambodia (UNTAC); United Nations Transitional Administration for Eastern Slavonia, Baranja and Western Sirmium (UNTAES) and Civilian Police Support Group; United Nations Transitional Administration in East Timor (UNTAET) and United Nations Mission of Support in East Timor (UNMISSET); and United Nations Transition Assistance Group (UNTAG).

2. By its resolution 65/293 on closed peacekeeping missions, the General Assembly decided to return \$70,600 to the Government of Kuwait and requested the Secretary-General to return 78.01 per cent of the \$230,745,000 net cash available for credit to Member States as at 30 June 2010, in the amount of \$180 million, based on the scale applicable to each mission's last assessment. Accordingly, credit returns to Member States of \$180,070,600 were recorded as at 30 June 2011. Annex I to the present report contains the status of unpaid assessments, accounts payable to Member States and other liabilities of the closed peacekeeping missions as at 30 June 2011.

3. Following the credit returns, the net cash available for return to Member States, in 18 of the 23 peacekeeping missions covered in the present report, decreased to \$27,562,000 as at 30 June 2011, as set out in table 1 and explained more fully in table 2.

As at 18 January 2012, the outstanding loans owed by active peacekeeping missions totalled \$35,000,000, including \$8,000,000 by MINURSO, \$5,000,000 by the United Nations Peacekeeping Force in Cyprus (UNFICYP) and \$22,000,000 by UNMIK.

6. Five of the peacekeeping missions covered in the present report had cash deficits totalling \$86,814,000 as at 30 June 2011, owing to outstanding payments of assessed contributions, as shown in table 4.

## II. Cash requirements of the Organization

8. As a result of the inherent unpredictability of receipts of assessed contributions, liquidity in peacekeeping missions is volatile, with cash surpluses of closed missions remaining the only source for alleviating the cash shortages for active peacekeeping operations. In accordance with financing resolutions of the General Assembly, notifications are issued to Member States for their assessed contributions to active peacekeeping missions up to the end of the mandate period for each mission as authorized by the Security Council. Experience has shown that there is a significant time lag, often ranging from about 60 to 120 days, between the issuance of notifications to Member States and the receipt of assessed contributions. Pending the payment of assessed contributions, any cash shortfalls for active missions have to be met by loans from closed peacekeeping missions.

9. As a result of outstanding assessments in the special accounts of some active missions, there has been a continuing need to borrow from closed missions. Cross-borrowing was required in the 2009/10 financial period for three active operations, namely, MINURSO, the United Nations Integrated Mission in Timor-Leste (UNMIT) and the United Nations Observer Mission in Georgia (UNOMIG) for a total of \$30 million. Cross-borrowing increased to \$88.9 million in the 2010/11 financial period for four active operations, namely, MINURSO, UNFICYP, UNMIK and the United Nations Organization Stabilization Mission in the Democratic Republic of the Congo (MONUSCO). Cross-borrowing of \$76.5 million from the accounts of closed peacekeeping operations has been required so far during the 2011/12 financial period for six active missions, namely, MINURSO, UNMIK, UNMIT, UNFICYP, the United Nations Operation in Côte d'Ivoire (UNOCI) and the United Nations Support Office for the African Union Mission in Somalia (UNSOA). Furthermore, the amount required for cross-borrowing by active missions peaked at \$93 million in September 2011, compared to a peak of \$47.5 million during the 2010/11 financial period. The volume of borrowings, settlements and the peak levels of borrowings are reflected in annex II from July 2008 to January 2012, and in annex III from July 2007 to January 2012.

10. In the light of the reduced net cash balance available for return to Member States as at 30 June 2011, compared to 30 June 2010, and the recent experience of an increase in the peak level of borrowing, it is proposed that the net cash balance of

\$27.6 million available in 18 closed missions as at 30 June 2011 be retained. This net cash balance, combined with the \$41.5 million borrowed by active missions as at 30 June 2011, could provide \$69.1 million of cross-borrowing capacity to manage cash shortfalls in active peacekeeping operations.

### **III. Outstanding dues to Member States in cash deficit missions**

11. In its resolution 65/293, the General Assembly requested the Secretary-General to submit, for its consideration and approval, concrete proposals and alternatives to address the issue of outstanding dues to Member States from closed peacekeeping missions that are in net cash deficit. As at 30 June 2011, \$63.125 million was owed to troop- and police-contributing countries in closed missions with cash deficit. A summary of the outstanding claims is contained in annex IV.

12. The ideal approach for the resolution of the outstanding claims would be for Member States that are in arrears in their payments to closed peacekeeping missions to pay those contributions expeditiously, as called for in resolution 65/293. As requested by the General Assembly in the same resolution, a few alternatives are also proposed below for its consideration.

13. As at 30 June 2011, the unencumbered balance and other income in the special account for the African Union-United Nations Hybrid Operation in Darfur (UNAMID) amounted to \$335.5 million. A portion of the available balance could be utilized as a loan to the closed missions with cash deficits in order to settle the \$63.1 million owed to troop- and police-contributing countries. This would, however, preclude the credit of \$63.1 million to all the Member States against the 2012/13 assessments relating to this special account.

14. In a variation of the option presented in paragraph 13 above, a portion of the available balance in the special account for UNAMID could be transferred permanently to the closed missions with cash deficits in order to settle the \$63.1 million owed to troop- and police-contributing countries. This would also preclude the credit of \$63.1 million to all the Member States against their 2012/13 assessments relating to this special account. In this option, the closed missions would not owe any funds to UNAMID.

### **IV. Actions to be taken by the General Assembly**

15. **The actions to be taken by the General Assembly are:**

- (a) **To take note of the present report;**
- (b) **To approve the retention of the net cash balance of \$27.6 million available in 18 closed peacekeeping missions in the light of the experience regarding cash requirements of the Organization during the 2010/11 and 2011/12 financial periods;**
- (c) **To consider the proposed options for the settlement of the outstanding dues to Member States in closed peacekeeping missions with cash deficits.**
